Men's Endurance Doubled By Taking Gelatine Daily

New York—(AP)—By taking 50 grams of gelatine a day during athletic training six Long Island College athletes doubled their muscular endurance. The latter substance has been shown to be a stimulant for muscular endurance. The discovery that the gelatine substance in living tissues, which has been long known as a stimulant, is the best source of strength was announced by Dr. G. B. Ray, J. R. Johnson and M. M. Taylor of the Department of Physiology and Pharmacology. Sixty grams is about a third of a cup of dry gelatine. To make this easy to take the Long Island men dissolved it in orange and lemon juice at the rate of 30 grams to eight ounces of juice. Then they drank it quickly before it could "jelly."

They trained by riding bicycles daily until fatigued. Several weeks riding, without the gelatine drink, raised their endurance normally. Then they began drinking gelatine and endurance rose quickly and prodigiously. The greatest increase in strength was 260 per cent. After they stopped the daily drink, the increased strength lasted for weeks, although slowly diminishing. In a year's time it did not go down again to what had been normal.

FEAR OF INCURABLE DISEASE UNFOUNDED
Saville, N. Y. (AP)—For four years Vance Thompson, 34, lived with the fear he had an incurable disease. Recently, Mrs. Thompson left him and their 5-year-old son, Daniel, tumbling playfully on the floor of their cottage while she went to the door. "Don't come in. I have taken the only way out," said Vance Thompson. Vance Thompson's fear was unfounded. An examination showed no trace of an incurable disease.

VALUABLE PENNY
Florence, S. C.—Fifteen-year-old Mary Jo Cockfield's mother gave her three pennies to put in the Sunday school collection. But the teacher turned one of them back, telling her it was no good. After hard polishing, the mother, Mrs. T. V. Cockfield, discovered the penny was a \$2.50 gold piece.

WOULD-TAX BACHELORS UNTIL ALL MARRY
Dover, Del. (AP)—State Rep. Thomas A. Kellum wants to tax bachelors who have passed their 30th birthdays. His bill proposes a \$100 annual tax on bachelors between 30 and 35, \$150 for those between 35 and 40, and \$200 for all over 40. "There would be no necessity for further increases," he said, "because by this time all bachelors would undoubtedly have decided it was cheaper to marry."

DETERMINED BURGLAR DOESN'T MIND TEAR GAS
Stout City, Ia. (AP)—The burglar who looted the safe at the American Auto Parts Company of \$75 had determination. In smashing the "dial" of the strongbox, the burglar released a tube of tear gas. He connected one of the firm's electric fans and drove the fumes away as he continued his robbery.

Mayor William H. Felker asserted recently as his "battle to oust married women city employes continued. The mayor said "no threat of loss of votes" would deter him and he added: "let the women organize as political pressure groups if they see fit—I am ready."

Mayor Felker has demanded that all married women in the city's employ submit their registrations within three months or "list their reasons why." None so far has indicated any willingness to accede to his demands.

BRITAIN'S KEYSTONE of its Mediterranean defense system is the great naval base, pictured above, on the island of Malta, 35 miles from the toe of the Italian "boot." Bristling with guns and stuffed with underground stores of food and munitions, it provides a vital base for land, sea and air forces.

NEW HOUSE PAINT BY DU PONT Keeps White Houses WHITER!

THIS new, brilliantly white Du Pont Prepared Paint keeps white houses whiter! Its whiter whiteness is due to titanium—the whitest pigment known. And it stays whiter. For as the months pass by, the weather actually helps Du Pont Prepared Paint clean itself! Under normal conditions, dust and dirt are washed off by the first rain—leaving your house clean and white.

But Du Pont Prepared Paint does more than give you a whiter house. It saves you money. Its great hiding power and "spread" means that less paint is required for the job. And its unusual durability means fewer repaintings.

You can also get Du Pont Prepared Paint in all the popular colors. Whatever color scheme you select, you'll find the right shades in this fine house paint. Come in to see a color card.
