**FUND-MATCHING RELIEF SCHEME, TAFT PROPOSAL**

Washington, Jan. 13.—(AP)—Charles P. Taft recommended today a Federal-state fund-matching relief program in which Federal allotments to states would be according to a stipulated formula.

Testifying as chairman of the Mobilization for Human Needs, a National association of community chests, Taft recommended that the amount and character of work relief and those eligible should be left primarily to the states. Federal programs would be tied closely to the general program by the states.

The son of the late President and Chief Justice Taft also proposed a national commission, "divorced from politics," to draft a long-range relief program.

His Federal-state-local plan, he said, "undoubtedly will make possible genuine economy both in local and Federal administration, without lowering standards of relief."

The Federal government should appropriate to the state a sum of money according to a stipulated formula to carry out a general relief program, including work relief.

The amount appropriated by the Federal government should be in definite sum available only upon conditions that be matched by local municipalities upon any basis it may decide compatible with relief needs.

The determination of the amount and character of work relief should be primarily the responsibility of the state and local community.

For the care of indigent patients, he urged that the Federal government make special grants to states from the general fund.

The Federal standards of administration, Taft suggested, "should require within each state and city a unified or at least a coordinated administration, under an adequate and inclusive merit system of appointment of all public assistance and general relief programs to which the Federal government contributes funds."

Taft asserted that the Works Progress Administration program cost "just exactly twice as much as it should." Local work relief is "cheaply" run, he said.

He suggested Federal relief should be on a non-relief basis.

**GEN. CHIANG MAPS COUNTER-ATTACKS**

Shanghai, Jan. 13.—(AP)—Generalissimo Chiang Kai-shek flew to Chungking today. Chinese sources said to direct an attack on Japanese invaders threatening the Lunghai railway.

With General Han Fu-chiu, commander of Shantung forces, Chiang was said to have outlined a major counter-offensive along the Tientsin railway, which meets the Lunghai at Shukow, some 300 miles northwest of Shanghai.

For a week Chinese armies have been making in the area. A stretch of 50 miles along a Tientsin-Peking line in Chinese hands. Success itself has been the goal of a Japanese offensive from Nanking and south from Peking.

**MOSES FOX IS DEAD; HEAD OF G. FOX AND CO.**

Hartford, Jan. 13.—(AP)—Moses Fox, president of G. Fox & Co., for many years one of the leading business men of Connecticut, died at 9:30 this morning at his home, 1040 Prospect avenue. He was 87 years old.

Mr. Fox succumbed to a cerebral thrombosis occasioned by arteriosclerosis. He was taken seriously ill on January 5 and gradually weakened until the end came this morning.

Mr. Fox was known as one of Hartford's foremost philanthropists, and many institutions in the city owe their fostering to his beneficence.

On the occasion of his 85th birthday in 1925, he made gifts totaling \$40,000 to the hospitals of the city.

Although the time no statement was forthcoming from members of the family, it was understood that Mr. Fox's gifts were made in a spirit of generosity for the blessing that came to him throughout his lifetime.

One of Many Gifts  
 Of this large gift, \$20,000 was given to Hartford hospital for a free bed there, and commenting on this to the late Dr. Lewis A. Sexton, then superintendent of the hospital.

The creating of this gift for the poor merely adds another to the list of gifts Mr. Fox has made to the hospital since his official connection with the institution.

In addition to his valuable service he has rendered during this long period (20 years) as a member of the board, he has made many other substantial gifts, among which was a free bed which he gave on March 19, 1924.

Another \$10,000 of his 85th anniversary gift was offered to Bishop Maurice F. McAuliffe for a free bed in St. Francis hospital. Five years before, in 1930, his daughters had given \$10,000 to St. Francis hospital in recognition of Mr. Fox's 80th anniversary.

The remaining \$10,000 of Mr. Fox's 80th anniversary gift was given to the board of directors of St. Vincent hospital for a free bed in that institution.

Mr. Fox was born in Hartford on Dec. 28, 1850, on Mill street, now known as Wells street, the son of Gerson and Hannah Fox.

**MINES EXPLOSION FATAL TO TEN**

An explosion in the Harwick coal mine near Pittsburgh killed 10 persons. Six hundred are normally employed in the mine but the workings were idle at the time of the blast and 40 foremen and repairmen were underground. Spectators are shown at the mine tipple.

**SAMOAN CLIPPER CREW ALL KILLED IN CRASH**

Pago Pago, Samoa, Jan. 13.—(AP)—Clear indication that the eight Samoan Clipper and her crew of seven were destroyed in a fire and explosion was brought to Pago Pago today by the minesweeper Avon.

The naval craft returned to port with charred fragments of the fly-boat after an all day search of the sea along 12 miles off Pago Pago today by the all-clipper Pacific plane crashed in flames Tuesday.

Every item recovered showed signs of an internal explosion. All were charred, burned and covered with aluminum powder.

Because of the condition of the fragments, no hope was held of recovering the bodies of Capt. Edwin C. Mueck, 48-year-old Pan American Airways pilot, and his crew of six from the shark infested waters.

The clipper carried no passengers. The plane caught fire while dumping excess gasoline preparatory to landing at Pago Pago to repair a broken oil line after starting out on a flight from Auckland, N. Z. It crashed in a thousand fathoms of water.

Wreckage Found  
 Wreckage found by the Avon included: A coat belonging to Radio Officer J. J. Finley, 29, of Alameda, Calif. It showed evidence of holes blown through it. A wing emblem was the identifying mark on the coat.

Trousers belonging to J. A. Brooks, 38, of Honolulu, assistant engineering officer. It was identified by its clear tie to the pocket. The clasp was bent.

Pages of the engineering log and other papers.  
 The plane's navigating chart.  
 Many small wood fragments from the inside of the plane.  
 A drawer.  
 The surface of the water was churning in color.

**FEAR 10 KILLED IN MINE TRAGEDY**

Stories Of Heroism Told By Survivors Of Great Explosion Far Below Ground.

Pittsburgh, Jan. 13.—(AP)—The 10 men who were killed in a tragedy were related today by county mine inspectors in the east head of a mine blast 17 miles east here and two others missing are believed to be dead.

Wreckage of the mine was being worked this morning by the 2,500-foot paneway which was partly wrecked shortly before noon yesterday, seeking the mine's main shaft. Three bodies were recovered today but were not immediately identified.

C. W. Gibbe, general manager of the mine, said there was no hope of finding the bodies in both the explosion and the deadly gas which followed quickly.

**GRAND JURY ORDERED TO MEET JANUARY 25 FOR PARKWAY PROBE**

Paris, Jan. 13.—(AP)—Members of the Cabinet announced today that Premier Camille Chautemps had decided to take the government's grave labor and monetary problems before the chamber of deputies. The announcement came after a special Cabinet session that lasted three hours.

The cabinet session was held in the Chamber of Deputies, and the ministers declared their intention of resigning if they were not given a vote of confidence.

President Paul Doumer had called the meeting today, but the Chamber of Deputies was not in session.

One well-placed government official said the President had proposed that the cabinet should resign.

The Premier had called his ministers into session especially to consider France's plague of strikes and falling currency.

Whether Mr. Roosevelt had proposed that this limitation be imposed immediately or at some future time when the evidence of over-selling was not disclosed.

Prices of Meats Take Big Drop  
 Nine to 50 Per Cent Decline In Wholesale Markets Figures Since September.

Chicago, Jan. 13.—(AP)—One of the sharpest drops in meat prices on record—9 to 50 per cent in the wholesale market since September—has put butcher shops and neighborhood grocery stores in a predicament.

Housewives now let the butcher shop longer in on the high price of pork chops, beef ribs, bacon and other items in the meat budget.

The household budget has received a substantial relief in part from the fact that the price of meat has fallen in the last few months.

Meats and chops are back on the dinner menu. The highest prices in most prices in recent years were crushed by consumer resistance.

Charged with conspiracy and the state commerce, the 71 defendants were sent through New York, New Jersey, Massachusetts, Pennsylvania, Rhode Island, Ohio, Connecticut and Kentucky.

**F. D. R. ADVISES LESS CREDIT IN AUTO SELLING**

Topic One Of Those Said To Have Been Talked Over With Business Leaders; Condemns Over-Selling.

Washington, Jan. 13.—(AP)—President Roosevelt was reported today in usually reliable quarters to be negotiating in his conference with business leaders for a curbing of credit on installment buying.

Informed persons said he has suggested to the motor industry a "three month" moratorium on the political circles speculated on installment buying.

It was one of the topics the President was said to have discussed Tuesday with Alfred P. Sloan, Jr., chairman of the General Motors Corporation, and four other prominent industrialists.

One well-placed government official said the President had proposed that the auto industry limit its extension of credit on the purchase of cars to 25 per cent, but that Sloan had rejected the suggestion as too drastic.

Time Not Disclosed  
 Whether Mr. Roosevelt had proposed that this limitation be imposed immediately or at some future time when the evidence of over-selling was not disclosed.

**SOCIAL SECURITY TAXES EXPENSIVE TO COLLECT**

Congressional Group Told It Costs Bureau \$1.44 To Collect Each \$100; Selling Baby Bonds Also Costly.

Washington, Jan. 13.—(AP)—A Congressional committee today disclosed that it should petition to court "injunctions" and collecting Social Security taxes are proving unusually expensive.

Edwin L. Kirby, assistant commissioner of the Treasury's public debt service, told the House Appropriations committee the small-employer bond program had cost about \$2,606,870 from 1935 to 1937 and that it would cost approximately \$2,698,000 during the next two years.

"It is true that they are an expensive security to market," Kirby said.

Oklahoma City, Jan. 13.—(AP)—Gov. William H. Hall, "Alfalfa Bill" Murray—has the way he wants his name on the ballot—stalled into town today wearing a brilliant red and blue sash.

CREW OF CLIPPER ALL KILLED IN CRASH

(Continued from Page One)

It was a tragedy which was reconstructed and ignited, presumably by a hot exhaust pipe.
