NOT PARALLEL CASE
It is not easy to see the force of the argument that, because the Supreme Court of Errors has cast light on the Hartford school equalization question and set forth the method of adjustment in the Capital City school equalization problem, Manchester is able to settle its own equalization problem without recourse to a court ruling, simply by following the course indicated by the Supreme Court of Hartford.

OFF GOES THE MASK
The corrupt, foul-smelling, and degrading determination to certain matters like the Hartford school equalization question and set forth the method of adjustment in the Capital City school equalization problem, Manchester is able to settle its own equalization problem without recourse to a court ruling, simply by following the course indicated by the Supreme Court of Hartford.

BILLY SEASON
The Massachusetts House of Representatives adopted a resolution "viewing with alarm" the German government's policy of encouraging the persecution of its own people for religious and racial reasons.

THINKING BOOM! BANG!
It isn't only Italian, German, Japanese and Frenchmen that are interested in the "atomic" bomb. We have some people in this country who are just as full of dynamite and TNT explosions.

LIGHT THE ROADS?

A good many people will wonder, no doubt, what Motor Vehicle Commission is driving at when he quite casually dropped into his latest plea for less human slaughter on the roads of the state a suggestion that better lighting of the highways is one of the essentials to fewer "accidental" murders by automobiles. So do we.

DIFFERENT TIMES
Signing the bill restoring \$46,000,000 annually in pensions to veterans is not the same thing as signing the Philippines Inheritance and the Boxer campaign in China, which are the same thing.
