SENSE and NONSENSE

Design Of Living
We live in deeds, not years; in thoughts, not breaths; in feelings, not by figures on a dial. We should count time by heartbeats...

Man (to wife)—What do you get by saying I have been deceiving you for years? Wife—Just found out the government allows you \$2,000 a year on your income tax for being married...

Lots of people who stay away from airplanes, roller coasters, boats, buses, sometimes automobiles, and many other places, because they are dangerous...

Man—I wear the trousers in my home. Neighbor—Yeah, but right after supper I notice you wear an apron over 'em.

THE Dutch, by the Peace of Breda in 1672, ceded Manhattan Island to England in exchange for Surinam. And they have held this territory, about the size of New Jersey, since then.
