

SEE 'LIBERAL' AS PROBABILITY IN SNELL'S JOB

Martin, Bay Stater Who May Succeed G. O. P. House Leader, Sometimes Favors New Deal; Others Named.

Washington, June 28.—(AP)—Attempts to liberalize the House Republican leadership in the 1939 Congress appear likely today as a result of the retirement of minority leader Bertrand H. Snell, Snell, outspoken critic of Roosevelt policies, announced he would not be a candidate for reelection.

Politicians, speculating as to Snell's successor, recalled the efforts made in 1936 by Representative Fish (R., N. Y.) to replace him with a leader favoring a "more progressive" program.

Martin's Liberalism. Friends of Martin asserted his political viewpoint was liberal enough to satisfy all factions of the party.

Other possible candidates for Snell's post are Representative Wadsworth of New York, chairman of the Republican policy committee.

Snell's decision to retire caused considerable surprise in Washington because it was known he long had cherished a hope of being speaker of the House.

Veteran Mountain Climbers Puzzled; Are Certain His Body Is Not On High Peak

Albuquerque, N. M., June 28.—(AP)—Searchers today moved through the tangled underbrush at the base of North Saddle peak today in broadened hunt for Merrill McCormick, Chicago publishing heir lost in a climbing expedition.

They were working on the theory that young McCormick gained the foot of the peak's sheer face with little or no injury but was killed or severely hurt in the lower country while trying to reach help for his companion.

They have eliminated all possibilities that either of the boys could have gone very far up the face of the peak, said Mrs. C. D. Barnes.

Philadelphia, June 28.—(AP)—Crown Prince Gustaf Adolf of Sweden, despite an illness that kept him confined to his stateroom while crossing the Atlantic, delivered the dedicatory address today for a museum whose cornerstone he laid in 1922.

Through amplifiers, a crowd in the Swedish-American Historical Museum heard the Prince, speaking by telephone from his motor-tor.

Sticky and ruddy-checked, he won the Republican leadership after a bitter intra-party row with John Q. Tilson of Connecticut in 1931. It was a minority leadership, however, that the Democrats had gained control of the House.

Whether The New Deal Will Aid Nye In North Dakota, Take Stand On Van Nuys Candidacy, Are Questions

Washington, June 28.—(AP)—Two midwestern senatorial contests aroused interest in the capital today because of their potential bearing on President Roosevelt's appeal for clear-cut liberal-conservative battles.

The President and his immediate advisers have taken no public part in the Nye-Langer contest, which is outside their own party.

Firemen Quench Under-River Blaze

After a stubborn battle, New York city firemen succeeded in quenching a blaze in the north bore of the Manhattan-Queens 455-1000-foot vehicular tunnel under the East river. The fire broke out in construction timbers near the air-lock where "sandhog" work under pressure of 48 pounds to the square inch, 150 feet below the surface.

Chinese Aviator Sinks Jap Boat. Dives Deliberately At The War Vessel With His Ship Loaded With Bombs.

Shanghai, June 28.—(AP)—A "dare-devil" Chinese flier was said today to have sunk a Japanese gunboat in the Yangtze river by deliberately plunging his burning, bomb-laden plane to the vessel's deck.

The Chinese pilot, they said, dived at the vessel's deck, and dropped mine after mine near the British cruiser Arctura, anchored off the breakwater.

Adding to British uneasiness was the report from Rome that Premier Mussolini had held a conference with two of his foremost fighting men—Marshal Pietro Badoglio, chief of the general staff, and General Albeno Peraro, undersecretary of war.

Although it was supposed Mussolini meant the conference to direct attention to the Italian promise to answer with "cannon" any Spanish government attempt to back up a threat to bomb Italian cities, some sources suggested the discussion may have been on the general control of the Spanish civil war.

The possibility was kept in mind that Mussolini might determine to aid Franco in making a final, overwhelming drive to end the war.

The Barcelona government, at least, showed there was no immediate danger of its threat being carried out. A note from the Spanish government to the British government, however, had been held in abeyance until it is seen how the plan works.

LATE NEWS FLASHES!

TURBS ACQUITTED. Hartford, June 28.—(AP)—The trial of Charles E. Tuttle, town clerk of East Lyme on charges of conspiracy to defraud the government ended suddenly this noon with an acquittal when Federal Judge Edwin S. Thomas ordered the jury to return a verdict for the defense.

The government prosecution had rested its case in United States District Court after presenting five witnesses who gave evidence that the government was over charged for supplies of ice delivered to the National Guard camp in Atlantic City.

John A. Danaher, defense counsel, moved immediately for an acquittal, declaring "there has not been the slightest evidence of conspiracy by Tuttle."

Judge Thomas immediately granted the motion and instructed the jury of nine men and three women to return a verdict for Tuttle.

Speech Censured. Washington, June 28.—(AP)—The Senate Campaign Investigating committee censured today "unfortunate" a speech made yesterday by Aubrey Williams, deputy WPA administrator, to the Workers Alliance.

The committee voted to accept, however, a statement by Williams that no political implications were intended in his remarks to the organization of WPA workers.

Chairman Sheppard (D., Tex.) of the Senate committee told newspapermen he would ask the Allies to furnish him with a transcript of the hearing which Williams advised the workers to keep their "friends" in power.

SCHEMELING'S CONDITION. New York, June 28.—(AP)—Payrollmen at Polytechnic hospital predicted today that Max Schemmel, who suffered a spinal injury in his losing fight with champion Joe Louis last Wednesday, would be in good enough condition to board the Bremen for Germany on Saturday night.

The boxer is showing steady improvement, they reported. Schemmel was quoted as saying he "felt fine."

MISSING BOAT SAFE. Hamilton, Bermuda, June 28.—(AP)—The schooner Two Brothers, one of the new American motor-boats in the Newport to Hamilton race, crossed the finish line at 10:30 a. m. today.

The Two Brothers, owned by Hans Lehmann of New York, had an elapsed time of 6 days, 19 hours and 20 minutes for the voyage. It was corrected time was 6 days, 4 minutes and 21 seconds.

Prizes were presented to the winners by Governor Sir Reginald Hilliard at a cocktail party this afternoon.

To Ask Chamberlain Tomorrow What He Intends To Do About Cannon Mounted On Algeria; Gives Details Of Big Guns There.

London, June 28.—(AP)—The Duchess of Athol today gave details of what she said were guns "threatening Gibraltar" from insurgent Spain and issued notice she would ask Prime Minister Neville Chamberlain in the House of Commons tomorrow what he intends to do about them.

The Duchess recently rebelled from Conservative ranks and has been a frequent government critic.

The question of such guns, allegedly of German manufacture, has been raised repeatedly during the Spanish civil war. The government has taken the position generally that they are not a threat to Gibraltar, Britain's fortress at the western entrance to the Mediterranean.

Gives Details. The Duchess' question enumerates guns in greater detail than any previous list. It cites: More than 20 guns in hills around Gibraltar but yet are invisible from the highest point on the rock; Six naval-type guns of about four inches on Punta Carnero; At least one 15-inch gun on a high peak near Alcala de las Gazules, almost 21 miles inland; About 45 guns ranging from six to 15 inches near Ceuta. In Spanish Morocco directly opposite Gibraltar, she said, are 150 guns of various calibers.

Chamberlain said Sir Robert was seeking this reply "in order that he may return with it without delay."

Mounting indignation over continued bombings of British merchant ships in Spanish ports led some quarters to believe the government must face fresh demands to allow the ships to arm in defense.

Earlier hopes that a five-day lull in attacks on British ships indicated unshaken Franco at last was responding to repeated protests were dashed yesterday by the destruction of two more merchantmen.

On top of that, six insurgent planes again bombed the British-operated port of Spanish ports—Marzabán Piedra Badajoz, chief of the general staff, and General Albeno Peraro, undersecretary of war.

Although it was supposed Mussolini meant the conference to direct attention to the Italian promise to answer with "cannon" any Spanish government attempt to back up a threat to bomb Italian cities, some sources suggested the discussion may have been on the general control of the Spanish civil war.

LEGION TO CONCLUDE DANCE SERIES JULY 2

Final Party of Present Season To Be Held Saturday Night At The Rainbow, in Bolton.

Dilworth-Cornell Post of the American Legion will conclude its 1938 series of parties with a dawn dance to be held Saturday night, July 2, at the Rainbow in Bolton.

The popular cabaret style will be followed and dancing will continue from 9:30 p. m. until 4 a. m. In appreciation of the good patronage during the winter there will be no extra charge for the added three hours of pleasure. It is expected that a record crowd will appear at the Rainbow dance hall in Bolton to celebrate Independence Day, at the tenth and final party of the season.

The Society Club orchestra, under the leadership of Max Kabrick, will once more send out its rollicking music to inspire the dancers. The splendid behind their previous new dears, these musicians are as popular as ever, and have quite a considerable following of their own among the dance-going public.

Charles Tucker, hard-working chairman of the Ways and Means committee, invites the general public, stating that the public has profited largely by the success of the previous dances. There is still plenty of space, and tables may be reserved in advance by calling Robert McCann, 7706, or W. Henry Weir, 6237.
