

SOUTH SEA MYSTERY PARTIALLY SOLVED

But Dr. Ritter Who Knew All Details Died from Stroke Nov. 21, Expedition Reports.

Los Angeles, Dec. 6.—(AP)—Sudden death to a world famed nudist, solution of an equatorial death mystery, and the strange disappearance of a barquentine "Empress" was the news flashed from one of the world's loneliest islands today by a party of Smithsonian scientists.

Captain G. Allan Hancock, master of the exploration cruiser Valero III, found the mass of mysterious bodies on the island of Christmas, 500 miles off the coast of Ecuador.

Dr. Ritter Dead

Dr. Friedrich Ritter, self styled Berlin philosopher and raw food faddist, who during his six years on the lonely island, regarded Captain Hancock as his most intimate friend, died from a paralytic stroke, November 21.

The equatorial death mystery of waterless Marchena Island where two mummified bodies were seen November 27 by a tuna clipper's crew, was found by Captain Hancock to be a triple death tragedy.

He identified two of the victims as Alfred Rudolph Lorenz, former partner of Charles Island and Trygve Njurgard, Norwegian sailor, of Chatham Island.

The other was Njurgard's negro boy helper, whose body has not been found.

"Empress Disappears"

The strange barquentine Elise Bonquet de Wagner, who Dr. Ritter had written to Captain Hancock, held a mysterious disappearance, mysteriously left the island July 8, with Robert Phillips. Not a word has been heard from this couple for five months.

Shortly before she vanished, Captain Hancock reported, she drove Lorenz from Charles Island, of which she was the self styled Empress.

The plan for food and water were refused by the barquentine, islanders in the Marregien's launch for Chatham Island, fifty miles south of Charles.

Driven off Course

Storms and probably engine trouble, drove them 100 miles to the north, where their bodies were found on the barren, waterless island of Marchena.

Important pages in the tragic story were left blank by the disappearance of the Empress and the death of Dr. Ritter. His mind surging with the turmoil of the isolated island where he had sought peace six years ago, the former Berlin dental student, died 15 days ago.

He and his mate, Fritz Dr. Strauch Koerwin, who told Captain Hancock of Lorenz's exile were the first colonists to arrive on the former penal island, once the haunt of pirates.

GIVE RECOVERY A CHANCE, PLEA OF ECONOMISTS

All That Country Needs Is An End to Experimenting, Declares Speaker at Conference.

New York, Dec. 6.—(AP)—A plea for government to give recovery "a chance" was made today before the Congress of American Industry by Dr. Nell Carothers, director of the College of Business Administration at Lehigh University.

"In this country the conditions are not set for recovery," Dr. Carothers said. "All that this country needs today is an end of experimenting and manipulation and regimentation and impatience."

"What the patient needs is a chance to recover. He cannot do this if he has to submit to a major operation every month."

Carothers said the whole vast program of "recovery by experiment" has failed, with uncertainty of the future policy regarding relief, NRA, housing, PWA and currency.

Program Has Failed

"The program has failed," he said, "for the very simple reason that you cannot cure depression by act of Congress. It is a very solemn fact that every competent economist in this country has told the government at the beginning, a very solemn fact that every one of you industrial leaders has known down in your inmost beliefs from the beginning."

"Where are we now? Slowly but surely recovery is on the way, not only in this country but all over the world."

Carothers said the United States "stands balanced" at the present time between two policies, one for an end of experiments, a balanced budget and a balanced trade.

Hereafter, all statements on the American policy have been released through a delegation spokesman, Davis declared that "the American government stands for the continuance of the principles of the two treaties."

Mr. Simon, British foreign secretary, met with Ambassador Tanno Matsumura today and urged that the Japanese explain as soon as possible what they intend to do after they denounce the Washington treaty.

Must Act Quickly

The British foreign secretary also suggested that if the Japanese had any new proposals to make they should do so as quickly as possible. The Japanese ambassador replied that he would confer with the other members of his delegation.

Admiral William H. Standley of the United States explained the American building program at the luncheon and said that all construction in the United States Navy, except that of aircraft carriers, was entirely replacement work.

He said that the United States Navy had no many over-age ships on account of delay in replacements that the necessary building had been piling up but that in the future the United States will have a regular yearly program.

"Great Britain or Japan may down 15 to 20 ships each year," said the admiral, "nothing is thought about it; but when we do it, there is a sensation. From now on we will avoid that by regular replacement."

The American Ambassador at large also announced for the first time.

U. S. WARNS JAPANESE NOT TO DENOUNCE PACT

Davis Makes First Public Statement on America's Naval Attitude — "Will Lead to Trouble."

London, Dec. 6.—(AP)—In the first public statement of United States policy since the tri-power naval conversation began, Norman H. Davis, United States ambassador-at-large, said today that abandonment of the Washington and London naval treaties "would lead to conditions of international suspicion, and costly competition with no real advantage to anyone."

This statement, regarded as a warning to Japan, was made before the American Correspondents' Association at a luncheon.

Hereafter, all statements on the American policy have been released through a delegation spokesman, Davis declared that "the American government stands for the continuance of the principles of the two treaties."

Mr. Simon, British foreign secretary, met with Ambassador Tanno Matsumura today and urged that the Japanese explain as soon as possible what they intend to do after they denounce the Washington treaty.

AUSTRIA TO TURN OVER PONDERJAY

To Be Brought to New York To Be Tried On a Bigamy Charge.

Vienna, Dec. 6.—(AP)—Austria decided today to grant the United States request for extradition of Captain Ivan Ponderjay, wanted in connection with the disappearance of his bride, Agnes Tuferson, Detroit and New York attorney.

Ponderjay is charged with bigamy in New York, the grounds for the extradition. He has been a prisoner of the Austrian government for six months.

He will be handed over within a few days to Austrian police, who will take him to the German border. There German authorities will convey him to Hamburg and place him aboard an American steamer. Once aboard, American detectives will take charge of him.

Miss Tuferson was last heard from in January, less than a month after she had wed Ponderjay in New York.

An investigation of the disappearance led to Ponderjay's arrest here, where he was living with another woman, said by authorities to have been his wife.

An original American demand for his extradition was denied because it is not an offense in this country, unless committed before a court.

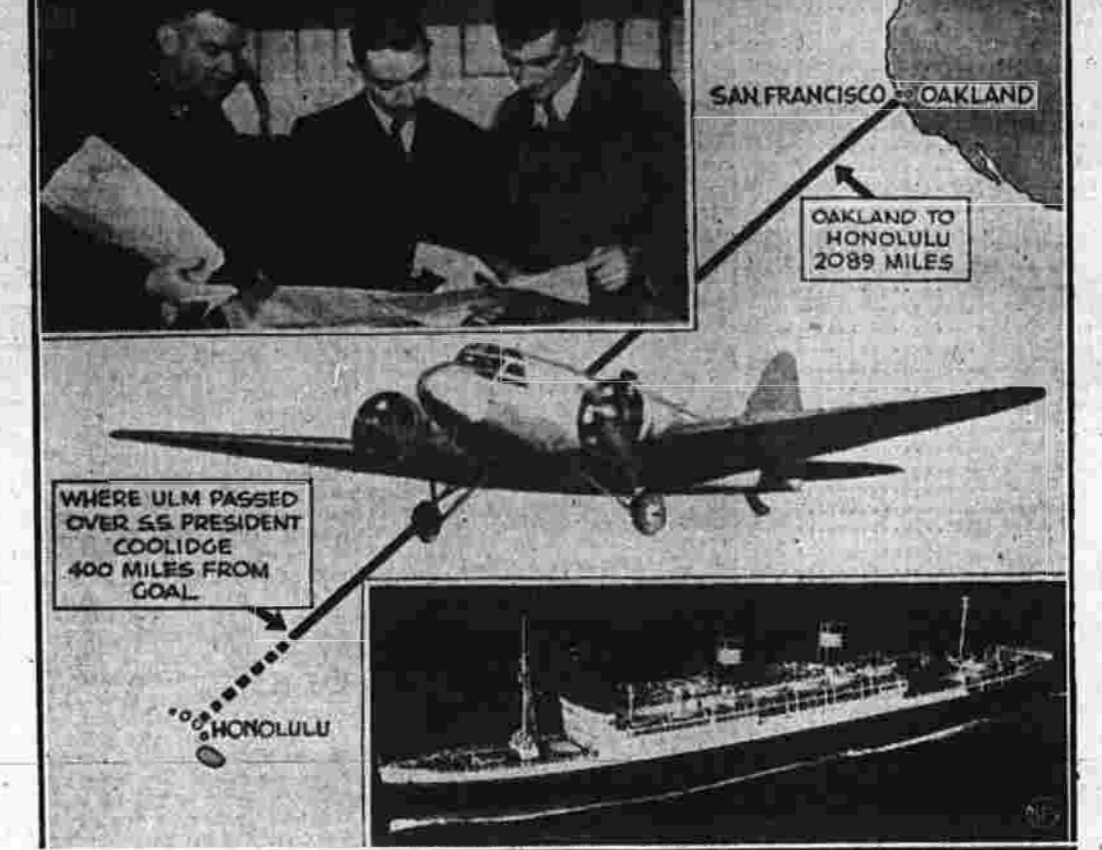

Girls Up in Air 5 Days Ask for Corn Plasters

Oklahoma City, Dec. 6.—(AP)—Kenneth Hunter, who is managing the attempt of Jeanie Rose and Henrietta Bruner to break the woman's endurance flying record, would like to know whether he is running a high, or a beauty shop.

Hunter disclosed that the girls who have passed the half-way mark in their effort to break the 500 hours record, so far have asked, and had delivered to them:

Two boxes of powder.
A comb.
Four pairs of silk hose.
One pair of rayon slippers.
One eye-brow pencil.
Two bottles of nail polish.
Ten magazines.
Four quarts of hair cream.
Six ice cream cones.
Four bars of soap.
One bottle of mouth wash.
One box of corn plasters—and the girls haven't walked for five days.

Rescue Vessels Search Pacific For Vanished Australian Fliers

Rescue ships searched the Pacific in all directions within a radius of 300 miles of Honolulu for Captain Charles T. P. Um, John Skilling and George Littlejohn, after their plane, the "White Guardian" COOLIDGE, was reported missing from the Hawaiian coast by the liner President Coolidge, which joined in the search.

U. S. WARNS JAPANESE NOT TO DENOUNCE PACT

London, Dec. 6.—(AP)—In the first public statement of United States policy since the tri-power naval conversation began, Norman H. CITE REMINGTON FIRM IN MUNITIONS PROBE

Yugoslavia to Expel Its 27,000 Hungarians

Belgrade, Yugoslavia, Dec. 6.—(AP)—The Yugoslav government, it was announced today, has decided to expel all the 27,000 Hungarians now living in Yugoslavia.

The government decision means the uprooting of the entire Hungarian element in Yugoslavia. It was stated authoritatively that the expulsion will be a gradual process but will proceed relentlessly. It is estimated today that some 2,000 Hungarians already have been deported and the number is increasing daily.

About 300 luckless former Hungarians have found themselves without a country. This group was composed of men and women who renounced Hungarian citizenship preparatory to being Yugoslavs. Hungary has thrown them out and Yugoslavia will not permit them to return. They are living in three camps.

SIXTY-SIX ARE KILLED FOR MURDER OF KIROFF

No Defense Attorneys Allowed for Suspects at Trials in Russia — Were Speedily Convicted.

Moscow, Dec. 6.—(AP)—A swift death to 66 "menemies" was Soviet Russia's grim counter thrust at terrorism today as she buried the ashes of Serge Kiroff, assassinated Red leader.

The men were brought to trial in Moscow and Leningrad yesterday. They were convicted and immediately executed. Only five of the 71 "White Guards" of the regime escaped a similar fate, at least temporarily. They were held for further questioning.

Here 10 Years

New "terror" decrees invoked because of the nation's anger at Kiroff's slaying last Saturday were carried out to the letter. There were no defense attorneys, no prosecutors and no appeals were allowed.

Russia buried Kiroff beside other Communist who fought shoulder to shoulder with Kiroff 39 years in the battle for proletarian rule. Russia bore an urn containing his ashes to the front of Lenin's tomb.

There, final eulogies were pronounced over the slain. He had participated in the 1905 revolution against Czar Nicholas and was imprisoned and exiled four times under the Romanoffs for political agitation before he saw his cause triumphant.

The assassin was identified as a member of the world's leading nations joined Communist leaders in honoring the man who devoted his life to the overthrow of capitalism.

A tense governmental announcement of the executions said "Forty seven were executed at Leningrad today for John H. Hoppel wanted for questioning in connection with the death of Mrs. Rose Hoppel, whose body was found in a trunk in the corner of a windowless shack."

County autopsy surgeons announced the woman was beaten and died three days to a week. The body, which has been dismembered at the knees, was identified by Fred Hoppel, son of the missing 58-year-old husband, and John Corrigan, a friend of the family.

Police said Fred Hoppel informed them his father and stepmother had quarreled at times over money. Hoppel, the son said, complained that his wife was irregularly in debt for money for tobacco and small wares and frequently accused her of having broken her promise to a Military Collegium of the Soviet Union.

D. C. DONALDSON DIES IN HOSPITAL

Cheney Weaving Superintendent Passes Away After Pneumonia Attack.

Duncan Crombie Donaldson, 31, superintendent of the broad goods department at Cheney Brothers mills since 1929, died of pneumonia in Manchester Memorial hospital at 1:50 this afternoon following an illness of about a week.

Here 10 Years

Mr. Donaldson was born in Pittsburgh, Pa., and attended the high school in that city. For a time he was engaged in insurance work in New York City. He came to Manchester November 17, 1924, and obtained employment in Cheney Brothers' plant, learning the textile industry throughly by working as a weaver.

A Mountain Disappears During Honduras Quake

Tegucigalpa, Honduras, Dec. 6.—(AP)—Disappearance of an entire mountain during the earthquakes which have devastated a large part of Honduras the past two days was reported in official communications today.

The report related that Mount Copan had been destroyed in Copan, a town of 7,000 population. An airplane pilot who flew over the mountain area reported many small towns and villages destroyed near the mountains in the western region. Several were so completely wiped out they could not be identified.

The observer estimated 600 dwellings had been destroyed in Copan alone. A report from Santa Rosa, seat of the government of the Copan district, said the entire population of 12,000 persons had fled their homes, "leaving further and more serious disturbances."

The towns of Chalamela, 3,000 population, Santa Rita, 4,000, Santa Fe, 22,000, 500,000, and San Marcos, 12,000, were reported to have been destroyed. Their terror-stricken inhabitants fled into the hills as their homes, most of them of flimsy construction, collapsed.

THE WEATHER

Forecast of U. S. Weather Bureau, Hartford

Cloudy tonight and Friday preceded by light rain on the coast and light snow or rain in the interior. Not much change in temperature.

THE TREASURY BALANCE

Washington, Dec. 6.—(AP)—The position of the Treasury Department today was:

Receipts \$14,953,318.10; expenditures, \$23,071,772.50; balance, \$14,653,709.52; customs receipts for the month, \$3,697,276.60.
Receipts for the fiscal year (since July 1), \$1,550,077,461.20; expenditures, \$2,285,569,481.11 (including \$27,467,402.20 of emergency expenditures); excess of expenditures, \$735,491,919.91; gold assets, \$3,132,410,113.90.

MARKET EXHIBITS AN UPWARD TREND

Trading Active in Various Groups—Bonds Are Fairly Firm Today.

New York, Dec. 4.—(AP)—The stock market was a highly speculative affair today although the progressive trend still appeared to predominate.

Trading was active in various groups. The copper came to life for substantial gains and in particular, and catered profit taking in the recent outstanding gains tended to restrain spurring speculation.

The grains quieted down after their sharp uptick yesterday, and cotton showed little disposition to advance, all to the rest of the commodities. Bonds were fairly firm.

Foreign exchange was mixed in terms of the dollar, and cotton showed little disposition to advance, all to the rest of the commodities.

Shares of National Lead put up 3 points, while Borden and McKesson and Robbins advanced fractions to a high of 1 1/2.

Amalgamated Copper, Anaconda and Kennecott copper gains rounded a point and a half, while Borden and McKesson and Robbins advanced fractions to a high of 1 1/2.

FERA PAY CHECKS REPORTED STOPPED

Called for \$4,500 for Bridgeport Relief Workers; Payment Has Been Stopped.

Hartford, Dec. 6.—(AP)—Three hundred and seven FERA pay checks aggregating about \$4,500 for relief workers in Bridgeport, were stolen last night from a package containing about \$16,000 at the FERA post office, at 1030 1/2 p. m. in a locked mail pouch and the theft was discovered by the Bridgeport relief workers.

Police and the banks of both cities were notified, and the Federal Reserve Bank and Trust Company of Hartford, upon which the checks were drawn, stopped them at the Bridgeport post office.

N. Y. Stocks GIVE RECOVERY A CHANCE PLEA OF ECONOMISTS

Business Discouraged by Policy of "Miserable" France.

The policy of "miserable" France of the past discouraged business and finance and paralyzed investment, Carothers said.

The adoption of this policy on a heavily expanded basis means a further straight toward uncontrolled inflation, Carothers said.

"Spending your way out of depression is merely a variation of the policy of uncontrolled inflation," Carothers said.

The plank in the industrialists recovery program must be related to permanent legislation for codes of fair competition.

Ribbentrop spoke to the largest assembly of business men in the history of the organization.

Germany's reply to the League of Nations was said to be a complete answer, and the League will be in the form of voluntary cooperation.

MAN MEETS DEATH IN MERIDEN CRASH

William J. McJunkin of Hartford, Killed When Car Hits Truck.

Meriden, Dec. 6.—(AP)—A light automobile crashing into the rear of a heavy truck shortly after one o'clock this morning brought death to William J. McJunkin, 46, of 60 Webster street, Hartford, and the serious injury to his woman companion.

McJunkin and Mrs. Corbin were riding to the Meriden hospital by a passing motorist but he was reported dead on arrival there.

The condition of Mrs. Corbin was reported today as fair.

The fatality brought the number of automobile deaths in Meriden for the year to 12.

The dead man, a widower, is survived by a daughter, Miss Helen McJunkin, with whom he made his home in Hartford, and a brother, Leo McJunkin, of the largest city west of the Mississippi.

SCHOOL ABSENCES DUE TO ILLNESSES

Contagious diseases such as measles, whooping cough and chicken pox are increasing in number in Manchester and while an epidemic state has not been reached, the attendance in the lower grades of the public schools has fallen off considerably on account of sickness among the pupils.

Dr. V. Y. Moore, chairman of the local Board of Health, said today that there were "only one or two" cases of scarlet fever reported here.

Thomas Bentley, principal of the Healdster and Robertson schools, said that 218 pupils in the latter school out of a total enrollment of 623, were absent today because of illness.

Mrs. Mabel A. Lanpher, principal of the Lincoln school, reported 12 pupils absent today to illness in the eight grades at that school. Three were absent from the first grade and four from the second and four from the third.

Mrs. Ruth B. Crampton, principal of the Lincoln school, reported 12 pupils absent today to illness in the eight grades at that school. Three were absent from the first grade and four from the second and four from the third.

Mrs. Bennett said the number ill at the Nathan Hale school was not unusual at this time of the year. She said in the majority of cases the children were sick with colds or unsettled stomachs caused by eating too much of the holidays.

Mrs. Margaret Miller, district superintendent of the girls' division of the Y. W. C. A., said that the girls' division of the Y. W. C. A. is conducting a campaign to report any evidence of feverishness or jaundice in their children to physicians.

Mrs. Arthur Loomis of Keeney street was re-elected secretary of the Central Pomona Grange which convened in Odd Fellows hall last night for a number of business transactions and in the only local office of the Pomona Grange.

Damage from the flames which spread with terrific rapidity through the old waterfront structures, most of which were built of wood, in which Frank W. Sanford, leader of the United Brotherhood of Carpenters and Joiners of America, was killed, is being estimated at \$250,000.

ABOUT TOWN

A "bat-and-run pedestrian" is a little bit out of the ordinary that characterizes a male shopper who has been known to enter a store and walk out with a package of goods under his arm.

Dr. J. C. Y. Moore, chairman of the local Board of Health, said today that there were "only one or two" cases of scarlet fever reported here.

Thomas Bentley, principal of the Healdster and Robertson schools, said that 218 pupils in the latter school out of a total enrollment of 623, were absent today because of illness.

Mrs. Mabel A. Lanpher, principal of the Lincoln school, reported 12 pupils absent today to illness in the eight grades at that school. Three were absent from the first grade and four from the second and four from the third.

West Point's 'Talk Back' Days Called Good Idea

There's an old West Point custom that Dick Powell believes might be revived with great success in Hollywood or any other community.

Dick, whose new first National picture, "Furcation Walk," which has been shown in theaters on Monday, was largely filmed at West Point, said that the "talk back" days at the academy were at least two nights a year, the lowly plebe or plebeian was given an opportunity to speak to the seniors.

Richard MacLagan in general chairman in charge of arrangements to be held worked hard to make the night a successful one. John Carter will be in charge of the entertainment.

Dr. J. C. Y. Moore, chairman of the local Board of Health, said today that there were "only one or two" cases of scarlet fever reported here.

Speakers Likens NRA to Fascism

Midtown, Dec. 6.—(AP)—The NRA was likened to Fascism today by V. F. Calverton, New York editor and critic, who in a speech before the Wesleyan University party, asserted that freedom for the masses is possible only in a collective state such as Soviet Russia.

"Fascism enriches big business just like President Roosevelt's NRA," asserted Calverton, one of the speakers to present sharp differences of opinion before the Wesleyan party.

Calverton said that the NRA is a "collective state" and that it is "enriching big business" just as President Roosevelt's NRA is.

Calverton said that the NRA is a "collective state" and that it is "enriching big business" just as President Roosevelt's NRA is.

STREAM POLLUTION CONFERENCE OPENS

Washington, D. C., Dec. 6.—Creation of a Watershed Conference which would control stream pollution under broad general powers conferred upon it by the Federal government and by the states, will be among numerous proposals considered at a stream purification conference which opened here this morning.

The conference is being held at the Hotel Mayflower and is being presided over by the Secretary of War, Mr. Clegg.

LONG LINE AS FOOD SLIPS ARE AWARDED

Some idea of the extent of destitution among Manchester families at present was apparent in the Municipal building this morning when a line of persons on the local charity list reached all around the lobby on the second floor as slips were being distributed to the needy.

Racing Notes
 (By the Associated Press)
 The horse racing season has established some of its records by sending five straight winners to the barrier at the Millbrook, N.Y., track. Since the opening of the meeting the veteran Maurice Peters, carried with Demagogue and Mary McCarthy twice each and won by Jack Murphy, all placers.

APPRENTICE Bruno Vortelty, who scored the initial victory of his career aboard Hilar Prince Tuesday at the New Orleans oval, is considered a fine prospect by astute horsemen. The Milwaukee lad is under contract to O. Bugley, the man who developed Maurice (Moose) Peters, current leading jockey.

Although the barns at Alamo Downs, San Antonio, Tex., are commencing to make more than 600 horses applications for more than double that number are in the hands of racing secretary Charles F. Henry. The meeting, with a daily purse distribution of \$4,200, will open Christmas Day and run through Feb. 2. One hundred horses already are on the ground.

THE nominations for the \$100,000 Santa Anita handicap, to be run Feb. 25, have reached 64 with the related arrival of the names of W. F. Alexander, the former champion of Lexington, Ky., and the two-year old Bay Hill from the Clarence stables of Seattle.

SWEDISH EAT DESPITE BUILDERS
 Stockholm—(AP)—A large building containing a small ground-floor restaurant is being carefully raised without disturbing the diners and a new structure is to be erected on the same conditions. Expensive architectural work in the restaurant led the building owners to impose this restriction on the contractors.

PRESIDENT Andrew Johnson was a tailor for seven years before he learned the alphabet.

RENT HUNTING? Tell us what you want. We'll take care of it for you without charge. R. T. McCann, 89 Center Street. Dial 7700.

LAY PRELIM PLANS FOR NATION'S PART IN 1936 OLYMPICS

Avery Brundage, AAU President, To Report On Acceptance of German Invitation to Participate.

By ALAN GOULD
 Associated Press Sports Writer.
 Miami, Fla., Dec. 6.—(AP)—Aveled of uncertainty of Germany's racial prohibitions to the 1936 Olympic games in Berlin starting at the annual convention of the Amateur Athletic Union today in Miami. Brundage, AAU president, will take preliminary plans for U. S. participation in all sports in the international carnival of competition.

Brundage, AAU president, will take preliminary plans for U. S. participation in all sports in the international carnival of competition. He is expected to overcome lingering opposition in the American Olympic committee, the convention will likely hear a report on the investigation which led to final acceptance of the German invitation as well as a program to organize county-wide athletic clubs.

Brundage hopes to retain the job of president of the AAU, and the AAU is expected to overcome lingering opposition in the American Olympic committee, the convention will likely hear a report on the investigation which led to final acceptance of the German invitation as well as a program to organize county-wide athletic clubs.

SENSE and NONSENSE

Prostfully Distressing
 Of all the sad words of tongue or pen, the saddest are these: "I'll pay you when—"

She stopped to gaze at the window of the big apartment store and her eyes caught sight of a very expensive fur coat.
 "The (to her husband)—Darling, that reminds me, I need a new fur coat!"

How-What! Why I bought you that fur coat you are wearing only two winters ago.
 "The (scooting)—Yes, dear, but you must remember that the fur coat was taken during the vacation period."

Somebody wants to know what becomes of the peppers when they are allowed to play during the Christmas holidays.
 "I do not think that the commentators with scholarly work if trips are taken during the vacation period."

Coach Stagg believes ticket prices should be generally lower and is opposed to proposals originating on the west coast to institute a "boarding house" plan wherein the players would live together and receive three meals a day instead of one.
 "In the meantime it would please him if the Big "C" conference of which he once was the most famed figure, would again permit its members to play post-season games."

"I have always been in favor of allowing teams to play during the Christmas holidays," he commented.
 "I do not think that the commentators with scholarly work if trips are taken during the vacation period."

WHY THOUSANDS ARE NOW SWITCHING TO blue coal

WE USE 'blue coal' TOO! IT GIVES BETTER HEAT AND NEEDS HARDLY ANY ATTENTION. REASON No. 21 Thousands of people in this town are getting better heat with 'blue coal'—cleaner, healthier heat at lowest fuel cost. Our customers say that 'blue coal' gives quick heat on cold mornings—burns steadily for hours with little attention—and burns perfectly at night. 'blue coal' is the same high quality Pennsylvania hard coal that has been the favorite of thrifty home owners for more than 50 years. Now it's colored blue for year protection. Phone us your order today.
