INCREASE IN TAXES GOVERNMENT'S AIM

Reports Say Stiff Gift and Inheritance Tax Will Be Proposed at Next Week's Parley.

Washington, June 6.—(AP)—The administration's tax program for the next session of Congress will be discussed in a conference today with the Senate Finance Committee and House Ways and Means Committee.

Treasury experts were understood in high sources to be studying closely a proposal offered earlier in the session by Senator Coughlin (R., Mich.) for a retroactive increase in income tax rates, with some retroactive effect.

Higher Income Tax. They were also reported to be studying the demand for a 10 percent increase in the top rate of the income tax, which would be applied to all income in excess of \$10,000 a year.

President Roosevelt's advisers expect him to submit a tax program in a special message to Congress in the next few days.

REPUBLICANS SET FOR CONVENTION

Summary Shows They Will Quit Pussy-Footing in Attacks on President.

Springfield, Ill., June 6.—(AP)—Demands that the Republicans "quit pussy-footing" in their attacks on President Roosevelt rang in the ears of delegates to the "Grass Roots" convention today.

Chairman Harrison E. Spangler of Iowa said a summary of suggestions advanced by delegates to the convention showed they were "quit pussy-footing." They believe it is time to pin broken promises of the last campaign to the President of the United States.

"When a man says he is going to balance the budget and doesn't do it and when a man says he is going to cut the government payroll and then hires 120,000 additional employees, they believe it is time to fix the responsibility."

Mention of candidates was taboo among the delegates at the scene.

At about 6 o'clock Thursday night the delegates to the convention acted upon Monday and Tuesday in the ten state effort to revive Republican fortunes in the city which is the home of Abraham Lincoln.

THINK LOST BOY FELL INTO RIVER

Taxicab Driver Tells Police He Saw Woman and Boy in Neighborhood.

New York, June 6.—(AP)—Balked by the absence of a single tangible clue, police searched today to break the wall of mystery surrounding the disappearance of a young boy, who was last seen in the East River close by the Sutton Place playground where he was last seen Thursday night.

Some credence to this belief was given by the report of Harry Lepou, a taxicab driver, that he had seen a small boy and a well dressed woman, who were walking together, at Sutton Place and 56th street, within two blocks of Jackie's playground.

Boy Was Crying. Lepou told police he was waiting for a fare when he noticed the boy and woman. He said the boy was crying and the woman was holding him. He said he saw them walking together, at Sutton Place and 56th street, within two blocks of Jackie's playground.

RICH, FRESH MILK IS IDEAL SUMMER FOOD

Of all the food products, milk is the one that is capable of doing the most for the health of the body. It is a rich source of protein, calcium, and other essential nutrients. It is also easy to digest and is a perfect food for infants and young children.

HEEDEN RESTORES VALUABLE ANTIQUES

Victor Heeden's shop at 82 Holliston street, is an interesting place to visit occasionally. Antique furniture is bought and sold and expertly restored and finished. Not only is it always a treat to look over the various pieces of fine furniture displayed for sale but it is also highly interesting to watch the work of restoration of some of these articles in the shop. One sees there pieces of time-worn and discolored furniture that seem fit only for the waste, and yet one finds them there a week or two later perfectly restored both in color and in finish. The work is done with the most skill and care.

OMAHA EXPECTED TO WIN HISTORIC BELMONT STAKES

Distance of Mile and a Half in Rich Turf Classic Made to Order for Wm. Woodward's Champion Colt.

New York, June 8.—(AP)—William Woodward's Omaha, winner of the Kentucky Derby and the Preakness, came up to the \$50,000 Belmont Stakes at Belmont Park today with the chance to duplicate the feat of his famous sire, Gallant Fox, and Sir Barton—the only two horses to win the "triple crown" of the American turf.

An easy victor in both the Derby and the Preakness, Omaha was trained by William Dupont's Rosemont in the one mile of the Withers, the Woodward colt was a 5 to 1 choice to lead his three-year-old rivals, including his conqueror, over the one and one-half miles.

Distance Made To Order The distance and the field was made to order for the Woodward stretch-running chestnut, which found the mile and a half position in the large field of the Withers 40 minutes before the call to boots and saddles. Omaha should have no trouble in making the mile and a half, but a long run to the first turn, a half-mile dash down the back stretch, sweeping bends and finally a quarter-of-a-mile run to the judges' stand.

Rosemont's Second Choice Rosemont, although rated a doubtful stayer by some experts, showed enough in the Withers, when he held his own in the stretch, to be made the second choice at 8 to 1 in the pre-race betting. Others, however, say that if any horse was to show the way home to Omaha, it would be Walter M. Jeffords' Firethorn, which he has yet to match stakes with Omaha.

National Stallion Stakes Woodward also named Sir Beverley as a running mate for his star colt, but unless the track works better and this appeared improbable, he was considered a doubtful stayer. Also in Woodward's field, Fawn was given only an extreme outside chance.

On the card, it is the 23rd running of the National Stallion Stakes, a five-furlong dash for two-year-olds under the Withers chute, worth \$10,000. It brought together the leading Eastern two-year-olds, including Ogden Phipps' Cockade, stablemate of Omaha, and Triumphant and Savings from C. V. Whitney's stable.

COMPROMISES FEATURED SESSIONS OF ASSEMBLY

(Continued From Page One)

After the selection of R. McLean Buckingham as state milk administrator and the third time over the sales tax-municipal aid bill.

New Republicanism as a Republicanism. Walcott and Buckingham are Republicans.

Party in his political career when he found himself faced with the necessity of choosing between a Republicanism controlled General Assembly Governor Cross expounded his now famous theory of partnership rather than partisanship in the conduct of the state's affairs.

There were many in legislative circles who regarded the session just ended as the most striking, significant and important of the session. They pointed out that more of the governor's proposals received favorable action during the session than during the 1931 and 1933 sessions.

Many of the governor's recommendations which the two previous sessions had turned down because law this year with hardly a ripple. On Friday, May 31, a brilliant game between the two teams was "rain-out." On Saturday, June 1, the Hilltoppers again a game was talked of for the following Friday, but absolutely was not arranged as the weather was not favorable.
