MID YEAR CLASS AT HIGH SCHOOL GETS DIPLOMAS

69 Members Of 1938A Graduated Last Night; Professor At Clark University Is The Speaker.

Manchester High's fourth and next to the last mid-year commencement was held last night at the school auditorium when sixty-nine members of the Class of 1938A were graduated in simple, impressive ceremony before a gathering of more than 600 parents and friends. After next year, the semi-

annual exercises will be abandoned and only June graduation will be held under a recent revision of the school act.

Mr. Hingworth prefaced his address with high praise of Manchester High's reputation for scholarship.

Speaking directly to the seniors, Mr. Hingworth said, "You have been told, in all probability, that the happiest days of your life are past, that you must now go out on your own and work for a living. What a tragedy it would be if our best days were past at 18 or 17 and we faced years or no of going steadily downward. Don't you believe it for us not true."
