Mackenzie Is Freed Today

Officials at Hospital Notified Jail's Supervision Is Ended.

New Haven, April 5.—(AP)—Harry E. Mackenzie of Bethel, one-time powerful Republican state leader sentenced to nine months in jail in the Waterbury conspiracy case, became a free man today.

Lakes, Maine, farthest east; Key West, Fla., farthest south; Penasque, Minn., farthest north—(not counting Alaska Post Offices of which Point Barrow is the northernmost, and Sarona the farthest west).

Penasque, Key West and Sarona are island Post Offices. Mackenzie was held in the Mecca, Calif., lowest of all. (In Death Valley 185 feet below sea level).

Climax, Colo., highest. (elevation of 11,320).

Boy—While we're sitting in the moonlight, I'd like to ask you—Girl—Yes, dear?

Boy—Could we move over? I'm sitting on a nail.

A friend of ours who has a big lawn surrounding his home made the comment recently: "What this world needs most is a lawn grass that will grow one inch high and stop."

Grandson—Were the girls of your time as wild as the girls of today, Grandpa?

Grandpa (eyebrow modern grandpa)—Not then, weren't they?

Women are seeking the great open spaces. Blouses with eyelets and sheerest of lace. Stockings of mesh, a sandal that shows. Through punctured partitions sections of toes.

To step out attired in nothing but soles.

First Sloop—Say did you see that blonde smile at me?

Second Sloop—That's nothing. The first time I saw you laughing.
