SUPREME TRIBUNAL REFUSES TO HEAR MOONEY'S APPEAL

Justices Black And Reed Take Rarely-Used Step Of Denoting Dissent; Counsel Plans Further Action.

Washington, Oct. 10.—(AP)—The Supreme court refused today to review Thomas J. Mooney's latest appeal for release from San Quentin penitentiary.

Mooney is serving a life sentence for complicity in the 1916 Preparedness day parade bombing in San Francisco.

Justices Black and Reed took the rarely-used step of denoting their dissent to the court's order which apparently closed the door to any hope that Mooney may obtain release through constitutional action—unless new evidence should be discovered.

Justice Black, dissenting, said that the court's order was "a denial of justice."

Justice Reed, dissenting, said that the court's order was "a denial of justice."

G. O. P. TO PICK NEW CANDIDATE FOR SECRETARY

Mrs. Crawford Favored For Selection To Fill Vacancy Caused By Death Of Mrs. Lewis In The Hurricane.

Hartford, Oct. 10.—(AP)—Delegates to the Republican state convention gathered here this afternoon to select the party's candidate for secretary of state.

The place on the ticket was left vacant by the tragic death in the hurricane of Mrs. Helen E. Lewis, the delegates were necessitated because the recent party convalescence in New Haven made no provision for filling the vacancy.

Observers predicted that Mrs. Sara Crawford of Westport would secure the nomination. Mrs. Lewis' nomination at the New Haven convention was the first time in the party's history that a woman had been named a candidate for an important state post.

The convention was scheduled for 2:30 p. m. in the Foot Guard armory and, it was expected, would be brief. It was understood that a resolution would be offered paying tribute to Mrs. Lewis.

Paul L. Cornell, the party's public relations director, will report on the progress of the campaign.

Stresses Recovery Theme
John A. Danaher, the Republican candidate for U. S. senator, stressed the party's campaign theme of "recovery" today at a luncheon at the Hartford Y. M. C. A.

Winsted rally that "it's about time now that we got what we paid for."

The rally was intended primarily as an opportunity for Joseph Talbot of Naugatuck, candidate for treasurer, to appear before the Litchfield county members of the party.

Raymond E. Baldwin, gubernatorial nominee, and James J. Conaughy, nominee for lieutenant governor, also spoke.

Vienna Cardinal Mobbed After Sermon

Police Close Sidewalk In Front Of Palace As Curious Crowds Gather At Scene Of Cardinal Injury.

Vienna, Oct. 10.—(AP)—Joseph Burckel, Reichsfuehrer Hitler's commissioner for Austria, planned today to investigate personally a striking sermon preached by Theodor Cardinal Innitzer, Primate, and subsequent Nazi riots to which the cardinal was injured.

Burckel's investigation is to start immediately on his arrival here from Salzburg, where he introduced Hitler for his address yesterday.

Police closed the sidewalk in front of the archbishop's palace, and curious crowds gathered at the scene of the cardinal's injury.

Police Target For Attack
Informed circles charged that youthful elements caused by the general indignation caused by the sermon preached by the cardinal Friday night to make his palace the target for an attack.

Stunners spread in Vienna that Monsignor Cesare Orsenigo, papal nuncio to Berlin, had arrived in Vienna to confer with Cardinal Innitzer and look over the damage to his residence. The nuncio's Berlin office, however, said "Monsignor Orsenigo is back to Berlin and made no further explanation."

ITALY HOPEFUL BRITAIN WILL APPROVE ACCORD

Issues Roundabout Invitation To Consider Differences Settled With Promise Of Troop Withdrawal.

Rome, Oct. 10.—(AP)—Italy issued a roundabout invitation to Britain to consider their outstanding differences against today, now that a start has been promised on the withdrawal of Fascist troops in Spain.

A bulletin of the official Information Diplomatic of the Foreign Office expressed belief that the "substantial" repatriation of Italian Legionnaires might prompt Britain to make effective the Italian-British Mediterranean agreements of April 1936.

Walls such a result would be welcome, the statement added, it did not dictate the decision.

Occasion for the withdrawal, Information Diplomatic said, was the decision of the Italian government to leave Spain Wednesday afternoon.

Italy's withdrawal of troops from Spain was announced by Benito Mussolini in a broadcast from Rome Wednesday afternoon.

Hitler's Aide Investigates Sermon, Riots

Washington, Oct. 10.—(AP)—The Census Bureau, which is going to do a lot of counting in 1940, checked up today and found there wasn't enough room available in Washington to do the work.

It asked real estate men to see what they could do, about surplus space. If necessary, officials said, the Bureau will guarantee someone enough rental to maintain him to erect a new building.

HITLER WOULD MAKE CZECHS VASSAL STATE

Berlin Hints Foregoing Further Military Encroachment Only If Alliances With Powers Are Broken.

Prague, Oct. 10.—(AP)—Informed Czech sources said today that Adolf Hitler, having divested himself of the Sudetenland, had begun pressure to reduce what is left of the republic to the status of a vassal state.

These informants asserted Berlin had hinted it would forgo military encroachment only if the Prague government speedily broke alliances with France and Soviet Russia and adopted a policy of conciliation toward Berlin.

They said Berlin already had forwarded an indirect demand that the government of the republic follow its autonomous Slovak unit in outlawing the Communist Party.

The Czechs said Germany was seeking a strong economic tie, possibly customs union, grasping that Germany wants an understanding that German troops might pass through Czechoslovak territory in the event of a war in eastern Europe.

Also, it was said, Berlin desired that Prague adopt a policy sufficient to prevent any anti-Nazi activities by Jews or other groups.

AVERS ROADS HANDLE MORE FREIGHT NOW

Brotherhood Official Says Extra Business Done With Million Less Employees Than Working In 1920.

Washington, Oct. 10.—(AP)—L. E. Keller, research director for the Brotherhood of Maintenance of Way Employees, told the President's fact finding board today that a million railroad workers are now handling more freight business than 2,000,000 handled 18 years ago.

Keller gave the board statistics showing that the pay of rail workers had dropped 85.8 per cent yet freight-ton miles since 1920 while the cost to the public of shipping a ton of freight a mile has declined only 11.1 per cent.

Keller said the Brotherhood began the final week of the Board's hearings, ordered by the President after the unions voted to strike Oct. 1.

The carrier completed their testimony last week.

Revenues Not Passed On
Keller asserted that the railroads had failed to give the public, in reduced freight rates, the savings they realized in wages. If this had been done, he said, business would have been reduced.

He testified that in the period since 1920 total wages received by rail workers dropped 46 per cent minus used to operating revenue.

The length of trains has increased by 26 per cent and the speed of trains has risen 53 per cent, Keller said. "But with longer, heavier and faster trains we have made railroading so efficient that we can haul more freight in a railroad car than in 1920."

Operating Expenses Lower
"and cultural freedom and much more than the decline in railroad operating revenues," he said. "In 1920, the cost of operating a passenger car was 10 times as much as it is today."

Colonists In Matanuska Harvesting Potato Crop

Palmer, Alaska, Oct. 8.—(AP)—Three hundred fourteen children are attending the consolidated school in the midst of their potato harvest in the Matanuska valley.

The potatoes, yielding about five tons to the acre, were one of many good crops gathered this year which the University of Alaska at Fairbanks and two have gone to the states to attend colleges.

The colony plans a dance Oct. 11 in Fairview. Leo E. Jacobs, colony manager, who is resigning, said only four colonists have left recently, dissatisfied with government policies and their own inability to repay Federal loans.

Two colonists have made payments on their Federal contracts. (Continued on Page Two)

HAZARDS OF LIFE TO BE DECREASED

Cameron, Managing Director Of Safety Council Expects Important Gains.

Chicago, Oct. 10.—(AP)—W. H. Cameron, managing director of the National Safety Council, today predicted that hazards to life and limb would be reduced much in the next 20 years.

Expressing his views at the out- set of the Council's silver jubilee congress, Cameron said his organization's accomplishments in the last quarter century warranted every reasonable expectation of even more important gains.

1932 LOSERS SEEK SENATE COMEBACK

Dickinson, Oddie And Barbour Endeavoring To Recover Their Former Seats.

Washington, Oct. 10.—(AP)—A scant handful of the Republicans who lost seats at the November election were today making a bid for a comeback in the November voting.

Most of those who went out upon the successive Democratic surges of 1930, 1932, 1934 and 1936 have retired down into placid retirement from office-seeking. Some are practicing law. Some are back in business. A few have written their memoirs.

Three of those who delivered up Senate seats at the point of election returns in those years are endeavoring to get back into the Senate. They are Lester J. Dickinson, who left in 1932, and Oddie and Barbour, who left in 1934 and 1936, respectively.

Others in line to hold the window in 1938 are Lester J. Dickinson, the white-haired Republican who was kicked at the party's 1932 convention, is running against Democratic Senator J. P. C. Sweeney, who was defeated two years ago after serving one term in the Senate.

It is impossible to take part of the operation of the eye. They work in the human eye. "PURGE TO END PURGES" URGED

Bridges Advocates Voters Take Final Action In Elections Next Month.

Chicago, Oct. 10.—(AP)—A "purge to end purges" at November elections today by U. S. Senator Hiram Bridges urged that German troops might pass through Czechoslovak territory in the event of a war in eastern Europe.

Also, it was said, Berlin desired that Prague adopt a policy sufficient to prevent any anti-Nazi activities by Jews or other groups.

They said Berlin already had forwarded an indirect demand that the government of the republic follow its autonomous Slovak unit in outlawing the Communist Party.

Eye Specialists Studying Melon-Plugging Scheme

Washington, Oct. 10.—(AP)—American eye specialists studied today a watermelon-plugging operation on the eye to restore the sight of persons blinded by accidents or infections.

Three of those who delivered up Senate seats at the point of election returns in those years are endeavoring to get back into the Senate. They are Lester J. Dickinson, who left in 1932, and Oddie and Barbour, who left in 1934 and 1936, respectively.
