WOODSMEN REACH MAROONED FLIERS

Three of Men Now On Way Back to Civilization — Fourth Has a Wrenched Hip.

Morehouseville, N. Y., Dec. 31.—(AP)—Three of the four men stranded for three days with a wrecked plane in the Adirondacks eight miles from here were walking in this direction with their rescuers today, while the fourth waited at the scene of the wreck with a wrenched hip, the State Conservation Department announced today.

Reached at 10 o'clock last night by four woodsmen from Hoffmaster, the cold and hungry men, realizing they had been rescued when ten men of the Conservation Department arrived on the scene at dawn today.

By 11:30 a. m. the trip to Morehouseville had started, through three feet of snow and at temperatures about 30 degrees below zero. Hamilton Chequer, a foreman with the OCC, who went in with the group, returned early and told of the joy with which the survivors of the hillside crash greeted their rescuers.

He said one of the Dryers, either Ernest, the pilot, or his brother Dale, the copilot had a wrenched hip and would be taken out later by sled. The others were expected to reach Morehouseville at 2 p. m. Dryer's injury was not serious enough to prevent his walking.

Chequer was accompanied by CCC Foreman A. Page and A. Rhodes; Frank Stanton game protector at Wells; John Master, another game protector; Ernest Blum, district ranger at Poland; and Rangers Duham, Cole and C. Stoddard.

A CCC ambulance with a physician started from Speculator for Morehouseville.

Pilot Al Mitchell of the Massachusetts National Guard, circling the spot at the time most of the group departed, said that he saw the remaining rescuer west of the wrecked plane, which went down early in the search for them.

One Deputy Foreman Mitchell of the Conservation Department was ordered to give the survivors emergency treatment at Morehouseville, then to take them to hospitals at either Herkimer, Utica or Little Falls.

One of the four was said to have been frozen badly.

The marooned men first were reached by John Charles and Lester Pertello, and Frank Krueger stayed with the men, while the other two started for Hoffmaster with the sleds and rescue.

Mitchell was ordered to return to Albany as his gas supply was running low. The air base made no plans to relieve him, and the air maneuver.

Worshippers shot leaving church.

Mexican Red Shirts Kill Five Persons; One of Their Members Killed.

Mexico City, D. F., Dec. 31.—(AP)—Armed reserves held back around residents of Cucoacan today as 37 young members of a revolutionary "Red Shirts" organization charged with slaying defenseless Catholics just outside their church, were transferred to the Federal penitentiary.

Four men and a woman of the crowd which emerged from worship fell under the volley fired at close range. The Red Shirt group was holding an anti-clerical demonstration aimed at the door of the church.

Searchers Find Marooned Aviators

All four occupants of the 16-passenger Curtiss Condor plane that crashed in the Adirondack mountains during a blinding storm, apparently escaped injury in the second disaster that has overtaken the big ship. It is pictured below after it had been wrecked in a forced landing at Tottenville, State Island, last May. The most recent disaster to the plane was completed by severe cold and waist-deep snow, which marooned the quartet on an isolated peak in the vicinity of Fish Mountain near Claverack, N. Y. Three of those aboard the transport are pictured here, left to right: Co-pilot Dale Dryer, Ernest Dryer (at the controls when the plane crashed); and Robert Hambrick, an official of the Federal Bureau of Education and the only passenger.

TOWN TO GREET NEW YEAR WITH VARIED PARTIES

Everything from Riotous Celebrating to Reverential Observance Is Available Here; Optimism General.

"Ring out the old, ring in the new." Manchester will do just that tonight, bidding farewell to 1934 and welcoming 1935 with a diversified program of observances that ranges from reverential, impressive Watch Night services to local churches to the hilarious merry-making of night clubs and the like. All indications point to the most joyous celebration of the occasion in years, as optimism over the future reigns everywhere.

Therater Program Many hundreds are expected to join the state theater to capacity at 11:30 o'clock to witness a grand New Year's eve preview of Shirley Temple in "Bright Eyes" will be presented by the management. Noise-makers and favors will be distributed and the program will offer enough variety to make for festive entertainment.

Additional hundreds will wind their way to celebrations beyond the town limits, especially in Hartford, but many are expected to remain in town for the night. Many attractions scheduled here, New Year's parties, which include dinner, dancing and floor shows, will be held at Coney's Grill at the center, the Silver Grill on Main street, the New Hotel Sheridan and Orange hill.

"Hogmanay" At the latter place, Mona-Ypres Park, British War Veterans are sponsoring "Hogmanay," with dancing from 8:30 to 2 o'clock, music by Cady's orchestra and the Manchester Pipe Band. Favors and refreshments will be distributed.

EARTHQUAKES ROCK THE WESTERN COAST

Described as Intense; No Big Damage or Loss of Life Reported.

Los Angeles, Dec. 31.—(AP)—Earthquake shocks, one of which was described by geophysicists as intense as the destructive Long Beach tremor of March 10, 1933, were experienced over the Pacific coast from Mexico to Washington Sunday, but extensive checks completed today showed there was neither any consequential damage nor loss of life.

The most severe of the shocks originated at the head of the Gulf of California, and was felt in cities of the Imperial Valley shortly before 6 a. m., at about the same time a moderate shock aroused light sleepers in San Francisco and the peninsular area.

Severe shocks The seismograph at the University of Washington, Seattle, recorded an earthquake of such intensity that the recording needle was shaken from the drum.

USE HAUPTMANN BOOKS TO FIGURE UP RANSOM

State Also Has Witness Who Saw Package of Money in the Bronx Carpenter's Home.

Flemington, N. J., Dec. 31.—(AP)—Bruno Ritter's Hauptmann's pocket notebooks containing careful accounts of his expenses will be used, an official source disclosed today in a prosecution effort to show that the \$200,000 ransom figured in his income.

To substantiate this evidence, the prosecution saw a woman witness ready to testify the safe package of money secreted in a cabinet in the Hauptmann Bronx home where she had gone on a visit.

The state also expects Betty Gow, Scotch nurse of the slain Lindbergh baby to testify the child was dead or dying when he was borne past the spot, a scant hundred yards from his room where she found the child, strapped brutally from his hand.

ANTI-HITLERITES PLEAD TO LEAGUE

Say Nazis Are Starting Reign of Terror in the Saar Territory.

Saarbrücken, Saar Basin Territory, Dec. 31.—(AP)—Anti-Nazis asked the League of Nations governing commission today to institute semi-martial law in order to suppress "terrorism" gripping the Saar.

The request was made after the territory witnessed half a dozen violent week-end political clashes in which the opponents of a return to Germany in the Jan. 19 plebiscite were generally overpowered.

Joseph Dearing, 50, of New Haven, night watchman at the Winchester and Springfield Arms company plant in that city, slipped and fell to his death from the sixth landing of an ice escape at the plant Saturday.

Woman Is Killed Mrs. Mary Dennis, 50, was struck down and killed at a dark road in Wilton Saturday night while she was walking home with her daughter. After shopping in South Norwalk a bicycle ridden by Fred C. Lindholm, 21, of Wilton, struck the woman.

TOWNSEND PLAN TRUST INDENTURE
Is Wrongly Termed a Pension, Dr. Dick Tells 300 Persons Here Saturday.

Termining the Townsend old age pension fund a trust indenture and not strictly a pension, Dr. Samuel Dick, lecturer for the Townsend organization, told 300 persons at a meeting in High school auditorium Saturday night that through the placing of legal restrictions around the pension fund the recipients are not pensioners but really trustees.

Dr. Dick said the word pension was a misnomer, although he used it in describing the plan.

350 Members Here

Mathias Spiess, chairman of the advisory committee of the Manchester Townsend Club, introduced the speaker. The local club has a membership of 250 and is growing.

Dr. Dick said the primary purpose of the Townsend plan is to eliminate the millions of the unemployed and to care for elderly persons. If the plan is adopted, he contended, 9,000,000 persons now past 60 who are employed would have to relinquish their jobs to younger persons.

A Revolving Fund
Jobs would be supplied 8,000,000 more through the expenditures by the 2,000,000 persons who would receive \$200 per month and be forced to spend every cent of it each month. The funds would be paid for out of a \$1,600,000,000 revolving fund and not a circulating fund.

Dr. Dick explained revolving funds are constantly used but that circulating funds would "go into hiding." The money would be raised through a two per cent tax on the transaction sales volume of the entire country.

IS SLIGHTLY HURT IN BOLTON CRASH
Ice Coated Road at Notch Causes Several Cars to Skid—But One Accident.

Bolton Notch proved to be the section of highway in the Manchester area that caused the greatest amount of trouble because of the slippery roads yesterday. The sand that had been spread upon the road blew away and the two roads coming into the Notch were ice coated, resulting in several cars skidding and crashing into fences. After there had been one accident at noon, when a car was wrecked and a passenger injured, the road was sanded several times during the afternoon and the trouble eliminated.

At noon a car driven by George Preston Fulson of 20 Colonial street, Hartford, with his mother, Mrs. Josephine E. Fulson, of the same address and Miss Mary L. Brant, 20, of 32 Hartford avenue, Wethersfield, as passengers, was being driven east. As it reached the bridge in Bolton Notch the car skidded, went against the north side of the bridge, then turned across the south side of the bridge, breaking out the rear end of the car and blocking traffic in both directions. Miss Brant was thrown out of the car. She was taken to the Manchester Memorial hospital where a cut on her ear was treated. She was then discharged.

IS SLIGHTLY HURT IN BOLTON CRASH
Ice Coated Road at Notch Causes Several Cars to Skid—But One Accident.

Bolton Notch proved to be the section of highway in the Manchester area that caused the greatest amount of trouble because of the slippery roads yesterday. The sand that had been spread upon the road blew away and the two roads coming into the Notch were ice coated, resulting in several cars skidding and crashing into fences. After there had been one accident at noon, when a car was wrecked and a passenger injured, the road was sanded several times during the afternoon and the trouble eliminated.

At noon a car driven by George Preston Fulson of 20 Colonial street, Hartford, with his mother, Mrs. Josephine E. Fulson, of the same address and Miss Mary L. Brant, 20, of 32 Hartford avenue, Wethersfield, as passengers, was being driven east. As it reached the bridge in Bolton Notch the car skidded, went against the north side of the bridge, then turned across the south side of the bridge, breaking out the rear end of the car and blocking traffic in both directions. Miss Brant was thrown out of the car. She was taken to the Manchester Memorial hospital where a cut on her ear was treated. She was then discharged.
