URGES UNIFICATION OF ELECTRIC LINES

Federal Board Report Re- sults of Its Survey on Power and Light in the Midwest.

Washington, Dec. 26.—(AP)—A far-reaching proposal for Federal control of the transmission of the electric supply of America was urged on President Roosevelt today by a report by his Mississippi valley committee.

The group of scientists and technicians, whom the President directed to study ways of developing new sources in the great valley urged unification of all electric lines as a means of creating a giant pool of cheap power and of promoting stability.

It also suggested a billion dollar, 20-year program of public works to build to aid navigation or flood control be used to generate power as well. Even the remotest hydro-electric developments would be tied into the common, nation-wide system under the plan.

Public Ownership.
Headed by Morris L. Cooke, Philadelphia consulting engineer, the committee emphasized the plan does not involve the question of public or private ownership of either "generation or distribution."

Government control of transmission "however," it said "is fundamental; this goal does not involve necessarily any great increase in the number of publicly owned lines, and especially if the private companies cooperate in effecting unification."

Meanwhile, there were two other developments in the utilities field.

From the Public Works Administration figures were gathered showing that allotments totaling \$41,000,000 have been made for municipal power plants and nearly \$200,000,000 for federal power works. PWA officials made plain they would continue to assist cities where municipal projects face legal battles.

Great Importance.
The annual report of the Federal Trade Commission contained a letter from President Roosevelt in which he granted the commission more time to complete its long-expected investigation of utilities. The letter said completion of the work was "of the greatest importance."

The vast, long range program advanced by the Mississippi committee included a proposal to spend \$100,000,000 for rural electrification. The report also suggested that 50 per cent of the 20-year billion dollar construction program would be for power installations.

The remainder would include flood control, navigation and also other efforts to develop water resources.

No list of specific projects was advanced.

Among Recommendations.
Completion of navigation facilities on the main stem of the Mississippi and connections with the Great Lakes.

Extension of navigation on tributaries only where intensive study indicates there is justified economic.

ADrift FIVE DAYS IN TROPICAL SEAS

Manila, P. I., Dec. 26.—(AP)—Adrift on a tropical sea for five weeks, the schooner "Tawao," New Yorkers were reported today to have safely reached Tawao, Borneo.

The vessel is composed of Lawrence G. Griswold and H. E. C. Tate.

The vessel was making an ethnological and photographic tour of the southern Philippines when their small chartered motor boat became disabled in Celebes Sea. Details of their rescue were not contained in the telegraphic report from Tawao.

Lawrence Griswold and Harkness, from the Dutch East Indies to New York.

The quartet with Peter D'Orsay, Palmer of Chicago, who now is in Manila, arrived here Nov. 1, planning to proceed to Szechuan Province, China, in a few months in quest of the rare giant panda, a small racoon-like carnivore of the mountains.

The only direct word from Tawao was a telegram stating:

"The Griswold-Tate expedition."

CAPT. JOHN JOHNSON DIES AT AGE OF 82

Old Sailor Known to Many in
New Haven — Sailed Seas
66 Years.

New Haven, Dec. 26.—(AP)—The New Haven waterfront lost one of its most colorful figures with the death of Captain John Johnson, who talked and sailed seas more than three-score years.

Known by hundreds of sailors who visited this port for his ability to spin yarns of the sea, Captain Johnson died last night in a West Haven home for the convalescent at the age of 82 years.

Four years ago Captain Johnson retired after sailing the sea 66 years on all kinds of craft, including windjammers, clipper ships and motor boats.

But the veteran remained loyal to the sea.

Made Home For Him
His employers remodelled the pilot house and cabin of his last command, the oyster boat "Emmy," making it a home for him.

Howard Beach, owner of the Mansfield Company, which formerly employed Captain Johnson, described the veteran of the sea as "a blunt, rough sailor of the old school but thoroughly honest and reliable."

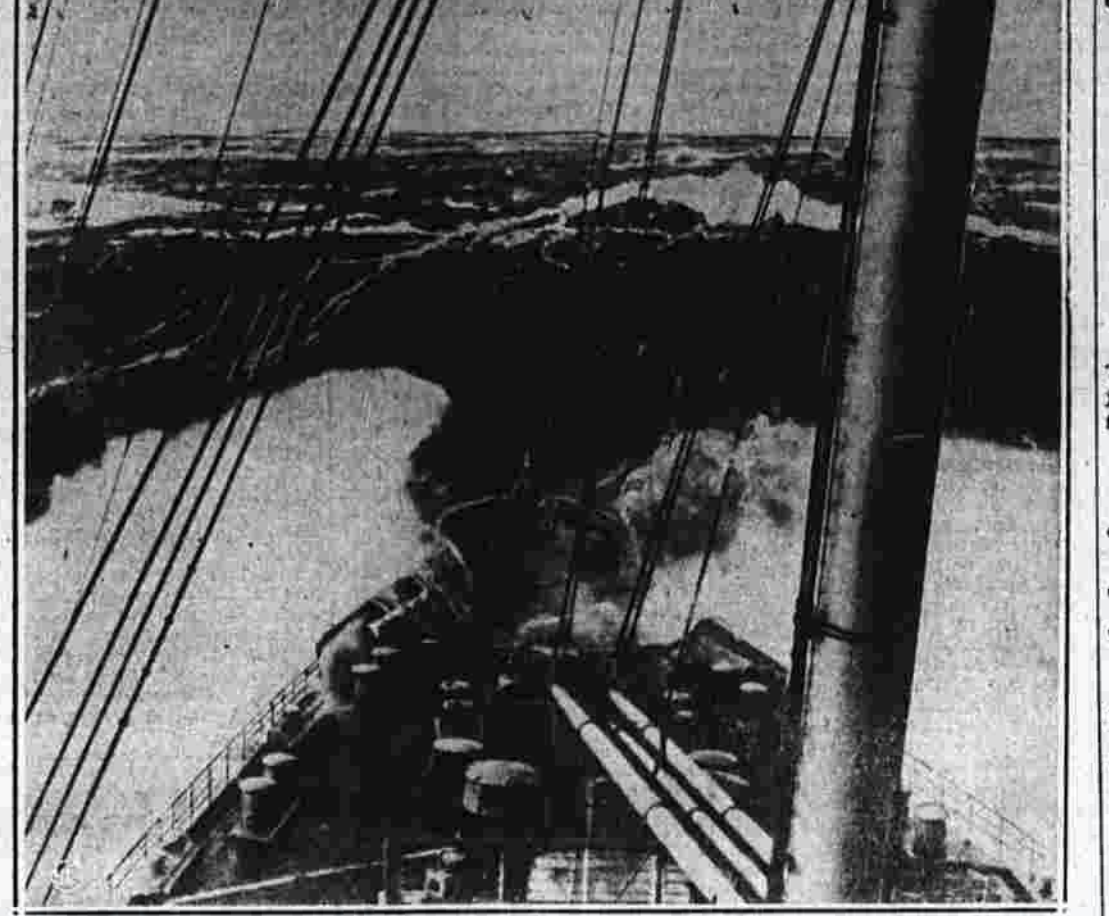

Captain Johnson came to America from his native Sweden as a cabin boy aboard a windjammer. He was then 13 years old. For 30 years he commanded the "Emmy" in the Baltic.

His survivors include his widow and three daughters.

The funeral will be held Friday.

A Trip Through The Mountains—In Mid-Atlantic!

The mountainous waves piled up by North Atlantic storms a menace the lives of thousands of seamen and travelers are vividly brought home by this photograph taken from the bridge of the S. S. Europa, which assisted in the rescue of the crew of the foundering Sinto. The height of the waves is revealed by the fact that, while the Europa's bridge is far more than 100 feet above the waterline, it is barely possible to see over the crest of the onrushing water.

PRESIDENT IS WORKING ON CONGRESS MESSAGE

Expected He Will Deliver It
in Person—Rumors of
Inflation Are Heard on
Capitol Hill.

Washington, Dec. 26.—(AP)—President Roosevelt, approaching the moment when decisions of tremendous import are to be made public, worked today on a program which, among other things, is expected to mark a definite swing from the "dole" to work relief.

While the President labored on the message he will deliver—perhaps in person—to Congress January 3, Democratic leaders on Capitol Hill looked a wary eye to that for want of a better term, is generally called the "National Inflation" plan.

Knowing that suggestions which, added together would cost \$30,000,000 more spending are in the bills and curbing them, some legislators are talking again of scrapping the famous "45 rule" under which the number of signatures on a petition forces a bill to the floor. The proposal is that a majority—215—be required.

Those leaders who want to leave money alone for the present are weighing the chances of inflation, which they fear will be caused by an expansion program at a round table meeting called for January 1 by Senator Thomas of Oklahoma, other legislators, Father Charles E. Coughlin of Detroit, representatives of the Round Money League, the Committee for the Nation and farm groups are listed among those to attend. The aim, Thomas said, is in accord with a "National Inflation" plan.

Should they all agree, most observers feel, their opponents will have some bad moments in the coming Congress.

The question what the budget will be and how soon it will balance is attracting wide interest. Though the reported plan to lay more stress on work relief indicates to most observers that the budget will not be balanced in the immediate future, the word is expected to go out that

ELLSWORTH MAKES SOUTH POLE FLIGHT

Explorer With Bert Balchen
as Pilot Completes Trip of
2,400 Miles.

Wellington, New Zealand, Dec. 26.—(AP)—Lincoln Ellsworth, Antarctic explorer, and his pilot, Bert Balchen, were reported today to have made a successful alpine flight across the Antarctic from Deception Island to the Bay of Whales.

Admiral Richard E. Byrd and his Antarctic expedition are now encamped at Little America, Antarctica, which is on the bay "above" the Bay of Whales.

The Ellsworth-Balchen flight apparently was 2,400 miles, for Deception Island is 1,000 miles from the South Pole, lying approximately between Cape Horn and the South Pole.

The Ellsworth expedition left Dunedin, N. Z., for the Antarctic September 19 on board the *Wyatt Earp*.

The flight from Deception Island to the Bay of Whales is only one of the many short flights which the Ellsworth-Balchen flight apparently was 2,400 miles, for Deception Island is 1,000 miles from the South Pole, lying approximately between Cape Horn and the South Pole.

The Ellsworth expedition left Dunedin, N. Z., for the Antarctic September 19 on board the *Wyatt Earp*.

REPORT 163 KILLED ON CHRISTMAS DAY

Heavy Traffic on Nation's
Highways Cause Most of
Fatalities; Dozen Suicides.

By ASSOCIATED PRESS
Tributes were being paid today to the North American continent Christmas to bring death to at least one hundred and sixty three persons.

A train wreck near Hamilton, Ont., resulted in the loss of at least fifteen lives while fire, motor car accidents, drownings, suicides and other tragedies turned the day into a day of mourning.

The heavy traffic on highways caused most of the fatalities, at least 115 of the dead perishing in major mishaps.

The automobile death toll by states showed:

Pennsylvania 6; Michigan 5; Pennsylvania 6; Michigan 5.

15 KILLED, SCORE HURT WHEN TRAINS COLLIDE

List of Dead, Injured In Canadian Accident

Hamilton, Ont., Dec. 26.—(AP)—The list of identified dead and injured in the train collision at Dundas follows:

The dead:
R. F. Sise, Toronto.
Mary F. Parker, 15, Toronto.
Fred Green, Negro porter, London, Ont.
O. H. Erlich, Toronto.
Dr. G. H. McGuffin, Cookville, Ont.
P. E. Smith, Negro porter, Toronto.
Harold Pryce, Toronto.
The injured:
Mrs. E. M. Culver of Toronto, bruises, condition good.
Mary Seaword, Brantford, abrasions and lacerations.
Miss Dorothy Doddington, of Toronto, laceration of forehead and back of scalp, condition fair.
Hert Condon of Toronto, multiple abrasions of forehead, condition fair.
Mrs. George McCracken, Chatham, lacerations, condition fair.
L. R. Down, Toronto, sprained back, condition good.
W. J. McCaully of Toronto, abrasions and lacerations, condition fair.
Miss Marion Garfunkel, Toronto, fractured ribs.
W. Muir, Toronto, lacerations and cuts, condition good.
George A. Wilkie, Toronto, fracture of both legs.

W. M. Murray of Montreal, fracture of both legs.
Cecil McBridge of Toronto, lacerations to face and scalp.
Mrs. L. R. Down of Toronto, cuts on face and leg.
A. M. Smith of London, Ont., lacerations to face and scalp.
M. K. Shaver of Toronto, lacerations.
Walter Rice of Toronto, lacerations on head.
Guy Troy of Montreal, lacerations.
Mr. and Mrs. J. W. Bayes, Toronto, sprained shoulder and shock.
Mrs. Hilda Parker of Toronto, abrasions and fracture of the leg.
Mrs. Hilma Parker of Toronto, contusions and cuts.
Alice Baker of Toronto, contusions and cuts.
Daisy Copeman of Toronto, fractured ribs.
C. Horne of Toronto, crushed left foot.
Henry Brennan, Toronto, lacerations of face and ankle.
George Reed of Toronto, lacerations to face and leg.
W. A. Macdonald, Toronto, fractured ribs.
Miss Margaret Anderson of Toronto, bruises.
Mrs. Grace Watson, shock.
An unidentified woman in critical condition.

WOULD CHANGE METHOD OF CHOOSING PRESIDENT

Democratic Congressman To
Present Bill to Alter Elec-
toral College Plan — His
Reasons for Change.

Washington, Dec. 26.—(AP)—Now that "lane ducks" are a thing of the past, Congress soon will be given an opportunity to consider another change in the Constitution, California, said he would introduce on the opening day of the new session a joint resolution proposing to amend the Electoral College method of electing Presidents.

Under the present electoral system, less than a majority of electors is sufficient to elect a President. The panel of 48 would elect a President by a plurality of less than 1,200 votes in New York state, less than 100 in the rest of the country.

Would Aid Democrats
Opposition to the proposal centered around Republican contentions that it would strengthen chances of electing a President.

Lea still would give each state the same number of electoral votes as it has Senators and Representatives in Congress.

The prospective tablemen were drawn from the group which received the booklet on a fictitious kidnap-murder case in which an acquittal occurred because "the aviator's baby was never kidnapped or murdered."

Both state and defense attorneys.

SKIPPER SAYS COAST GUARD REFUSED TO AID HIS SHIP

Halifax, Dec. 26.—(AP)—Captain Freeman Anderson, who held his motor vessel *Mary E. Kenney* off Barnegat Light, near the New Jersey coast, today announced that the Coast Guard refused to aid his ship.

Anderson said he was called from shore on December 2 to St. Pierre and Miquelon, where he was to take the *Mary E. Kenney* to the coast.

Anderson said he was called from shore on December 2 to St. Pierre and Miquelon, where he was to take the *Mary E. Kenney* to the coast.

JOHN ANDRUS DEAD, RICH STRAPHANGER

Worth Millions He Rode to
and from Work in New
York Subway.

Yonkers, N. Y., Dec. 26.—(AP)—John E. Andrus, "Millionaire Straphanger," died at his home at 8 a. m. today. He was in his 64th year and had been ill three days.

Andrus, who made a fortune estimated at one time at \$200,000,000 in ore, lumber, medicine, banking and real estate, gained the title of "Millionaire Straphanger" because he rode the subway daily for many years in going to and from his Manhattan office.

In 1927 he abandoned the subway for an automobile. But he continued to take an occasional subway ride in order, he explained, "to keep in trim."

The subway, he once said, was as fast as any other mode of travel in the spring of 1927, however, he said.

FOUR NEW YORKERS WITHOUT WATER TO DRINK, FINALLY REACH THE SHORE

Manila, P. I., Dec. 26.—(AP)—Four New Yorkers were reported today to have safely reached Tawao, Borneo.

The vessel is composed of Lawrence G. Griswold and H. E. C. Tate.

The vessel was making an ethnological and photographic tour of the southern Philippines when their small chartered motor boat became disabled in Celebes Sea. Details of their rescue were not contained in the telegraphic report from Tawao.

Lawrence Griswold and Harkness, from the Dutch East Indies to New York.

The quartet with Peter D'Orsay, Palmer of Chicago, who now is in Manila, arrived here Nov. 1, planning to proceed to Szechuan Province, China, in a few months in quest of the rare giant panda, a small racoon-like carnivore of the mountains.

The only direct word from Tawao was a telegram stating:

"The Griswold-Tate expedition."

U. S. SAVANTS TO DISCUSS WATER COSTING \$10,000 QT.

Pittsburgh, Pa., Dec. 26.—(AP)—Professor Albert Einstein, the famous physicist, will be the chief attraction of a comparatively recent discovery, gets some weighty considerations tomorrow by the National Academy of Sciences, which is trying to find out what the heavy water compound, discovered a year ago by Dr. Harold C. Urey, who was awarded the Nobel prize in chemistry recently, is composed of two atoms of deuterium, which is heavier than ordinary hydrogen, and one of oxygen. Of every 5,000 drops of water, one is "heavy."

In the words of the discoverer the paradoxical substance "is so many possibilities there seems to be no end to them."

At present it sells for \$20 a gram and is used almost entirely by research chemists.

DETROIT TO TORONTO EXPRESS TEARS INTO EXCURSION TRAIN ON A SIDING—FIVE WOMEN AND SOME CHILDREN AMONG THE VICTIMS.

Hamilton, Ont., Dec. 26.—(AP)—The splintered wreckage of a Christmas excursion train was searched today for additional victims as officials of the Canadian National Railways opened an investigation of a collision last night which took at least 15 lives.

More than a score of persons were injured, some critically, when the Detroit to Toronto express train, on a siding at Dundas, seven miles from Hamilton.

Five women were among the mangled victims of the disaster whose bodies have been recovered but as yet are unidentified.

Officials of the railway said the cause of the accident apparently was an open switch and promised an intensive inquiry.

Mostly Canadians, lacerations of face and ankle.
George Reed of Toronto, lacerations to face and leg.
W. A. Macdonald, Toronto, fractured ribs.
Miss Margaret Anderson of Toronto, bruises.
Mrs. Grace Watson, shock.
An unidentified woman in critical condition.

PANEL FOR LINDY TRIAL IS DRAWN

48 Names in Special List But
Expect That Most Will Be
Challenged.

Flemington, N. J., Dec. 26.—(AP)—In Hummerston county's century old courthouse, a panel of 48 prospective jurors—27 men and 21 women—was drawn today for the forthcoming trial of Bruno Hauptmann on Jan. 1.

The panel was selected at the direction of County Judge Adam O. Robbins and it was considered unlikely that the panel of 48 would be sufficient for the selection of the jury because of the expected challenge on the side of the prosecution and defense.

Judge Robbins, who will preside at the trial next week, occupied the bench while Sheriff John H. Curtis called out the names.

Prosecutor Anthony M. Hauck appeared for the state and Hauptmann, the Lindbergh kidnap-slaying suspect, was represented by C. Lloyd Fisher and Robert Rosecrance, associate defense attorneys.

The prospective tablemen were drawn from the group which received the booklet on a fictitious kidnap-murder case in which an acquittal occurred because "the aviator's baby was never kidnapped or murdered."

Both state and defense attorneys.

able TO YOUR CHILDREN

By Olive Roberts Barton

Valeria and young Ann lying back quietly, her eyes closed. The nurse put a practical, soothing hand on her forehead. "Who was the doctor who called on Mrs. Kendall?"

"The doctor who called on Mrs. Kendall?"

"The doctor who called on Mrs. Kendall?"

Gun? She Runs 'Em Down!

By Olive Roberts Barton

Children are no natural and discreet. They do not have the little common sense adults do, or at least not all of them. "Who was the doctor who called on Mrs. Kendall?"

"The doctor who called on Mrs. Kendall?"

"The doctor who called on Mrs. Kendall?"

CHRISTMAS HERE IS HAPPY IN YEARS

Dull Skies Fail to Mar Day—Town's Needy Are Well Cared for, Too.

Gray skies and the threat of rain or snow failed to cloud the festive Christmas that Manchester has enjoyed since the depression.

Churches holding services were crowded, homes were the scenes of merry family gatherings and restaurants and taverns were filled with persons celebrating the holiday.

YOUTH PARALYZED AS BELT HITS HIM

Paul Lenti Responding Rapidly to Treatment Following Accident.

Paul Lenti, 17, son of Mrs. John Lenti, of 270 Gardner street, suffered partial paralysis of the right arm when he was struck by a flying bolt of a tractor-driven sawing machine while he was operating at the Lenti farm at 4:30 Monday afternoon.

Paul was taken to the Hartford hospital for treatment and members of the injured member was responding to treatment.

Paul Waner Wins Crown As Batting Champion of National Loop With .362

As Batting Champion of National Loop With .362

Paul Waner, Pittsburgh slugger, won the batting crown of the National League with a .362 average in 1934.

Waner's batting average was .362, which is a record for a National League player.

Waner's batting average was .362, which is a record for a National League player.

Score 52 to 26 Triumph With a Brilliant Display Of Shooting and Passing

Greenmen Decisively Outplay Shooting Circus to Earn Impressive Victory Before 600 Cage Fans—Team Work Big Feature.

Playing a superb brand of basketball that brought enthusiastic applause from a crowd of more than 600 fans at the State Armory last night, the National Guard Rangers won their victory in a semi-pro contest of outstanding caliber by swamping the highly-touted All-Burnsides by the lopsided score of 52 to 26.

The game was a fairly close, fairly exciting game to the halfway mark but after that it became a rout as the Rangers flashed a most impressive form of the season and played rings around the shooting circus.
