A&P SUPER MARKETS

717 MAIN STREET

Self Service 213 NO. MAIN ST.

Low Prices!

There is a story behind the ability of A&P Super Markets to offer you low, money-saving prices every day of the week. Here's why—(1) A&P purchases as many foods as possible direct from the producers—thus eliminating from their cost many in-between handling charges and unnecessary expenses. (2) A&P Super Markets operate so economically—no charge accounts, no phone order or delivery systems, no fancy fixtures or "frills" services. (3) Because A&P sells in big volume, A&P can content itself with small profit on each sale. All these things save money in the cost of bringing food to you—and the money thus saved is shared with you. You reap the benefit in lower food prices.

Singular Prosecution Argued in Town Court

Defendant, Head, Files a Demurrer Alleging Double Jeopardy; No Parallel Recorded.

Believed to be the only case of its nature ever to come before a Connecticut court, the criminal negligence charge against Lafayette Head of Fociville was argued this morning in Manchester Town Court before Judge Raymond H. Bowers.

At that time Head was driver of a car which crashed into a Daming street barn. A passenger, Douglas M. Webster, Manchester, Massachusetts, was injured. After Maloney was released, Head was arrested on a charge of negligent driving and was charged with reckless driving.

Presenting the case for the state was Attorney Joseph F. O'Connell. He argued that all the facts of the case were obtainable when Head was arrested for reckless driving, and that the subsequent death of Maloney had not altered those facts.

Head's lawyer, Joseph F. O'Connell, argued that the prosecution is attempting to bring a second charge against a defendant for the same act.
