Guards Return Saturday A. M.

Train Due in Manchester at 2:30 in Morning—Threat But Happy

By Danny Shea... Ogdenburg, N. Y., Aug. 23—A special significance was attached to the song "God Bless America" this morning as 30,000 Guards boarded trains for their home stations to the tune played by their regimental bands here at Ogdenburg.

The Manchester units enroute at Hampton Station, N. Y., in four coaches and a baggage car about ten o'clock this morning and are now being speeded toward home after three weeks of strenuous maneuvers.

Early tomorrow morning, the Guards will march into Manchester with their colors flying, ready to go back to civilian life, forgetful of their military duties for a while. Despite the grumpy system which predicts their return for the first night of the week, no official orders pertaining to the mobilization have yet been published.

The companies will remain at the army in the morning long enough to be paid off, and the K Guards will report again Sunday morning to turn in their equipment. A regular drill will also be held on Monday night.

Meals will be furnished the Quartermasters and their aides at 2:30 p. m. However, the men of the 134th will have their own 1940 training since no supervision of New York.

Just prior to breaking camp, the Guards came off the firing line, and are sleeping many a mile on the trip back. However, tomorrow night will be spent around town making up for lost time.

According to the schedule, the trains are due in Manchester about 2:30 p. m. However, some friends should allow some time for unavoidable halts enroute.

German Air Raids Are Being Kept Up

(Continued From Page One)

The night raids, although relatively unimportant in terms of the bombs or small groups, covered a wide area and as many as 50 planes were sighted.

(Airports, airbase and motor factories and shipping were German targets, a high command communiqué in Berlin said, reporting that several incendiary bombs and explosions caused in several localities and 11 British planes downed against two German planes missing.)

Nine Shot Down On the other hand, the British reported nine German warplanes shot down against one British, from two or three which the fires returned safely.

In Cairo, a Royal Air Force communiqué said British bombers had destroyed two Italian submarines, a destroyer and a submarine depot ship off low-altitude bombardment of warships at Bomba, Libya.

In face of Italian pressure on Greece, Britain reaffirmed her guarantee that "in the event of any action... which clearly threatens the independence of Greece... Majesty's government would feel bound to lead to the defense of Greece." The attack on London, the first pre-dawn air raid on the capital, followed by only a few hours a spectacular night cross-channel artillery shelling of the important Dover coast.

About 20 bombs were dropped during the night on one southwest corner of the city.

Deputy Kills Self in Crisis In Argentina

(Continued From Page One)

The approval of War Minister General Carlos Marzotto, Marzotto and Finance Minister Pedro Gropo were the cabinet members charged by the Senate with the duty of settling the budgetary law in permitting the purchase of land for 55 Palmair airfields at a price of 2,500,000 pesos (about \$412,000), which the committee asserted was five times its actual value.

Marzotto conferred with high army officers yesterday, apparently in an effort to keep control of Argentine's military forces, and subsequently petitioned Vice-President Castillo for permission to remain in office long enough to defend himself against the committee.

Meanwhile, there were rumors that Argentina's representatives found by a conservative coalition was scheduled to open this morning at eleven o'clock with sessions to be held at the Elks Auditorium.

The following are the delegates and alternates from Rockville: Rock and Laddie Compas; Ernest Schindler, delegate; Bernard Erle, alternate; Hubert Shortman, alternate; Herbert Compas, alternate; Edward B. Hueston, delegate; Albert Nutall, alternate; Fred S. Knight, alternate; Benjamin Harrison, alternate.

Several other members of the department are expected to attend the convention on Monday, August 27. To receive badge: Billy Stiles, Jr., Patrol Leader of Troop 15, Boy Scouts of America, will receive his Eagle Scout badge on Saturday, August 24th at the home of his parents in Hartford. It is necessary to have 21 merit badges to receive the award and Stiles had 20.

Advertizing is News too

WHEN people are given helpful information about merchandise they want and where it can be obtained, the result is good news for the readers and profitable advertising for the merchants. This newspaper offers the most effective method for business men to tell the news about their merchandise and service to the families in this community.

The extent of this effectiveness depends, of course, upon our circulation. Not necessarily how large, but where, how obtained and other facts that the advertiser has a right to know when he spends money for advertising. To give our advertisers this information we belong to the Audit Bureau of Circulations, a national, cooperative association of 2000 publishers, advertisers and advertising agencies. The Bureau was organized in 1914 and its purpose is to furnish advertisers with verified information about the circulation of the publisher members.

The Bureau has staff of skilled auditors who make an annual audit of the circulation records of each publisher member. This audited information is then issued in A. B. C. reports which show how many copies of a newspaper are printed, where they go, how the circulation is secured and many other facts advertisers should know.

This newspaper therefore not only offers advertisers a good way to get their news to the right people in the community but also provides protection for advertising investments by giving audited circulation figures.
