graduates have never had a job
and have succeeded in finding only
casual and unremunerative employ-
ment.

It would be transparently illogical
to argue that if all the young peo-
ple who have gone through high
school in the last five years had
vocational school training instead
they would not be happily employ-
ed. It is only the fact that the
market is not so extensive that it
could not be glutted with trained
workers.

SENSE and NONSENSE

Successful Men Do Not Succeed On Account of Their Families, But In Spite of Them.  
So you've given up smoking? What cured you?  
Friend—The conversation in smoking cars.

Definition: Duet is mud with the juice squeezed out of it.  
Contralto is a low sort of music that only women sing.  
Wife's history is a veritable milestone on the road to learning. The theory of exchange, as I understand it is not very well understood.

Woman—Why keep worrying about the children?  
Friend—Can't help it.  
Woman—But, my dear, you are ruining your bridge game.

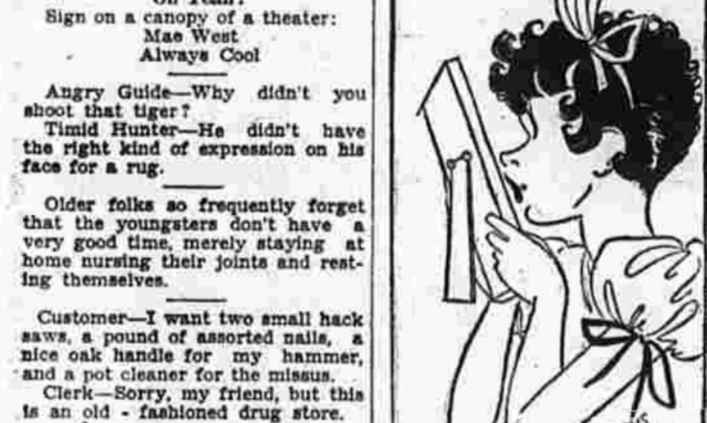

The Lemon is One Fruit That Can't Be Made Into A Salad With A Dash of Mayonnaise.  
Man—Is that a dry house you have there?  
Driver—No, it's a brown house, and the average reformer can talk loud and loud of the road to Utopia, but he always wants somebody to build it.

Farmer—See that rat cloud? There goes one acre after another.  
Traveling Man—And I suppose you are here to buy some more?  
Farmer—Broke! I'm pulverized.

Oh Yeah?  
Sign on a canopy of a theater: Always Cool  
Angry Guide—Why didn't you shoot that tiger?  
Tiger—He didn't have the right kind of expression on his face for a tiger.

Older folks so frequently forget that the youngsters don't have a very good time, merely staying at home studying their points and reciting themselves.  
Customer—I want two small back and a pound of assorted nuts, a nice oak handle for my hammer, and a pot cleaner for the mitsun.  
Clerk—Sorry, my friend, but this is an old-fashioned drug store.

The Family Never Thinks That Daughter Married As Well As She Should, And The Neighbors Always Marvel That She Married As Well As She Did.

FRANKING THE PICTURE PROVES YOU ARE IN AN ANONOUS FRAME OF MIND.
