

RUSSIA TELLS JAPAN THREATS GET NOWHERE

Will Move Troops As She Pleases But If There's War It Will Be Because Japan Will Have Started It

Moscow, July 22.—(AP)—Soviet Russia made clear in plain words today that she will move troops as she sees fit along her Far Eastern frontier, but that if there is to be war over the matter Japan will have to start it.

Armed Only For Defense "Soviet detachments in this region have no other purpose than defense of the status quo on our frontier. Unlike other countries, the Soviet Union maintains armies not for invasion, but exclusively for the defense of its own borders."

The Japanese demand for withdrawal of the troops was rejected as "unjustified and unacceptable" since Russia regards the territory involved as Russian.

Despite the rough language used by both sides during the present dispute, one of many over the past five years, foreign observers here were disinclined to predict war.

The feeling was that Japan, with her hands already full in China, was not likely to risk actual conflict.

This appeared borne out by the Tokyo spokesman, who asserted the border question could be disregarded for the time being.

Shigemitsu, who presented the latest Japanese demands on Wednesday, suggested a new delimitation of the border after a joint investigation "on the basis of material possessed by both sides."

This assurance was given in addition to his statement in his speech the first night of his Paris stay; he would now be impossible to recall a period in which our relations have been so friendly.

Before the King spoke his war minister, Leslie Hore-Belisha, conferred on coordination on Anglo-French military plans with General Marie Gustave and chief of France's General Staff of National Defense.

King George's speech was loudly applauded by his hearers, who interpreted it as a clarifying note in the present perturbed atmosphere of Europe.

Paris Stages Colorful Show for British Royalty

With the visit of England's King George and Queen Elizabeth to Paris made doubly significant by the jittery condition of all Europe, France outdid herself in turning on the pomp and circumstance that usually attend state visits by the rulers of one country to another.

King Dedicates Aussi Memorial, Calls France And Britain Ties Unbreakable; Military Leaders Confer.

Villers-Bretonneux, France, July 22.—(AP)—King George of England again informed the world today that Britain and France are bound by unbreakable ties.

The action was taken unanimously on motion of Representative Jenkins (R., Ohio), the committee impounding the legal opinions along the actual minutes.

Charles Hoffman, assistant to the board, testified "all three directors of the TVA—former Chairman Arthur J. Edwards, chairman of a state A. P. of L. committee, said that unless contracts were signed by midnight the union would "begin taking strikes against one company at a time, so that our campaign will not interfere seriously with the normal flow of trade and transportation."

Edwards said the union asked a wage scale of 75 cents an hour, and that the companies offered 70 cents.

Colorado Springs, Colo., July 22.—(AP)—Death left unfinished today one of Charles F. Howard's last assignments as president of the International Typographical Union and ended his unique position of serving two labor leaders bitterly opposed.

The colorful Committee for Industrial Organization Secretary, who would have succeeded to the presidency of an American Federation of Labor man Sept. 1, died last night at a Colorado Springs hotel.

Over the course of the British military leaders conferred with General Gamelin on the common defense plans of the two great democracies. Then the party motored to Villers-Bretonneux.

HOPKINS' STATEMENT SEEN AS LAUNCHING 3RD TERM CAMPAIGN

Pick-a-Back Airplane Preparing To Return After Ocean Crossing

Port Washington, N. Y., July 22.—The British pick-a-back plane Mercury was groomed today for its return flight to Ireland after opening a new and significant chapter in the history of trans-Atlantic air travel.

The Mercury on its return hop-off Monday will be lighter by far than when it left Foyens. Without the 28-year-old Captain Bennett said, "a great deal of the cargo will be made up of a couple of mother ships launching whole fleets of heavily laden bombers in wartime."

Paris, July 22.—(AP)—The Mercury carried an 1100-gallon gasoline load when it was tossed, eagle fashion, on its way at an altitude of 3,000 feet.

PAROLED CONVICTS SOUGHT BY POLICE

Believed Hiding in Bangor, Maine After Being Fined Since Monday.

Bangor, Me., July 22 (AP)—Two paroled convicts who have been a jump or two ahead of Maine law officers on a mad motor flight since Monday were believed in hiding today, state police officers said.

The car which state police Lt. G. W. Wadsworth said he believed was driven by F. Gallagher, 31, Bangor, and Alfred Labonte, 19, Lewiston, had stolen here in Lewiston early today.

Witnesses said the quarry returned after one shot, but Thibodeau said they did not know anything about it.

The two Gardner women who were arrested in Bangor yesterday were taken to Bangor police station with Ward, who said Gallagher was at the wheel of the motor car.

Jack Davidson of Longmeadow, Mass., is expected to be one of the strongest contenders, withdrew from the Philadelphia Central Labor Union race.

Ward said he did not know anything about it.

The board has shown little hope for the A. F. of L. since it has been asked to be a partner agent.

STEEL COMPANIES PAID FOR PUBLICITY

Witness Tells Senate Problems Advertisements Were Financed by Corporations

Washington, July 22 (AP)—James W. Rinehardt told the Senate Civil Liberties committee today that the management offices were not invited to participate in a labor stabilization campaign carried on through newspaper advertising in Canton, O., in the summer of 1934.

Rinehardt, vice-president of the Canton Development Corporation, said 18 series of advertisements prepared by the Macdonald-Cook Advertising Agency of South Bend, Ind., were published.

Previously, the committee heard testimony that similar advertisements were published in newspapers in other Ohio cities in the "Little Steel" area, had been financed largely by contributions from steel companies.

The witness said the Canton Development Corporation originated the movement which resulted in the insertion of the ads.

These officials, he said, were not invited to participate in the financing of the advertising.
