### STOCKS FOR CHISELERS

Perhaps on no other current question of large importance is there so much controversy as that of the proportionate number of persons in any community who are including themselves, without fair warning, in the ranks of the chiselers to be very numerous; persons who are very numerous; persons who are very numerous; persons who are very numerous.

### NOT THEIR FIGHT

A good deal of "political" has been going on between various organizations of interested individuals. These interests have been attempting to align the Farm Bureau Federation on one or the other side of the controversy. In view of the fact that the resolutions adopted by the National Producers Association of Connecticut, pointing to the Federal Government for the cause of the fight, will strike outsiders as being timely.

### LET JUDGES INQUIRE

When the Hauptmann trial is over and the bar association will have at hand the transcript of the proceedings, it is to be indicated on both Congress and executive in this work as well.

### PARTLY BAGGED CAT

When Attorney General Cummings told the United States Supreme Court, in arguing the gold case, that an adverse action on the gold case had been considered a difficult subject, all States into any future international conference "on currencies" be let out of the bag a cat whose head is in the stocks or has been protruding from the sack from the face of the onlookers that kind of creature.

### THOSE FOUR BILLIONS

The terms of the public works bill seems to be a case where Congress persists in making the appropriation subject to its own allocation to this, that and the other project, every member of Congress will have to devise himself to getting the biggest possible share for his own constituency.

### BEHIND THE SCENES IN WASHINGTON

By Rodney Dutcher

Washington, Jan. 12.—Senator Theodore G. Bilbo of Mississippi just left longing for his home. He has been in Washington for several months, but he has not been able to get home.

### THE FARM BUREAU

The Farm Bureau are not milk or cream. They are a business. Many, probably a majority, of their members have nothing to do with milk or cream. They are in the business of raising and marketing farm products.

### LETTERS TO THE EDITOR

Dear Sir: I have read with interest your article on the Hauptmann trial. It is a very interesting and timely article.

### PETRIED FOREST REACHES NEW YORK

Leslie Howard in Lead of Robert E. Sherwood's Latest Dramatic Offer.

New York, Jan. 12.—(AP)—The cosmopolitan aspect of Broadway is most aptly illustrated by the two of the outstanding plays which made their debut this week, bringing stars from the two ends of the earth as well as from the center.

When "The Petrified Forest" was first produced in New York, it was a sensation. It was a play about a man who had been petrified in a forest.

"The Petrified Forest" is a play about a man who has been petrified in a forest. It is a play about a man who has been petrified in a forest.

### ROAD WORK MEASURES TEN MILES—BIG SPAN INCLUDED IN PROJECTS

Right highway projects, which include the improvement of highway construction of two bridges, and some widening and resurfacing work, are being planned by the State.

At the annual meeting of the Wapping Wapping Club, the State Highway Department announced that it has approved a program of road work measuring ten miles.

The program of road work measuring ten miles includes the improvement of highway construction of two bridges, and some widening and resurfacing work.

The program of road work measuring ten miles includes the improvement of highway construction of two bridges, and some widening and resurfacing work.

BEST TRAVEL LETTERS SELECTED BY STAFF

Two of Four Chosen as Best of Those Submitted in Miss Burke's Class in English Are Printed.

The four best letters written at the conclusion of a travel-study project in one of Miss Burke's freshman English classes were chosen by the High School staff from all those passed in. Two of the letters follow; the other two will be printed later.

Dear Mother, I have had some great news for you. I have just received my first check for \$400.00. I am so happy and proud of you. I have been thinking of you every day since I left home.

Mexico City is a lovely place. The people are so friendly and warm. I have enjoyed every minute of my stay here. I have seen so many beautiful sights and have learned so much about the history and culture of this great country.

One thing which interested me greatly was the costumes worn by the people. They were so different from those we wear here. I have seen many beautiful pieces of embroidery and have learned a lot about the art of weaving.

The second day of our visit we went to the cathedral. It was so grand and beautiful. I have never seen anything like it before. The architecture was so different from anything we see here.

The third day we stayed in our hotel. It was so nice and comfortable. I have enjoyed every minute of my stay here. I have seen so many beautiful sights and have learned so much about the history and culture of this great country.

Water is delivered in tanks by peddlers who go around from house to house selling it. We bought some water but it was so hot that we could not drink it. I have never seen anything like it before.

After a sleepless night I managed to get up early this morning. I was so tired but I had to go to school. I have never seen anything like it before.

We left our hotel about noon. We had a very nice ride to the airport. I have never seen anything like it before. I have learned so much about the history and culture of this great country.

I thought I would tell you about the people I met here. They were so friendly and warm. I have enjoyed every minute of my stay here. I have seen so many beautiful sights and have learned so much about the history and culture of this great country.

I have learned so much about the history and culture of this great country. I have seen so many beautiful sights and have learned so much about the history and culture of this great country. I have learned so much about the history and culture of this great country.

BOOK TELLS DANGER OF SOME COSMETICS

"Skin Deep" On Display in Room 28 Has Aroused Interest.

"Skin Deep" by M. C. Phillips, one of the books on display in Room 28, has been the subject of discussion among many high school girls interested in the use of cosmetics.

The book is a "Truth About Beauty" and is a warning to young women to be careful of the cosmetics they use. It tells of the dangers of many popular brands of cosmetics.
