## Health and Diet

Advice By Dr. FRANK MCCOY

SO much could be said about the health-building properties of the tomato that it is hard to compress it into a short space.

The tomato is an excellent source of vitamin C, ranking as one of the best sources of this vitamin which is needed to prevent scurvy.

Perhaps an equally important reason for recovery is the primary factor of the recession and the rise of the market.

Another factor that must be considered in connection with the recovery movement is the rise in the stock market.

Beginning on June 20 the Times index of 30 stocks began a very slow but steady climb.

Now we encounter the highly controversial question of what caused the recovery.

Question: "The Pump-priming Theory." Answer: "The child should be understood in such a manner as to prevent injury to the eyes."

A meeting of the Democratic Town Committee, to consider plans for the coming session and to discuss possible candidates for office will be held tomorrow night at 8:30 in the Municipal building.

Town Treasurer George H. Wadell has deposited his Boston bank \$200,000 on the account of the Town of Manchester. The large sum will be used to pay off short term obligations of the town, contracted in anticipation of taxes for this year, and which fall due for payment tomorrow.

Raising to a total of 421 the number of local people employed on PWA projects, interviewers from the PWA main office yesterday assigned 40 persons living in this town to projects here. The transfer will, it is expected, lift a large expense from the town which has in most instances been aiding in the direct support of those who have been given work.

Mrs. Sue Peterson of Greenville, Fla. has left for her home after three weeks' visit with her sister Mrs. Peter J. Monks of 5 Orchard street.

Charlotte Dowd, Juliana Reheles and Doris Buffler are spending a week at Navas's Inn, Narragansett Pier, R. I.

The Intermediate Luther League of the Concordia Lutheran church will have an outing tomorrow evening at Columbia lake. Private cars will leave from the church at 8:30 and all those going should be there promptly at that time.

Mrs. Lily Mitchell of 65 West Middle Turnpike will grant the use of her home for the regular monthly meeting of the Grand Club of the Women's Benefit Association tomorrow evening.

Patrons of the West Side library are reminded that it will be closed for the next two weeks during the absence on vacation of the librarian, Miss Olive Chapman. Books may be returned or renewed at the Mary Cheney Library and borrowers may use their West Side library cards.

Assistant Charity Superintendent Albert Behaved announced today that federal committees will be given out tomorrow at Kitt's market to those persons who are receiving town aid.

Robert Marjoni, son of Mr. and Mrs. John Marjoni of Summer street, left this morning for Camp Nathan Hale where he will spend the next two weeks.

THREE BUS STOPS FOR THE CENTER

Orders Issued by State P. U. C. Eliminates Two For Convenience of Public.

On orders issued by the Public Utilities Commission two bus stops now in use on Main and East Center streets, in the vicinity of the Center will be eliminated and the Connecticut company and the Silver Lane bus line will have but three stops instead of five, as at present. It was announced at the meeting of the Public Utilities Commission held yesterday afternoon.

The information came to the attention of the board through a letter sent to Town Treasurer G. H. Wadell by Chief Engineer Ridd of the Public Utilities Commission.

The decision ended what was likely to be a further study of the parking conditions at the Center, and a plan for changing the present arrangement for stopping of buses along Main street, a proposed change that would allow buses to stop at the "far stop" at Main and Park street instead of using the "near stop," as is now the case, and also certain changes in the vicinity of Center and East Center streets.

Chairman David Chambers of the board of Selectmen, appeared before the board to offer suggestions as to changes and said that he had been in conference with W. S. Scott of the Connecticut company.

In speaking about the "far" and "near" stops for buses there seemed to be lacking information as to what was meant. He explained that the "near" stop on Main street at Park street would mean that all buses going south would stop on the north side of the intersection and those going north would stop on the south side of the intersection.

He also told the commissioners that a meeting of police officers and officers of the Connecticut company together with representatives of the Public Utilities Commission in a meeting held in the Hartford County building last month had voted against a "far stop" for buses or trolley cars, pointing out that the city would have crossed an intersecting street before coming to a stop, which was considered an added hazard.

He then handed to the commission a letter and map that had been given to him by Mr. Wadell, which explained the ruling passed by the Public Utilities Commission, which ended further suggested changes.

The map showed that there would be three stops.

BOARD TO CONSIDER PUBLIC REQUESTS

Local Police Commissioners To Act When Residents Demand It.

Before more parking restrictions are imposed by the police commissioners or stop signs installed, there will be consideration given to requests. At the last meeting of the board of selectmen a report of an accident at Union street and Toland turnpike brought action on the part of the Selectmen cutting back the brush on the south side of the turnpike and requesting that the police commission order a stop sign on Union street.

Chief Gordon pointed out to the board members that Toland turnpike was a state highway and that signs erected there should be furnished by the state. Rather than again refer the question to the Selectmen the police board voted to request the state officials to install the sign, which will result in no cost to the town.

The Selectmen also called attention to the fact that the roadway on South Main street had been cut back and the request made for no parking there had not been enforced by the police commissioners. The situation there has been investigated by the police board and they did not think that travel and width of the highway there was such that no signs were needed. The Selectmen will be so notified.

The board voted to add an additional space on Center street, near Church street, and to have signs erected there should be furnished by the state. Rather than again refer the question to the Selectmen the police board voted to request the state officials to install the sign, which will result in no cost to the town.

The situation there has been investigated by the police board and they did not think that travel and width of the highway there was such that no signs were needed. The Selectmen will be so notified.

The board voted to add an additional space on Center street, near Church street, and to have signs erected there should be furnished by the state. Rather than again refer the question to the Selectmen the police board voted to request the state officials to install the sign, which will result in no cost to the town.

The Selectmen also called attention to the fact that the roadway on South Main street had been cut back and the request made for no parking there had not been enforced by the police commissioners. LUTHER LEAGUE PLANS A SCAVENGER HUNT

Date Set For Next Tuesday Evening; Large Turnout Expected For The Novel Event.

The Luther League of the Emmanuel Lutheran church will hold its annual scavenger hunt next Tuesday evening and members planning to attend are asked to meet at the church at 6:45 o'clock when the hunt begins. The hunt is now being planned by Mrs. Eva Trueman and her flower committee.

The hunt, in which members will be required to obtain a certain assortment of unusual articles, will wind up at an unannounced destination, where refreshments will be served. Sports events will round out the program. This will be the final outdoor season of the season and a large turnout is expected.
