

SENATE CONFIRMS HALL NOMINATION

Democrats at First Plan to Oppose Action But Abandon It After a Conference With Governor.

State Capitol, Hartford, April 24.—(AP)—The Senate confirmed the nomination of Edward F. Hall as state finance commissioner today after Democrats abandoned a plan to oppose action on it pending the receipt from the governor of his nomination for state agent of agencies and institutions.

The selection of Hall, a Republican, was confirmed unanimously and without debate. The committee followed two Democratic caucuses and a conference of Democratic Senators with Governor Wilbur L. Cross, who submitted Hall's name to the Senate yesterday.

Democrats, representing themselves as desirous that either the state agency or the finance commissioner should go to a member of their party, asked the committee on executive nominations to hold up the Hall nomination. Senator J. Kenneth Bradley, Republican floor leader and chairman of the committee, however, asserted the committee had approved the Hall nomination and would report on it at once.

Senate Democrats, it was understood, decided to withdraw their opposition to having the Hall nomination come in today as a result of the conference between the Governor and three Democratic Senators.

None of the conferees would say as to whether the committee had committed itself one way or another as to whether he would name a Democrat for the state agency post or renominate Raymond F. Gates, a Republican.

Hall, a New Britain resident, will begin his new four-year term May 4, 1935.

In addition to approving the Hall selection, the Senate confirmed the nominations of Walter H. Clark of Hartford and James T. Moran of New Haven to be members of the State Department of Public Welfare.

Governor Cross revived the virtually defunct state board of mediation and arbitration by sending three nominations into the Senate for this body. The nominees were State Labor Commissioner Joseph M. Tona, John H. Goss of Waterbury and Clyde O. Fisher of Middletown.

The nominations were for two years.

Board's Duties. This board's duty is to settle grievances arising between employers and employees and operates under the State Labor Department.

The former members of the board (Continued on Page Two)

ACCUSE HUSBAND OF KILLING WIFE He Tells Police His Little Son Killed Her While Sleep Walking.

Greenville, Tex., April 24.—(AP)—S. P. Darden, 32, charged his attractive 32-year-old wife was killed by his young son as he walked in his sleep, was held on a murder charge here today.

"I never expected anything like this," the Caddo Mills, Tex., filling station operator protested tearfully after he had been informed of the charge against him. "I expected an inquest to be held, but nothing like this."

Darden, who was arrested after attending his wife's funeral, said he was awakened early Monday morning by the report of a gun and saw his eight-year-old son Jackie standing over the bed where the slain woman lay, a shotgun in his hands and still asleep.

Jackie says he "can't remember what happened."

Seems Impossible. District Attorney Henry Pharr said it would have been physically impossible for the child to have fired the weapon. He also disclosed that Darden recently had obtained for himself and his wife a joint insurance policy, containing a clause providing for extra indemnity in case of accidental death.

WALKER TO DIRECT BIG RELIEF FUND

New York Lawyer Replaces Richberg on the National Emergency Council.

Washington, April 24.—(AP)—Frank C. Walker, New York lawyer, took charge today of a clearing house through which plans for spending the \$4,000,000 work relief fund began to flow.

Walker, a close friend of President Roosevelt for years, was drafted yesterday by the President. He replaced Donald R. Richberg as executive director of the National Emergency Council and immediately set up a special division in that organization to receive all work-relief applications.

The "new divisions" of application and information was charged by the President with taking the plans of Federal officials, state and local agencies and preparing them for quick action by a works allotment board to be headed by Mr. Roosevelt himself.

Announcement of details regarding the allotment board, which will be the second one fitted into the administration's machinery for using the huge work-relief fund, was pooled within a few days.

A statement issued by the White House late yesterday said that Walker was called back to the directorship of the Emergency Council, which he previously held, in order that Richberg may devote his entire time to the NRA, while Congress is debating whether or not to continue that agency.

Richberg, who recently was named chairman of the board in charge of the recovery administration, explained he planned to go "into hiding" for 10 days to prepare for a test of NRA's constitutionality before the Supreme Court.

Stanley Reed, solicitor general, has been chosen to present the government's side of the case in arguments before the court.

SWEEPS BUILDING RUINED BY FLAMES Place Where Irish Hospital Lottery Tickets Are Drawn Swept by Fire.

Dublin, April 24.—(AP)—The Plaza building where prizes are drawn in the Irish Hospital Sweepstakes was swept today by fire rumored to be of incendiary origin.

The flames were discovered by a caretaker shortly after 7:30 a. m. At that hour none of the 300 young women employed in the building was at work.

The elaborately decorated drum from which the counterfoils are taken in the Sweepstakes draw was found in the debris, a mass of twisted steel.

Field the Records. The building's frame and brick construction, was owned by the Sarostat (Irish Free State) government and contained the sweepstakes records. It was situated on Abbe street near O'Connell, which is Dublin's Broadway.

The sweeps draw was held on its second floor in a large room once used as a ball room.

All fire fighting in the city were called out to fight the flames. A shortage of water, occasioned by the practice of shutting off the supply in some Dublin areas at night, hampered the efforts of firemen at first.

Work has been in full swing in the Plaza recently in preparation for the Derby draw. An official said there were no Derby counterfoils in the building, but that some sweepstakes records were destroyed.

'Spring Fever' An Alibi To Take Afternoon Off Chicago, April 24.—(AP)—If you observe symptoms of spring fever—for instance, a strong tendency to take the afternoon off—you may dismiss it with a yawn.

Just "Another Actor", That Gentleman Behind Mae West?

Mae West says it must have been a couple of other girls who married Frank Wallace in Milwaukee in 1911, because she didn't. Yet here's a picture showing her (left) in a scene from "Diamond Lil" being served by a "singing waiter" named Frank Wallace. She got him the part. To make things more confusing, another Frank Wallace, vaudeville actor, has been found in New York—he says the screen siren was his bride and divorced him in 1917.

PRESIDENT GIVES OUT RELIEF PLAN DETAILS

Tells of Vast Scope of Projects and Assigns Them to 60 Existing Government Agencies.

Washington, April 24.—(AP)—President Roosevelt today assigned a vast scope of work relief projects to more than 60 existing government agencies and organized three new government units in addition.

He named Rexford G. Tugwell, undersecretary of agriculture to head one of the three new agencies—an organization for rural re-settlement.

He set up also a new unit for grade crossing eliminations under the Bureau of Roads and the Department of Agriculture and created a third new division to take charge of rural electrification.

The President in discussing the start of the \$4,000,000,000 program made it clear all applications for projects would clear through Frank C. Walker, of New York, who was named last night to handle that job as director of the National Emergency Council.

Mr. Roosevelt probably will announce tomorrow the allotment board which will pass on distribution of the huge fund. The President himself probably will head this board.

The new rural re-settlement agency is to undertake the sweeping task of moving families and possibly even whole communities to new places of better opportunity. This agency also will take over subsistence homesteading and other related agencies in various departments of the government.

Tugwell will retain his post as undersecretary of agriculture and will be solely responsible for this new unit.

The President has not decided whom he will place in charge of rural electrification.

Outlining some of his plans at his regular press conference, Mr. Roosevelt said:

"The House planned further debate today on the larger of these two bills—the \$460,000,000 appropriation for the Navy for the next fiscal year. It is the largest regular supply bill for the Navy in 15 years. Chairman Cary (D., Ky.) had said that preparedness for defense was necessary in view of world conditions. He said 'war clouds' were hanging over Europe, with nation's 'building the greatest war machines ever.'"

The recruits will be assigned to existing units, increasing the strength of companies of infantry, cavalry and engineers to 120 men, almost double the present roster.

The Army's actual fighting strength, not counting non-combatant units such as Medical Corps, is approximately 50,000 men. It calls for an eventual increase of 46,500 combatant troops.

GRAIN MARKET POSTPONES ITS OPENING TODAY

Chicago Board of Trade Wants to Clear Up Legal Problems Before Trading Is Resumed.

Chicago, April 24.—(AP)—Opening of the Board of Trade was postponed today pending clarification of certain legal problems arising from action of the Rosenbaum Grain Corporation in seeking reorganization under the amended Federal Bankruptcy Act.

Announcement of the postponement was made as traders gathered about the pits for the opening gong. In a statement signed by Fred C. Clifton, secretary, the board said in view of the fact that a court order was issued yesterday restraining the board from taking certain action in connection with existing trades delaying opening would be "postponed until a time to be designated by the directors pending clarification of certain legal problems now being argued before the courts."

Other principal grain exchanges were notified of this action.

The Rosenbaum Grain Corporation, one of the largest concerns of its kind in the country, was granted an injunction by Federal Judge W. H. Holly restraining the Board of Trade and the Board of Trade Clearing Corporation from suspending the company's membership.

Directors of the board, after a prolonged special session last night, were reported to have instructed attorneys for the exchange to petition the court to have the injunction set aside.

The Kansas City Grain Exchange following the action of the Board of Trade in postponing the opening bid the Minneapolis and Duluth exchanges opened as usual.

Minneapolis wheat was 1 1/2 to 1 7/8 cents lower at the start but rose a few minutes around 1-2 cent of this initial loss was regained.

An early statement was issued by (Continued on Page Eleven)

PROCESSING TAX SECTIONAL ISSUE

Dispute Seems to Be Headed for Supreme Court Test, Leaders Say.

Washington, April 24.—(AP)—The cotton processing tax appeared headed today for a Supreme Court test as the Congressional controversy over the levy showed increasing signs of developing into a sectional issue between the New England textile bloc and southern agricultural representatives.

Massachusetts Republicans assailed yesterday on the floor of the House by Representative Warren (D., N. C.) for their attack on the levy were expected to seek recognition today to make their replies.

Warren said the fight was a drive against the Agricultural Adjustment Administration.

Chief among the four Massachusetts representatives mentioned was Mrs. Edith Nourse Rogers, referred to by Warren as "the charming and gracious lady from Massachusetts" who, he said, failed to make one when the New England textile industry declined under Republican administration.

Others were Representative Martin, who gained the floor yesterday to deny there was any "partisan ship" in the fight against the processing tax; Treadway, and Gifford. Promise that the constitutionality of the tax and of the AAA soon would be put to the Supreme Court came from Boston as arguments were heard by the U. S. Circuit Court of Appeals there in an appeal on behalf of the receivers of the Hoosac Mills Corporation from a Federal court decision that they must pay \$81,000 in processing and floor taxes.

Meanwhile, New England textile interests prepared for hearings before a subcommittee of the Cabinet committee appointed by President Roosevelt to study the entire textile situation, including the processing tax, Japanese competition and North-South wage differentials.

The sub-committee, headed by John Dickinson, assistant secretary of commerce, was expected to begin the hearings tomorrow with large representations from New England scheduled to be heard.

Interest in the southern textile scene centered on Augusta, Georgia, where the American Cotton Manufacturers Association was to convene today. The southern attitude in the textile controversy is expected to be reflected by the meeting to which President Roosevelt sent one of his secretaries, Marvin McIntyre.

FEAR GENERAL STRIKE IN HARTFORD DISTRICT

Lindy Waived Honor For Pacific Flight

New York, April 24.—(AP)—Col. Charles A. Lindbergh, whose flying ability gave him fame and fortune, is pleased that other veteran aviators are reaping their share of the world's plaudits for long distance transoceanic flying.

It was disclosed today that the colonel was one of the Pan-American Airways officials most anxious to see Edwin C. Musick, captain of the Pan-American clipper on its recent successful trial flight of the round trip between California and Hawaii.

As chief of the technical staff of the company, Colonel Lindbergh has flown both the Atlantic and Pacific oceans, testing the advisability of various transoceanic routes, following similar flights across the Caribbean to South America.

It was understood some time ago that he could have piloted the big 10-ton clipper ship on its Honolulu flight had he desired but that he waived the honor in favor of Musick, the company's No. 1 pilot, who for 22 years has been flying air-planes so quietly and carefully that he never has had even a minor accident.

Pan-American officials frequently have pointed out that Musick's flight was not to be regarded as the inauguration of a regular trans-Pacific service, but was intended simply as a test of technical flying conditions on the East Pacific.

Since Lindbergh's judgment on technical matters is of high importance in the company's inner councils, aviation circles have understood for some time past that the colonel probably would take active part in some of the preliminary trans-Pacific flying connected with the inauguration with the new American service to the Orient.

Whether he actually will pilot the passenger ship which inaugurates the service is purely conjectural, for Lindbergh himself has said nothing on the matter and until he speaks, no one else can be privileged to say what he may do.

However, he did fly the "American Clipper" which inaugurated Pan-American Airways trans Caribbean service five years ago and it was considered possible that the company might follow this precedent in the Pacific.

FREEDOM OF PRESS IS UNDER ATTACK President of A. N. P. A. Tells of Recent Examples Occurring in the Nation.

New York, April 24.—(AP)—A warning that attacks on the freedom of the press in the United States "are being made from many sources and in many ways" was given by the American Newspaper Publishers Association by its president, Howard Davis, of the New York Herald Tribune, in his opening address to the organization at its forty-ninth annual meeting here today.

"You are all acquainted with the attempt in Louisiana to curtail the freedom of the press through taxation," he told 500 publishers attending the convention. "The newspapers of Louisiana took the case into the Federal Court and obtained (Continued on Page Three)

TRUCK HITS HOUSE, DRIVER IS KILLED Vehicle Catches Fire After Crash; Occupants of the House Hurlled from Beds.

Southington, April 24.—(AP)—A truck leading a procession of seven others, led the road at the foot of steep, mile long Southington mountain early today, crashed through a cottage, overturned and caught fire, killing the driver, George Lemux, 22, of Waterbury.

The four occupants of the cottage, Mr. and Mrs. Ralph Storey and their two sons, age 12 and 10, who were sleeping on the second floor, were thrown from their beds, but were uninjured.

First reports from the scene of the crash said there was no indication that picketing or any other activities incident to the truck drivers' strike in this state had anything to do with the accident.

The procession had been convoyed to the top of the mountain by an escort of Waterbury police and a (Continued on Page Eleven)

City and State Leaders Hold Conference to Prepare for Emergency — Hartford Police Drive Through the Streets Armed With Riot Guns — Truck Is Burned on Newington Highway.

Hartford, April 24.—(AP)—Leaders of state and municipal law enforcement agencies answered the threat of a general strike of labor in Hartford with a meeting at the office of Brigadier-General William F. Ladd in the state armory today to formulate plans of co-operation in the event of any emergency.

Those at the meeting were Mayor Beach, Commissioner Sunderland of the state police, Fire Chief Moran, General Ladd and George H. Day, president of the board of police commissioners. The meeting resulted, it was said, from a growing feeling on the part of all executives that co-ordination would be vitally necessary were the unsettled labor conditions to become more aggravated.

Drivers Protected. As this conference was in progress state and local police were alert to give protection to transportation company officials who were, in some instances, operating their trucks in defiance of the truck drivers' strike, and to prevent a repetition of the violence which culminated early this morning in the burning of a New York truck on the Berlin turnpike in the town of Newington.

Local police radio cruisers drove through Hartford's streets armed with riot guns.

The burning of a truck on the Newington Highway resulted in the arrest of Roy Anderson of Forestville, on a charge of arson. He is held at the state police barracks in bonds of \$5,000 pending the outcome of the state police investigation.

Truck Set Afire. The truck was driven by Louis Lipschitz of 9523, 76th street, Ozark Park, New York, and was owned by his sister, Miss Mary Lipschitz of Newark, N. J. Lipschitz told the state police that he was driving north on the turnpike near Shelly's hill when he was stopped by six men in an automobile and another individual on a white motorcycle.

Lipschitz drove furiously in an attempt to reach fire department aid in this city; but was forced to abandon the truck near the city line at Cedar Hill when the flames got too hot. Motorists summoned by the apparatus from Hartford and Waterbury fielded by the truck, with its load of baby carriages, oil heaters and chairs, was destroyed.

State Policemen William Landon and Joseph J. Sucke picked up Anderson on his white motorcycle in Newington a short time after the fire. The latter, a striking truck driver, has been in the employ of the Consolidated Motor Co., of Hartford and labor officials today were attempting to raise his bail.

BOSTON CONFERENCE. Boston, April 24.—(AP)—The Regional Labor Board here today took a hand in the strike of interstate truck drivers, which has crippled transportation in sections of New England.

Conferees of strikers and employers held in Hartford, Conn., last night failed to effect an agreement and the problem was referred to the Regional Labor Board here for settlement.

Union officials reported through freight truck service between Boston and New York practically at a standstill and John G. Murphy, business manager of the Hartford Truck Drivers local said picketing operations would be increased.

Boston firms said they had signed contracts with several principal truckers here. They refused, however to give firms with which they have contracts permission to clear their trucks or exempt them from interference from the pickets patrolling the Connecticut valley in automobiles.

Upon the opening of the strike Sunday, John M. Sullivan, president of the union had permitted trucks operated by union drivers and then on the road to continue to their destinations without interference.

Approximately fifty loaded vehicles were reported "stranded" along the highways between Springfield and New York—deserted by their union drivers. Many of the flying squadrons of pickets left (Continued on Page Eleven)

FALLS OUT OF WINDOW THEN HE IS ARRESTED

Chicago, April 24.—(AP)—if William O'Connor, 65, and his wife, Marie, were looking for sympathy from the police after they had fallen out of a third-story window, they were doomed to disappointment. For the police arrested O'Connor.

Before Judge Frank M. Padden yesterday, O'Connor explained: "We had taken a nip and were embracing near an open window and we fell out."

Neither was hurt. The judge freed O'Connor.

MORRIS SULLIVAN OF WAPPING DIES

Widely Known Veteran Tobacco Grower Succumbs to Brief Illness at 87.

Morris D. Sullivan, a prominent resident of Wapping nearly all his life and also widely known in Manchester, particularly at the north end, died today of a cardiac condition aggravated by pneumonia in Manchester Memorial hospital.

Mr. Sullivan had not enjoyed his usual good health this past winter, but had so far improved that recently he was able to drive his automobile as for many years had been his custom, and on the recent occasion of his 87th birthday, was the guest of honor at a party in the Wapping school.

Born in Roxbury, Mass., April 15, 1848, Mr. Sullivan was brought to Wapping by his parents when a baby of three. He had lived in the same house consecutively for 65 years. A successful tobacco grower in his prime, he retired from active business several years ago.

Lodge Notes Birthdays. Mr. Sullivan was the oldest member in point of years, as well as (Continued on Page Three)

TREASURY BALANCE

Washington, April 24.—(AP)—The position of the Treasury, April 22 was: Receipts, \$25,101,062.15; expenditures, \$25,007,980.48; balance, \$93,074,530.763.45. Customs receipts for the month, \$23,715,343.25.

Receipts for the fiscal year (since July 1) \$3,051,309,136.53; expenditures, \$3,586,367,914.25 (including \$2,828,863,232.83 of emergency expenditures); excess of expenditures, \$2,635,058,777.72. Gold assets, \$8,676,778,505.43.

Opera Star Falls Asleep On Stage While Acting

New York, April 24.—(AP)—Kirsten Flagstad, just before she sailed for her Norway home today, confessed she fell asleep for a minute or two at her Good Friday performance of Wagner's "Parsifal" at the Metropolitan opera.

The soprano, whose debut at the "Met" this season provided one of the major operatic sensations of the year, had a strenuous season. Several extra performances were (Continued on Page Eleven)

S. A. BAND GIVES RETURN CONCERT AT NORWICH

Audience of Four Hundred Heard Varied Program

Planned by Urge of Lutherans.

The Salvation Army band went to Norwich last night on the invitation of the Evangelical Lutheran church there, for the presentation of a vocal program of instrumental and vocal numbers.

The band, under the baton of Bandmaster David Addy, rendered 12 numbers. The Salvation Army quartet, David Addy, William Hall, Harold Turkington and Fred Chubb sang one selection and the octet, David Addy, William Hall, Harold Turkington, Fred Chubb, Hudson and Robert Lyons and Russell and Maynard Chubb, also sang.

U. S. ENVOY ENTERTAINS DIPLOMATS AT MOSCOW

William C. Bullitt Acts as Host of 500 Guests at American Embassy.

Moscow, April 24.—(AP)—United States Ambassador William C. Bullitt was acclaimed today as one of Moscow's best hosts as a result of an entertainment last night which 500 guests, including Foreign Commissar Maxim Litvinov, attended.

The guests treated the affair the most successful reception the Soviet capital has seen in years. They danced and dined until dawn in the spacious Embassy residence which was enlivened by waltz music and dancing.

WAPPING

Water Burnett and son of Manchester and East Hartford and Arthur Russell and son of East Hartford have moved recently to the Wapping. The two boys are at the CCC camp.

Mrs. Alice L. Barber and her daughter, Mrs. Royal Crowl and son, Henry L. of Brooklyn, N. Y., accompanied by Dr. Francis Hermitz, an automobile drive today through the tulip bulb fields between Hartem and Leiden, definitely re-futing recent rumors they were seriously ill.

Vol. II, No. 58. Wednesday, April 24, 1935.

INTEREST NOW CREATED BY STUDENT RESEARCH IN HISTORICAL EXHIBIT

Varied replicas of scenes from Connecticut's early days and graphic presentation of facts will be displayed here.

The interest of the many varied replicas of scenes from Connecticut's early days and graphic presentation of facts will be displayed here.

One of the first free schools was set up at New Haven in 1647. The pastor of the congregation with the assistance of some magistrates had to make laws which should be observed and also to state how much of an allowance should be kept for the school.

Some of the subjects taught were Latin, grammar, and arithmetic. Because of some trouble in the church, Ezekiel Cheever had to leave the school in 1647. Jeremiah Peck became schoolmaster of the New Haven Latin grammar school in 1647. He received 40 pounds, or \$134.40 per year, as salary because he had to board the children.

BEHOLD HERE TODAY MILLICENT GRAVES, secretary to GEORGE DRINGOLD, finds her employer in his office dead. ARVIS HAPPA, a stranger, offers to help her. She is transformed into a nurse, then takes her home, introducing her as his secretary. She meets Happa's son, NORMAN, his stepson. ROBERT CAISE, HERRIS HAPPA, DICK GENTRY, Happa's partner, and VERA DUCHENE, Mrs. Happa's maid.

COMMERCIAL FRIGIDAIRE TRADE GROWS AT KEMP'S

Kemp's Incorporated, local agents for Frigidaires, has established a fine commercial refrigeration business. Commercial refrigeration takes in large cooling installations such as in stores, public buildings, offices, distilleries and produce stores. For years leading stores, the big meat packers and producers of refrigerated food have depended upon Frigidaires. This famous refrigerating unit has proven economical and completely dependable—a vital necessity in all kinds of cold storage.

SENSE and NONSENSE

House-Cleaning Time Again—House-cleaning time has come once more. What will the men folk do? Gather around the corner store, Matilda is cleaning the cupboard. Henry is painting the door. Do not sit in that chair. You see the cushion is on the line. What'll we have for supper? What'll I first clear down to me. House-cleaning time has come once more. What will the men folk do? Gather around the corner store, spit and cuss and chew.
