WAR MEMORIAL FOR VETERANS IS UNVEILED

Monument Presented to
Town by Ward Cheney
Camp, United Spanish
War Veterans.

A beautiful granite memorial to the men of Manchester who volunteered and served in the Spanish-American war was dedicated yesterday afternoon with impressive ceremonies before a large gathering in Center park. The monument was presented to the town by Lawrence Converse, Commander of Ward Cheney Camp, No. 13, United Spanish War Veterans and was accepted for the town by Aaron Cook, chairman of the Board of Selectmen.

The monument was unveiled at the conclusion of the ceremonies by the Misses Catherine and Alice Madden, daughters of Corporal William F. Madden of Company G, who left Manchester High school a member of a war-time company and who later, as a member of the police force, was killed by the silk mill bandits in an attempted raid on the Cheney mills warehouses.

Dedication Address
The dedication was given by Rev. Leonard C. Harris, pastor of the South Methodist church and a veteran of the World War. The muster roll of the town's Spanish War unit was read by Adjutant Charles E. Warren of Ward Cheney Camp and Captain Joel M. Nichols, war-time company commander reviewed the history of his former command. The Salvation Army band provided music and vocal numbers.

Members of local ex-service organizations and auxiliaries paraded with the Spanish War veterans to Center park. George W. Hitchcock, Department Commander of the United Spanish War Veterans, represented the department at the dedication ceremony.

The program: Opening remarks, Harry Hilton, chairman of the memorial.

PARAGUAY BEGINS GREAT OFFENSIVE

Arranges Over 40,000 Men
on 25 Mile Front Before
Bolivian Fort.

Asunción, Paraguay, May 21.—(AP)—Paraguay men and guns were thrown into position among a 25-mile front today in preparation for a great offensive against the most important Bolivian stronghold in the Gran Chaco, Fort Ballivian.

Bolivian forces opened hostilities yesterday with a surprise attack but were repulsed with the loss of 200 men.

Well-informed sources believe the projected engagement will prove the crucial battle in the warfare over the Gran Chaco jungle border region.

After sweeping over all Bolivian forts throughout the Chaco, the Paraguayan high command has concentrated approximately 40,000 men divided into four units in the last forests of the Chaco.

Beyond these positions, the Chaco becomes a plain.

Expect Reinforcements
In strongly entrenched positions ranged before the important Fort Bolivia have more than 15,000 men and heavy reserves of young men and reserves now in training were expected shortly.

It was considered possible Paraguayan officers might coordinate their forces for immediate action to cope with the situation before Bolivian reinforcements arrive.

Along a 25-mile front, beginning at the Picomayo river and extending inward, Paraguay placed field guns and machine guns facing Fort Ballivian after two months of preparation.

With the arrival of Colonel Franco, commanding two divisions, observers believed the Paraguayan army was ready to attack in a consistent drive.

Franco's Strategy
Colonel Franco has started for Paraguay throughout the Chaco campaign owing, the Chaco office in Asunción claims, to his intelligent maneuvers in drawing Bolivian forces out of position and then overwhelming them.

It was pointed out today that in order to reach Fort Ballivian from the forest where the Paraguayans are encamped, it is necessary to cross a one-mile open plain. This will give Bolivian defenders a marked advantage when the drive is opened.

The battle which would draw into action the complete armies of both sides may develop at any time. Meanwhile, the Bolivian air force is endeavoring to cut off Paraguay's supply system by bombing raids back of the front.

\$8,000,000 Fire Sweeps Chicago's South Side

An air view of the fire sweeping the Union Stock Yards and neighboring buildings in Chicago Saturday, when a score of large buildings, packing houses and factories, and several hundred smaller structures were destroyed. Thousands of cattle were killed, but no human lives are known to have been lost. It was the greatest fire in Chicago since the city was razed in 1871, and damage is estimated at eight million dollars.

HILLIARD WASTE GATE IS DAMAGED

Lieutenant Barron Investigating of Sabotage at Dam Near Mill.

Police Lieutenant William Barron was conducting an investigation today into the breaking of the iron casting and stem on the waste gate at the dam near Hilliard's mills sometime between Friday night and this morning. The identity of the person or persons who committed the act of sabotage is not known. According to E. E. Hilliard, owner of the mill, the damage to the waste gate has created a leak. Workmen were busy today repairing the broken parts of the gate.

POISON BOOZE SENT TO LODGE MEMBERS

Eight Members of Fraternal Organization Receive Samples No Drinks Taken.

Oakland, Calif., May 21.—(AP)—Science took up the trail of clues here today in what police said was a poison liquor plot against at least eight members of a fraternal organization.

Inspector Goodnight said a threatening typewritten letter received by a member of the lodge several weeks ago had been turned over to Heinrich in the belief the character of type was the same as that appearing on wrappers of the poisoned liquor. The eight bottles were mailed May 15 from an Oakland branch post office.

CLEAR AWAY RUINS OF CHICAGO BLAZE

Business as Usual Follows Worst Fire Since City Was Destroyed—Loss Set at Eight Million.

Chicago, May 21.—(AP)—Livestock poured into the Chicago stockyards today despite Saturday's disastrous fire which injured some 1,500 persons and caused property damage estimated from \$8,000,000 to \$10,000,000.

"Business as usual" was the slogan of stockyard officials as workmen set about to clear away the charred ruins for the rebuilding with improvements of the district, approximately one-eighth of a square mile.

The cause of the blaze, which leveled scores of private homes, several fat buildings, and more than a dozen major structures including the International Amphitheater, home of the international stock shows, was undetermined. Some investigators, including O. T. Henkle, general manager of the stock yards, said they were convinced the conflagration had its original in a carelessly tossed cigarette.

Henkle said he did not believe there was any truth to reports that the holocaust was the outgrowth of labor troubles.

2,200 Fire Fighters
Fire Chief Michael Corrigan, leader of an army of 2,200 fire fighters who succeeded in checking the flames only after scores of them had been injured, said that spontaneous combustion might have been the cause. Another theory suggested a spark from a locomotive.

Chief Corrigan said he feared for a while that the flames would reach Lake Michigan.

TREASURY BALANCE
Washington, May 21.—(AP)—The position of the Treasury May 18: Receipts \$8,812,998.46; expenditures, \$13,881,184.78; balance \$2,091,838.68. Customs receipts for the month \$12,740,081.91.

TWO AUTO DEATHS OVER THE WEEK-END

Autoists Drove Carefully in State, Following Warning by Commissioner Connor.

Apparently accepting the challenge hurled by State Motor Vehicle Commissioner Michael A. Connor to "war against highway murder," drivers of automobiles proceeded with so much caution over the week-end, that there were no fatalities.

JAPANESE CABINET HEAVILY GUARDED

Fear Financial Scandal May Cause Reign of Terror at the Capital.

Tokyo, May 21.—(AP)—Armed guards were assigned today to protect the lives of Japanese Cabinet members amid fears of terrorism created by the government financial scandal.

THIRTEEN PERSONS KILLED IN WEEKEND AIR WRECKS

By Associated Press
Thirteen persons fell to their deaths in airplanes over the week-end.

Four were killed at the Tulsa, Tex., airport when a plane piloted by Harry Lynch of Wink, Tex., crashed before a crowd witnessing dedication of the field. The victims were Lynch, two 12-year-old boys, Bruce Anderson and Bobbie Sealer, both of Wink, and Willie Ravel, 28, of El Paso, Tex.

Lieut. Frank J. Findlay, 30, of Detroit, and Private George J. Scott, 27, of the Seventeenth Pursuit Squadron, died in flames near Port Huron, Mich. Their Bellanca field plane fell and burst into flames just after a take-off. Findlay was reserve officer with inactive status.

MAY ABOLISH DARROW BOARD AS A RESULT OF FLAYING OF THE NRA

Senator Nye Says NRA Entrenches Monopoly

Washington, May 21.—(AP)—"The thing that bewilders me this morning is the absence of documents I expected would be released to the press and public. When the review board report went to the White House the President submitted it to the NRA, the Federal Trade Commission, and the Justice Department for study and report. Why has only the response of the NRA been given out?"

Nye said he had not been invited to the White House to discuss the board's findings.

MILITARY DICTATORSHIP IS SET UP IN BULGARIA

Sofia, Bulgaria, May 21.—(AP)—The possibility of a new government succeeding Bulgaria's Fascist-minded military dictatorship as soon as it has completed its immediate task of reorganizing the country on an authoritarian basis was the subject of discussion and conjecture today.

OHIO IS SUBJECT TO LIQUOR TAXES

Washington, May 21.—(AP)—The Supreme Court held today the State of Ohio, in exercising a monopoly in the sale of intoxicating liquor, is subject to Federal taxes imposed on the wholesale and retail business.

SENATE DEFEATS NORRIS PROPOSAL

Nebraskan Would Abolish Electoral College and Provide Direct Election.

Washington, May 21.—(AP)—The Senate today refused to submit to the states the Norris Constitutional amendment to abolish the electoral college and provide for direct election of a President and Vice-President.

BOMB EXPLODES INJURING CLERK

Package Containing Infernal Machine Opened at Post-office Dead Letter Room.

Washington, May 21.—(AP)—A bomb concealed in a package exploded in the dead letter office of the postoffice department today, shattering a hand of Myrton L. Gernong, the clerk examining it.

Postal inspectors immediately began an investigation. They would not disclose the name of the person to whom the package was addressed or how long it had been in the dead letter office.

Its Declaration That Recovery Act Is Friend of Monopoly and foe to Small Business May Bring Dissolution — Dissenting Member Urges New and Non-Political Group — Second Darrow Report Presents Socialistic Alternative.

Washington, May 21.—(AP)—The Darrow report, exhorting the NRA to appear likely today to become the death knell of the board that drafted it.

There were definite signs that the Recovery Review Board, headed by Clarence Darrow, faced prompt abolition because of its conclusion set down in vigorous language—that the NRA is the friend of monopoly and the foe of small business.

The board, which had been asked by President Roosevelt to review the practices of the National Recovery Administration, stabbed at the heart of NRA's principles of industrial codes by saying:

"All competition is savage, wolfish and relentless, and can be nothing else. One may as well dream of making war ladylike as of making competition fair."

The Socialist alternative of government ownership was suggested in a supplementary report signed by Darrow, 77-year-old lawyer, and one other board member—William O. Thompson of Chicago, former law partner of Darrow. It said:

"The choice is between monopoly sustained by the use of force, which is clearly the trend in the National Recovery Administration, and a planned economy, which demands Socialized ownership and control."

The hope of the American people lies in the planned use of America's resources following Socialization. One member of the board dissented in a minority report. This member, John F. Sinclair, now resigned, denounced the report as "at times misleading and unreliable."

Sinclair urged the President to appoint an "ably staffed, non-political board" to act for the protection of small, independent business which he deemed several respects, as dangerous under the code.

—Johnson Answers
The NRA itself, in a reply to the review board which was made public simultaneously with the report, defended itself in language as plain as that of the Darrow document. The NRA administrator, Hugh S. Johnson, said:

"A more superficial, intemperate and inaccurate document than the report, I have never seen. In my judgment this board has missed a great opportunity for a real public service. As it is now acting it is of no service to anybody—it is a political sounding board in view of its fixed prejudices and partisanship and its unfair methods of taking and reporting testimony. The conclusion is inescapable that the board is not proceeding in good faith to fulfill its public obligations."

"Its continuance as an agency of government would enable it to promote private purposes at the public expense, and in my judgment would impair seriously the usefulness of the National Recovery Administration."

NRA took no public issue with Sinclair's minority report, and Johnson gave out today correspondence between himself and Senator Borah of Idaho, and Nye of North Dakota, which showed the administrator in partial agreement with the minority member's view.

RIOTS BREAK OUT IN MINNEAPOLIS

300 Pickets and Police Clash—Eight Officers and Ten Strikers Hurt.

Minneapolis, May 21.—(AP)—Riots broke out again early today in the market district and eight policemen and ten strikers fell as 300 pickets and nearly 100 special policemen clashed over the movement of trucks.

One striker was reported to have stabbed a policeman at the scene at dawn, as several produce firms began moving out trucks loaded with vegetables, berries, and other perishables. Police were already on hand. The majority of the strikers were armed with clubs, bats and poles. Many carried rocks.

As two trucks started out, a mass of pickets stepped into the alleyway to block them.

Police clubs swung. The pickets surged into the fray, swinging clubs viciously. It lashed across the back of a policeman's neck, inflicting a deep gash. Police ran to their cars and unlimbered their riot guns, taking stations around the outskirts of the battle.

The slugging lulled with the appearance of shotguns and the strikers fell back.

MILITARY DICTATORSHIP IS SET UP IN BULGARIA

(Continued from Page One)

tacles exhibited by political parties absolutely convinced us (meaning Georghiev and his "Zveno" non-partisan group) that there was no other way out except through immediate and effective intervention by our army.

"However, the manifesto published Saturday explained our attitude.

"We repudiate and condemn the methods the government practiced here up to now. The parties showed themselves absolutely incapable of serving the higher interests of the nation."

Asked how soon recognition of Soviet Russia—casually mentioned in Saturday's manifesto—might be expected, the premier replied rather cryptically:

"Restoration of diplomatic relations is intimately bound up with establishment of a strong and stable authority, eliminating all elements of hazard from these relations."

WAR MEMORIAL FOR VETERANS IS UNVEILED

(Continued from Page One)

morial committee and marshal of the parade; invocation, Rev. W. Reidy; "America," Salvation Army band; roll call, Company G, Adjutant Charles B. Warren, Ward Cheney Camp; selection, "The Soldier's Farewell," Salvation Army quartet; "The History of Old Company G," Captain Joel M. Nichols; address of dedication, Rev. Leonard C. Harris, South Methodist church; unveiling of the monument, Misses Catherine and Alice Madden; selection, "In Loving Remembrance," Salvation Army quartet; presentation of Memorial monument to the town, Commander Lawrence Converse; acceptance for the town, Aaron Cook, chairman of the Board of Selectmen; remarks, George W. Hitchcock of Winsted, Department Commander, United Spanish War Veterans; benediction, Rev. L. C. Harris; taps; Legion buglers.

IN YUGO SLAVIA

Belgrade, Yugo Slavia, May 21.—(AP)—News of the establishment of a military dictatorship in Bulgaria was welcomed warmly today. Reports that M. Batoloff, Bulgarian minister to Paris, may be appointed foreign minister, led to belief here that the new government expects to bring Bulgaria from the Italian into the French sphere.

It was considered likely that the chief task of Premier Kimon Georghiev would be to eliminate the Macedonian Terrorist organization, thus preparing the way for a Yugo Slav-Bulgarian alliance.

WAR MEMORIAL FOR VETERANS IS UNVEILED

(Continued from Page One)

When President McKinley called for 125,000 men to serve on April 21, 1898, 64 men of Manchester were members of the famous Company G, C. N. G., which had been formed shortly after the Civil War, answered their country's call and volunteered for service at the front. On May 1898 they left for duty.

On that day when the fower of Manchester manhood left for mustering in at the Niantic camp ground, 1,100 school children of Manchester assembled and sang patriotic songs. The High school was especially interested in the departure of the men, as two members of the school, James Vatch and William Madden were in the ranks. The company was mustered into the United States service with the 1st Connecticut. A month later the company was recruited to war strength and twenty months later men added to the company's ranks.

SAYS PNEUMONIA CAN BE ISOLATED

State Laboratory Physician Gives Interesting Talk at Kiwanis Club Luncheon.

The Kiwanis Club today held its first meeting of the spring and summer season at the local Country Club, with Dr. Lee Mickie of the state laboratory of the Department of Health as the speaker. Dr. Mickie gave a most instructive and interesting talk on the work of the laboratory.

During his address, he expressed the belief that the time was not far distant when pneumonia would be as easily controlled as typhoid and diphtheria now are. Dr. Mickie said that the state laboratory came into being in Middletown in 1908 and now had a personnel of thirty-eight. Its offices are now located on Pearl street in Hartford but will soon move to North Main street. He praised the work of former State Senator Robert J. Smith of this town, who was instrumental in obtaining new quarters for the laboratory.

ABOUT TOWN

The degree team of the Daughters of Liberty will meet tomorrow evening at 8:30, previous to the special meeting at 9 o'clock in Orange hall to make plans for the official visit of the supreme worthy mistress.

The regular monthly meeting of the Anderson-Shea Auxiliary, V. F. W., will be held tomorrow night at the Armory at 8 o'clock. Department Chief of Staff, Mrs. Ellen Sheehan of Waterbury will make her official visit and all officers are requested to wear their uniforms.

A pre-school dental clinic will be held at the health center on Haynes street at 9 o'clock tomorrow morning and a tonsil clinic will be held at 10 o'clock.

THIEVES STEAL SCHOOL MONEY

State Trade School Entered and \$20 in Small Change Taken.

About \$20 in small change was stolen in a break sometime over the week-end in the State Trade School on School street, the thieves gaining entrance to the building by means of a ladder to the second story building.

Lieutenant William Barron of the Manchester police department investigated and found that a window in the east end of the building above an open court was unfastened and some change obtained from the sale of candy, the proceeds going to the school athletic fund.

It was found that a desk in which the money was kept was pried open and the compartment in which the money was stored was jammed open with a hammer and a chisel. The money was taken through which entrance was made in the machine shop of the school.

Ladies Of Manchester!

You are interested in improving your personal appearance, of course!

THEN WATCH THIS SPACE TOMORROW

BRITAIN'S REACTION

London, May 21.—(AP)—Expressions of concern vied with words of praise today as the British press discussed the military coup in Bulgaria.

The Liberal News Chronicle saw in the incident merely an addition to the list of dictators.

"The thought of democracy," blared a Post caption, finding the coup a "fresh indication that there was a tide flowing in the affairs of men."

The London Times, referring to the orderly character of the Bulgarian coup, asserted "some men who made the coup bear a high reputation for integrity and ability."

FRANCE BEHIND MOVE.

Geneva, May 21.—(AP)—The Bulgarian political upheaval was regarded in League circles today as a significant fact in the readjustment of the political power of Europe by which the encirclement of Germany by the League is progressing.

With the present crisis in disarmament conference and with Germany proceeding rapidly to build new friendships—which Bulgaria is thought to be one and Turkey another—upon which France could count in case of an attack.

Now that Russia is expected to enter the League of Nations, it is regarded as likely that France and Russia together will seek the creation of mutual-assistance pact within the framework of the League.

CONNECTICUT COMPANY OFFICE ROBBED OF \$75

Three Gunmen Steal Week-End Receipts in Derby—Knock Out Pay Window Teller.

Derby, May 21.—(AP)—Three unidentified gunmen robbed the local Connecticut Company office of about \$75 this morning and escaped. About 9:30 o'clock, while the office attendant, Fred Deane, was taking receipts from week-end traffic to a local bank, leaving William Reilly in charge, three men held Reilly at the pay window. Reilly was struck over the head with a gun and knocked unconscious, after which the robbery was effected. Reilly, found by Dean unconscious on the office floor when he returned, was removed to his home where recovery is expected.

BOYS THOUGHT DROWNED BY WAKE OF BIG LINER

Frail Canoe Capsizes in Boston Harbor; Police Search for Missing Lads.

Boston, May 21.—(AP)—Coast Guard craft and harbor police today searched Boston harbor for two boys believed drowned yesterday as they fell, home-made canoe capsized in the wake of an ocean liner.

George W. Stevens of Cambridge reported the accident to police. He said the youths, aged 12 and 14, were paddling a canoe on which the name "Nuts" had been painted when an outbound liner passed.

CONNECTICUT COMPANY OFFICE ROBBED OF \$75

Derby, May 21.—(AP)—Three unidentified gunmen robbed the local Connecticut Company office of about \$75 this morning and escaped. About 9:30 o'clock, while the office attendant, Fred Deane, was taking receipts from week-end traffic to a local bank, leaving William Reilly in charge, three men held Reilly at the pay window. Reilly was struck over the head with a gun and knocked unconscious, after which the robbery was effected. Reilly, found by Dean unconscious on the office floor when he returned, was removed to his home where recovery is expected.

COLUMBIA

The annual spring play of the Center School was given recently in the Town Hall to an audience of about 100. The play, "The Old Maid's Hall," the children put on their play in the most efficient manner, and their costumes added much to the attractiveness of the production. The play chosen was "All About the Forty Thieves" and was in three acts.

PLUMBING CONTRACTORS DISCUSS CODE TONIGHT

Important Meeting Will Be Held in Carl Anderson's Shop on Bissell Street.

A meeting of plumbing contractors in Manchester is called for this evening at 7:30 at Carl Anderson's shop, 57 Bissell street, when there will be a discussion of the plumbing code, a copy of which will be presented for consideration. The code relating to the business was signed by President Roosevelt on May 16 and goes into effect 20 days from the date of signing. The code affects all who are in any way connected with the plumbing industry, gas and gasoline plumbing and construction, as well as water supply systems. All plumbers in Manchester are urged to attend tonight's meeting.

PARENTS TO VIEW CLASS ROOMS IN TWO SCHOOLS

Annual Visiting Period at Robertson and Hollister Schools.

The annual visiting periods at the Robertson and Hollister schools will be held this week Tuesday evening at the former and Wednesday evening at the Hollister street building, between the hours of 7:30 and 9 p. m.

There will be no classes for instruction on these parents' nights. A few of the pupils as well as the teachers will be present to explain the work and parents may bring their children with them if they desire. Teachers and pupils have been preparing for this annual inspection for several weeks.

DEATH ACCIDENTAL

Bridgeport, May 21.—(AP)—A finding of accidental death was filed today by Coroner J. J. Phelan in the death of Stanley Tumsay, five, of Danbury, who was run down by an automobile driven by Nicholas Gillette on May 14. The boy died shortly afterward at the Danbury hospital.

OHIO IS SUBJECT TO LIQUOR TAXES

(Continued from Page One)

file suit against the United States to prevent collection of taxes.

Ohio asserted it had entered the liquor business, under its sovereign authority, to prevent the return of the saloon and to better serve public health and morals.

It insisted that it and other states which also exercised a complete monopoly over the manufacture and sale of intoxicating liquor were exempt from Federal taxes and Federal excise duties.

Two Deaths

One man of the company, Thomas Poppo, who had joined the army and saw service in Cuba, died there May 14, 1898.

Ward Cheney, for whom the local camp was named, went out with Company G, was commissioned a lieutenant in the United States army and was killed while on active duty near Imus, Cavite Province, in the Philippine Insurrection, January 7, 1900 and his body was brought home on February 18, 1900. The local camp was organized in his memory in May 1908.

The roster of Company G; 1st Connecticut Vol. Infantry:

Major John Hickey; Captain Joel Nichols, 1st Lt. J. Davenport; 2nd Lt. Lewis J. Doolittle; 1st Sergeant Charles O. Lord; quartermaster sergeant, Alfred C. House; Sergeants, Philip Fraher, Edmund M. Ogden, Gustave H. Leidholt, Charles E. Warren; corporals, James E. Sherman, Thomas J. Scott, Harry Nelson, Seth L. Cheney, John Connelly, Jr., William F. Madden, Patrick Conners, Charles H. Grabowski, George Johnson, William J. Nichols, Peter L. Norquist, Harry E. Olcott; musicians, William Crawford Jr., Michael Spillane, artficer, Gordon W. Dunn; wagoner, John J. O'Neill.

1000 NEW JUNGLE THRILLS!

TARZAN AND HIS MATE

Today Tuesday Special

After School Mat. Tues. 3:45

ADVERTISEMENT—ADVERTISEMENT—

THE BARGAIN HOUND

"Oven dinner" is the topic to be discussed by Mrs. Anna Sutton Mixer at the Manchester G. A. S. Company tomorrow afternoon at 2 o'clock. Mrs. Mixer will prepare the following menu—baked veal cutlet, browned potatoes, baked beef, fruit salad with a special fruit salad dressing, and cup cakes with butter-scotch sauce. You are all invited to attend free of charge.

Cotton for cooht—in spite of chill breezes in the shade, summer is almost upon us, and the wools and flannels of winter will join the moths in the attic. Cotton is here again. You will need and want many little cotton sweaters and blouses for your linen skirts, and to with them, of course, you will need accessories to match. The hot languorous days on the beach or the club house porch are perfect times to crocheted out of a fine mercerized crocheted cotton, these little matching outfits. Start with the sweater, then you'll decide you'll need a hat. Then if you still have ambition, a purse is in order—either a tiny one or a great roomy one which will practically carry the contents of your dressing table. Gloves are next in line. You'll find, on the days when you do feel like being athletic, that sweaters made of cool, washable cotton are comfortable and practical. And, of course you know that everything in the sport line that is smart and bears a Paris label is hand crocheted and hand-knitted of cotton.

When you look over your mirror and find yourself looking at dull lifeless hair, or eyebrows that need arching, or heavy eyes and a tired face that needs a facial your cus it to call Mary Elizabeth's Beauty Nook—8011.

Irish linen damask testifies to women the world over a quality and beauty that cannot be equaled in table linen. Meticulous housewives, therefore, are insisting on the fine gleam and finish of this damask for the cloth that will serve as a background for their crystal and set the tone of their formal tables. Washing and continued use does not detract from the body and surface of Irish linen damask. It is economically sound to put your money into one fine cloth that may be used many times and still retain its freshness, rather than to buy many cheap pieces of cheap grade that will about their cheapness almost after one laundering.

Happy housewives shower your blessings on Marr's Delicatessen (State Theater building)! In this hot weather it's so easy to drop in that cool delightful place and find your supper problem solved.

COUPLE CELEBRATE 25TH WEDDING ANNIVERSARY

Mr. and Mrs. John Oderman of Starkweather Street Receive Numerous Gifts.

Mr. and Mrs. John Oderman of Starkweather street celebrated their twenty-fifth anniversary Saturday evening at their home. Relatives and friends were present from Hartford, New Britain, Westchester and this town, and remembered Mr. and Mrs. Oderman with many lovely gifts.

SNAP CONTEST WINNERS

SELECTED BY KEMP'S

Last week's winners of enlargements in the Amateur Photo Contest being conducted by Kemp's, Inc., local Kodak dealers, were announced today and are as follows: First prize, John Leggett, 60 Spruce street; second prize, Mrs. Edgar Heard, 51 Spruce street; third prize, Mrs. Fred Flack, Bolton North.

The snaps selected this week as the best, are excellent examples of good amateur photography. Kodak Verichrome film was used by the winners of last week's enlargements. This popular type of Kodak film gets best results and makes it easy for amateur photographers, who do not spend the time to make adjustments on their cameras, and yet with this fast sensitive Verichrome film, they are able to get excellent results. The winners above will receive enlargements of the snaps selected as the best for the week.

The contest is open to everyone and all films developed at Kemp's are entered each week. The contest lasts until Labor Day, when a Grand Prize of a \$25 Kodak outfit will be given the amateur photographer who snaps the best picture for the season.

WILL NOT ABANDON NEWPORT STATION

Senator Lonergan Convinced Naval Training Base Will Be Retained Indefinitely.

Washington, D. C., May 21—A quiet investigation conducted by Senator Lonergan into recurrent reports that a definite policy has been laid down to abandon Naval training stations along the Atlantic Coast, particularly the one at Newport, R. I., has convinced him, he said today, that such action is not contemplated.

The senator had been particularly aroused by a report of the Newport Chamber of Commerce that "New England has been unconscious and asleep, while the advocates of Norfolk have been carrying out a well-defined plan, and, by process of elimination taking away from New England its long established naval activities."

The report, quoted in an editorial in the Boston Transcript, carried with it editorial opinion that "abandonment of the Newport station would sound the death-knell of naval activities not only at Newport but at Boston, Portsmouth, N. H. and New London, Conn."

Senator Lonergan said that after conferences with administration and naval officials he was led to believe that much of the controversy over closing the stations arose from the results of the economy program, which practically closed down the work of all training stations during the past year. When the naval appropriation bill for 1934-35 came up for consideration this year a House group seeking to restore some of the money for the training stations obtained House approval of \$150,000 for the Great Lakes Naval Training station, he said. When the measure came to the Senate a group of Senators equally interested in resuming appropriations, but preferring the Newport Station, retained the \$150,000 appropriation in the bill but applied it to Newport. In the conference between House and Senate the entire sum was stricken out.

The Senator explained that this leaves the station without their customary operating funds, under the economy program, but that he

EXPECT LARGE GATHERING AT CARD PARTY TONIGHT

William J. Shea and Miss Madeline Smith Head St. Bridget's Church Committee.

Miss Madeline Smith and William J. Shea, co-chairmen, head a committee of 25 actively at work on plans and arrangements for the final card party of the season at St. Bridget's parish hall tonight. Judging by the advance sale of tickets, the largest crowd yet is expected and efforts are being made to accommodate them.

Unusually attractive prizes will be awarded in all sections. The ladies' door prize is a permanent wave donated by Miss Ann McAdams of William street, and the gentlemen's door prize, an electric clock, given by William Fallon of Castle Farm Inn.

Ice cream and cake will be served after the games.

NOTED TRAVELER DIES

Edinburgh, May 21.—(AP)—Prof. James Young Simpson, eminent educator, author and world traveler, died at his home here today. He was 60 years old.

Prof. Simpson was born in Edinburgh on August 3, 1873. He was president of the World Brotherhood Federation; vice-president of the Royal Scottish Geographical Society and of the Robert Louis Stevenson Club.

He was the Terry lecturer at Yale University in 1929 and held other lectureships in the United States.

Prof. Simpson married Helen Huntington, daughter of T. C. Day, of Indianapolis, Ind.

What SHE TOLD WORN-OUT HUSBAND

SHE could have reproached him for his fits of temper—his "all in" complaints. But wily, she saw in his frequent colds, his "fagged out" condition, his very trouble the best of her. She was taking MR. (Nature's Remedy), as she advised, he felt like himself again—happy, cheerful, energetic, and contented.

MR.—the safe, dependable, all-vegetable laxative and corrective—works gently, thoroughly, naturally. It stimulates the eliminative tract to complete, regular functioning. Non-habit-forming. Try a box, 25c at drug stores.

MEN BACK AT WORK

Hartford, May 21.—(AP)—Grinning and happy to get back to work, 1,500 employes of the Pratt and Whitney Aircraft Company were at their machines in East Hartford today after the amicable settlement of a six weeks' strike. The agreements signed last week with the regional labor board were made by that body with the company and the independent union respectively but not directly between the company and the union. Today's return was entirely orderly, and strike leaders were among those who went back on the job.

ITALIANS HONOR ST. LIBERATORE

200 Members of Grippo Magianese Make Merry at Annual Reunion.

Over 200 members of Grippo Magianese, former residents of Magliano, Sabino, Italy, assembled yesterday in observance of the patron saint, Saint Liberatore, of the village at the Sons of Italy clubhouse, Keeney street.

President Julio Dubaldo addressed the group and recited an original poem which he dedicated to the former residents of the town. He called upon Eremildo Fagnani, oldest member of the Manchester colony from Magliano Sabino, who spoke to the assembly, a dinner was served at noon by Ciro Curti, former resident of the Italian town.

During the afternoon games consisting of bocce, sack races and a tug of war were enjoyed by the Manchester and New Britain members present. E. Falchetta contributed an accordion solo accompanied by Tony Dubaldo. Dubaldo brothers provided music for dancing.

Recreation Center Items of Interest

Today 7 to 8, plunge period for men; 8 to 9, plunge period for women.

Friday The dance this week will be held on Friday night, with Art McKay and his 10-piece orchestra furnishing the music. Dancing will be from 8:30 to 12:30.

SENSATIONAL CLEAN-UP!

Hundreds of tremendous values are offered during our Remodeling Sale—but all good things must end.

Wednesday is the LAST DAY OF OUR REMODELING SALE

We close all day Thursday and Friday in order to put the finishing touches on our newly remodeled store.

SAT., MAY 26 WE RE-OPEN

Watch For Our Advt. Friday Night, May 25.

Take advantage of REMODELING SALE bargains tomorrow and the LAST DAY, Wednesday.

All previously advertised specials—besides hundreds of unadvertised specials—are still on sale unless sold out.

CARLOAD SALE!

WORLD FAMOUS INNER SPRING OSTERMOOR

Your Unrestricted Choice—these World-Famous Service Stripe Inner Spring Ostermoor Mattresses in about 79 different coverings, art ticks, woven ticks, and even imported Belgian Damask—in almost every conceivable design and color combination, and in all sizes—4 foot 6, 4 foot 3, 3 foot 6, 3 foot 3 sizes. All guaranteed to be regular standard \$42.50 Service Stripe Inner Spring Ostermoor Mattresses—Made by the Ostermoor Company in the Ostermoor plant. Your unrestricted choice as long as they last.

Guaranteed REGULAR—\$42.50 (Service Stripe Inner Spring) OSTERMOOR

\$29.85

HOW WE DO IT

Once a year Ostermoor is the only one to "clean up" all of their over-stocked patterns, all of their "over-stocks," all of their "over" patterns—in their regular Exclusive Agency, their world famous \$12.50 Service Stripe Inner Spring Ostermoor Mattresses, made up in this group of Coverings—at a big discount—for quick clearance.

This savings—plus an equal out price of our own—are being passed on to you in our greatest High Quality Mattress Bargain—during the Carload Sale.

Being the Exclusive Agents for the world-famous Ostermoor Mattress here—no other concern can offer you this High Quality Ostermoor Mattress Carload Sale Bargain.

Never Before—

In the history of this company—not since its very beginning—have we ever been able to offer our public so much—in a strictly high-quality Inner Spring Mattress—as so low a price—as you are being offered in this regular standard \$42.50 Service Stripe Inner Spring Ostermoor. Just as pictured here—Now on sale at the unheard of price of \$29.85.

Pictures in the newspapers can, at best, give you but a very faint idea of the quality of these world-famous mattresses now on sale. No one can possibly judge the quality of the Ostermoor felt; the spring construction, the quality of the coverings; the workmanship; the sleep comfort; nor how long they will wear—by looking at a picture. That takes a critical examination of the mattresses themselves—now on sale before you can possibly know.

They are bargaining money-saving bargains—each and every one of them—that you guarantee. Come in—early tomorrow—when you are sure to have full choice of all that remains in covers.

MEMBER AUDIT BUREAU OF CIRCULATIONS

The Herald Printing Company, Inc., assumes no financial responsibility for typographical errors appearing in advertisements in the Manchester Evening Herald.

tion, which surely is the purpose of the NRA and which just as surely is the desire of a large majority of the people of the United States.

The Darrow report probably contains a great deal of justifiable criticism of the NRA; it certainly tells much unpleasant truth. But when one has read it he is left with a feeling that it was written by people whose sole purpose was to destroy faith in what is and who are strangely silent as to what they think should be. The constructive recommendations in the report are practically negligible. It merely falls in line with the commonest and most superficial criticism of NRA in pointing its faults; it does not, after condemning those faults, offer any better solution of the problem of industrial and business paralysis.

Those who have followed more or less closely the career of Clarence Darrow will not be greatly surprised at this. He is something like Bernard Shaw in his genius for uncovering the errors and follies of other people and also in his careful avoidance of any slightest measure of responsibility for a constructive policy of his own. Mr. Darrow is usually described as a radical. But if the people of this country with one accord should offer him the rulership of the nation and to give him autocratic power to reconstruct the social system there is nothing whatever in his history to indicate that he would not positively and cynically decline.

It is undeniable that the suspension of the anti-trust laws was an essential feature of the National Recovery Act was a move involving considerable risk of profiteering and oppression of small business. But to most minds any proposal to restore those laws carries with it a tacit proposal to scrap the whole NRA. It is almost impossible to see how the two can be reconciled. And yet that is in effect about the only proposition of the Darrow Board.

As for the administration's course in suspending the publication of the report until there had been opportunity to prepare a brief in refutation, that is now quite understandable and very few will find ground for criticism in it.

It is rather unfortunate, as it turns out, that the President's Review Board was given just this personnel. It is conceivable that Mr. Roosevelt could have found somebody just as independent and outspoken as Clarence Darrow to head such an analytical group without turning over the job to a man whose chief characteristic is a sour cynicism and who delights above all things to shock the sensibilities of his fellow citizens.

There is much in this report to indicate that Mr. Darrow was more interested in "stirring up the animals" than in assisting in the nation's economic recovery.

TAVERNS, STATE LAW

The action of the Manchester town meeting last Friday evening, disposing by a four-to-one vote of the attempt to shorten the Sunday hours of the taverns to a single sixty-minute period, need by no means be regarded as an expression of sympathy with the existing liquor system. Indeed it is extremely probable that a very considerable majority of those who voted against the proposed by-law are quite out of accord with the Connecticut Liquor Control Act, for there is scarcely anything about that act which meets the desires of the average citizen for a decent, orderly and respectable handling of the liquor problem.

For any single town or city to attempt to regulate the liquor traffic in a manner satisfactory to its own citizens while the present state law remains in effect would be to attempt an impossibility. And there are a good many very reasonable kind of people who feel, we may be sure, that for this town to attempt to assume responsibility for decent operation under the state law would be only to lend its countenance to a complete mess.

Let the Liquor Control Act stow in its own fat until it becomes so insupportable in its effects that it will be swept off the statute books as an offense to the nostrils of decent people everywhere. That appears to be the general attitude with relation to it.

MISREPRESENTATION

A monetary message was expected to be sent to Congress today by President Roosevelt. A Washington dispatch dated yesterday phrases its statement this way: "President Roosevelt will send to Congress tomorrow a message asking for legislation to help silver."

This is a sheer misstatement of fact and one which has been repeatedly made. President Roosevelt is extremely unlikely to ask Congress to do anything to "help silver."

The report of the Review Board was clearly dominated by Clarence Darrow with, it almost goes without saying, the aid of Charles Edward Russell, one time Socialist candidate for President, who is reported to have pervaded the Board's meetings and hearings. There is no discounting the ability of either of these men. But there are abilities which can be of very little use in any enterprise having for its purpose the salvation of the capitalist system of production and distribu-

What he will do today, if he does anything, is to ask Congress to employ silver in helping the nation. The idea is not to have the country help silver but to have silver help the country.

We do not know whether this constant use of a trick phrase, the effect of which is to give the public an entirely wrong notion of the silver question, is deliberate or the result of a complete misapprehension on the part of certain Washington correspondents. It is charitable to conclude that the latter is the case. Washington correspondents, however, have no right to be so poorly informed.

No measure proposed by any so-called silver member of Congress has had its basis in a desire to "help silver." This whole silver question is the outgrowth of a sheer belief in the nation's need of a currency basis broader than that supplied by gold.

To represent the demand for silver legislation, by suggestion or insinuation or by the repeated use of a catch phrase as untrue as it is efficient in misrepresentation, as the demand of a special interest does no credit to either the intelligence or the aims of the American press.

IN NEW YORK

By PAUL HARRISON

New York.—Whenever Mr. Ben Riley begins to talk about frogs' legs I am inclined to think back over the froggie who would "allow" ride, the Frog Footman in "Alice," Mark Twain's jumping-frog yarn, and the frog story in "The Virginian." What I mean is that there are a lot of fables about frogs, and sometimes I suspect that Mr. Riley is bent on contributing to the anthology.

For example, I do not question that Mr. Ripley's Arrowhead Inn serves more frogs' legs than all the rest of the hotels and restaurants in New York. But I do think he ought to allow the customers to see the cooking device, a frog turned inside out, operating something like a waterwheel, which is supposed to have tabulated the passing of some 4,437,752 Rana virescens through his kitchen in the past 37 years.

The legs are admirably prepared, of course; but how do I know they are from a select breed of Lake Ontario frog, the legs of which will jump out of the frying pan onto the platter the instant they are properly cooked?

Jumping Judas

Mr. Riley knows a lot about frogs, all right. He and Louis McHenry Howe, the President's secretary, were boys together up around Lake George. For a while they had a trained bullfrog named Judas which would visit neighboring marshes and lure all the other frogs to the Riley-Howe hunting grounds. Judas quit them when a rival partnership offered him a 40-hour, five-day week. Or maybe it was a basis part in a vaudeville act. I forgot.

Next the boys got a great idea about frog culture. They began catching little frogs and tying their hind legs together so they would have to learn to jump with their front legs. After a few months the hind legs would be unbound, and from them on each frog would develop four large, edible legs. The scheme defeated itself, though, because the frogs grew tremendously large and swift, and even terrorized Lake George housewives by invading back yards and gobbling red flannels off the clothes line.

Technique of Capturing

One of the best ways to catch frogs is to get a lawnmower on a marshy meadow and cut a large circle, gradually decreasing it in a spiral until the quarry were huddled by hundreds in a small patch in the center. One day young Mr. Howe is said to have gone off into the city to get a patient lawnmower, and also would clip the legs off the frogs. He never came back. Young Mr. Riley stayed a while longer, but one day discovered he was getting web-footed, so he lit out for Saratoga and bought an Arrowhead Inn from an Indian guide. Saratoga was in its hey-day then, full of Goulds and Astors.

There is plenty of substantiation in subsequent reports of the Riley career. He came to New York, and for the past 35 years has conducted Arrowhead Inn up in the Bronx, near the River. Frogs' legs were introduced there and Diamond Jim Brady was one of the gourmets who always did away with three or four portions. Big politicians and celebrated sportsmen made the 44-acre estate a sort of club. Riley organized driving races from the Inn down to the original Madison Square Garden and old William K. Vanderbilt captured the cup with three successive victories. When auto mobiles came in, there were races up the winding road to the Inn, and Barney Oldfield was a competitor.

Louis McHenry Howe dropped around to renew the old friendship. And Franklin D. Roosevelt used to dine there two or three times a week on the way to and from his Hyde Park estate.

Frog Law

About frogs? Well, Riley was instrumental in having a state law passed limiting the season to May 1 to September 30. It is a conservation measure designed to foil hunters who used to dig trenches around hibernating ponds and catch frogs by the thousands.

Riley buys most of his frogs from the Lake Ontario region; has them shipped in tank cars or something. If he ever gets around to it, though, he intends to train another Judas to lead the frogs down along the winding road to New York, and right up to the Inn and through the turnstile.

Health and Diet Advice
 By Dr. Frank McCoy

BLADDER IRRITATION COMMON

You have two bladders in your body and both act as reservoirs. The first is the gall bladder which acts as a storage sac for the bile which flows down from the liver, the second is the bladder in which is stored the liquid waste secreted a drop or two at a time by the kidneys. This liquid is voided. One of the common troubles is an inflammation of the bladder called "cystitis." The bladder may develop other diseased conditions such as tuberculosis, the formation of bladder stones, or a condition known as "irritable" bladder may occur, in which the main symptom is a frequent desire to empty out the liquid waste.

Most of the people writing to me about kidney weakness really have inflammation of the bladder. The surprising thing about bladder trouble is that often the pain will not be felt at the bladder at all but will be referred and appear as a backache or as an ache between the shoulders and the patient will not have the slightest reason to suspect that the bladder is the cause of the pain. If you suspect that you have weak kidneys, the best plan is for you to have a urinalysis report made to determine whether the real cause lies in the bladder or is coming from some other condition.

Some common causes of bladder irritation are: Pressure on the bladder wall from a full bladder or from a nearby tumor, during pregnancy, or, in men, from an enlargement of the prostate gland. Another cause is chemical irritation due to the presence of excess amounts of poisons or toxins in the waste which poisons attack the lining of the organ and cause it to inflame. If certain foods containing irritating substances which must be thrown out of the body by way of the bladder are eaten, they will have a direct effect of increasing the bladder irritation when it is present. Such articles as onions, garlic, strong spices, together with alcohol and certain drugs must be avoided in this class and should be avoided if you have bladder trouble.

In some cases, the outlet of the bladder becomes swollen shut or partly shut and the organ cannot be completely emptied with the result that the liquid waste decomposes and aggravates any tendency to inflammation. Other causes which may bring on bladder inflammation are: Kidney stones, certain infections, or a stricture of the passage leading downward from the bladder. Occasionally, cystitis arises from bacteria which enter from the use of unclean catheter.

Some of the symptoms of bladder irritability are: A desire to empty the bladder frequently, especially at night which may disturb the rest; painful staining or burning sensation while voiding; lack of a feeling of relief after voiding; a difficulty in entirely emptying the organ; the presence of blood, pus, or mucus in the liquid waste which may have a cloudy appearance after standing. Pain over the bladder or directly in front may cause much discomfort.

Tomorrow's article: "Drink Water in Bladder Irritation."

QUESTIONS AND ANSWERS
 (Cataract)

Question: Mrs. J. E. writes: "I want to thank you for the help I have had through your articles. However, will you please tell me how to get rid of cataract? Each morning when I awake I have so much phlegm in my throat that it is necessary for me to clear the throat out. When advising a diet for me to follow will you please take into account the fact that I am now underweight and I will appreciate some advice on how to gain, at the same time that I am ridding my body of the cataract." Answer: Do not try to put on weight while you are getting rid of cataract, after you have entirely overcome the tendency to cataract inflammation you will probably be somewhat thinner, but through the use of a balanced diet and taking vigorous physical culture exercises you will be able to build up a strong body and in many cases the weight will tend to normalize itself. In those cases where cataract and an underweight condition exist at the same time, the first part of the treatment must be directed toward ridding the body of the cataract and then the patient is ready to gain in weight. The best method I have found for overcoming all types of cataract inflammation is the use of a fast followed by a careful dieting regimen, omitting sugars and starches. Such method of treatment will thoroughly cleanse the body and after all waste has been eliminated the digestion will improve and the patient in the ready state to take in food and get the good from it, so that the weight automatically increases. In trying to overcome your cataract, it is especially important that you use an abundance of the alkaline forming foods, as the general rule from a tendency to acidosis.

(Vitamin "A")

Question: Mrs. G. E. N. writes: "What foods, including vegetables, contain Vitamin 'A'?" Answer: Vitamin "A" is found in milk, cream, butter, egg yolk, and many vegetables, particularly the green parts, but also the roots, as in the carrot and sweet potato. It is also present in some fruits, such as tomatoes, oranges and apples.

(Yellow Skin)

Question: From Mrs. W. W.: "Is there any way that I could tell whether or not my liver is enlarged? I have a yellow color to the skin."

Answer: I do not know of any way in which you could make a personal diagnosis to discover whether or not the liver has enlarged and I believe that it is advisable for you to consult your doctor. The fact that the skin has turned yellow indicates the presence of a liver or gall bladder disorder.

Behind the Scenes in WASHINGTON

By RODNEY DUTCHER
 Herald Washington Correspondent

Washington, May 21.—Senator George Norris fought and bled in vain for a law that would keep politics out of the Home Loan system.

But just as tough as any law, the politicians who killed the Norris amendment are going to find, in Chairman John H. Fahey of HOLC. About the time you begin to notice camels leaping through needle-eyes without grazing a hair, you'll find Fahey welcoming incompetent Democrats into his organization.

This will be news to you, but since Fahey took hold last November he has gotten rid of seven state directors who were weak sisters or worse.

HOLC under the politician who preceded him was becoming a national scandal. Under Fahey, regardless of Congress, jobs are being given out on a sheer merit basis and loans handled efficiently in accordance with need.

Graft and politics were found in one of the biggest states and Fahey started sharpening his axe for the state director.

One of the Fahey's aides phoned, and told the chairman not to do anything until the boss came back to town.

Fahey called a meeting of his board and fired the man that afternoon.

He is as handsome, white-bearded, but active Massachusetts publisher and business man, a former president of the U. S. Chamber of Commerce. He did much to carry Massachusetts for Roosevelt in 1932 and encompassed such reconciliation as there was between F. D. and Al Smith.

Ickes Fools 'Em

The way Secretary Ickes fooled the collusive bidders on materials for FWA projects is another new story. "Throw 'em out!" Ickes used to shriek as sets of identical bids came in.

He said the fact that the bids were all alike, regardless of freight charges involved, showed collusion. Bidders blamed NRA price-posting provisions.

Anyway, as fast as Ickes threw 'em out, the same bids came back. So Ickes adopted a policy of accepting the bids from companies most remote from the project. That gave business and employment to rail-

Blaine Proves Worth

Roosevelt isn't finding it easy to fill the post vacated by the death of ex-Senator John J. Blaine, late director of the RFC. As a senator, Blaine was often thought to be a trifle dumb. He wasn't—and he certainly was one of the Senate's two or three bravest men.

Trouble was, he worked so hard for his constituents that he often entered floor fights inadequately prepared.

As an RFC director, removed from the public eye, Blaine showed his stuff. No more than three or four other RFC people ranked anywhere near him in ability to analyze problems quickly, see weak points, and protest the public interest.

YOUR CHILDREN
 By Olive Roberts Barton
 6115 1/2 1/2 1/2 SERVICE, INC.

This is the time of year to decide on the school or college Dick or Daisy is going to in the fall.

First of all I should not go guessing about what a boy or girl needs. What is a good school for one may be poison to another. If it is going to be a struggle to get them through it pays to be doubly sure of choice. If what use is hindsight? Foresight is needed in this problem more than in almost any other decision concerning youth.

Higher education is distinctly divided into two classes—the academic or liberal-arts course, and the career course. The latter definitely points toward a purposeful end from its very beginning.

Both have their place. As for the general or academic course there is today a general swing to the left against it, but I feel, naturally, that it cannot be too neglected. That way lies deterioration. However, we cannot live on culture. Let those who can, live in the world of the intelligent, but let us not notice others into its mazes when they need a decidedly different equipment.

Need Preparation

Too many young people are graduated from "general" courses today who don't know how to do a thing on earth. When they are out of school they still face what they set out to get in the first place—preparation for the future.

It takes special "fitting" nowadays to get a job. We are a world of workers and we may as well face the fact and stop dreaming.

Children going to college are too often confused by the layout of mixed studies. They take a year of this and that, "major" in something they will never need and don't intend to use; children who know, too, that their parents are doing with-out-creant pay for it.

Colleges, I feel, are falling in their methods of pointing out clear courses of study to parents and prospective students. Our college courses are, as a rule, regular piggy-backs. We do know what Dick or Daisy are going to get when we put them on train.

The situation is changing, of course, but changing too slowly. Seeing the don't wood in their systems and that the letters can never substitute for the spirit, schools are coming back to reality and life. Also they are beginning to cooperate with parents. But there is still too much confusion. Parents will have to do the best they can.

All colleges should teach shorthand and typewriting. That they have not done so sooner is ridiculous.

And though it is a far cry from shorthand to etiquette, they should, if only in off hours, teach department and social graces. We go blundering through the years trying to guess at what to do and say and we end how to act. By the time we're fifty then, perhaps we're "savoir faire" to poke our noses out of doors and be sure of ourselves.

Girls need to be taught house-

A Thought

That which is crooked cannot be made straight; and that which is wanting cannot be numbered. — Ecclesiastes, 1:12.

Be certain that he who has betrayed these ones will betray them again.—Lavater.

Prizeless jewelry which once adorned women and was of the court of Nebuchadnezzar some 2500 years ago, magnificent sculptures of the Sasanian period, and royal tombs more than 8000 years old, were discovered at the site of the ancient city of Ebla in Syria.

ROCKVILLE

G. E. FORSTER TAKES OVER OFFICE OF POSTMASTER

Former Postmaster George E. Dickinson Remains as Mailing Clerk at \$2,100 Annually.

George E. Dickinson, a Republican, has delivered the Rockville postmaster's office to George Forster, a Democrat, but still remains as part of the staff at the Rockville postoffice under orders from the Democratic administration.

Mr. Forster assumed office as postmaster this morning and at the same time former Postmaster Dickinson assumed the office of "mailing clerk" at a salary of \$2,100, a reduction of approximately \$900.

The retiring postmaster had a special choice he wished to take that of a retirement upon a government pension for life. This was due him because of the fact that he has had approximately 35 years in the service of the United States postoffice department.

The appointment of Postmaster Forster is dated May 17, 1934 and the appointment of former Postmaster Dickinson is dated May 18, 1934.

An inventory of the Rockville postoffice was taken last Saturday afternoon and the books turned over to the incoming official.

Mr. Dickinson was assisted by Assistant Postmaster Michael J. Cosgrove while Mr. Forster was assisted by his brother, Frederick Forster.

The commission and instructions for the appointment of Mr. Dickinson as mailing clerk was received at the postoffice Saturday afternoon at 2 o'clock while the inventory was in process.

The order from the Democratic administration was for "George E. Dickinson to assume the unexpired term of Thomas J. Byrnes as mailing clerk at a salary of \$2,100, effective May 21, 1934."

This vacancy has existed for some time and no appointment was made although there were many Democratic applicants. Why no appointment was made was not explained until the order was received from Washington effective this morning.

Senator Augustine Lonergan, who selected Mr. Forster for the postmastership from a trio of candidates, including Maurice L. Spurling and Frederick G. Hartenstein, is also credited with the selection of Mr. Dickinson as mailing clerk.

Postmaster Forster has previously served two four year terms as postmaster, retiring in 1924 when he was replaced by Mr. Dickinson. He has also been active in the political life of Rockville, Vernon and Tolland counties, having served as mayor, sheriff, and Representative.

Postmaster Forster states there "will be no changes" at the Rockville post office at this time.

Postmaster Forster, who assumed his duties today was born in Seneca Falls, New York, June 8, 1869 and came to Rockville with his parents while very young. He has resided here continuously.

As a boy he was employed as a bobbin boy in the American Mill after which he later took up spinning and weaving. He continued his work in the Rockville mills and at a later date was shipping clerk for the James J. Regan Manufacturing company.

Later he entered the shoe business under the firm name of "Forster & Newcomb", taking over the latter's interest in this business. During this period he took an active part in the work of the community and was president of the Rockville Business Men's association.

The political life of Mr. Forster started back in 1896 when he was elected a member of the Board of Common Council from the third ward. Regardless of the fact that he was the only Democrat in the city government, he received appointments to important committees including police, fire, public works and finance committees.

He was elected mayor of Rockville the first time in 1903 and held office for three successive terms.

In 1909 he was elected to the Connecticut General Assembly from this community and took an active part.

In 1910 he was elected held office until defeated by Fred O. Vinson of Ensignville, who assumed office in 1914 and held office continuously.

He has also held a seat on the Democratic State Central Committee and on many occasions has been advisor on many big projects of the Democratic Party. He was a close friend of the late State's Attorney, Thomas F. Noon.

Return to Former Home

Mr. and Mrs. J. Edmund Bradley of Park street, will leave Rockville Friday, May 25, and they will make their future home at Millers Falls, Mass.

Mr. and Mrs. Bradley formerly lived at Millers Falls and now have a daughter, Mrs. Francis McCue, living in that community.

For nearly a quarter of a century Mr. Bradley was connected with the local woolen mills and recently returned as head of the dyeing department for Talcott Brothers at Talcottville.

Recovering from Injuries

James Wright, 42, of Park street and Thomas Ronan, 24, of Park street, are showing marked improvement at the Rockville City hospital, following the accident at the "Goat Farm" Saturday morning.

Both men were injured when they were buried under a pile of trap rock when a wooden bin collapsed. They are employed by the M. A. Gammone company of Providence, R. I. contractors for the elimination of the "death trap" at the "Goat Farm" Saturday morning.

At the Rockville City hospital it was stated Sunday that Ronan would be discharged tomorrow and that Wright was resting very comfortably.

Mrs. Catherine Martley

The funeral of Mrs. Catherine (McCormack) Martley, 82, widow of the late Thomas Martley of 36 Mountain street, who died at her home Saturday following a long illness, was held from her late home this morning at 8:30 o'clock and from St. Bernard's Catholic church at 9 o'clock.

Rev. George T. Sinnott, pastor, celebrated a solemn requiem high mass. A special musical program was presented by the senior choir with Mrs. Anna Mae Pfunder as soloist, while Miss Margaret McGuane presided at the organ. Burial was in the family plot in St. Bernard's cemetery. Rev. Father Sinnott conducted the committal service at the grave.

Mrs. Martley was born in Thurles, Ireland, and came to this country close to a half century ago. She has resided in Rockville since 1888.

She is survived by seven sons, Thomas, Patrick, Michael, Edward, Walter and Francis Martley of Rockville and James Martley of Stamford; and three daughters, Mrs. Margaret Morin of Willimantic, Mrs. James Fahey of Rockville and Miss Annie Martley of Rockville; and a sister, Mrs. Mary Fitzgerald of England.

To Attend Consecration

Rev. George T. Sinnott, pastor of St. Bernard's Catholic church, is to attend the consecration of Most Rev. Francis Patrick Keough of Hartford, as bishop of the diocese of Providence, R. I.

Most Rev. Francis Patrick Keough is widely known to many Rockville residents and is a close friend of Rev. Father Sinnott, pastor of St. Bernard's church. A large delegation from St. Bernard's church is also planning to attend the consecration service on Tuesday.

Special Service

A large number were on hand at the Union Congregational church Sunday morning to enjoy the special musical program presented by members of the Salvation Army.

Adjutant and Mrs. Alex Nicol and family and Westell Gordon, from Boston, presented the program which included vocal and instrumental numbers. Mr. Gordon proved a clever tenor soloist and cellist.

A special address was delivered by Major Fred Malpass on the work of the Salvation Army.

Mrs. Nicol is a graduate of the Knox Conservatory of Music in Illinois and Alex Nicol, Jr., is a graduate of the Boston Conservatory of Music. Much interest was shown in the presence of Westell Gordon who has recently returned from an interesting European tour.

Briefs

Mr. and Mrs. William E. Howe of Orange, N. J., spent the week and with Professor and Mrs. Philip M. Howe of Talcott avenue.

SPEAKER LAUDS F. D. ROOSEVELT Professor Hornell Hart Says Country Is in Process of Economic Recovery.

A well-filled chapel greeted Professor Hornell Hart of Hartford Seminary at South Methodist Episcopal church last evening in the third of the series of Sunday Night forums being conducted throughout the present month. His subject was "The Roosevelt Revolution; Is It the Way Out?"

"The system of the past was wrong in that it was built upon the basis of protecting the rights of property, conserving and safeguarding the owner, with no regard for the protection of human rights as so vitally involved in the claims of the workers in industry."

"The purchasing power of the laboring man reached its highest peak in the year 1928. Since that time strange things have happened. We have mastered production to such an extent that we are swamped by surpluses. So much so that men are idle, people are starving and starving in the midst of the excessive fruits of production. This is the greatest and most tragic paradox of all time."

"Overproduction. There can be no such thing as overproduction as long as there are great human needs unmet. So long as children go without shoes or clothing, folks go without food, comforts, necessities, so long as there are bad roads, slums with children growing up in gangster-creating atmosphere, shameful housing conditions in which people who desire to be decent are forced to live, there will be no overproduction."

"The Brain Trust. The Brain Trust is concerned in working out a system of economic planning which is one hopeful suggestion. The difficulty is that their suggestion tends toward the creation of a bureaucracy, resulting in regimentation of folks such as in Russia and Germany, destroying individual initiative."

LOCAL RACING PIGEONS LEAD Walter Tedford's Bird Home First in 300 Mile Speed Test.

Three Manchester pigeons led all others home yesterday in the 300 mile "old bird" race from Washington, D. C., to this town, conducted by the Nutmeg Racing Pigeon club. Walter Tedford's pigeon was the first to reach the home loft, traveling the distance from the Capitol at the rate of 1237.48 yards per minute, closely followed by a silver bird owned by Henry Larson.

Tedford's bird was released in Washington at 9:37 yesterday and was checked in at the home loft at 4:08 p. m. It was an ideal day for the 300-mile flight.

Entered in the race, the third of the present racing season, were 19 lofts, comprising 232 racers. The speed in yards per minute traveled, and the names and locations of the contestants in Sunday's race were as follows: Walter Tedford, Manchester, 1237.48; Henry Larson, Manchester, 1234.31; Adolph Kittel, Manchester, 1217.45; Bill Purzycki, Rocky Hill, 1214.08; Dennis Morrison, Hartford, 1207.54; Harold Patterson, East Hartford, 1200.95; William Lahey, East Hartford, 1197.16; Edward Gleason, Manchester, 1194.38; Harold Touhey, Hartford, 1191.25; Fred Doocy, East Hartford, 1190.18; August Carlson, Manchester, 1185.29; Schiro Bros., Middletown, 1184.80; Ray Andrews, East Hartford, 1183.08; Samuel Gordon, Manchester, 1181.90; Alfred Sobolew, Manchester, 1149.10.

LATEST STOCKS

New York, May 21.—(AP)—Financial markets plodded along sleepily today with most traders and investors apparently lacking energy to make any decisive gesture toward either buying or selling. Stocks were particularly inert. During the greater part of the session the volume of transactions was the smallest in several years.

The purchasing power of the laboring man reached its highest peak in the year 1928. Since that time strange things have happened. We have mastered production to such an extent that we are swamped by surpluses. So much so that men are idle, people are starving and starving in the midst of the excessive fruits of production. This is the greatest and most tragic paradox of all time."

"The purchasing power has been placed in the wrong source. It has fallen too much into the hands of the people who think themselves above dealing in the 'five and ten' who wouldn't be found dead in a Ford or Chevrolet. They must do something with their excess funds so they proceed to build more factories. The purchasing power of the average human must be increased. Roosevelt administration has sought to do this by gifts, but in reality has not increased the productive purchasing power of the worker."

"The Brain Trust. The Brain Trust is concerned in working out a system of economic planning which is one hopeful suggestion. The difficulty is that their suggestion tends toward the creation of a bureaucracy, resulting in regimentation of folks such as in Russia and Germany, destroying individual initiative."

DELEGATES DESIRE THIRTY HOUR WEEK Beverly Wright Named to Ways and Means Committee at Pawtucket.

Five delegates from Local 2125, United Textile Workers of America, attended a meeting of silk and rayon workers in Pawtucket on Saturday. Beverly Wright, Arthur Smith, George Hahn, Albert Yost and Otto Wiganowski were present to represent the Manchester local.

Delegates reported on local conditions and approved organization of another conference at the close of next month. Meanwhile, locals will meet to work out details for uniform price, working scale and conditions. Ratification of the flexible program will come up at the convention of the United Textile Workers next September. The delegates also went on record as opposing all night work. Members are confident all points of the proposed program will be realized peacefully.

DELEGATES DESIRE THIRTY HOUR WEEK Beverly Wright Named to Ways and Means Committee at Pawtucket.

Five delegates from Local 2125, United Textile Workers of America, attended a meeting of silk and rayon workers in Pawtucket on Saturday. Beverly Wright, Arthur Smith, George Hahn, Albert Yost and Otto Wiganowski were present to represent the Manchester local.

Delegates reported on local conditions and approved organization of another conference at the close of next month. Meanwhile, locals will meet to work out details for uniform price, working scale and conditions. Ratification of the flexible program will come up at the convention of the United Textile Workers next September. The delegates also went on record as opposing all night work. Members are confident all points of the proposed program will be realized peacefully.

DELEGATES DES

SIXTY APPLICANTS FOR SCHOLARSHIP

Six Students at Wesleyan Chosen for Coveted Olin \$2,000 Award.

Middletown, May 21.—Six boys, representing five different states and coming from as far west as Indianapolis, have been chosen as the successful candidates for a field of over sixty applicants for Olin Scholarship awards at Wesleyan University, it was announced by University officials today.

The winners of the awards, which carry a grant of \$2,000 for the entire college course of each student, were picked from a group of nineteen youths who visited the campus about a week ago as representatives from various alumni districts throughout the country to be interviewed by the awarding committee and to take the final examinations for the scholarships. The selected men are Henry S. Fauvre, of Indianapolis, Ind.; Thomas J. Leonard, of Fowayton, Conn.; Brownell Merrill, of Syracuse, N. Y.; Richard W. Petherbridge, of Haddonfield, N. J.; Frederick L. Raker, of Pottstown, Pa.; and Ralph P. Townsend, of White Plains, N. Y. C. Vaughn Shedd, Jr., of Newtonville, Mass., and David C. McClelland, of Jacksonville, Ill., were named as alternates.

The Olin Scholarships, established four years ago by Wesleyan in honor of Stephen H. Olin, '96, a distinguished alumnus and at one time acting president of the college, are awarded yearly to those entering freshmen "who seem most nearly to possess Stephen Olin's traits of scholarship, character, manhood, and interest in the various activities of the college course. Selections are made on the same basis as those for Rhodes Scholarships, being based on the scholarship of the applicant, his character, personality and promise as judged by his high school principal, Wesleyan alumni, and the awarding committee, and his qualities of leadership as displayed in some activity in his preparatory school.

Awards in previous years have gone to graduates of such well known institutions as Phillips Exeter Academy, Phillips Andover Academy, Mount Hermon School, Wilbraham Academy, Mercesburg Academy, The Hill School, The Lawrenceville School, and others.

Olin scholars now in college have been outstanding in their classes as is evidenced by the high percentage of honor men they represent and by their leadership in undergraduate extra-curricular activities, both in sports and in literary and dramatic fields. Scholarships, they have all maintained high standing, while many of the prominent campus positions, such as editorships and memberships on college body committees, have been attained by these men.

SHOE REBUILDERS INSTALL OFFICERS

Joseph Rollason of Manchester Named State Treasurer at New Haven Meeting.

Twenty members of the Master Shoe Rebuilders' Association of Manchester were at the gathering in West Haven last evening when the state officers were installed and a dinner served. So great was the number that attendance that it was necessary to serve the dinner in two divisions, over 600 being present.

William Meeney, head of the NRA in Connecticut, was one of the speakers. He told the gathering that in case 75 per cent of those engaged in the shoe rebuilding business in Connecticut organized into a body, such as the association which met yesterday, and agreed upon a scale of prices that were considered fair, then there would be no code master appointed for Connecticut to see that it was enforced. It was not possible for the code authorities to take up every trade case, but when they moved for themselves there would be assistance given.

The meeting was addressed by Executive Secretary Kenneth Wynne of New Haven, who brought the greeting of Governor Cross. Walter L. Green, president of the New England division of the national organization, was also a speaker. Joseph Rollason of Manchester was installed as state treasurer.

Deaths Last Night

Pittsfield, Mass.—Edward B. Jacobson, 86, inventor and manufacturer.

Connellsville, Pa.—Maj. James L. Junk, 54, widely known southwestern Pennsylvania physician and surgeon who was chief medical officer of the 110th Infantry, Pennsylvania National Guard.

Alton, Ill.—Col. John J. Bernholt, 90, former mayor of Alton and well known in Illinois Republican politics.

Baltimore—Mrs. Mary Royland, granddaughter of Francis Scott Key, who wrote the Star Spangled Banner.

Cleveland—Mrs. Mary E. Cassell, 19, mother of James H. Cassell, grand secretary-treasurer of the Brotherhood of Locomotive Engineers. For many years she was president of the International Auxiliary of the Brotherhood.

Queer Twists In Day's News

Saint John, N. B.—When is a fire not a fire? An elderly resident of Saint John knows the answer to that one: When it's a nightmare. Dreaming that his house was afire, the man broke through a window and turned in an alarm. He was awakened by firemen who found him near the call box.

Windsor, Kas.—Nudists have solved the problem of how to practice their cult in Kansas, where some sections offer few trees for protection from the public eye. They are taking sun baths on platforms at the top of idle oil derricks.

Such spots, they say, are even more secluded than sylvan glades.

Menominee, Mich.—Russell Nelson is so big-hearted that it gets him into trouble. He was released from jail a few days ago after serving a short term for drunkenness and disorderly conduct.

But then he returned, the state charges, to visit his pals—and to treat them to some whiskey he smuggled into the jail.

So now he awaits disposition of his smuggling case.

Burma, Ore.—The vote in Oregon's primary election was light throughout the state, and in Alford precinct in the southern part—"it just wasn't."

Mrs. Walter Anderson, chairman of the election board, said that when no voters appeared, the four board members decided not to count even their own ballots.

The sealed ballot box was returned—empty.

New York—The next time Jack Pearl asks "vass you dere Sharlie?" about the State Supreme Court, his answer in the affirmative.

For trial of the separation action brought by Mrs. June Porges Hall is scheduled to start today.

Mrs. Hall charges that "Sharlie" beat her, called her names and abandoned her.

But "Sharlie" says he was locked out of his home.

Milwaukee, Wis.—The same ladder brought bad luck to both the Stachurski brothers.

First Frank fell 25 feet from it while repairing a roof, and fractured a wrist, ankle and ribs.

Then Joseph took up the painting job and fell 20 feet.

Shepherdstown, W. Va.—Bob Davis fishes for trout on the main street of Shepherdstown—and catches them.

Right in the center of town is a grating, beneath which flows a mountain stream. In the stream are rainbow trout—and Bob's hook.

The last one he caught measured 12 inches.

Pittsburgh.—Patrolman George Woods found a car parked on "no parking" Ross street. As he wrote out a ticket, he found another tag already was on the car.

But examination disclosed that the first ticket was two weeks old. So the patrolman slipped on the new one.

Four hours later he found the same car on Fifth avenue. The same old tag was there. Again Woods added another.

But he suspects that the motorist has ducked a lot of tickets by using his own.

Halifax—The "phantom glass-cutter" is at it again.

Two weeks ago he scratched many down-town windows, ceasing his activities when police began to watch for him.

But now he has resumed his work with a diamond or glass-cutter and has marred forty store windows in the shopping district, causing damage estimated at more than \$3,000.

Topeka, Kas.—When Fireman Bill Boyd returned from a fire with a red face, he was blushing—but not from hero worship.

While fighting a blaze in a chicken house, he glanced around to see a goat making breakfast of his hat, that had been left on the fire wagon. He made a dash for the headgear, but was too late.

Both hat and chicken house were destroyed.

White Plains, N. Y.—Boy Scouts of northern Westchester have answered a new call to arms—against caterpillars.

Bearing wire brushes, poles and fire brands, they have set out at the request of the county park commission to exterminate tent caterpillars that have been destroying trees and shrubbery.

FELLOWSHIP AWARDED

Middletown, May 21.—(AP)—The award of special fellowships covering tuition and room to five seniors was announced today by Wesleyan University.

The recipients, who will study for the Master of Arts degree include Horace M. Lockwood of Woodmont, Walter J. Mueller of Berlin and Welsant Wathen-Dunn of Hartford.

20TH CENTURY Communication and how it came about, as related by GEORGE ARLISS from data discovered during the filming of "THE HOUSE OF ROTHSCHILD"

Rapid Communication In Caesar's Writings

BY GEORGE ARLISS

Chapter IV.

Rapid communication finds its way into the writings of Julius Caesar. One system was the famous vocal relay practiced by the Gauls. Whenever any extraordinary event transpired in their country, and they needed rapid messages, they were repeated exactly from place to place by all within range. It was thus that the massacre of the Romans at Orleans, at sunrise, became known at eight or nine o'clock the same evening at Auvergne, forty leagues away.

A quicker way is described in the accounts of King Persia when he carried war into Greece. The king posted sentinels at set distances, who relayed such verbal messages as were entrusted to the first. In that way advice was transmitted from Athens to Susa, a distance of approximately one hundred and fifty leagues, in forty-eight hours.

Pliny relates still another method, which began the idea attributed to the Rothschilds later, and which plays so important a part in my new 20th Century production, "The House of Rothschild." Decimus Brutus, defending the city of Modena, found his every attempt to send messengers for help, cut off by Antony, who not only drew strict lines about the city, but placed nets in the river. Brutus tied messages to the feet of pigeons in the city, trusting that they would reach friendly hands in other territory. Merchants of old Alexandria also are said to have succeeded in getting advance data on incoming wares from their ship captains by means of messages tied to the feet of pigeons.

On the American continent, too, were developments of rapid communication. Of a few of them, we shall talk in the next narrative.

One-fourth, or 70,000,000 acres, of the farm area of the south is in forest or woodlands.

AMUSEMENTS BECAME FAMOUS WITH 60 WORDS

Tarzan Courts and Wins Girl With Limited Vocabulary; Children's Matinee.

What words in the English language carry the most meaning? Scenarists of the Edgar Rice Burroughs stories, "Tarzan, the Ape

Man" and "Tarzan and His Mate," have had to answer this question, at least partially. With less than sixty words of English in two stories Tarzan courts and wins a girl, has dealings with English hunters, etc.

With less than sixty words of spoken dialogue, Johnny Weissmuller has carried himself to fame as one of the most popular characters ever placed in a picture.

What were these words which did so much for Weissmuller, with which Tarzan was able to make himself perfectly understood? If you were lost in the African jungle where the natives knew only Swahili, could you get along on as few words?

Here is the total vocabulary of Weissmuller in both of his Metro-Goldwyn-Mayer pictures: My friend, understand, very, well, much, thank, you, me, man, come, hurt, see, swim, hungry, can't, clothes,

people, camp, go, ahead, boy, love, alone, us, good-bye.

As Director Gibbons said, "The experience with Tarzan formed a very interesting study in the use of languages. It proved conclusively that it isn't how many words a man knows, but how, when, and why he uses them. Tarzan didn't have many words of English, but because of that he used the few he had with extremely telling dramatic effect."

"Tarzan and His Mate" opened yesterday at the State Theater. Maureen O'Sullivan again is cast opposite Weissmuller as the girl who prefers jungle life to civilization. There will be a special matinee for children at 3:45 o'clock tomorrow afternoon.

Indianapolis has erected a bronze marker on the lawn of the former home of the twenty-third president of the United States, Benjamin Harrison.

FRIGIDAIRE
Exclusive Agents
KEMP'S, Inc.
Registered Frigidaire Service Dept. Maintained

An important message to every man and woman who is thinking about buying an automatic refrigerator

Take the time to find the RIGHT one

THERE'S a lot of real pleasure in owning a good automatic refrigerator . . . enough pleasure to make it well worth your while to find the best.

We believe that the finest of all automatic refrigerators is the New Air-Cooled Electrolux. And we believe we can prove that statement to your satisfaction.

Simplest freezing method

Electrolux employs a different principle of operation than any other refrigerator. A tiny gas flame circulates a simple refrigerant. Ordinary air cools it.

Simple, isn't it? And this very simplicity is the thing that gives Electrolux its definite superiority.

It costs less to run . . . a saving that goes on day after day—year after year!

No moving parts

Electrolux has no moving parts to wear and need costly repairing. And because it has no moving parts, it is permanently silent.

Those are the big advantages. Here are a few smaller, but very pleasant, ones: Interior lighting. Rubber ice-cube grid. Trigger tray release. Temperature regulator. Non-stop defrosting. Vegetable

freshener. Gleaming white Newton finish. And others.

But a list of cold facts cannot possibly express the beauty and convenience of the New Air-Cooled Electrolux.

Please come in and see it. We will be glad to demonstrate Electrolux at any time, with no obligation at all on your part.

We want you to see for yourself what a fine refrigerator the new Air-Cooled Electrolux is . . . how far in advance of the others.

QUICK FACTS
PLENTY OF ICE CUBES
PERMANENTLY SILENT
HAS NO MOVING PARTS
FREES YOU FROM COSTLY REPAIRS
COSTS LESS TO OPERATE
TEMPERATURE REGULATOR
NON-STOP DEFROSTING
AMPLE FOOD SPACE

NEW Air-Cooled ELECTROLUX
THE SERVEL Gas REFRIGERATOR

USES NO WATER

Operates for only 4¢ A DAY

NO DOWN PAYMENT ON THE 15¢ A DAY METER-ATOR PLAN!

COME in and let us explain the IDEAL WAY to buy a Kelvinator—the finest in electric refrigeration. There is no down payment—15 cents a day—and before you know it, your Kelvinator has paid for itself with the money it saves you.

BARS BACK IN USE IN EMPIRE STATE

Liquor Control Board Finally Decides There is Nothing Wrong About Them.

New York, May 21.—(AP)—The bar-day-long-suppressed appeal—put his foot down in New York today. He put it down on a brass rail. This was done with the approval of the State Alcoholic Beverage Control Board which decided that, after all, there is nothing wrong about perpendicular drinking. Since the repeal of prohibition, the feet of Gotham's drinkers have been futtily groping for rails that weren't there. In restaurants and bars, this little drama was enacted today, over and over: "Mix 'em up, Eddie." Then the setting of the elbows on the counter, the planting of the foot on the rail. The town's professional hosts were ready for the come-back. At the Park Lane, the standees drank at a 40-foot bar which carries out the historic note supplied by a mill, a mill-wheel and a mill pond. Give Up Search The Hotel McAlpin offered patrons a 50-foot bar done in the old-school style of heavy walnut. The McAlpin gave up its frantic search for pieces of its historic horse-shoe bar which was sawed up and given away, bit by bit, the night prohibition went into effect. The hotel management learned that one of the pieces was in Assyria. Some of the larger places were not ready for bar customers, but they announced plans. According to their stories New York is going to have at least three bars, each of which will be the largest in the world. The hotel managers are worrying a little about the stipulation that the bar must not be the prominent feature of the room, that it "must be incidental." Old Bartender Officials have not yet stated just how they will decide whether a bar is too prominent. The Hotel McAlpin offers Hans Neumann, organizer of the movement to shift the emphasis from the bar itself. Around the walls of the Ritz-Carlton bar-room are numerous cherubs engaged in the customary pointless cherubian antics. The management hopes the cherubs will satisfy the officials, but is fully aware that cherubs mean nothing to many folks. Large and striking nudes by Howard Chandler Christy adorn the Park Lane bar-room.

WAPPING

The Federated Workers and their friends motored to Springfield, Mass., last Friday. Twenty-four women rode in John A. Collins' school bus, and others drove their own cars. There were fifty-one in all who attended the luncheon bridge at Meakin's store. Mrs. Robert Valentine won first prize, Mrs. Charles Hartenstein of Manchester, second. A very pleasant afternoon was enjoyed by all. Mrs. Edward Platt and three children who live in St. Pedro, California, left there by automobile, the first part of May and arrived at her sister-in-law's, Mrs. William Armour, on Thursday afternoon. Mrs. Frank Stoddard has been confined to her home for over a week by illness, and is under the care of Dr. Higgins of Manchester. The Wapping "Wagium Girls' Club" held their annual mothers' and daughters' banquet last Friday evening, at the Community church house. There were forty-one mothers and daughters present. A pleasant evening was enjoyed by all present, and the girls proved themselves capable of providing a splendid dinner. There were speeches, singing and games. All the schools in South Windsor were closed last Friday when the teachers were expected to visit other schools. Rev. Harry S. Martin, pastor of the South Windsor First Congregational church, took for his sermon subject "Thus Sayeth the Lord," yesterday morning. The Christian Endeavor members met at the church at 8:45 p. m. and motored to Enfield where they attended the rally of the Hartford East association of young people.

OBITUARY

DEATHS

DIES SUDDENLY IN DENTIST'S OFFICE

Miss Dinah Turkington Had Four Teeth Extracted; Stricken by Thrombosis.

Miss Dinah Turkington, whose life was devoted to a career of private nursing, died suddenly this morning when stricken with a heart attack in the office of Dr. Morris C. Fancher of 848 Main street in the Rubinvon Block, where she had gone for dental work. Miss Turkington had been suffering from heart trouble which caused her to retire from her profession several years ago, and had been making her home with Mrs. Rachel Hopper of 125 Center street. Two local physicians, who attended Miss Turkington at times of previous illness were called, as was Medical Examiner William R. Turkington, who pronounced death as due to thrombosis, the plugging of a blood vessel through the formation of a clot. Miss Turkington had had four teeth extracted and was leaving the chair when she collapsed. She was born in Belfast, Ireland, and was in her late sixties. She had been a governess and nurse for wealthy families in New York and Washington and did not live here until after her retirement. A wife has been sent to her brother and sister in Belfast, Ireland, and William Turkington, formerly of this town, who went abroad over a year ago, and Mrs. Thomas Murray, to whom the disposition of the body will be left. It is possible that the remains may be sent to Ireland for burial. The aforementioned were Miss Turkington's nearest surviving relatives but she also leaves numerous cousins in Manchester.

FUNERALS

James J. Hassett The funeral of James J. Hassett of 115 Oak street was held this morning at 8:30 o'clock at the home and 9 o'clock at St. James' church. Rev. Patrick F. Killen celebrated the mass. As the body was borne into the church, Organist Charles B. Packard played "When Evening Comes." The choir, consisting of Mrs. Clare Brennan, Mrs. Margaret Sullivan and Mrs. John Buckley, sang the Gregorian mass in full. At the offertory, Mrs. Brennan sang "Ave Maria," and at the elevation, Mrs. Brennan and Mrs. Sullivan sang "Veni Jesu" as duet. Mrs. Sullivan sang "Softly and Tenderly Jesus is Calling" at the changing of the vestments and at the close of the mass Mrs. Brennan sang "When Evening Comes." Organist Packard played Chopin's "Funeral March" as the body was carried from the church. The bearers were Thomas Hassett, Frank Mallon, Simon Hildebrand, Peter Happenny, Charles Rogers and Mrs. Dinah Turkington. Interment was at St. James' cemetery, where Rev. Killen read the committal service at the grave. Mrs. Cora Oakes The funeral of Mrs. Cora Oakes of 127 Birch street was held at her home at 9:30 this morning and at St. James' church at 10 o'clock. A funeral high mass was celebrated by Rev. Victor McCaffrey. At the offertory, Arthur E. Keating sang "Ave Maria" and at the elevation, Mrs. John Buckley sang "O Salutaris." At the changing of the vestments Arthur Keating sang "Softly and Tenderly" and at the close of the mass he sang "That Beautiful Land on High." At the recessional Organist Packard played Chopin's Funeral March. The bearers were William F. Barrett, Paul M. Barrett, Frederick S. Barrett, Bernice J. Kinney, John Dietz. The burial was in St. James' cemetery where the committal service was conducted by Rev. William P. Reidy. Mrs. Victoria Schaller The funeral of Mrs. Victoria M. Schaller of 105 Spring street was held this morning at 7:30 o'clock at the home and 8 o'clock at St. James' church. Rev. William P. Reidy celebrated the mass. The bearers were Albert Huet, Albert Schack, Andrew Stroks, Hugh McIntosh, Francis Chetelat and Charles Sachat. Interment was in St. James' cemetery, where Rev. Reidy read the committal service at the grave.

CATHOLICS BEATEN BY MASSEY'S NINE

Trinity Parish Scores 10 to 3 Triumph Over Locals With 5 Runs in 9th.

The Catholic Men's club suffered its first setback of the season at the hands of Sam Massey's Trinity Parish squad at the West Side field Saturday afternoon by the score of 10 to 3. The game was close until the ninth when Massey's team pushed across five runs to widen the gap. Hewitt started on the mound and was not his former self due to a sore arm. Dorin doubled in the second and advanced to third on an outfield fly. He later scored on another outfield fly. Trinity Parish hit safely three times in the third but could only send one run across the plate. Eight men batted in the fourth and as a result of two hits, Massey and a hit batsman, scored two runs. The visitors scored another in the eighth on an error, a hit and fly to the outfield. Their big inning was the ninth when Williams led off by getting a pass. He stole second base. Walman singled, scoring Williams. Zavraski asked to "Jove" Lovett, Davis was safe on Lovett's error; Walman pulled up at third. Furclove singled to left scoring Walman. Massey singled to right field and two men scored when Varrick let the ball go through his legs. The next two batters filed out to end the rally. The Men's Club scored a run in the first inning when after two were out, J. Lovett's outbunt left Dorin, Varrick singled to left scoring Lovett. Massey grounded out to his brother, who threw him out at first base. The Men's Club scored their last two runs in the fourth on one hit and two bases on balls, and a sacrifice. Sam Massey started at bat for his club with three singles. Joe Lovett and Varrick each hit safely twice.

CLEAR AWAY RUINS OF CHICAGO BLAZE

(Continued from Page One) With attending high winds, I desire to caution every man, woman and child against starting rubbish fires in yards, alleys, streets or vacant property. What happened Saturday could easily be repeated. The International Amphitheater, 40 per cent of the livestock were destroyed, as were the livestock record building, the livestock national bank, the Stock Yard Inn with its well known Saddle and Sironin Club—all the property of the Union Stock Yards company; the Drovers National Bank building, and the Drovers' Journal building with its radio station, WAAP. Among the buildings damaged was the P. Brennan Packing company plant, a big warehouse of the Omaha Packing company, the Independent Packing company, and the Levi Peizer Packing company. Damage to the stock yards alone was estimated by General Manager Henkle at \$5,000,000 or \$6,000,000. Although the fire was the largest since the great fire of 1871, which virtually wiped Chicago off the map, not a single life was lost as a direct result of the blaze. One death, however, was listed as an indirect result—that of Walter Burnfield, 33, who died apparently of excitement when the flames swept to within two blocks of his home. Most of the injured received minor wounds, although some 400 required hospital treatment. Firemen were the chief sufferers. The fire estimates that no less than 150,000 citizens pushed into the stricken area yesterday to view the smoldering debris. Some of them drove from Iowa, Missouri, Wisconsin, Michigan, and Indiana. The independent investigation was under way today to determine the cause of the fire which started, officials said, in the stock pens. No evidence of incendiaries has been found, said State Fire Marshal Frank E. Doherty, Jr. Thomas J. Shea, city fire attorney and Chief Frank McAuliffe agreed with him, and said they were certain labor troubles had nothing to do with it. The city, state, and insurance officials were conducting separate investigations.

INSURANCE LOSSES

Hartford, May 21.—(AP)—Losses of Hartford fire insurance companies in the \$8,000,000 conflagration which swept the Chicago stock yards yesterday may reach half a billion, damage to the map today from preliminary estimates. The Hartford Fire Insurance Company was the biggest loser, Richard M. Bissell, president, estimating that the loss would run somewhere between \$200,000 and \$300,000. The London and Lancashire, one of the insurers of the stock yards proper. The Aetna (Fire) and Marine, lost about \$125,000 net, which is approximately in proportion to the Hartford's loss. The Scottish Union and National estimates its loss at about \$25,000; the Phoenix (Fire), at only \$8,000, while the Travelers Fire lost only \$5,000. The London and Lancashire, the Automobile and the National were still waiting for definite word on which to base estimates.

HIGH SCHOOL BOY KILLED IN FIGHT

College Student Charged With Homicide; Had Quarreled After House Party.

Philadelphia, May 21.—(AP)—A football star of a Philadelphia college held without bail in the death of an 18-year-old high school student in an altercation purported to have been the aftermath of a house party both attended in a North Philadelphia home. The college student is Clifford Keane, 21, of Little Falls, E. I. He is charged with homicide by a grand jury for coroner's action, accused of striking Daniel Quinn, Philadelphia, in the quarrel. Police say they have learned Keane, a classmate and three girls "crashed" the house party late Saturday night. At the hearing yesterday, William Sheridan, host at the party, said the quarrel began when Keane suggested to his friends that they leave the party. "Dan Quinn protested," Sheridan testified. "He said they ought not to go home then and break up the party after we had let them stay. If the fellows had to go, he told them, they ought to leave the girls there. Becomes Angry "Keane got angry. He told Dan he was talking to the girls and not to him. "Then Keane and his friends and the girls went out of the house. Dan must have followed them, although none of us noticed him." A short time later, in the early morning hours of Sunday, Quinn was found lying on the curbstone in front of the house, blood streaming from a wound in his head. He died in a hospital of a fractured skull. Keane did not testify at the hearing. Detective Knox read a statement, purported to have been made by the college student, in which he said he struck Quinn with his fist and the high school boy fell to the ground.

CARL W. ACKERMAN RAPS NATIONALISM

(Continued from Page One) which can make the New York State Constitutional convention of 1936-1937 the most constructive development in local government in the history of the United States," he declared. "As a preliminary move in this direction I wish to ask whether the editors of this state will send representatives to Columbia University next fall if we decide to hold a preliminary and unofficial convention to discuss a new state Constitution." Called Dangerous Decrying as "dangerous" the Nationalistic "state of mind" of the people, Ackerman said they "must choose not between Nationalism and Internationalism but between Nationalism with remote control and community self-government with direct control, co-operating with and supporting the National government as free and independent agencies of citizenship. The people must determine," he continued, "whether the citizen exists for the state or the state for the citizen, and as it is a question which should be decided by the peo-

Wanted! Ten Of The Town's Biggest Families!

Few families have attained the political and financial influence in any country that "The House of Rothschild" gained in France. The Rothschilds composed a family that left its stamp on history.

In Manchester and in this vicinity there are several large families. Although they may not rank with the Rothschilds in influence the size of these families has far reaching effects on any community's history. What are the ten largest families in Manchester? To the ten largest families submitting proof of their size in numbers by furnishing names the State theater in cooperation with The Herald will entertain every member of these ten largest families at a showing of George Arliss in "The House of Rothschild" to be presented at the State theater Wednesday through Saturday, May 23-26. Families must be of direct lineal descent. For instance, the name of the grandfather, or great grandfather, whatever the case may be, should be given, then the names of his sons and daughters and so on down the line to the youngest member. Cousins, of course, do not count. The ten largest families whose names are submitted to either the State theater or The Herald before noon, Tuesday, May 22, will receive free passes to see "The House of Rothschild." Come on, you big families, make a big family party out of this contest and see the pictured story of one of the greatest families that ever lived, "The House of Rothschild."

TWO AUTO DEATHS OVER THE WEEK-END

(Continued from Page One) were killed. A tenth victim died as the result of a last week's accident in Waterbury Sunday. A hit-and-run driver, police said, was responsible for the death Sunday of Frank Poplaski, 43, a farm-hand, in Columbia. He died from injuries received when struck by an automobile on East Main street. Both his knees were broken as well as his skull and vertebrae, with lacerations on his body. Detective's Story A passing motorist picked Poplaski up and took him to the hospital. County Detective Rowe H. Wheeler told the police that in passing through West Main street, his car went over a "bump," the nature of which he did not know. Police said as a matter of record, a technical charge of reckless driving was placed against Wheeler and Monday the case will be postponed until after an inquest and finding of Coroner Bill of Windham county. Miss Julia Carpentino, 18, of Hamden was instantly killed Saturday when she was struck by a truck operated by Max Sinoway of North Haven. She was crossing Dixwell avenue with two female friends, who escaped unhurt. She leaves her parents, three sisters and three brothers. Anthone Valletta, 17, a victim of the previous week's accident, died Sunday. He was a passenger in a car which went off the road near Lakewood Park and plunged into a small pond a week ago Saturday.

JAPANESE CABINET HEAVILY GUARDED

(Continued from Page One) the home ministry—in charge of maintaining the public peace—for prefectural governors to take any resolutions believed necessary in their areas. It may be a month before the Cabinet decides whether to resign as a result of the scandal, according to the consensus of vernacular newspapers. If developments indicate Kuroda and his associates are guilty, the ministry is expected to quit. Rapid-moving political developments indicated rival leaders were preparing for the crash, should it develop. Word that Gen. Kasumari Ugaki, governor general of Korea and long-time aspirant to premiership, is coming to Tokyo aroused comment. Another powerful element favors Premier Count Kijogo Ei-yours for the premiership, should the Saito ministry resign.

DARROW BOARD MAY BE ABOLISHED AS SEQUEL OF FLAYING OF THE NRA

(Continued from Page One)

personally had nominated the board's personnel after refusing to head the agency in person. Borah's Position Despite the general finding for Socialism, the board in one connection held restoration of the anti-trust laws, amended and invigorated, to be a crying need. That is Borah's position, as restated in a letter to Johnson dated March 3: "I am in full sympathy with the effort which is being made by you to deal with the problems presented by the NRA in touching small business and the consumer. Of course, as you know, I feel that you cannot accomplish what you wish to accomplish until we restore the anti-trust laws. But, nevertheless, anything that can be done, you will have my support." The major Darrow report consisted of a brief synopsis and general statement of opinion ending in an assertion that NRA can't do the job assigned to it. It contained also separate reports on the codes for steel, coal mining, motion pictures, electrical manufacturing, printing, and clothing, rubber footwear, ice manufacture and coal retailing. In more or less degree it denounced all but one as oppressive and productive of monopoly, and it proposed radical changes in most. The cleaning code was passed without a recommendation on the feeling that "no appreciable results could be obtained by amending the code." Further, the board recommended the ouster of Division Administrator Sol A. Rosenblatt from supervision of the movie code. It urged the dismissal for alleged malfeasance and misfeasance in office of two divisional coal code authorities. NRA's answer paralleled the Darrow report in size and structure. It asserted the board was guilty of "abusing shamefully the confidence reposed in its membership," and made the accusation that: "The board took and reported any testimony that would to the competence or bias of the witness or the palpable falsity of his statements; and declined to avail itself of abundant sources of accurate information which were open to its investigation." Presents Evidence. Code by code it presented analyses or factual evidence designed to prove one of the important anti-NRA charges. In the case of the steel code, however, it pointed to the long studies for revision which are to result shortly in a redrafted code. Even on that the board sought to show on the part of the board a misunderstanding of both codes and the underlying economics; and "wilful distortion of the facts to suit preconceived conclusions." Among the most amazing documents in the collection were the reports from both sides on the movie picture code. The board attacked Rosenblatt's character; and it made known that it had disregarded a brief filed by seven major producer-distributor companies because the companies had failed to come before the board. Rosenblatt's reply fairly blazed with indignant explanations, personal defense and a detailed recitation of court decisions and other records in an effort to show, to the board, while refusing to hear from him though warned of the character of the witness it did hear, deliberately entertained the views of a band which he maintained had proven itself beyond reproach a "wrecking crew" not at all representative of the bulk of independents in the industry. He claimed for himself, also, a long string of victories and "incalculable benefits" on behalf of independent exhibitors. He said the independent motion picture men never had had and never would have obtained these benefits, even in the courts, except for the code. The Darrow review board report criticized sharply the steel as well as the motion picture code. Of the entire 155 pages of report, fifty each were devoted to those two, the rest being divided among six other codes. The steel report explained the board had no facilities to investigate the industry and therefore had taken federal trade commission report and "adopted the basic facts" of a steel made in March to the Senate. "The code has operated to augment the evils previously existing," said the board. "Monopolistic conditions have long existed in the industry, due to its absolute control by the larger companies. This control is assured through the American Iron and Steel Institute, supposed to represent both large and small enterprises, but wherein as a matter of fact, the voting arrangements really leave the small enterprise at the mercy of the large." It set out on a calculation of its own that there are 15,000 votes in the steel institute, with five companies controlling 7,688. Has Unusual Powers "It is obvious," declared the board, "that we have been equipped not only perfectly equipped to exercise monopolistic control but is endowed with extraordinary powers incompatible with the ideals heretofore entertained in a free country." NRA's reply, besides saying the Federal Trade Commission itself had made a one-sided report ignoring major factors of the steel situation, pointed out that the Steel Institute has only 1,322 votes of which U. S. Steel and its subsidiaries cast 838, having 18 per cent representation on the board of directors with 7 per cent for Bethlehem and the remaining 80 per cent distributed among 21 companies. NRA said the Darrow report on steel "simply makes a mockery of public service."

ABOUT TOWN

"Doughnut Day" held recently by the Second Congregational church women for missions, was such a success they have decided to hold another for the benefit of the church vacation school, Thursday of this week. The school has been conducted by North Main street churches for a number of years. The North Methodist women will be represented by Mrs. Charles I. Balch and Mrs. Arthur Seymour. Others who will work on the doughnut making Thursday will include Mrs. Joseph Wright, Mrs. Ralph Rockwell, Mrs. Frank Vittner, Mrs. John Zimmerman, Mrs. Charles Strickland and Mrs. F. C. Allen. Orders may be telephoned to the latter, 4033. The meeting of the Manchester League of Women Voters, scheduled for tomorrow, at which Senator Alcorn was to speak, will be omitted and held next month instead. The county meeting will take place Wednesday in Farmington and any of the Manchester members who would like to go are requested to get in touch with the president of the local branch, Mrs. Warren Keith. Louis Dielenschneider of 17 Bissell street was admitted to the Manchester Memorial hospital at 8:10 last night, suffering with a heart attack. At 11:30 p. m. Jeremiah Shea, 54, of 15 Orchard street was also admitted suffering with compression of the brain. Shea's condition this afternoon was serious.

DROUGHT IN WEST IS RUINING CROPS

In Grain Belt 85 Per Cent Destroyed; Insect Pests Add to the Trouble.

By Associated Press Drought, aided by grasshoppers and chinch bugs, spread further destruction through the grain belt today, increasing crop losses to as high as 85 per cent in some sections. Many farmers prayed yesterday in churches for rain. Some rains came, but they were too light to bring much benefit. More local showers were forecast. Even ideal weather, said agricultural experts, could not now afford any material relief in much of the Midwest. Nebraska farmers reported all crops in the central part of the state, including oats, hay and other small grains, have been cut 40 per cent. The strawberry crop has been severely damaged and chinch bug damage is the worst in the region's farming history. Indiana's hay crop is cut 50 per cent and wheat and oats are severely damaged. Corn is germinating slowly. Dust storms have blown away large areas of the onion and mint crops. The fruit crop in the southwestern region is periled. Timber and grass is drying, and small insects and timber fire are adding to the damage. With hay and pastures most affected, crops throughout Wisconsin are menaced. No spring planting has been done in several sections. Corn is suffering. Minnesota is suffering from an epidemic of grasshoppers. The yield of spring wheat will not reach 85 per cent of normal. Dust storms have blown away plants. Pasture lands are drying up, and oats and hay have been hurt. In several sections of the grain belt Sunday church services were devoted to prayers for rain. By proclamation of Governor William Langer, Sunday was set aside in North Dakota as a "day of prayer for rain." Mild rains fell yesterday in Wisconsin, Northern Michigan, Central Nebraska and Minnesota. Local showers were forecast today for Southern Illinois, Indiana, Lower Michigan, Wisconsin, Missouri, Iowa, Minnesota and the eastern parts of the Dakotas, Nebraska and Kansas. Thunderstorms were predicted for parts of Iowa and Kansas.

WALL ST. BRIEFS

New York, May 21.—World industrial production continued to increase in the first quarter of this year, according to the monthly statement on economic conditions in foreign countries made public by the National Industrial Conference Board. In Great Britain industrial production was higher than in any year since the world war boom, said the survey. Arrangements have been made for the sale at auction on June 1 in Worcester, Mass., of collateral pledged under a promissory note made by the independent Spencer Steel Co. evidencing money loaned to the Chase National Bank, including a \$500,000 note of the Wickwire Spencer Realty Corporation. Construction has begun on two new streamlined passenger trains, one propelled by steam and the other by a Diesel engine, to be placed in service next fall by the Baltimore & Ohio railroad. The steam train is designed for speed of 125 miles an hour, although it will not be called on for that in regular service.

Davidson, praying that letters of administration be granted to said estate, as per application on file, it is **ORDERED**—That the foregoing application be heard and determined at the Probate Office in Manchester on the 23d day of May, A. D. 1934, and that notice be given to all persons interested in said estate of the time and place of hearing thereon, by publishing a copy of this order in some newspaper having a circulation in said probate district, at least five days before the day of said hearing, and to appear in person at said time and place and be heard relative thereto, and make return to this court, and by mailing in a registered letter, postage paid, on or before May 21, 1934, a copy of this order to Mrs. May Moncur, 3 Abbottford street, Dundee, Scotland.
 WILLIAM S. HYDE, Judge.
 H-5-21-34.

EXECUTIVES TO ATTEND REOPENING OF WARD'S
 Company officials plan to inspect the Manchester store of Montgomery-Ward company on re-opening day.
 So much importance is attached to the re-opening of the newly remodeled store that several officials from the New York regional office will be present when the doors first open to the public.
 E. C. Rowe, regional manager, will be among those to attend. The interest of the entire region is being focused upon Manchester on re-opening day. Many innovations will be part of the newly remodeled store, the customers' reactions to which will decide the fate of the region.
 Other visitors besides Mr. Rowe will be George DeGroot, assistant to the Regional Manager, and Mr. Tetzlaff, in charge of store operations.
 She waited until Grandfather was

DONNA of the BIG TOP by BEULAH POYNTER

BEGIN HERE TODAY
DONNA GABRIEL, and **MADLINE SIDDAL** who call themselves "The Gabriel Sisters" are circus performers. When Donna is injured by a fall from the trapeze Madeline arranges for her to be taken to Grandfather Siddal's farm to recuperate.

she pleases her grandfather. Donna pretends to be Madeline. She falls in love with BILL SIDDAL, Madeline's cousin, and though she is ashamed of deceiving Bill and Grandfather she is afraid to tell the truth.
 Meanwhile Madeline marries CON DAVIS, animal trainer with the circus, and takes part in the animal act.
 Bill and Donna are married. MRS. PLANTER, housekeeper on the farm, shows Donna a handbill announcing Madeline's marriage to Con in the circus arena and Donna realizes the woman is a dangerous enemy.
 In New Orleans Madeline encounters NED TRAFFORD, former boss canvasser of the circus. She decides not to tell Con.
 NOW GO ON WITH THE STORY

CHAPTER XXII
 "You know, Honey," Bill Siddal said, struggling into his shirt and ruffling his crisp dark hair, "I've been noticing you and Mrs. Planter. She's a harmless old soul with a bark a lot worse than her bite, but I can see she gets on your nerves. If you'd like to get rid of her and have Minnie Jones come over to help you with the work I'll speak to Grandpop and I'm sure he'll agree to be changed."
 Donna's first reaction was one of relief. Since Mrs. Planter had shown her the circus handbill, relations between the two had been more strained than ever. Donna had made an effort to be pleasant, had tried tactfully to assume charge of the household, as befitted its mistress, but she had met with sullen resentment. Mrs. Planter, Donna felt, was becoming her evil Nemesis.
 But before she could agree gratefully to Bill's suggestion caution prompted a different answer. Mrs. Planter's vindictive tongue could spread a scandal that would wreck Donna's reputation. The girl knew that she could easily convince Bill it was her partner who had become Con Davis's bride, but to do this would bring out the whole story about herself and Madeline. Furthermore, though Bill might know she had never been another man's wife, she and she had to wait several seconds before a voice answered.
 "This is the Siddal farm," Donna said. "Mr. Siddal is very ill. Will you get hold of a doctor and send him over here right away? Any doctor— but please tell him to hurry!"

Evidently the telephone operator had tried to get an emergency for an hour later, after Donna had tried all the restoratives she could find in the house and had paced back and forth in an agony of suspense, the doctor arrived. With him were both Bill and the housekeeper.
 "It's a stroke," Mrs. Planter said grimly. "He had one a year ago. I might have known all this. My treatment would be too much for him. Late hours, weddings—at his age. It'll be a blessing if he ain't took with this one."
 Feeling like an intruder, Donna waited outside the bedroom while the doctor, a young man named Freeman, made his examination. Again conscience assailed the girl. Madeline was Amos Siddal's nearest relative. She should be notified of his illness. But suppose a belated sense of duty impelled Madeline to hasten to her grandfather's bedside? What would Donna's position be then?
 "Oh, God!" she moaned, "why did I ever get into this network of lies? Can there ever be any real happiness for me, ever be peace again? Yet common sense argued that if she should tell Amos Siddal now that he had been deceived all along, and that his granddaughter cared so little for him that she had sent another in her place the shock might be fatal.
 The doctor emerged from the bedroom, followed by Bill. Both looked very grave. Bill crossed to his wife's side and put his arm around her.
 "He may be able to talk," he said, "but Dr. Freeman doesn't think he will ever walk again. And another stroke will be the end."
 "Oh!" Donna sobbed, hiding her

face on Bill's shoulder. "Blindness and now this—it's too much!"
 "Don't, sweetheart," Bill whispered. "You have the consolation of making his last days happy ones. Just suppose you hadn't been at home—that he had passed away without ever hearing your voice again. You don't know what it has meant to him, having you here."
 He stared after her in amazement when she broke away from him with a smothered cry and ran up the stairs.
 In her room Donna flung herself across the bed and gave way to her grief and remorse. She did not hear the door open and was unaware that Mrs. Planter was in the room until the woman touched her shoulder. Then she sat up and tried to brush the tears from her pale cheeks.
 "I jest want you to know," the housekeeper said with slow, icy malice, "that I know you've been rummaging around in my room and that I know you've been a-doctoring it."
 Donna tried to deny the accusation, but the woman's glittering eyes seemed to pierce through her skull and made denial impossible.
 "And," Mrs. Planter continued, "I agger that if that paper is of enough importance to make a thief out-a-you there must be a lot of truth printed on it. Well, you won't find it! I'm goin' to keep it. If Amos Siddal dies you'll be tryin' to give me, but I wouldn't if I was you. If I go, you'll go too. Bill Siddal might thank me for lettin' him know he was married to a bigamist!"

(To Be Continued)

The only wild cactus found in Michigan is the prickly pear, or Indian fig.

Number 66 Cambridge St.
 If you are looking for a chance to buy a nice home well below the market value, please go and look at the six-room cottage on southeast corner of Cambridge and Oxford streets. The owner lives in New York and will accept any reasonable offer for the property. He has instructed us to sell it as quickly as possible.
 This is your chance! Make us an offer!

(READ THE STORY, THEN COLOR THE PICTURE)

The flowers shortly stopped to rest, when Mistress Mary said, "It's best if you all wait a little while. I fear you'll wait away."
 "You've done your best for all these tots. I know they thank you, lots and lots." "Oh, they are very welcome," all the bunch heard one flower say.
 "Then to that flower Doty ran and said, "Please tell me, if you can, just what your name is. I think you're as pretty as can be."
 "I love your little purple dress. You wear it all the time, I guess." The flower replied, "Why, Violet's the name they gave to me."
 Another flower, dressed in red, with yellow trimmings, smiled and said, "How do you like my costume?" Doty answered, "Quite all right."
 "And I can tell you your name, too. It's Tulip. I've seen flowers like you. You bloom all through the day, and then you close right up at night."
 A voice, as faint as it could be, Green in the next story.)

Police Court
 Willard Mack, well known negro character of the north end, was arraigned in Police Court today on charges of intoxication and assault on his white wife, Mrs. Sarah Mack. He was sentenced to serve 60 days in jail after being found guilty on both counts. Mrs. Mack testified her husband struck her with a piece of wood. She showed cuts on her arms received during the beating. He finally was persuaded to accompany Cassells to the station.
 Joseph Loney, another old offender, was arrested on a charge of intoxication in Center Park last night by Park Constable Andrew J. Stroka. Loney was sentenced to 30 days in jail today.
 John Butts, of Hartford, who made a nuisance of himself in a trolley car Saturday by ringing the "stop" bell continuously, forfeited a \$20 bond which he put up Saturday by failing to appear in court today.
 Walter Schultz was fined \$15 and costs, or a total of \$28.92, after Policeman Rudolph Wirralta discovered the footbrake on his car failed to function properly and the emergency brake was only in a fair condition. Wirralta signalled to Schultz to stop at the Center yesterday, and it was apparent that something was wrong with the brakes on the machine.

SENSE and NONSENSE

The things you see as you pass along life's pathway are attractive or repellent, depending upon your mental, moral and spiritual eyesight.

News Photographer (lining up children for a picture at the Country club) to small boy—Smile nicely at this little girl over there.
Small Boy—Aw heck, that's my sister.

Young Folks Used To Promise Their Love Forever and a Day. Now It Is for a Period of One Year, With a Six-Months Privilege of Renewal.

Man (to student just returned from college)—I suppose all this talk about present day college man's life brings all wine, women and song is exaggerated.

Student—It certainly is; you very seldom hear singing in the dormitories.

When a man becomes old he grows skinny, while an old dog gets fat, showing that a dog gets a better deal all the way around.

Girl—Father offered me a hundred dollars if I allowed no one to kiss me until I was twenty-one.
Boy Friend—And what would you have done with the money?

Headaches are as old as the human race, announces another doctor. Yes, Adam got the first one out of a rib.

Woman—I can't find a single pin. Where do they all go to, anyway?
Her Husband—It's hard to tell, because they're pointed in one direction and they're headed in another.

Women do not like to ask their husbands for money... and husbands do not like to have them ask for money... there's agreement...

Office Manager (to new office boy)—Has the stenographer told you what to do in the afternoon?
Office Boy—Yes, sir, I was to wake her up when I saw you coming.

People often talk to themselves and they do it because nobody else will listen to them. However, it is only a habit.

Joe—They say that Miss Keen is going to marry an army officer.
Sam—Well, I should think that a man who makes a business of war might be able to get along with her.

While a young man's fancy is lightly turning to thoughts of love, the girl is seriously turning to thoughts of marriage.

Hubby—I went to a stag party last night, dearie.
Dearie—I thought that's where you had been. I heard you staggering in.

It's not the clothes that make the woman; it's how she wears them.

Neighbor—Do you know that your confounded dog barks all night?
Man—Yes, I know he does. But don't let that bother you; he sleeps all day.

Wouldn't it be terrible, asks one reader of this Pillar of Piffle, if the present administration should try all the letters in the alphabet and found they spelled nothing better than GOP?

Sergeant—Did you shave this morning, Jones?
Recruit—Yes, sergeant.
Sergeant—Well, next time stand a bit closer to the razor.

"The average man on the street is far happier than the millionaire with his troubles and fears". That may be true, but just the same we would all like to try being millionaires for a time just to see how it feels.

Flattery is like wine, a little is all right but too much of it goes to a boy's head.

ABOUT TOWN

Company No. 1 of the South Manchester fire department responded to a still alarm at 8:15 Saturday night for a fire on the platform of Cheney Brothers' freight station, north of Park street. The fire is thought to have been started by a cigarette being tossed upon the platform. It was extinguished without much trouble and little loss.

A delegation from Manchester Lodge of Masons will go to East Haddam tonight for exemplification of degree work by Columbia Lodge, No. 26 of East Haddam. Transportation will be furnished members without cars if they will report at the Masonic Temple at 8:15 this evening.

Tomorrow evening the Rainbow Girls will present a drill and degree work before members of Manchester Lodge at 8 o'clock All Masons and Eastern Star members are invited to attend this meeting.

Ansonia Lodge's committee in charge of the dance, May 27, at the Masonic Temple, will meet tomorrow evening at the home of Miss Margaret Squatrito, 164 Oak street.

Whitumday was fittingly celebrated yesterday at the Polish National church on Galloway street, by processions of the children and the senior choir, and the blessing of greens. Special music was rendered and several visitors from out of town were noticed in the congregation at the 10:30 mass.

HOSPITAL DRIVE CLOSING TONIGHT Campaign Officials Believe Quota of \$15,000 Will Be Raised; \$5,530 Pledged.

The 1934 Memorial hospital campaign for a goal of \$15,000 will come to its official close tonight at 6:15 o'clock, when the entire drive organization of 183 volunteer workers will hold the final report meeting at the Masonic Temple.

A comparatively small percentage of the workers reported, the campaign officials feel that the goal of \$15,000 will be reached, or nearly so, when complete reports have been turned in.

3 Big Reasons why you should own a Coolerator

- 1ST. - A Coolerator costs only half as much to buy as a mechanical refrigerator.
2ND. Coolerator saves 1-3 or more on ice consumption over any other ice refrigerator.
3RD. Ice Refrigeration keeps food in its natural state, with normal moisture content... and does it more economically.
