## West Sides to Oppose Grant Beaten In Net Upset

**Pagan's Hope to Move Closer to Two League**  
PA's-GA's, Tomorrow.

## Local Sport Chatter

**Two League President Jack Dwyer** made a mistake and admitted as much when he questioned about the improvements proposed for the West Side field. Only one ball player of the army, connected with the league, was present at the meeting. The mistake was in assuming that the players would help make the diamond a bit better.

**Not so many years ago** the ball players maintained their own field, that is outside of Nebo. The present field at the West Side was made possible by people living in that vicinity. There is nothing much wrong with the layout except that those in power insist on putting a third row of bleachers in the West Side. The West Side and Nebo are carpeted with top stuff which has no place on a baseball diamond.

**When the improvements** were made last year at the West Side, the league was not fixed up properly. This was promised but the same old clay came out in the last two games this season. The league is not fixed up properly. This was promised but the same old clay came out in the last two games this season.

**Right now the prize for all the teams in the league** is a berth where there is a commanding lead. The league is not fixed up properly. This was promised but the same old clay came out in the last two games this season.

## House-Hale Loses To Vernon in 10th

In the last game of the second round of the Y. M. C. A. softball league, Chagnon's Vernon team defeated House and Hale team in ten innings. The game was a close one, with both teams playing well.

## Pro Football Looks Ahead To Banner Season in Fall

**Chicago, July 31.**—Some of the country's finest specimens of young manhood, as you may have noticed, are their board and keep, to say the least, playing football. Many of these husky young men would be among the first called for war training, if and when that comes—a fact that is causing more and more little noisemakers among several National Football League officials.

**George Halas, owner and coach of the Chicago Bears,** however, is highly optimistic over the 1940 season. He expects a banner year for the Bears. He expects a banner year for the Bears.

## Fences Busted By Kampouris

**Newark, N. J., July 31.**—Alex Kampouris, shipped back to the minors after six years of power hitting in the big time, has been slugging so many home runs into the left field stands that Newark's Bear fans are beginning to forget many of the slugging greats of other years.

# —Sense and Nonsense—

Uncle Joe had learned a great lesson: Albert Edward Wigam (author, meeting elderly Negro who was always cheerful in spite of having more than his share of troubles)—Uncle Joe, who have you managed to remain so cheerful and calm?

Uncle Joe—Well, I'll tell you. I've learned to co-operate with life.

Tom "Dontz"—DON'T become panicky. DON'T lose faith that right will triumph over brutal might. DON'T conjure up the specter of invasion of the United States. DON'T conclude that Hitlerism can forever dominate the Old World. DON'T get the notion that what you, cotton will become worthless.

He was a good one in all probability. Canas Taker—Do you drink? Palmisto—No. Canas Taker—Why don't you drink? Palmisto—My boss forbids it, my customers won't allow it, and my conscience. Canas Taker—Those are surely good reasons. What business are you in? Palmisto—I'm a hattermaker.

Most of the time when avowed political candidates withdraw from races "for the good of the party," the real reason behind the withdrawal is that they see no hope of winning.

Junior—Grandmother, does your eyeglasses magnify very much? Grandmother—Why, yes Junior, they do magnify considerably.

Old Raggon Tatters from Brushville says: "Amos Tash has a nice sixteen-year-old daughter that is just a piece of cake!"

Mother—A child of seven should go to bed at seven o'clock; a child of eight at eight o'clock. Edna—Yes mother, but you are appealing to others, and you're not appealing to me.

APPEARANCES... The average person wastes too much time on appearances... We're used to a much better picture of what we ought to be, instead of the distorted, like picture of disfiguring what we really are, the picture would be far more appealing to others, and more satisfactory to our selves.

Florence—Katherine's mind is essentially modern. Katherine—Yes, she never seems to be out of date.

Florence—Did the doctor take your temperature? Patient—I don't know. All I've missed so far is my watch.

STORIES IN STAMPS... The Stafford Public Library will be closed, starting Monday for a period of other three or four weeks, depending upon the time for the council to improve the intersection of the streets so that they will not collect at that point after a rainstorm. The letter was referred to the Public Works Committee.

Acknowledgments have been received from seven Congressmen and two Army officers, to the letter, sent by the city two weeks ago, endorsing the National Defense program.

Old Shop... The petition to demolish the old blacksmith shop on West Main street is to be given. Those in charge of the entertainment, August 2, will be Grange Sunday and will be observed in the Bolton Congregational church at the regular morning service at 10 o'clock. The Grange Chorus will furnish a special musical number and all members of the chorus are asked to meet at the Bolton Congregational church tonight, at 8 o'clock to rehearse with Mrs. Kline.

A special musical number will be given by Miss June Milner at 8 o'clock. The letter was referred to the Public Works Committee.

Clippers Ruled Seas For Glorious Decade... The Yankee Clippers were the streamliners of 1930. They filled the need for speed to link Atlantic and Pacific and when that demand slackened, the Clipper gave way to heavier, slower cargo ships. The Clipper is preserved for philately on the U. S. 20-cent stamp above, showing the Clipper "China Bird" in San Francisco's Golden Gate.

The California gold rush in 1849 launched the Clipper fleet. California had more needed supplies. There was a premium on speed. The first made the trip in 90 days. The ships were long and slim, with tall masts carrying all the sail. With 10 years, however, the era of the Clipper was ended, leaving only their achievements as one of the most brilliant chapters in U. S. maritime history.

# Council Takes Action On Building Permits

Rockville Gives Warning That Permission Must Be Obtained From Council

Rockville, July 31.—(Special)—Alderman Eben H. Cobb, chairman of the Public Works Committee of the City of Rockville, announced at the meeting of the City Council on Tuesday evening that the council has taken action to require that building permits be obtained from the council before any construction work is started in the town.

The council, in its action, also authorized the town engineer to issue permits for the construction of buildings, but only after the council has given its approval.

The council's action was taken in response to a report from the town engineer that many building permits had been issued without the council's approval, and that this had caused a great deal of trouble for the town.

The council's action is expected to result in a more orderly and efficient building process in Rockville.
