BURKE BLAMES THE DEPRESSION ON LABOR BOARD

Senator Declares It Has Threatened Freedom Of Speech And Press; Hearing May Become Inquiry.

Washington, Jan. 27.—(AP)—Senator Burke (D., Neb.) declared today that many persons believe "that no small part of the blame for the present appalling economic depression may properly be laid at the door" of the National Labor Relations Board.

Burke, appearing before a Senate Judiciary subcommittee supporting his resolution for a Congressional investigation of the board, asserted that the NLRB has threatened freedom of speech and of the press, has sided with the C. I. O. industrial disputes, and has employed many trial witnesses who "have little pretense" of fairness.

The board's activities, he said, have "produced more strife, more unrest, more uncertainty and more misunderstanding in the relationship between employer and employee than we have ever had before." The subcommittee will decide whether to recommend an investigation, but some legislators said it hearing could be broadened to form a virtual inquiry in itself.

Prepared Statement.

Reading from a lengthy prepared statement, Burke asserted that the board's enforcement of the Wagner Labor Relations Act "has shackled men and prevented them from expressing their wishes."

"It has put up a barrier between well-intentioned workers and right-thinking employers," he added.

"The record of strife and the swelling chorus of protests from all sides indicate either that the law is faulty or that its administration has been defective, or that there has been a combination of these defects."

Saying many persons believe the board partly responsible for the economic decline, Burke added:

"Many prudent and patriotic business men are coming to feel that they can not long continue to operate if they must remain subject to what they consider to be the outrageous treatment inflicted upon them by this board, and its horde of examiners, investigators and other representatives."

Sparking his testimony with detailed references to board activities, Burke asserted witnesses could be produced to offer proof of these contentions:

"That organizers for certain labor organizations have been deputed agents of the board, and supplied with credentials which they have used unfaithfully in the effort to outdo one another in order to get out a case."

"That agents of the board attend certain types of union meetings and solicit the signing of affidavits for..."

REPUBLICANS SEE ELECTION GAINS

Confident Of Winning At Least Sixty Seats In The House In November Vote.

Washington, Jan. 27.—(AP)—Rep. Martin (R., Mass.), looking over a pile of reports from Republican state leaders, said today the chances appeared good for the Republicans to wrest a substantial number of House seats from Democrats in the November election.

"We're quite confident of gaining 60 seats," he said, "and if there isn't a vast improvement in the business situation, we might get a great many more."

Martin is chairman of the Republican Congressional Campaign committee and assistant minority leader of the House.

"Of course, that's the way it looks at the present time. I wouldn't care to make any flat prediction, because it might look bad in November."

80 Members New

The Republicans now have 90 House members against 52 for the Democrats.

"Through the committee will not conduct an intensive campaign until August, Martin said, some members are going out now. Virtually every House Republican, he said, has been invited to make a speech at Lincoln's birthday."

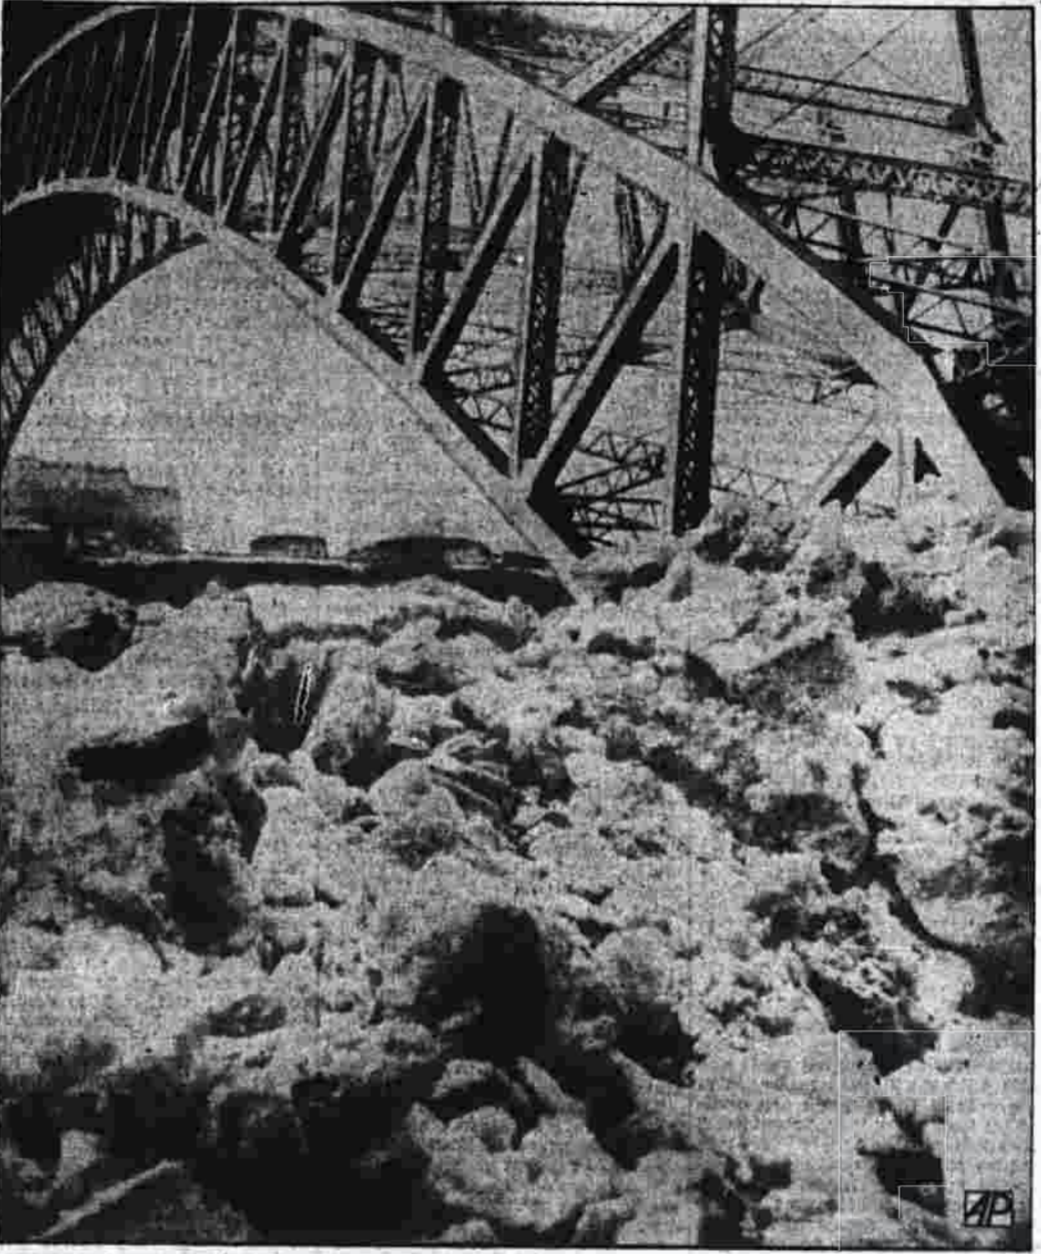

Joining Martin in optimistic comment on party prospects was Rep. Shelton of New York, House Republican leader.

"The breaks are coming our way," he said. "I have no doubt we'll pick up a fair number of House seats next fall."

"The people are questioning the wisdom of all this administrative experimenting. Not a single thing has come out of the way the President said it would. That's beginning to translate down to the average citizen."

Ice Jam Threatens Famous Niagara Bridge

The worst ice jam in many years threatened to carry away the famous Falls View bridge at Niagara Falls, as taken piled up in a mass 100 feet high against the abutments of the span. The picture shows how the ice, blown off Lake Erie and over the falls by a strong wind, jammed the gorge and brought great pressure to bear on the bridge, twisting steel beams and girders.

JAPANESE SENTRY SLAPS AMERICAN ENVOY'S FACE

Report From Shanghai Says Soldier Objected To American's Attempt To Enter A House; U. S. Awaits Word

Rhanghai, Jan. 27.—(AP)—Dornel (Japanese News Agency) reported today that a Japanese sentry slapped the face of John M. Allison, third secretary of the U. S. Embassy at Nanking and presently in charge there, when he sought to enter a house despite the sentry's objection.

Dornel quoted a military report to which the Japanese objected, the report telling Allison not to enter which Allison did not heed. The sentry slapped the American's face and prevented entry into the house.

The report asserted the house was Chinese and held Allison had no right to enter it. The report continued, according to Dornel, that Japanese authorities apologized and were undertaking to reach a settlement locally.

New Drug Curbs Appetite; Helps To Reduce Weight

Boston, Jan. 27.—(AP)—A drug which cuts down the appetite and steps up physical activity, and is an important aid in treatment of persons suffering from obesity, was brought to the attention of New England physicians this week.

No harmful effects were observed from its use in any instance, the New England Journal of Medicine reported.

Decreasing the appetite, the journal said it "so increases the sense of well-being and of energy that physical activity is spontaneously increased."

But the drug's usefulness is not confined to instances where mental disturbances play their part in obesity.

"It has a direct effect in depressing the appetite and in increasing physical activity and is therefore useful in any type of obesity."

The study cited specific case histories of treatments. A typical report described a 45-year-old housewife, 90 pounds overweight, who was placed on a diet and given the drug.

"25 weeks later she had lost 48 pounds. Overweight is a surprising handicap, produces nervousness, a listless attitude and continued sickness."

LAUD VENDORS FOR PARKWAY AT JURY CALL

Maconald, Creamer Soon To Be Quizzed; Special Grand Jury Moves To A Bigger Room For Inquiry.

BULLETIN: Bridgeport, Jan. 27.—(AP)—Highway Commissioner John A. Macdonald was called upon today to testify before an extraordinary Grand Jury investigating Merritt Parkway land purchases. The commissioner entered the Grand Jury room shortly before 9 p. m.

Bridgeport, Jan. 27.—(AP)—A new group of real estate brokers and persons who sold land to state joined Highway Commissioner John A. Macdonald and Project Engineer Warren M. Creamer today in the line of witnesses calling to be heard by the special Merritt Parkway Grand Jury. At the jury convened for its third day, Richard F. Corkey, an assistant attorney general and special aide assigned to help State's Attorney Louis W. Willis in his preparation of material for presentation to the jury, resumed the witness stand at 10:15 a. m., fifteen minutes late.

The session was tardy in starting because deputy sheriffs and carpenters were putting finishing touches on larger quarters for the jury. The jury moved today from the small courtroom of the more spacious Common Pleas courtroom, 81-Frost Map Board.

Among the necessary additions and changes to the room was the erection of a 32-foot board along one wall presumably for the hanging of exhibits and maps.

Enough material was taken into the courtroom for the placing, on wooden stands, of 44 feet in addition exhibit space.

Of the dozen or more witnesses assembled yesterday in the county courthouse corridors waiting their turn to be heard in the investigation of the 32-mile super-highway's construction in Fairfield county, Macdonald and Creamer alone remained.

The others had been excused, officials said, until future dates.

Both Macdonald and Creamer apparently are near the top of the witness list.

Vendors Present

Others who appeared in the crowd gathered outside the jury room today were: Charles J. Winder, of New Canaan, who with his wife sold 2.3 acres of land for \$1,600 to the state as part of the main highway; Leo Heisterberg of New Canaan, who sold 3 acres of land for \$1,450; Charles E. Hopkins of New York City and formerly of Westport, a real estate broker; Clifford E. Wright of Darien, also a broker; G.

CHEERING REPORTS ON NATION'S TRADE

Federal Reserve Board Declares Decline At End Of Year Has Been Halting.

CHEERING REPORTS on a page 1. Cheering reports on industrial production that December exports and sales balance, coupled with findings that wage cuts have been few, encouraged administration officials today.

The Federal Reserve Board said in its monthly review of business conditions that the decline in industrial output, which caused concern near the end of 1937—had been halted this month.

The first three weeks of January, the report said, showed little change in production, as contrasted with December's decline in the same production figure on the index in November.

The Commerce Department announced that December exports and sales balance, coupled with findings that wage cuts have been few, encouraged administration officials today.

The general increase in foreign trade during the last few months of 1937 was \$1,345,000,000, a large part in making the year's total exports aggregate \$3,345,000,000, almost a billion dollars more than in 1936.

The margin of exports over imports in 1937 was \$219,200,000, but not up over, when the ice engulfs it.

N. J. CONGRESSMAN DIES IN FALL FROM WINDOW OF HOTEL

Body Of Edward A. Kenney Found On Sidewalk By Waiter; Had Attended Banquet Of Jersey C. Of C.

Washington, Jan. 27.—(AP)—Edward A. Kenney, 52-year-old New Jersey Representative, known for his advocacy of a National lottery, plunged or fell to his death from the sixth floor of a fashionable hotel here during the night.

The body, discovered at 8 a. m. by Emilie Bennett, a hotel waiter, was identified by Kenney's secretary, John M. Stewart. It was clad only in a pair of slippers.

The short, silver-haired representative had been a guest last night at the annual Congressional dinner of the New Jersey Chamber of Commerce in the Carlton hotel, four blocks from the White House.

No one, police said, saw Kenney fall to his death on a concrete walkway beneath the open sixth floor window.

First identification was effected through clothing found draped over a chair in a hotel bedroom which had been assigned to guests of the visiting Chamber of Commerce members.

Walter Stee Body
Stee Body, who was in the hotel dining room, an ambulance was summoned from emergency hospital. Kenney was pronounced dead by the physician who responded.

A preliminary examination indicated he had received a fractured skull, a broken left leg and a punctured thigh the night.

Kenney had been a speaker at last night's banquet, attended by many prominent New Jersey politicians and business men.

Police said they believed that Kenney remained after the dinner to talk with friends in the room set aside for the banquet guests.

Japanese Scouts Report Mysterious Aerial Armada

Tokyo, Jan. 27.—(AP)—The Japanese navy spokesman said today a mysterious aerial armada "apparently of considerable size" had been following and observing operations of Japanese planes in China.

He declared nationality of the planes, unmarked, had not been determined.

The general increase in foreign trade during the last few months of 1937 was \$1,345,000,000, a large part in making the year's total exports aggregate \$3,345,000,000, almost a billion dollars more than in 1936.

The margin of exports over imports in 1937 was \$219,200,000, but not up over, when the ice engulfs it.

Meanwhile, Japanese fighting forces prepared for presentation to the nation the "China Incident" estimated expenses accord for 1938. The total was placed at between four and five billion yen (\$1,100,000,000 to \$1,400,000,000).

The navy, said Naval Minister Admiral Mitsumasa Yonai, feels no following and observing operations of Japanese planes in China.

Answering questions in Parliament on reports of a naval build-up race against the United States and Japan, Yonai said:

"As things stand, the navy feels no insecurity. The American budget provided for building warships to treaty limits. Nothing else is apparent on the surface."

Convicted Slayer Of Bridgeport Policeman Is Granted New Lease Of Life Until April 12—Fourth Reprive Thus Far Granted.

Hartford, Jan. 27.—(AP)—Frank Palka, convicted killer of a Bridgeport policeman under sentence to die in the electric chair Feb. 1, was granted a reprieve until April 12 today by Governor Wilbur L. Cross.

The governor acted on an appeal by Palka for a reprieve to permit him to file with the Supreme Court of Errors an appeal from a decision by Judge Edward J. Daly of the Superior Court denying him a writ of habeas corpus.

The reprieve granted today is the fourth that Palka has received. Originally he was convicted of murder in the second degree. The state appealed the decision and Palka was tried again in Fairfield county Superior Court, the verdict being guilty of murder in the first degree.

Highest Court's Verdict

Palka took an appeal from this verdict, claiming double jeopardy, and carried the case to the Supreme Court of the United States, which decided against him. He had been sentenced to be executed Dec. 18, 1937.

Before that date Palka again was reprieved, and his counsel, Maurice A. Grunsky, of Waterbury, reappealed for a writ of habeas corpus on the ground that, the legal date of execution having passed, a reprieve granted by the governor Dec. 10 was illegal and in violation of the constitution of the state, and that Palka could not now legally be executed.

On this application Judge Daly held court in the state prison last week, and this week filed his decision of the application. Yesterday Attorney Grunsky filed with the clerk of the Supreme Court of Errors a request for a finding of fact, proffering the constitutionality of the reprieve from the decision of Judge Daly.

CLOTURE MOTION KILLED IN SENATE

Plan To Limit Debate On Anti-Lynching Bill Defeated By A 52 To 37 Vote.

Washington, Jan. 27.—(AP)—The Senate killed today a proposal for drastic limitation of debate on the anti-lynching bill, against which southern Senators have been filibustering since the session started. The vote was 52 to 37.

The vote against debate limitation or closure, gave new encouragement to the filibustering of the anti-lynching measure would be shelved. Imposition of cloture, which would have limited further speech-making against the bill to one hour for each Senator, was requested by a petition signed by 17 Senators.

Although supporters of the anti-lynching proposal said they would seek to keep it before the Senate, opponents were expected to make an effort to sidetrack it soon.

70 Senate Members To Round Off Debate Today Before Voting on the Proposal

Wrangle Starts

A sharp wrangle broke out, as the Senate met, over which side would speak first, with Senator Wagner (D., N. Y.), the author of the bill, and Senator Connally (D., Tex.), leader of the opposition, both demanding the last say.

Finally, after eight minutes had been consumed, Wagner took the floor. He read into the record a list of Senators who he said voted for closure in 1932. They included: Chase (D., Va.), Bailey (D., N. C.), Byrnes (D., S. C.), Smith (D., S. C.), Hartigan (D., Minn.), McMillin (D., N. C.).

SEEK TO RE-INSTATE PIRIE AS CONSTABLE

Petition To Bolton Has Been Presented; Majority Has Signed.

A petition that has been signed by more than the majority of the voters of the Town of Bolton, circulated by Chesterfield Pirie, addressed to the selectmen of the Town of Bolton has been given to Thomas Wilson, the chairman of the board.

The petition requests the selectmen to name Mr. Pirie as a constable of the Town of Bolton, dating back to October 5, the day that he was elected to that office, as a candidate on the Republican ticket.

The request is made in the petition that he be named as a court has ruled that Mr. Pirie, after his election, failed to file a bond with the selectmen of the Town of Bolton to their satisfaction as is required.

Failing to secure the endorsement of the Republican Town Committee for the office Mr. Pirie ran in the caucus and was named as a Republican candidate for the office of constable. At the October election he was elected to that office and

selectmen being called to consider the request, but will be given consideration at the meeting of the board to be held on February 14, the next regular meeting date of the selectmen, who held but one meeting a month to take care of town business.

The law states that the bond must be filed with the selectmen of the town and when the bond was not presented to the selectmen in an amount of \$1,000, as they later decided it should be, the selectmen, when the time for filing a bond had expired, notified Mr. Pirie that he could not serve as a constable.

From the decision of the board of selectmen Mr. Pirie went to the Superior Court in Windham County asking that an injunction be brought against the selectmen of Bolton in carrying out the order. The case was continued for a week and was decided at a session held in Tolland County, when the request was denied.

Mr. Pirie has not served as a constable since the order was issued by the selectmen. The petition that has now been circulated and presented to the selectmen will not result in a special meeting of the board.
