

### TEXTILE SITUATION OF STATE SUBJECT OF FEDERAL STUDY

#### About 45 Towns All East of Connecticut River To Be Visited; Legislative Council Backs The Project.

Hartford, Jan. 25.—(AP)—An investigation of conditions in the hard-hit textile regions of Connecticut under the direction of E. R. Coburn, head of the resources and trends division of the National Resources Committee of the Federal government was expected to be in full swing this week.

Approximately 45 towns, all east of the Connecticut river, will be included in the study for which the federal government is to set aside about \$20,000.

The Legislative Council and a special committee appointed by Gov. Wilbur L. Cross are behind the project.

John D. Thomas, secretary of the Legislative Council, said last night that a specific request for federal funds may be available within the next two or three days.

#### Federal Funds

He said that the allotment of federal funds to the project was a matter of mere routine since the federal authorities have already approved it under a blanket agreement.

Coburn said he was awaiting a signal from the National Resources Committee to go ahead with the study. He added that his staff of workers and he have been laying the foundation for the investigation for seven weeks now so that no time will be lost in getting started.

"We want to find out what is economically wrong with the textile industry in Connecticut and what can be done to improve the condition," said Coburn.

#### Complete Study

Plans are to send letters to various individuals, organizations, industrial plants and colleges in the section for information. The investigators will ask the co-operation of all persons and units so that the study will be complete.

#### Not conditions, transportation, natural resources of all kinds, available for industrial use and factory space available will be studied.

Coburn said when the investigation is completed, Eastern Connecticut should know where it stands economically, he added.

Among the towns included in the study will be Putnam, Willimantic, Norwich, New London, Thompson, Groton, Plainfield, Danielson and Jewett city.

On the governor's special committee for the work are Attorney General E. C. Hauman of Hartford, Congressman William J. Fitzgerald of Norwich, David Moxon of Willimantic, E. R. Coburn of Danielson, George Harrower of Waukegan, J. W. Nickerson of Manchester, R. H. Valentine of Stafford Springs and John Goss of Waterbury.

#### Agriculture Commissioner Holton V. Noyes, of New York, told the Northeastern Dairy Conference that the law permitting dairymen to sell milk at the farm level was a "last, best hope" for the industry.

The law permits dairymen to sell their milk directly to consumers, bypassing the middlemen who buy from the farmer and sell to the city.

#### Discussing the future of the industry in New York, the commissioner said that what is done there "may greatly influence the destiny of the whole dairy industry of the northeastern states."

Up to Dairymen.

Noyes declared the future of dairymen in New York must be determined "only by the industry itself."

It has been learned that each of the component groups must play fairly and squarely with each other if it has realized that internal dissension, distrust and disagreement lead only to disintegration; if it has sensed that cooperation and good confidence expect not only happier days for this bedeviled industry but a sounder, more stable and more prosperous condition.

He said the alternative as the industry's "collapse again upon the doorstep of the capital at Albany."

#### RESULTS!

J. S. Brown of 99 Henry street, dealer in butter and eggs, lost his change bag the other day. He lost no time in turning a Clarendon ad in The Herald and soon after the paper reached the street a young girl had returned the money. The incident demonstrates the honesty of the finders. It also shows the power of Clarendon.

BE WISE! ADVERTISE!

### BRITISH CREATE HUGE DEFENSES FOR HONG-KONG

#### Plant Great Guns, Machine And Air Arms, To Meet Feared Extension Of Japanese Moves Toward City

Hongkong.—(AP)—Fearing that Japan might attempt to extend her military activities in China toward the British crown colony, Hongkong is fortifying to such an extent that it soon may be, with Singapore, another " Gibraltar of the East."

Emergency crews are working 24 hours a day to complete a \$40,000,000 program of harbor, land and air defenses. The hills and inlets on the fringes of the colony already are bristling with heavy guns, machine gun and anti-aircraft emplacements, and other preparations for an armistice.

There are hundreds of searchlights to spot aerial raiders and "blackouts" are being put into effect to prevent any resident failing to put out all lights when ordered may be fined up to \$1,000.

#### Grimly Beautiful

With the thousands of homes in the city, the far-flung nature of the colony presents a grimly beautiful spectacle. The only thing to be heard above the clucking of the chickens is the sound of the "invading" and "defending" planes.

Hongkong fears that some day the Japanese will make a dash for the colony. Observers say the countless machine-gun nests could hold up an attacking land force for two weeks.

### DAIRY INDUSTRY PASSES ITS TEST

#### Milkmen Told At Hartford New York Producers Are On Their Feet Again.

Hartford, Jan. 25.—(AP)—New York's two billion dollar dairy industry was pictured today as having passed successfully the "first critical test" of its ability to control itself.

Agriculture Commissioner Holton V. Noyes, of New York, told the Northeastern Dairy Conference that the law permitting dairymen to sell milk at the farm level was a "last, best hope" for the industry.

The law permits dairymen to sell their milk directly to consumers, bypassing the middlemen who buy from the farmer and sell to the city.

Discussing the future of the industry in New York, the commissioner said that what is done there "may greatly influence the destiny of the whole dairy industry of the northeastern states."

Up to Dairymen.

Noyes declared the future of dairymen in New York must be determined "only by the industry itself."

It has been learned that each of the component groups must play fairly and squarely with each other if it has realized that internal dissension, distrust and disagreement lead only to disintegration; if it has sensed that cooperation and good confidence expect not only happier days for this bedeviled industry but a sounder, more stable and more prosperous condition.

He said the alternative as the industry's "collapse again upon the doorstep of the capital at Albany."

#### RESULTS!

J. S. Brown of 99 Henry street, dealer in butter and eggs, lost his change bag the other day. He lost no time in turning a Clarendon ad in The Herald and soon after the paper reached the street a young girl had returned the money. The incident demonstrates the honesty of the finders. ### JURY IS IMPANELED TO PROBE SPENDING ON STATE PARKWAY

#### Here Is Full Text Of Judge Foster's Grand Jury Charge

Bridgeport, Jan. 25.—(AP)—The charge to the Grand Jury convened today to investigate the activities of the state's attorney in the purchase of land for the Merritt Parkway, gentlemen of the Grand Jury: The charge of the court to you will be brief, in the hope that you will remember what the court says to you; for it is the law that you must follow and obey the instructions of the court as in the law.

You have been summoned into this court for a very unusual and a very important service. It is public knowledge and has been officially brought to the attention of the state's attorney of this county that in the purchase of land for the Merritt Parkway, a very large amount of state funds have been expended. In many instances, the sums paid for such land are said to have been so large as to seem unconscionable and to create the impression in the public mind that crime has been committed.

Where there is reason to believe that a crime has been committed, it is the duty of the state's attorney in the first instance to investigate the facts and upon finding want of prosecution, to present an information to the court asking that a certain person of a certain crime. But in the investigation of crime the state's attorney has no legal power to summon to his office witnesses nor to examine under oath the persons who may have knowledge of the commission of a crime.

A Grand Jury has been appointed in the fulfillment of his duty to fully and thoroughly investigate whether or not the state's attorney has been committed in this county to the purchase of land for the Merritt Parkway. The state's attorney of this county has moved the court to order the summoning of a Grand Jury to make such investigation.

### STORM SWEEPS STATE; LITTLE LOSS REPORTED

#### At New Hartford Ice Jam Had To Be Dynamited To Remove Flood Threat; Roads Battered By Waves

Several sections of Connecticut were flooded today and shore front property suffered minor damage as a warm rain, swept the state, melting most of the snow that had fallen during the past two weeks. Most serious flood threat apparently was in New Hartford, a community which suffered heavily in 1932 floods, where ice jammed in the Farmington river. Dynamiting crews broke the blockade, however, and serious damage was believed averted.

An ice jam in Morgan brook, Farmington river tributary, was broken by water over the New Hartford-Windland road at Rogers Corner and traffic was forced to detour through the river.

Some families were reported to have left their homes on the banks of the Farmington river below Colchester but ice was moving down.

### LOYALIST PLANES BATTLE WARSHIPS

#### Attempt to Break Naval Blockade Of Barcelona; French Craft In Danger.

Carber, Franco, at the Spanish Front, Jan. 25.—(AP)—Squadrons of Spanish government planes today began to attack the French naval blockade of Barcelona, after an intensive sea and air battle yesterday off Carber, involving French warships and French anti-aircraft batteries.

Inland over the bitterly contested Tarragona, anti-aircraft batteries of the Spanish government today shot down a French bomber plane. A description of the "vortepans" in a water vessel of which the gyroplane's characteristics in descent, give it an advantage over the Herkoff of New York and Philadelphia.

Two other research engineers advised that the aircraft, drop-down unit balloons, and one of the main problems will be the organization of the ground crew.

He plans to use a single clutch instead of two as in the previous attempt, each balloon held by a 100-foot girth attached to the gyroplane.

Milton Sworn In As New Jersey Senator

### BIG PLANE FEARED LOST, LANDS IN EAST HARTFORD

#### Started For Washington, D. C., From Newark, N. J., Forced Off Route For Seven Hours By Rain Storm.

Newark, N. J., Jan. 25.—(AP)—A 14-passenger Eastern Airlines transport plane with five persons aboard landed safely today at Rentschler field after battling strong winds and rain for seven hours on a scheduled trip to Washington, D. C., from Newark, N. J.

Capt. Fred Jones, chief pilot, calmly announced upon landing, "well we left and we landed."

The airliner, carrying two passengers and a crew of three, was feared "lost" for several hours, but Capt. Jones said he had been in constant touch with Newark airport officials by radio and the plane had "overboard" his radio beam.

Philip King, employe of the U. S. Maritime Commission, a resident of Washington, and a passenger commented when the big ship had been brought to the hangar:

"I can't say enough that's good about the plane that had been lost. The other passenger was C. E. Bane of 4 Radnor Road, Westchester."

### APPEAL DENIED IN PALKA'S CASE

#### Convicted Slayer Of Policemen Is Nearer Electric Chair; May Appeal Again.

Hartford, Jan. 25.—(AP)—Frank Palka, convicted slayer of a Bridgeport policeman, was a step nearer today to the electric chair at the state prison in Wethersfield where he is under sentence to die Feb. 1.

His latest effort to escape from the state prison was denied yesterday by Judge Edwin C. Farnsworth. Windsor principal found guilty of two men submitted to him by Altona, Mass. A. Grayday, earned Palka's release on a writ of habeas corpus and an injunction to prevent the warden at the state prison from carrying out the death sentence by the Board of Pardons now on Wethersfield. Judge Daly reserved decision "until today."

Received Many Stays

Palka has been kept alive by the Board of Pardons now on Wethersfield. Judge Daly reserved decision "until today."

Grusky, who said he plans to appeal the latest decision, based his arguments on the claim that the legal date for execution of sentence had passed and that a reprieve granted by Gov. Wilbur L. Cross Dec. 10 had to conform with a rule of the U. S. Supreme Court, which denied Palka's appeal, was illegal.

State's Attorney Lorin W. Willis said in reply that Palka's claim was without merit and that if it was upheld the state "might as well open the door and let him go."

In discussing an appeal, Grusky said the matter was too important to abandon now and he would have to think it over before taking the next step.

### SEE EASY JOB IN ABOLISHING BANK HOLDING

#### Senators Barkley, Wagner Forecast Easy Time For Measure To Eradicate Companies Plural Control

Washington, Jan. 25.—(AP)—Senators Barkley (D-Md.) and Wagner (D-N. Y.) forecast easy sailing today for legislation designed to abolish bank holding companies, a suggestion originally made by President Roosevelt. Wagner is chairman of the Senate Banking Committee, which will study a bill being drafted by Senator Glass (D-Va.) to achieve that objective.

Glass has been author of partial author of much of the nation's banking law, including the Federal Reserve Act. He said he was considering legislation to give bank holding companies five years in which to liquidate. The bill, he said, would not affect branch banking.

Whether the plan drawn by Brewster Benedict, 39-year-old son of President Benjamin Franklin, had landed at Natal or was continuing the non-stop flight was not known.

#### MARKET ANALYSIS

New York, Jan. 25.—(AP)—Stocks—Heavy; steel lead slow setback.

Woods—Weak; secondary rails continue under pressure. Curbs—Lower; utilities in supply. Foreign Exchange—Lower; franc breaks sharply.

Cotton—Quiet; trade buying, hedge selling.

Coffee—Improved; Cuban support.

Cocoa—Higher; trade buying.

### LATE NEWS FLASHES!

#### LEVITAN SAILS TODAY

New York, Jan. 25.—(AP)—The Levitan, delayed for three days by a wage disagreement, will leave this port on her last voyage between 4 and 6 p. m. today, officials of Simpson, Spence and Young said after a wage settlement with crew members.

#### CROSS OCEAN SAFELY.

Berlin, Brazil, Jan. 25.—(AP)—Two of Italy's "Three Grown Miles" fast bombing-type planes on a trans-Atlantic flight from Dakar, French West Africa, to Rio de Janeiro flew over this city this afternoon.

The third was reported to have landed at Natal, about 150 miles south of here, for refueling, according to the flight log of the plane, which was continuing the leg south to Rio de Janeiro, an air-line distance of about 1,500 miles.

Whether the plane flown by Bruno Mussolini, 39-year-old son of President Benito Mussolini, had landed at Natal or was continuing the non-stop flight was not known.

#### MARKET ANALYSIS

New York, Jan. 25.—(AP)—Stocks—Heavy; steel lead slow setback.

Woods—Weak; secondary rails continue under pressure. Curbs—Lower; utilities in supply. Foreign Exchange—Lower; franc breaks sharply.

Cotton—Quiet; trade buying, hedge selling.

Coffee—Improved; Cuban support.

Cocoa—Higher; trade buying.

#### FARRINGTON CASE NOLLED BY COURT

#### State's Attorney Alcorn Asks That It Be Not Tried And The Court Approves.

Hartford, Jan. 25.—(AP)—The appealed case against Edwin Farrington, Windsor principal found guilty of two men submitted to him by Altona, Mass. A. Grayday, earned Palka's release on a writ of habeas corpus and an injunction to prevent the warden at the state prison from carrying out the death sentence by the Board of Pardons now on Wethersfield. Judge Daly reserved decision "until today."

Received Many Stays

In discussing an appeal, Grusky said the matter was too important to abandon now and he would have to think it over before taking the next step.

### Court Tells Jurors They Are Called To Perform Very Important Service — In Charge He Speaks Of Land Purchases, Macdonald Among The First Witnesses To Be Called.

Bridgeport, Jan. 25.—(AP)—An Extraordinary Grand Jury, sworn to strict secrecy and armed with broad powers, was impaneled today to determine whether any crime was committed in the purchase of land for the Merritt Parkway, Judge Carl Foster in a 25-minute charge told the jurors they had been summoned to perform a very unusual and a very important service.

"It is public knowledge," the court said, "in slow, measured tones, and has been officially brought to the attention of the state's attorney of this county that in the purchase of land for the location in this county of the Merritt Highway so-called very large amounts of state funds have been expended. In many instances the sums paid for such land are said to have been so large as to seem unconscionable and to create the impression in the public mind that crime has been committed."

Judge Foster told the jury the first ever assembled to inquire into the activities of a state department, that it appeared to State's Attorney Lorin W. Willis that the land purchase in the purchase of land for the Merritt Parkway was a very unusual and a very important service.

"The citizens of the county and state," the court asserted, "demand such investigation to the end that if no crime has been committed, such fact may be definitely determined, and if there is probable cause to believe that a crime has been committed, the persons responsible for such crime may be brought to trial before the court."

The jurors were instructed in some detail as to their duties, responsibilities and powers. Nowhere in the charge, however, did Judge Foster mention any highway department activities other than the Merritt Parkway land purchases.

Among those in the courtroom were State Highway Commissioner John A. Macdonald, whose department was charged recently in a Public Works Department report with "inefficiency and wastefulness."

The commissioner, one of the first witnesses to be summoned, was called to appear before the grand jury later in the day.

In the courtroom also was Attorney General Charles J. McLaughlin, who with Willis conducted most of the preliminary inquiry into the Parkway land purchases involving up to date more than \$6,000,000.

Judge Foster advised the jurors that they call on Willis to examine the witnesses in the interest of a speedy, efficient and the saving of time.

#### Have Broad Powers

The jurors were told they had the power to summon witnesses from throughout the state or demand the presentation of books and papers of "any person or papers of any person or corporation within the state."

Judge Foster told the jury that "throughout but it should not be permitted to drag."

He suggested that it meet at least six hours a day, four days a week.

"You will continue your meetings as long as may be necessary to thoroughly perform your duties."

"The investigation that you are required to make is one of great importance."

#### NEW HELICOPTERS FASTER THAN PRESENT SPEED PLANES

New York, Jan. 25.—The possibility of manufacturing flying machines which would rise and descend vertically and yet be able to out-speed today's swift airplanes was described today to 150 of the country's outstanding aeronautical engineers.

Prof. Montgomery Knight of the Georgia School of Technology, told a group of whirling blades are actuated by the forward or downward motion of the rotor blades, after a manner similar to that of a propeller. He said that the action of the state's attorney was approved by Judge Edwin C. Dickinson.

Mr. Farrington had been "fined" for contempt of court by Judge Vane H. Parmelee in Windsor Town Court for whippings he admitted he administered Dec. 16 to John W. Frost, Jr., 13, a sixth grade pupil in Deerfield school, of which Mr. Farrington is supervisor.

STRESS SHORT CUTS AT COOKING SCHOOL

Immediate Home Relief Predicted At Helpful Home-making Course Presented Free By The Herald.

If all the managers in all the homes were to call a sit-down strike, the country would face a national calamity in a single day. More than the fleeing thought of so disastrous an uprising prompted The Herald to take action to bring immediate home relief to the seven-day-week household managers in this community.

Keating Up To Date The Herald recognizes that the full-time job of housemaking presents the greatest stress in the home, and is upping with the rapid changes and revolutionary improvements which are being made in her own line.

And the latest equipment will be used in the fascinating, completely modern kitchen on the stage of the State theater. Presiding over the immaculate demonstration kitchen Miss Edna Ferguson, who devotes her entire time to general house-making research, as well as to the study of food products and cookery.

Miss Ferguson doesn't pretend to take the old job completely. She doesn't propose to tell women how to cook on seven days' work in three. But she does believe in trimming hours by using short cuts and labor-saving devices thus improving the household output by conserving many housewife's time and energy.

Everyone has a common bond of interest in this friendly gathering, for the love of housemaking is universal. Besides, business and experienced housekeepers alike thrill to the wisdom of the "Ladies Aid" with its convenient, easy-to-use heat controlled cooking equipment, the bright modern laundry aids, the practical, durable, useful gadgets, handy measuring helps and all the other labor-saving devices. All these and more will be in active use, and will be discussed during the while the presiding home manager answers questions and offers many wise tips. Suggestions will range from the secret of quick digestible frying to the freezing of dairy desserts.

Novel Suggestions Novel suggestions and party menu for this week's luncheon has been for this lecturer because that even the business woman housekeeper welcomes novel suggestions for gastronomic, effortless entertaining.

This will be a profit-sharing school and many firms and merchants are joining with The Herald to make the course a success. The lecturer will bring a generous list of gifts, many not listed in the paper. Free sheets, of course, will be a part of each program.

The annual meeting and banquet of the Hebron Farmers Exchange was held at the Gilead Hall Saturday evening. The following officers were elected for this year: President, Robert E. Foster; vice president, C. Daniel Way; secretary, Mr. Joseph Barraso; treasurer and manager, Joseph Barraso; two new members were elected to the executive board for term of three years, Edward Smith and Edward Zola. The association had a very successful year and the tonnage of produce and other commodities handled was much higher than any previous year. Mr. Clemens from the Eastern States Exchange was present and gave an interesting talk on present and future of the farm.

700 PHARMACISTS AT STATE PARLEY

Gather in Hartford For Mid-Winter Meeting; Prominent Speakers Scheduled.

Hartford, Jan. 25.—(AP)—About 700 pharmacists convened today at the Hotel Bond for the 62nd mid-winter meeting of the Connecticut Pharmaceutical Association.

Gov. Cross, Mayor Spallacy and prominent medical authorities are scheduled to attend during the morning and afternoon sessions.

Dr. Arthur H. Boardman, dean of the Hartford medical school, is chairman of the convention. The session will consist of talks by Congressman William M. Citron.

Gov. Cross, who last year was given a pharmacist's license by the State Pharmacy Commission, will attend the session followed by an address by Mayor Spallacy.

The remainder of the afternoon session will consist of talks by Congressman William M. Citron.

Also George F. Blackall, Bristol, Sidney Curran, New Britain, Tracy Caldwell, New Haven, Ralph E. Curtis, Bristol, and Raymond M. Thorne, Stamford, Raymond M. Thorne, Stamford, Raymond M. Thorne, Stamford, Raymond M. Thorne, Stamford.

WAPPING

On January 25 the American Legion Post and Tilt of South Windsor will hold their monthly joint meeting at the South Windsor Town Hall.

The Young People's group met Sunday evening in the Community Center for a social gathering.

The Ladies Aid of the Gilead Church will hold their monthly meeting at the Gilead Hall Saturday evening.

HEBRON

The postponed meeting of St. Peter's Parish was held Saturday evening at the Parish Hall.

The Hebron Young People's group met Sunday evening in the Community Center for a social gathering.

The Ladies Aid of the Gilead Church will hold their monthly meeting at the Gilead Hall Saturday evening.

WATER DRIVERS

Winter driving difficulties, which always are a sore test of the patience of motorists, may now be vastly simplified through the suggestions set forth in the booklet entitled "Winter Driving Hints."

The research and experience of the country's largest automobile and safety engineers have been culled to give motorists the solution to many aggravating problems.

"Safe-and-Save Winter Driving Hints" was prepared by the Richfield Oil Corporation of New York and is available, free, at all Richfield Dealers.

MARLBOROUGH

At the recent annual meeting of the Sunday school the following officers were elected for the coming year.

It was something of a jubilee year for Mr. Phelps. He completes his 25th year as senior warden of the church and his 35th as church treasurer.

Wednesday morning was the coldest morning of the winter, the mercury registering as low as 26 degrees below zero down in Jones Hollow.

GILEAD

The annual meeting and banquet of the Hebron Farmers Exchange was held at the Gilead Hall Saturday evening.

The Ladies Aid of the Gilead Church will hold their monthly meeting at the Gilead Hall Saturday evening.

BANKER DIES SUDDENLY

New York, Jan. 25.—(AP)—Philip C. Hider, a Wall Street broker, died of a heart ailment at his home in New York City.

He was 65 years old. He had been in poor health for some time.

Mr. Hider was a member of the New York Stock Exchange and had been active in public affairs.

SOCK-O

Columbia-County Auditor Newell A. Thatcher scored the first of old 20¢ bill in payment for a dog.

It is the bank said it was a counterfeit.

Federal agents investigated, pronounced the bill genuine and returned it to the owner.

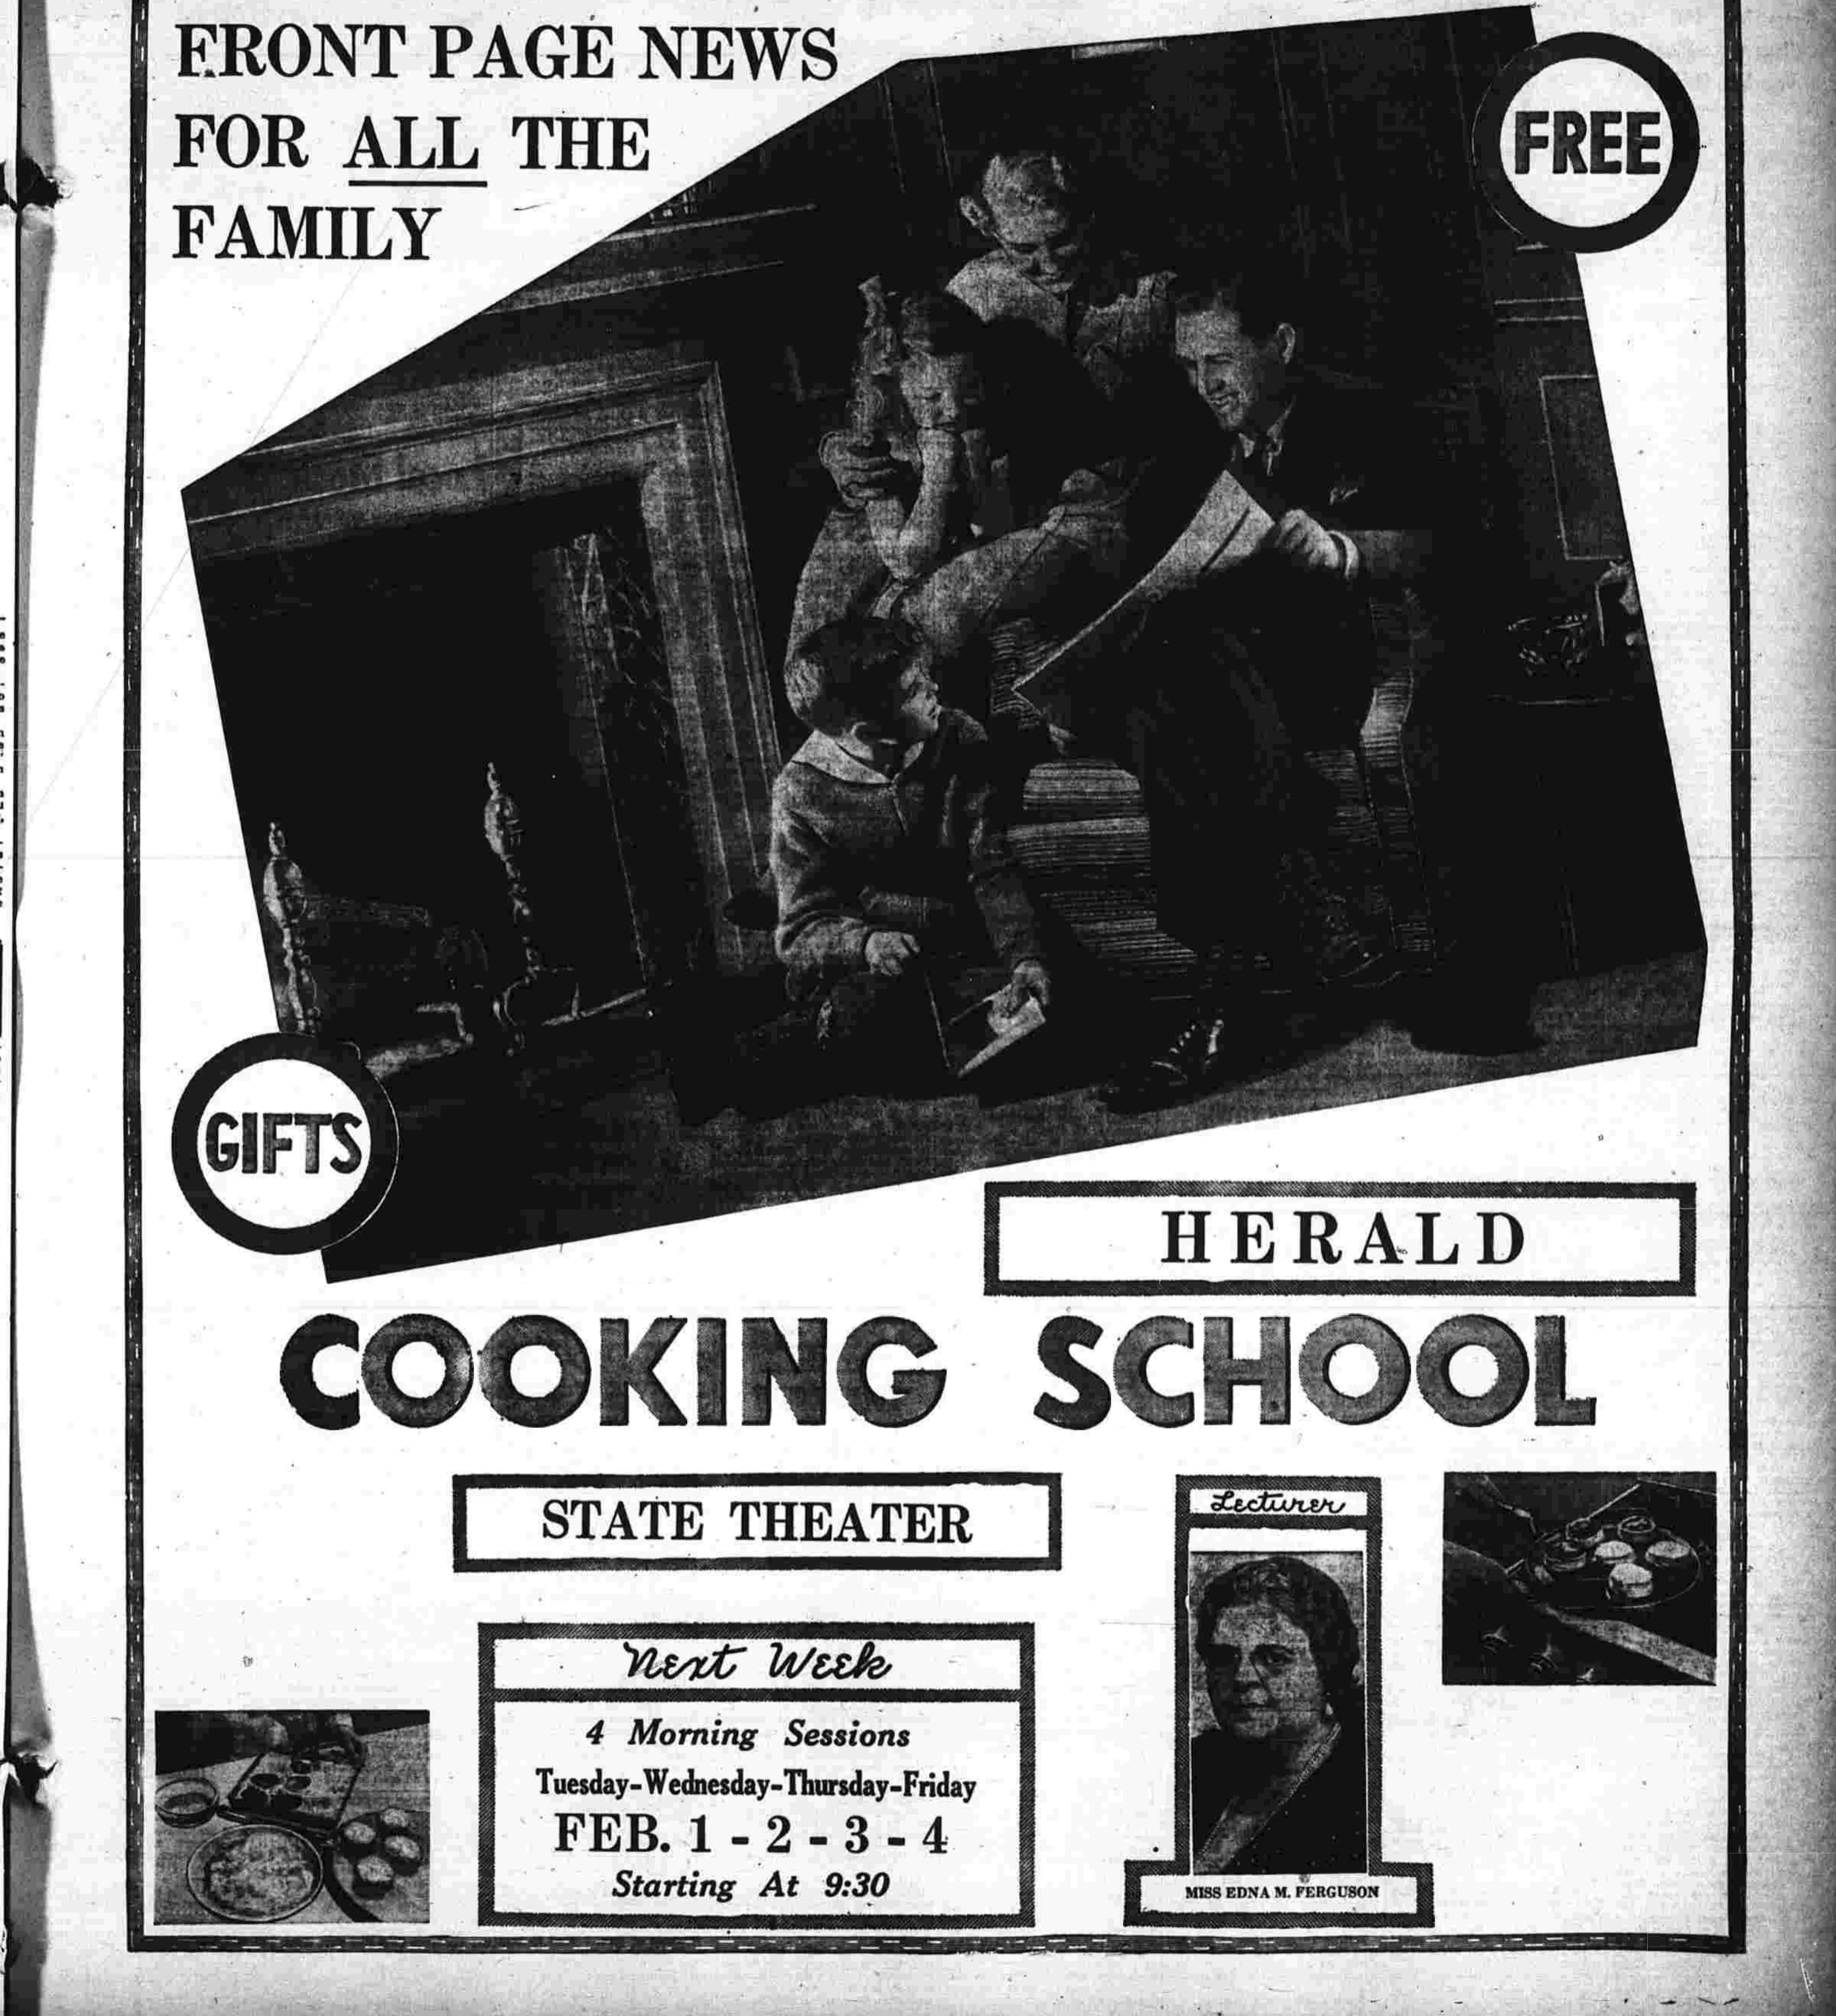

BIG HELP

Lincoln, Neb.—Hermann Stegmansman of Berlin wrote to the secretary of the Red Cross.

He offered to help in the relief work.

Stegmansman is a member of the Red Cross and has been active in relief work.
