YOUTH KILLED, THREE INJURED IN AUTO WRECK

William Copeland, Well Known Athlete Here, Dies as Car Overturns Sunday Morning in Bolton

William Copeland, 22, of 171 Hilliard street, son of Mr. and Mrs. John Copeland, a well known Manchester athlete, was fatally injured and three companions returning from a party at Ocano's lake cottage in Bolton were seriously injured early Sunday morning when their 1932 Buick sedan, driven by Delphis A. Dion of 98 North street, Willimantic. The accident occurred at the top of the hill and the Copeland car, out of control, raced 200 feet down the south slope, overturned several times and landed on the north side of the road.

Others Badly Hurt.

Raymond Thomas, of 98 Walnut street, son of Mrs. Annie Thomas, was critically injured. John Mitchell of 90 Woodbridge street and Stanley Wojcieszowski of 39 Union street suffered possible fractures of arms and legs and other less serious injuries.

Chesterfield Pirie, Bolton constable on duty at the foot of Nigger Hill at midnight conducting the state motor vehicle traffic survey, noted a confusion of lights at 12:10 a. m. He went to the top of the hill and found Thomas, Wojcieszowski and Mitchell lying in the road, several feet west of the roadster which was overturned against the north bank. Further east he found Copeland, unconscious. He stopped passing cars and sent the seriously injured men to the hospital and called the ambulance.

Driver's Story.

Questioned by State Policeman Kenneth Steyer of the Bolton Police barracks, Dion said he was driving east and had nearly reached the top of the hill when he saw a car ahead of him veering over into the east-bound traffic lanes. Dion tried to turn to the right to avoid a collision, he said, but the roadster driven by Copeland struck his car a terrific blow on the left front mudguard, blowing both tires and "freezing" the wheels and steering gear.

The Manchester car raced down the hill out of control, overturned twice and stopped at a point 290 feet from the point of impact, about one-third of the distance to the bottom of the hill. All four occupants were thrown out of the car onto the concrete highway.

His Family.

Copeland is a graduate of the Eighth district school and has been employed by the Orono Soap Company for the past five years. He is survived by his parents, Mr. and Mrs. John Copeland of 171 Hilliard street.

ARREST STRIKERS FOLLOWING FIGHT

Eight Employees of Pierson Plant Held; Used Black- jack and Ice Pick in Battle

Middletown, April 16.—(AP)—Eight men were arrested today as state and Middletown police broke up a fight between strikers and employees of A. N. Pierson Company, Inc., of Cromwell, one of the largest floral plants in Connecticut. About a dozen men participated in the fight which started as a bus carrying workers was about to leave the Middletown terminal for Cromwell.

Factory Hand Kills Self After Insult

Moscow, April 16.—(AP)—Forging department bearing a large, black coffin on which rested Letin's photograph. Painted on the coffin were the words: "We are burying the waste and waste producers."

Letin went home, slashed his throat with a razor, and died. His act could hardly be condoned by the Communist Party, of which he was a candidate, said the newspaper Pravda, which contended he should have defended himself in a true Bolshevik manner. However, the newspaper declared, such methods as those of the "ostrival" to persecute such a diligent and tireless worker could not be tolerated.

That apparently was the attitude of the court in giving out the following sentences: Zolotukhin, secretary of the Communist Party committee of the factory, one year of labor at his present job at reduced pay—and the Communist Party has already expelled him from membership; Frolov, chairman of the factory committee, eight months at forced labor; Nabokov, trades union official, five months at forced labor; three others were summarily discharged.

MAY DENATURIZE WHEAT TO KEEP THE PRICES UP

Tens of Millions of Bushels to Be Taken Out of Market If Plan Is Adopted by World Congress.

Rome, April 16.—(AP)—Tens of millions of bushels of wheat are to be removed from the possibility of human consumption through a process of denaturation, if plans discussed today before a world advisory wheat commission are ratified by the governments here represented.

Under the chairmanship of American Minister John Mac Murray, the commission discussed arguments for and against denaturation, and technical means of achieving it. Denaturation means a chemical treatment of wheat so as to make it unfit for human consumption but still very palatable to cattle and pigs.

Denaturation, it was said, would materially reduce world stocks of grain and thus permit the reaching of a former market, with higher prices for the farmer. It is the tremendous existing stocks of wheat which depress prices so heavily.

TROTZKY FOUND CONCEALED IN A FRENCH VILLA

Fearing Enemies He Takes So Many Precautions That His Actions Are In- vestigated by Police.

Barbizon, France, April 16.—(AP)—Leon Trotsky, fearing an attack on his life by White Russians, fled today from his newly uncovered hiding place in Barbizon.

Neighbors said the Communist leader, an exile from Soviet Russia, and his wife left the secluded villa where they had been in hiding for three months shortly after day-break in a black automobile. Their destination was not revealed.

Found By Accident

The exiled Russian revolutionist was discovered yesterday when gendarmes raided his villa on the edge of the forest of Fontainebleau. Trotsky hid himself behind the high wire fence with his two locked gates because of renewed threats on his life. He suspects White Russians. As a result of the threats, Trotsky was granted secret permission by France to come here four months ago, unknown to local authorities.

THE BARGAIN HOUND

Sage Allen's Ford Month certainly is causing a buzz and a stir and why shouldn't it when it brings forth a bargain like the Easy Washer, Wringer and Ironer (and Ironer) for \$78.50 (cash). Does seem almost incredible doesn't it—but it's really honest and true—less than \$2.00 a week will pay for it. Porcelain enamel tub, large balloon wringer rolls, six pound washing capacity—these are only a few of many outstanding things about it. It really is stupendous!

Many people are constantly making very serious resolutions to "eat more vegetables." Then the resolutions have a way of going to pieces on everyday experience—vegetables ordered or served turn out, perhaps, not so filling or not so tasty as had been expected because vegetable cooking usually gets only too little attention. If as much care were taken to produce real savory-vegetable dishes as is spent making meat dishes, taste-well, vegetables would be more popular with people of all ages. The vegetable patties given below are a good example of how good an all-vegetable dish can be and just as filling and tasty as many meat dishes. In fact, here's a recipe that has all the necessary qualities to become a genuine "often-requested" favorite. The recipe calls for:

- 1 cup chopped fine carrots
- 1 cup chopped fine potatoes
- 4 cups moistened bread crumbs
- 1 large onion
- 1 egg
- 1-2 teaspoon sage
- 2 tablespoons drippings
- 2 teaspoons baking powder
- Salt
- Pepper

Mix together, form into patties, then put in well greased fry pan, place cover and fry slowly for 40 minutes.

Faded old wall paper—how monotonous it is. Don't have it when you can get the most fascinating paper at Thomas McGill, Jr.'s paint shop. If you want something "different" just take a look at the new Colonial paper—you'll look again and then call it yours!

The spring picnic season has arrived and it calls for shelves well-stocked with canned and packaged foods and a refrigerator never empty of butter, eggs, salad materials and dressings. The selection of available vegetables at low or medium costs is large—from spinach, beets and carrots through the cabbage family to string beans, peas, asparagus and artichokes. Variety is the thing—so enjoy them all.

Any thing but a spot—even one will spoil the whole appearance of a dress. Don't try to take it out yourself and make it worse. Send it to the West Cleaning Company. Dial 5907.

The glittering evening gown, in sequins or paillettes, indicates an attempt to return to the strenuous "vamp" type of dress for formal functions. Cut on sheath-like lines and completed by a train, as all the coming season's evening gowns are. They are destined to the proud possessor of a perfect figure.

Halves of grapefruit from which the pulp has been removed make decorative and unusual little holders in which to serve canapes for your cocktail or tea party. Dry the grapefruit, inside and out, and fill each half with cocktail sausages, stuffed olives wrapped in bacon, and other delicacies.

Cartwheels—bedecked with a band of saisches—the most intriguing thing in the perfectly darling white baki with brown stitching—one of those "go with everything" hats—and others at the Vogue.

At the moment Carole Lombard is packing white angora sports frocks, buff linen sports frocks and cream toned crepe sports frocks for week-end of rest on the desert.

You've heard about the Electrolux at The Manchester Gas Company before but here's something more you'll want to know about it—there is now a 10 per cent reduction on every Electrolux! You'd be surprised how easy the liberal payment plan makes it for you to have one. On the hottest summer days you can be cool headed about the menu when you have one of these splendid gas refrigerators.

A new cocktail cap poses a large bow of satin ribbon in pastel shades at the side. The cap is of Alencon lace with off-the-face alibouette. Caps made entirely of satin ribbon are also being introduced.

Watch for it! Cheney's sale on prints—begins Saturday, April 21st. Would you believe it—smart rayon prints at 65 cents a yard (more about this later).

And now the Bargain Hound is off at a hurried trot before she gets washed away by an April shower.

FATHER OF BENNETT SISTERS BEAT WIFE

Mrs. Richard Bennett Was "Very Badly Hurt" by Husband Her Lawyer Charges.

Beverly Hills, Calif., April 16.—(AP)—Mrs. Richard Bennett, wife of the veteran actor, brought the reports of domestic trouble in the Bennett family to a head today with charges her husband had beaten her.

She asked Bennett's arrest in a warrant charging battery. Her attorney, Milton Cohen, said she was "very badly hurt." Persons present when Mrs. Bennett appeared Saturday before a police court judge to swear out the complaint said she bore a cut over one eye, and appeared to have been struck on the nose.

The warrant was not served on the actor, however, for police found the Bennett residence is outside the Beverly Hills city limits. Bennett was reported to have left for New York where he said he would appear in a play.

Last week, Bennett said that during his absence his wife was going to live with her parents, Mr. and Mrs. A. J. Raish at Los Gatos. He denied they were separating permanently.

Bennett is the father of the three celebrated sisters, Joan, Constance and Barbara. They are daughters of his first wife, Adrienne Morrison, actress. He married his present wife shortly after he and Miss Morrison were divorced.

Newly Acquired "Friend" Steals Money and Watch from Stanley J. Owsiak After Spree. Stanley J. Owsiak of 185 Standish street, Hartford, came to Manchester Saturday afternoon in company with Michael W. Lynch of King street, South Windsor. They met a man who offered to show them the town and all had a few drinks. Stanley owned the automobile, but was in no condition to drive, so his companion and newly met friend took charge of the car. Somewhere in the east part of the town the stranger decided that he wanted the money and watch belonging to Owsiak. In order to get the valuables he punched Owsiak in the eye and left him in the car with Lynch.

SENATORS AND RED SOX OPEN THE BASEBALL SEASON TODAY

PRESIDENT TOSSES OUT THE FIRST BALL IN USUAL CEREMONY

Whitehill and Weiland to Be Opposing Hurlers; Expect Grove to Pitch Also; Showers Threaten Clash.

Washington, April 16.—(AP)—The first section of baseball's major league limited pulls out of the American League yards today on the long 1934 run, with the Washington Senators, as betts champions, in the drivers' seats, the Boston Red Sox belligerent passengers, and President Roosevelt the chief guest of honor in the observation car.

Tomorrow the remainder of the American League clubs, and all eight of the National League teams, take up the pursuit race.

Even though there was a threat of showers to mar the festivities, a crowd of between 20,000 and 25,000 was expected to see Carl Whitehill, the left-handed veteran who alone stopped the Giants in the world series last year, attempt to start the Senators on another winning way after the customary march of players and officials to the flag pole, the usual presidential pitch of the first ball, and the general photographing and visiting around of baseball dignitaries, headed by the league president, William Harridge.

In the normal course of events, the Senators expected to face another great left hander today, Robert Moses Grove, but the head man in the Boston rejuvenation is still suffering from a quaint ailment, a toothache in his pitching arm. Another southpaw, Bob Weiland, probably will sub for him with Rick Ferrell catching them. More likely replacing injured Luke Sewell, will work behind the bat for Washington. Otherwise the champions look exactly as they did in 1933, except that Ossie Bluege has a new nose and wears glasses, and Jonathan Stone has replaced Goose Goslin in right field.

The Red Sox are virtually unrecognizable as such. Julius Solters, a big rookie, and Carl Reynolds have joined Roy Johnson in the outfield with old Joe Judge as first base; Max Bishop from the A's at second; Bill Werber at short and Buck Walters at third.

The United States Senate, which had the field to itself all winter, was in recess for a purpose and the House of Representatives was in a decided hurry to get out to the ball game. It was baseball's day again.

The probable lineups: Boston—Bishop, 2b; Werber, ss; Judge, 1b; Johnson, rf; Reynolds, lf; Solters, cf; Ferrell, c; Walters, 3b; Weiland, p.

Washington—Myer, 2b; Stone, rf; Manush, lf; Cronin, ss; Schutte, cf; Kuehl, 1b; Bluege, 3b; Berg, 1; Whitehill, p.

Umpires: Ormsby, McGowan and Summers.

HARTFORD IS ENTERED IN SIX-CLUB CIRCUIT

Worcester, Mass., April 16.—(AP)—A club baseball league for New England is in prospect.

Representatives of six cities—Hartford, Springfield, Worcester, Lowell, Nashua and Manchester—attended yesterday's meeting of the Northeastern league and today it seemed likely that Woonsocket and New Bedford interests would make formal application for membership before the next meeting scheduled for April 23 in Nashua, N. H.

Initial assessments were held yesterday by Hartford, Worcester and Lowell and arrangements were made to close an agreement for rental of the ball park at Springfield. The club owners voted a straight season, to open on May 16 and close on September 8. The season would include a 120 game schedule.

The player limit was set at 15 for the period from 30 days after the opening of the season to 15 days before the close. During the first 30 days and the last 15, eighteen players would be allowed each club.

Lowly Worm Still Proves Best Bait to Catch Fish

By BILL BRUCHER (NEA Sports Editor)

I have never seen an ardent disciple of old like Walton, the gent of yore who first popularized the art of fishing. To my mind sitting on a plank waiting for a fish to come along and make a fool of himself by biting a worm on a painful hook was a waste of time.

Worms waste of time, I thought, was to whip a frail fly rod back and forth with an imitation fly and try to fool a smart fish into believing it was the genuine article.

Came the opening of trout season, however, and a nutty friend of mine decided we'd brave the icy waters of a mountain stream in search of "salmo irideus," "salvelinus fontinalis," and "salmo fairo."

After he had decided for me, I asked him what was the manner of fish we were seeking, and if they were isolated species for which he was in search for the aquarium.

Plain Old Trout

Well, it developed that we were going after trout, plain trout, the "salmo irideus" being rainbow trout, the "salvelinus fontinalis" being brook trout, and the "salmo fairo" being brown trout.

I spoke up with a last-minute argument that I'd rather seek a good game of faro instead of running the risk of catching pneumonia seeking old "salmo fairo."

But we were off—in the wee sma's hours of the morning, when self-respecting gentlemen are pounding their ears on the downy pillow.

We arrived safely, contrary to my expectations, and it soon developed we were 150th among the fishermen to hit the water.

OLYMPICS IN DEADLOCK WITH PORTUGUESE TEAM

Local Juniors Hold Powerful Rivals to 1-1 Tie in Soccer Clash at Hartford; Play Confined to Midfield Throughout Game.

It was an evenly fought game in Hartford yesterday afternoon. Each team played half in its favor. In the first half the Olympics were the superior side but the positions were reversed in the second period. It was a clean open game. A tie was a fair result. Referee Hamilton had charge.

Short of three players of the team which won the league title last week the Olympics fielded a rearranged forward line. The line was fairly successful in the first half but was dominated by the Portuguese defense in the second period. The defense was practically airtight as usual. The goal they yielded was more the fault of an incompetent referee than the players. In goal Simmons made three brilliant saves and was very safe in his handling throughout.

The defense was confined mostly to midfield. Both sets of halfbacks and fullbacks kept a tight grip on the opposing forwards. As a result Simmons had a rough ten minutes towards the middle of the second period. He then demonstrated that developing into a first class goalie. Two of his saves at this time were brilliant and a third was little short of miraculous. How he managed to travel almost the length of the goal and knock the ball out with his left hand just cannot be explained. The Olympics scored in the first half through Gray and the Portuguese equalized on the penalty taken by McGuire.

The Olympics can feel satisfied at the result. Few of the junior teams will do more than extract a tie out of the Portuguese on Victory field. In fact a perusal of the records will probably show that they have not lost a home game this season.

On Tuesday night the Olympics will meet at the West Side Rec to make arrangements for the presentation of the junior league cup.

Yoicks! British Vow To Take Sports Seriously

By GAYLE TALBOT (Associated Press Sports Writer)

London, April 16.—(AP)—Tired of taking it on the chin in international sports, John Bull has chosen the approaching summer for a serious and ambitious comeback campaign.

In almost every sport, the sons and daughters of Great Britain are preparing to show the rest of the world what they can do when they really set their minds to the task. English newspapers are full of it. It amounts almost to a national awakening.

"At long last we have begun to realize that international sport must be treated more seriously than, for instance, a game of cricket on the village green," says a typical editorial, exhorting the nation's athletes.

"It has been so beautifully English in the past to talk of 'sport for sport's sake' and look upon the more intangible efforts of our rivals with a kind of lofty disdain. But what has been the result? A steady flow of foreign victories and an almost complete loss of our national prestige."

"Big Year On British Soil"

There's no doubt the British have chosen a fine year for their "big push." The summer's greatest international sports events will be staged on British soil, from the Walker Cup golf matches at St. Andrews on May 11 and 12 through the Davis Cup warfare at Wimbledon in late July and the Empire games in August.

Perhaps the only big event in which the British see victory a little out of reach is the Open golf

OPTIMISM IS HIGH AS TEAMS PREPARE FOR BIG SEND-OFF

16 Major League Clubs Go Into Action Tomorrow in Season's Openers; All Cheerful Over Prospects.

By HUGH S. FULLERTON, JR.

New York, April 16.—(AP)—Sixteen major league clubs, all of them enveloped in an aura of optimism, will give the 1934 baseball season its big send-off tomorrow, following today's preview at Washington which brings together the Senators and the Boston Red Sox.

On every side only cheerful words are heard about the year's prospects. The pennant races in both leagues figure to be close. The swaps and purchases of the busy off-season bring a lot of new faces to attract the fans. The further strengthening of the Red Sox and the new deal at Cincinnati under the ownership of Powell Crossley, Jr., figure to bring better balance in the standings while the first Sunday baseball in Pennsylvania may help the Philadelphia and Cincinnati clubs recoup their losses of recent years.

National League magnates hope the new ball and increased slugging will attract more fans. Five teams approach the season under new management in the American League. Mickey Cochrane is expected to lift Detroit's Tigers into a contending position and Bucky Harris guides the Red Sox. Casey Stengel of Brooklyn, Jimmy Wilson of Philadelphia and Bob O'Farrell of Cincinnati are the National League new pilots.

The 1933 pennant winners, the New York Giants and Washington Senators, have been installed as pre-season favorites to repeat but recently the New York Yankees have gained an even rating with the Senators in the American League betting odds with Chicago, Cleveland and Detroit not far behind.

The world champion Giants have maintained their place as favorites despite their poor showing in exhibition games. The fact that they must open the campaign with Gus Mancuso and Hughie Critz still on the side lines and with their hitting and pitching both below par.

Arrayed against them are the Pittsburgh, Chicago, St. Louis and Boston clubs. After today's game, the Red Sox and Senators jump to Boston to start things off there tomorrow. The other opening games are New York at Philadelphia, St. Louis at Cleveland and Detroit at Chicago in the American League and Philadelphia at New York, Boston at Brooklyn, Chicago at Cincinnati and Pittsburgh at St. Louis in the National.

Collegians Are Winners Of Rec Jr. Court Title

Defeat East Sides in Final Game of Series, 29-23 Before Nearly 500 Fans; Game Close from Outset; Obuchowski Stars.

The Collegians basketball aggregation finished a brilliant season Saturday night at the School Street gymnasium by turning back the East Sides in the third and deciding game for the Junior championship of the Recreation Centers by the score of 29-23. Close to 500 fans witnessed the final and crucial encounter, brought about when the Collegians won the first game 29-21, and the plucky East Sides came back to take the second 25-18.

The final game lacked much of the excitement and thrills of the first and second game, though it was punctuated with speed and brilliance.

Gain Upper Hand

The first period found little action, both teams playing a passing game, along with a strong defense, the period ending with the East Sides leading by a point.

The second quarter found both teams opening up. A foul shot by Obuchowski tied the count 3 all and baskets by Keish and Carpenter sent the winners into a lead which Urbanetti gave up. Baskets by Urbanetti brought the fighting East Sides up within two points at half time the score reaching 12-10 Collegians.

Score Is Tied

Trailing by two points the East Sides came out with a determination to win and with two minutes and twenty seconds to go in the third period the East Sides tied the count 14-14, but baskets by the powerful Keish put the Collegians out and the East Sides were putting the game on ice with two beautiful short shots. With three minutes and five seconds to go the winners held an eight point lead and the outcome of the game seemed settled then and there. The East Sides tried to come back, but from long range but their shots were dropping at short range, though J. Muldoon and Deyorico coughed two spectacular shots to close the gap.

The remaining time the ball seemed to be turned over to the East Sides and then Obuchowski again came through with another basket to darken whatever chances the East Sides had. The final whistle blew shortly after, ending what can be termed one of the most interesting series of games in this section between two junior teams. Both teams were very evenly matched, with the height and weight having a telling effect on the smaller East Sides.

Obuchowski Stars

Obuchowski was the shining light for the Collegians. His work in the final game brought victory to his team, in fact his performance in the entire series dwarfed the performance of the other players. Keish at forward for the Collegians was a big thorn to the losers, his bucket play and defense play being outstanding. In defeat the work of Deyorico who scored four field goals and a half court shot, was the losers. Gavello and Urbanetti turned in good floor performances.

"Whitey" Bycholski and Holland were the officials and both handled the game in splendid fashion, and had the game well in hand from start to finish.

The Manchester Rec's Senior team lost to Waterbury Americans at Waterbury yesterday after a fine game, 6-2. Manchester started well, scoring two goals in ten minutes from the start but the superior Waterbury team took things in hand and at half-time were leading 3-2. In the second half, Waterbury scored three more goals, and made sure of the game.

E. Hewitt, and D. Fooks scored for Manchester. The outstanding players for Manchester, were Thompson in goal and Wilson and Lindsay, backs. The forwards were very weak in finishing. All members of the team are requested to be at the West Side Rec tomorrow night at 8 o'clock sharp. There will also be a set-back party at West Side Rec sponsored by the Soccer club.

Recreation Center Keeps State Volley Ball Title

The Recreation Centers volley ball team captured the state Y. M. C. A. volley ball championship at New Haven Saturday, the second consecutive year that Manchester has won the title, by defeating the Hartford YMCA in the finals. The scores were 15-7, 9-15, 15-8 and 15-4.

Waterbury and Westport were also scheduled to play, but due to illness of two members of the team, Waterbury defaulted and Westport, defeated Thursday evening at Bridgeport, decided not to play. That left Hartford and Manchester, and a best out of five game series was decided upon to determine the winner.

Hartford was a slight favorite, having beaten Manchester in the four-state tourney held here recently, but the local team went out on the floor with a determination to win that bore fruit. The one-sided scores, left little doubt as to which was the better team. The game marked the close of one of the most successful and eventful seasons that the Rec-team has had in its history. This year they have won the state and state league championships.

TIME IN 5,000 METERS THREE SECONDS BEHIND MARK HE SET RECENTLY

Runs Two Rivals to Second Lines, Laps the Other Three Times; All Out at Finish; 30 Seconds Over Ritola's Standard Set Nine Years Ago.

(Special to The Herald)

Brooklyn, N. Y., April 16.—(AP)—Joe McCluskey, running with little competition and on a flat track without spikes, failed again Saturday night in his effort to break the 5,000 meter record set nine years ago by the tireless Finn, Willie Ritola. McCluskey was all out as he finished the race in 14:51.3 after running two of the three men who started with him to the sidelines and lapping the other three times.

Joe's time was almost 30 seconds over Ritola's universal standard of 14:23.2, set on the fast track of Madison Square Garden in 1925 and was even over his own American record of 14:48.4 he made in winning the Metropolitan final on the Second Naval Battalion Army track March 10.

McCluskey's time was snapped at several intermediate distances but at none of them was he close to a record. Being timed at the mile in 4:37, 7:01 for a mile and a half and 9:27 for two miles.

Customarily strong and still full of running at the finish, Joe was staggering with weariness as he finished his long and for the most part lonely grind. J. E. Vaughn of the New York A. C., who was the only other runner to finish, would pace Joe for a lap or two when McCluskey caught him but most of the time the former Fordham Olympian was off by himself.

IRELAND, SCOTLAND AFTER ALLEY TITLE

To Roll Special Match Tonight at Murphy's for British-American Crown.

Some fine bowling by Captain Stew Taggart and his fighting Irish resulted in Ireland coming from the place in the British-American league standing to a tie for first place with Scotland in the second round of the league.

Bowling England in a postponed match last Thursday at Murphy's Alleys, and needing all four points to tie Scotland, and with Dave Morrison and John McMenemy openly declaring that it couldn't be done, Taggart with a brilliant 385 led his men to a clean-cut 4-point victory, every man on his team following his example and all hitting over 330 each.

The roll-off between Ireland and Scotland which takes place tonight at Murphy's will not only decide the second round winners but also the club championship. Scotland having the first half already in safe keeping. With the club championship in view both teams are out to win and all players are requested to be at the club room at 8 o'clock sharp.

WEST SIDE GRIDDERS IN SPECIAL MEETING

William Copeland, widely known north and south, was an outstanding backfield man with the West Sides team during the past year season, was killed in an automobile accident on "Nigger Hill," Bolton, late Saturday night.

Officer Commanders Passing Car to Apprehend Harold C. Wiggins of Willimantic.

Harold C. Wiggins of 10 Potter street, Willimantic, was arrested Saturday evening on East Center street, near Porter street, by Officer Raymond Griffin, after a word had been telephoned to the police station that his car had been involved in an accident on Center street, near Olcott street.

When the car reached the Center Officer Griffin attempted to stop Wiggins but kept on driving and it was necessary to commandeer a passing car and give chase. Wiggins was overtaken on East Center street. Examined at the police station, he was declared to be under the influence of liquor. A bond was furnished and his case will be heard a week from today.

NOTED WRITER ARRESTED ON MANN ACT CHARGE

Bridgeport, April 16.—(AP)—John Winkler, of Westport, known for his "dunking" stories, was brought before United States Commissioner Samuel Retch today on a warrant issued by him charging Winkler with a violation of the Mann act. He was placed under a \$1,000 bond to appear at a hearing at 11 o'clock tomorrow. It is said that he will secure bond this afternoon.

Winkler was arrested last Friday night for creating a row at his home on the Roseville road and was first charged with drunkenness and breach of the peace. He was accused of assaulting Miss Marjorie White, 27, of New York, who was bruised about the face and suffered a fracture of the face. She was taken to Hillside home here for treatment and also as a witness against Winkler. The charge of violation of the Mann act was later made against the writer when it was ascertained that he brought Miss White from New York and installed her in his home. He was held without bonds.

MYSTERIOUS LETTER

Bristol, April 16.—(AP)—An air of mystery surrounds an anonymous letter containing \$35 which was received this morning by City Clerk Edwin E. Rowe. The money arrived in a plain envelope and was wrapped in a sheet of paper. It consisted of \$20, \$10 and a \$5 bill.

The message enclosed merely said "This money belongs to the city of Bristol." City Clerk Rowe believes it to be conscience money.

Liquidation of the May positions in corn and oats unsettled grains. May corn dropped to 45 5/8 cents a bushel, a new low since last October, while May oats declined to 28 1/2 cents, also a new post-October low. Bonds were rather mixed. International dollar rates were virtually unchanged.

Shares of Union Pacific advanced more than 2 points. Some of the preferred issues continued in demand with gains of 1 to around 2. Among the latter were those of Radio, Mullins manufacturing and Schulte stores. Auburn and U. S. Smelting, however, dropped around 3 each and American Smelting and Cerro de Pasco lost a point or so. SENSE and NONSENSE

A young man can now be pretty well posted on everything about her, except her disposition, before he marries her.

PASSENGER—What is the name of this town?
CONDUCTOR—Muscadine.
PASSENGER—Why do they call it Muscadine?
CONDUCTOR—Because, that's its name.

A certain woman hurried into a book store a few days ago. She acted as though she had not a moment to spare.
Woman (in a loud, commanding voice that could be heard all over the place)—I want a book for my husband. It's his birthday tomorrow and I want to give him a present. Show me what you have please. Nothing too expensive—and I don't want anything cheap, either. He's not fond of sport, so don't show me anything in that line. For goodness sake don't offer me any of those trashy sex novels, and no matter how you try to persuade me, I positively won't have anything in the way of history or biography. Come now, I'm in a hurry; can't you suggest something?
Clerk (picking up a small, red-bound book)—Yes, madam. Here's a little work entitled: "How To Manage A Loud-Speaker."

The little boy who once read Diamond Dick behind his geography now buys a Cosmopolitan or Literary Digest to slip over his Whis Bang.

Junior—Daddy, who was Shylock?
Daddy—Do you mean to tell me you don't know who Shylock was?
Junior—What do I send you to Sunday school every Sunday for? Why don't you read your Bible and listen to your Sunday School teacher?

"IN THE GOOD OLD DAYS"—A South Carolina law, still on the books, required every man to carry a gun when attending church.

Slow Waiter (in restaurant)—Your coffee, sir; its special from South America.
Diner (scarcasically)—Oh, so that is where you've been.

THERE'S NO SUCCESS WITHOUT MISTAKES—YOU CAN'T BE A MAN OF MARK WITHOUT HAVING A FEW BLACK MARKS AGAINST YOU.

Youth—My mother played an awful joke on me, this morning. Gave me a dish of soap flakes instead of cornflakes!
His Chum—Soap flakes! Were you mad?
Youth—Mad! I'll say I was mad! Why, I frothed at the mouth!

"What a short space it is from puppylove to a dog's life."

Man—I didn't make a sound when I came in last night.
Wife—The noise woke me up!
Man—Well, don't blame me. It was the two fellows carrying me who made that!

CHURCH ATTENDANCE AND WORSHIP ARE SOMETIMES CONFUSED, WHILE THE MAJORITY ARE ATTENDING FOR WORSHIP, A FEW THINK IT IS ONLY A PLACE TO "CATCH UP WITH THEIR SLEEP."

Hush, forgotten "Z" letter, don't you cry. The government will reach you by and by.

CORRECT THIS SENTENCE: "I prefer a small city like mine," said the man, "where there is no graft or corruption."

Workman—Can I have this afternoon off? I want to see a man about a job for my wife.
Foreman—Will you be back tomorrow morning?
Workman—Yes, if she doesn't get it.

What a certain boy thought was the WARMTH of a girl's love turned out to be only her HOT temper.

For new and better refrigeration the COOLERATOR Only the Coolerator has the efficient under-the-ice circulation. A patented and exclusive process that makes for better refrigeration, assuring constant cold at all times, at the lowest possible cost. A NEW KIND OF REFRIGERATION In other makes of ice refrigerators the air from the food chamber is taken up over the top of the ice and the cooling is accomplished by the use of the four sides and top of the ice cake. In the Coolerator only the under side of the cake is exposed and through the use of the patented Coolerator fin rack the ice melts down in long fingers, giving extra cooling surface. For this reason the ice in the Coolerator melts only from the bottom and leaves the top of the cake practically flat so that a new block of ice can be slid in on top of the old one. The Coolerator gives the same temperature in the food chamber whether the ice chamber is full or nearly empty. In the electric refrigerator there is the circulation of dry, stale air filled with the gases and odors given off by the foods in an almost air-tight chamber. These gases and odors are absorbed by the water that makes the ice cubes. In the Coolerator, these gases and odors are absorbed by the water from melting ice and carried away down the drain pipe without doing any harm. ICE is the best refrigerant... the Coolerator is the best refrigerator. TEST AND PROVE THESE FACTS IN YOUR OWN HOME, WITHOUT OBLIGATION. 10 DAYS FREE TRIAL. If you do not agree that the Coolerator is the most nearly perfect refrigerator, do not keep it. There is not the slightest obligation. Guaranteed—The materials and workmanship of the Coolerator are guaranteed. There is no moving parts—nothing to wear out. Begin at once to enjoy the advantages of this most nearly perfect refrigerator. Terms to suit your convenience makes the Coolerator easy to own. L. T. WOOD CO. 51 Bissell Street Phone 4406.
