RECOMMENDS WPA WORK FOR TOWN

Biggest Job Suggested by Administration Is Repairing of Town Streets.

Matthew C. Daly, works progress administrator for Connecticut today sent to Washington for approval an PWA work in Manchester an allotment for \$38,489.96 for work to be done here and there are walks in many parts of the town that have been found in want of repair.

Another project which the commission has approved is of the allotment of \$50,023.30 for the repair of approximately 20 miles of roads in Manchester. This work will be on dirt roads and will be done in many parts of the town.

When the water now in storage is not sufficient to fill the reservoirs, but there is an ample supply for present needs. Even with the great amount of rain that has fallen during the past month and which the total fall is not up to the average.

By laying a new and larger main in Forter street it will supply an additional amount of water to the main that goes through Autumn street.
