## Rayburn Predicts Ship Arming Vote By 150 Majority

Overwhelming Support For Measure Seen Indicating Members Reflecting Attitude of Their Constituents After Making Visits Home

Washington, Oct. 16.—(AP)—A few minutes before house debate opened today in the administration's merchant ship arming legislation, Speaker Rayburn predicted the measure would be passed tomorrow with a majority of "100 to 150 votes."

The speaker told his press conference the overwhelming support he saw for the measure was a clear indication that members, just back from visits to their districts, were reflecting the attitude of their constituents.

Few Amendments Possible

Rayburn said that as a result of the parliamentary situation, few amendments could be offered on the one-paragraph resolution allowing for repeal of Section 4 of the neutrality law, which forbids arming of merchant ships trading with foreign nations.

When the speaker gave his prediction on the probable final vote, he was reminded that in 1917 the house passed a similar bill by a vote of 403 to 14.

"Yes," he said, "but we have one gentleman here who wasn't in 1917."

Well-informed House sources reported today increasing signs that Republicans were slowly abandoning their opposition to President Roosevelt's foreign policy and would vote in support of the measure to permit the arming of United States merchant ships.

These sources predicted that the final roll call, probably tomorrow, is a resolution to repeal the neutrality act prohibition against putting guns on cargo vessels would have more Republicans voting "yes" than any recent foreign-policy legislation.

This shift in sentiment was reported as the house met in conference today at 11:30 a. m., after a day of debate on the ship arming bill.

Some Concede Passage

The measure reached the floor without the approval of six of the ten Republicans on the House Foreign Affairs Committee. These critics called the measure a step in a campaign to "put us into war" and "subvert" the constitution, but even some of their number conceded that it could be passed by a substantial majority.

One of the minority party leaders, who declined use of his name, said that Republicans who have lapsed their districts, "recent weeks have returned to the capital a little more open-minded."

## Smith Gets Nod to Be New Judge

Representative Named By Roosevelt to Fill Position Vacated by Thomas Resignation.

Washington, Oct. 16.—(AP)—Rep. J. Joseph Smith (D., Conn.) was nominated by President Roosevelt today to be a Federal Judge for Connecticut.

This post has been vacant since April 12, 1939, and various factions in the state had been unable to get together on a nominee.

Smith is now serving his fourth term in Congress. He was recommended for the position vacated by the resignation of Judge Edwin S. Thomas, by Senator H. H. Hickenlooper (D., Conn.) and others.

Brother of Former State Chairman

New Haven, Oct. 16.—(AP)—Rep. J. Joseph Smith (D., Conn.), who was nominated today by President Roosevelt to be a Federal Judge for Connecticut, is the brother of the late former state chairman of the Connecticut State Republican Party.

## New Strike Halts Steel Plant Work

Union Leaders Urge Resumption at Shipyard; Dispute at Detroit Called 'Wildcat'

By The Associated Press

A new strike halted operations today at a big Detroit steel plant, while at Pascagoula, Miss., A. I. F. union leaders recommended resumption of work at a strikebound shipyard.

The dispute at the Great Lakes Steel Corporation in River Rouge was the fourth in four months and officials of the firm termed it a "wildcat" strike. The plant employs 8,000 men and has many defense orders.

Four hundred men present at a union meeting last night booted down Orville Kincaid, their elected director, when he attempted to announce the results of an adjustment negotiations he had carried on with the management. One critic said the adjustments called for an increase of only one cent an hour for common labor and a pipet line was formed at the plant gates a short while later. The CIO union has had a contract with the company since July 18.

## Latin Nations Will Get Aid

150,000,000 in Lend-Lease Bill for Building of Defense Bases.

Washington, Oct. 16.—(AP)—Latin-American nations will get approximately \$150,000,000 in aid for the construction of defense bases and other military purposes, according to a bill introduced today in Congress.

Admiral Harold R. Stark, chief of Naval operations, was said to have mentioned the program when he outlined plans for strengthening of the Atlantic defenses during his testimony yesterday at a closed session of the Senate Appropriations Subcommittee which is considering the legislation.

Stark, it was reported, urged upon the committee the necessity of providing \$100,000,000 for the Navy in aid of Latin-American countries in order to meet any eventualities that may arise.

Repeal Cheap Insurance

The admiral was described as coming upon such expenditures as cheap insurance against possible air raids in the southern part of this hemisphere.

Although committee members said details of Army and Navy plans for joint defense of the American continent were not disclosed, there were indications that the military authorities were negotiating for the establishment of Naval air bases by other hemisphere nations with the understanding that this country's forces could utilize the facilities in case of need.

Included in the projected allocations for the Latin-American countries also were funds for the construction of ships, airplanes and other military equipment.

## Report Japs Mass Troops Forces in Indo-China

'Presumably for Action Against China.'

Shanghai, Oct. 16.—(AP)—A German report from Hanoi, French Indo-China, said today the Japanese were massing forces in North Indo-China, "presumably for action against United States Treasury securities."

Several Federal agencies, including the Reconstruction Finance Corporation, Commodity Credit Administration and United States Housing Authority now are receiving reports from the public from time to time.

The total debt of Federal agencies other than the Treasury on Sept. 30 was \$4,928,841,000. In a period of five years, as these securities come due for payment, Morgenthau said, they might all be refunded by direct Treasury obligations.

Due To Crowd Limit

The Treasury itself owns \$3,364,845,426. With a deficit running over \$1,000,000,000 a month, Morgenthau said, it is within possibility the next year to crowd the statutory debt limit of \$45,000,000,000.

However, Morgenthau said, "we must be realistic about the debt limit. There is no question that it will have to be raised."

Reminded by his inquiry that opponents of the Roosevelt administration

## Japanese Government Resigns; Embassy Staff Quits Moscow

Newspapers Publish Prominent Story of Departure on Advice of Officials of Soviet.

Tokyo, Oct. 16.—(AP)—The Japanese government resigned tonight, admitting its inability to agree on the great issues confronting the empire. Failure to reach an accord with the United States and growing military pressure for action in the crisis against Russia were strongly indicated as major factors.

Premier Fumimaro Konoye presented on bloc the resignation of the cabinet, his third, to Emperor Hirohito amid increasing press agitation for an end to efforts to conciliate the United States.

Konoye had let it be known he would not take responsibility for a break with America.

Predictions were made in informed quarters that the crisis might produce a more vigorous foreign policy, designed to counter what the Japanese call the "ABCD encirclement"—military measures of America, Britain, China and the Dutch East Indies.

Informed observers expressed belief that the cabinet's fall was linked with an unfavorable turn in talks in Washington looking toward lessening of Japanese-American tensions.

Fewer Conferences Held

It was pointed out that a few series of conferences and important discussions began here immediately after the return to Washington last week of Kaname Wakanaui, Japanese minister to the United States.

A crescendo came just after Washington dispatches told of a meeting between Wakanaui and Undersecretary of State Sumner Welles, in which it was understood both sides laid all their cards on the table.

Wakanaui had been recalled to Tokyo in August to make a full report on the American situation and when he returned, by way of Mexico, it was reported he carried important instructions.

The emperor asked Konoye to continue in office until a successor could be named and the premier agreed. He summoned his colleagues for a meeting at 1 p. m., tomorrow (11 p. m., Thursday, e. a. t.) to consider the next move.

No Hint Crisis Imminent

The resignation followed several days of intensive consultations.

## Nazi Drive About 60 Miles from Moscow; Russians Still Resist

Hitler Puts Big Squeeze On Sweden

More Pressure in Effort to Send Troops And Supplies to Finland by Land Is Seen.

London, Oct. 16.—(AP)—The German offensive is smashing into Moscow's outer defense line, about 60 miles from the capital, Adolf Hitler's headquarters declared today, and an authorized spokesman said a special announcement regarding Moscow could be expected soon. Questions at the daily foreign press conference here on the situation of the Russian government and foreign diplomats at Moscow were met with the reference to the "important announcement" in prospect which, he said, would answer those questions.

Refers to American Envoy

"Someone asked about Ambassador (Laurence A.) Steinhardt the other day," the spokesman recalled.

"Well, other American diplomats have had the experience of surrendering cities that don't belong to them," the spokesman added cryptically, referring obviously to the former ambassador to France played in the surrender of Paris to the Germans as an open city.

A military spokesman said that Moscow was not anywhere nearly encircled and that plenty of space was left for Moscow civilians to evacuate to the east from the capital.

Edging into the high command's communiqué, he said that its phrase, "we are already fighting at several points on Moscow's outer defense line" meant that the infantry already was there while armored vanguards, by intimated, might be moving eastward along the belt of fortifications.

The spokesman said there was not necessary a chain of elaboration.

## Middle East Gets Planes

American Craft Rapidly Replacing British in Area, Brett Reports.

London, Oct. 16.—(AP)—Maj. Gen. George H. Brett, chief of the U. S. Air Corps, said today the Middle East was being "completely re-equipped with American aircraft as rapidly as possible."

Maj. Gen. Brett recently returned from the Middle East after an observation tour of that sector.

To Replace English Planes

Maj. General Brett said the plan was for American models to replace English planes completely in the Middle East.

He added that he had recommended fullest development of the South Atlantic air ferry route for delivery of the planes, not only to the Middle East but to England as well.

I believe the majority of the planes in the Middle East at the present time are American and the number is steadily being increased," he said.

Although it takes eight days to cross the Atlantic from Miami to the Middle East or Gibraltar there to England, Brett said this route would be much faster in the long run because of more favorable weather conditions.

Roosevelt Calls Conference

Washington, Oct. 16.—(AP)—President Roosevelt called a conference for mid-afternoon today of his military advisers in place of a general cabinet meeting which earlier had been scheduled. Whether the group was to discuss the latest events in the Far East, or general lend-lease operations, was not disclosed. Called to the White House were the secretaries of state, war and Navy, Gen. George C. Marshall, Army chief of staff, Admiral Harold R. Stark, chief of Naval operations, and Harry L. Hopkins, special presidential assistant on lend-lease aid.

Far East Army Interact

London, Oct. 16.—(AP)—Russia's Far Eastern Army remains virtually intact and stands ready to face any eventualities arising from the cabinet crisis in Japan, a Soviet source in London said today.

He declared that Russia which had been called from Siberia to the western front had been drawn mainly from new conscripts without weakening the permanent military establishment in the Orient. He insisted that the Red Army of the east was better equipped for mechanized war than the Japanese.

### 50th Annual Report Issued by Association

**Manchester Building & Loan Shows Wonderful Growth Since It Was Organized.**

The 50th annual statement of the Manchester Building & Loan Association was ready this morning for distribution to stockholders today. The annual meeting will be held tomorrow night when four directors will be elected. The terms of Fred T. Blah, E. O. Hohenhalt, Jr., John F. Pickles and Charles T. Whitaker have expired and it is to fill these places that the meeting will be held tomorrow night. The directors will elect officers.

The Manchester Building & Loan Association was organized in 1891. It was formed to assist local persons to build and own their own homes. Loans were made for home developments and the payments were made monthly. The office of the association has always been located in the store of C. E. Howe, 1892 Frank Cheney, Jr., has served as president and Charles E. Howe was the first secretary, an office held for about 35 years.

The present officers are: President, Frank Cheney, Jr.; vice president, Howard V. Taylor; secretary, Herbert B. House; treasurer, Alvin L. Brown; board of directors, Fred T. Blah, E. O. ### Collector Hunt Makes Report

**Has Gathered in \$54,173 or 90.6 Per Cent Of Total For District.**

Tax Collector George W. C. Hunt, of the South Manchester Fire District, reported at noon today that the total collections of the \$54,173.55 tax laid and payable from September 15 to October 15, 1941, had reached \$49,619.25. At the close of business at 5 o'clock this morning the collector had reached \$49,619.25, but checks mailed yesterday that reached his home this morning brought the total to the figure mentioned.

The remaining unpaid taxes are in the most part small amounts in addition to recouping payment on current taxes. Mr. Hunt also has paid back tax bills yesterday and the lien placed against the property released. On September 13 he placed 20 liens and since that time 12 have been paid up and released.

To Be Out Of Town Tomorrow. Mr. Hunt will not collect taxes on Monday or Friday as he is to be out of town, but those who have failed to make payments when they should have done so are urged to do so before he leaves. He will be back in town on Tuesday, Oct. 17, when he will collect taxes on the unpaid taxes mailed to those who failed to make payments on time.

### Boy, Girl Held After Slaying Tale Related

Used her father as Arthur M. Piles, a Washington Navy Yard moulder, and the Cunningham girl said she was the daughter of Lindsey K. Cunningham, an executive carpenter.

From Alexandria, police learned only that the young girl, who had reported missing Sunday night, they said they had Sunday night in the Virginia police car. The contractor, the Virginia police could find no trace.

However, police at Raleigh, N. C., told Portland authorities by telephone that the car registration was issued to G. G. Browning of Route 3, Mount Olive, N. C.

Assistant County Attorney Richard S. Chapman said he had agreed "in all essential" to the possibility of the young girl's father, a Portland native who also had lived in Kewanee, had come here seeking work in a shipyard. The younger girl, he said, also once lived here.

### Local Guards To Be Viewed

**Company G to Be Inspected by Its Sponsors, Legion Post.**

An inspection of Company G State Guard will be conducted by the sponsoring agency, Dilworth Cornell Post, American Legion following the proper inspection of the unit which will be held in the state armory here next Wednesday night, Oct. 22.

The unit will conduct a drill exercise on the 22nd and will be inspected by the Legion officers and their staff, after which a military review will be conducted for the Legion officers and members.

Open to Public. Captain John L. Jenney has announced that the drill and inspection of the company will be open to the public and the wives and members of the company member and the Legionnaires and Auxiliary members are especially invited to witness this public showing of the guardsmen.

The official property inspection of the company will be held at 2 p. m. on Oct. 22 and all members of the Legion are invited to attend with all state property in their possession.

To Be Greeted. Following the inspection and review for the Legion officers and members, the company will be greeted at the Legion at the Legion home on Leonard street. Coffee and sandwiches will be served and the evening will be rounded out by dancing. Admission to the party is free.

Invention by Accident. A young English inventor, Fred Rick Walton, got the idea for his "Patrol" as "quick as a wink" and uncovered, and the surface had ended into a rubbery film.

Should Immobilize Japan. Pepper took the position that "Japan is going to be a dagger aimed at the throat of the United States and to enter the struggle against Hitler, we should take satisfactory steps to immobilize Japan."

Pepper said he had no comment on that but added: "The time is not yet past when we should have taken the initiative. It is just as certain that we have not yet taken the initiative as it is that the sun will rise tomorrow."

### Pepper Urges Action To Immobilize Japan

**Senator Counsels Nation To Prepare for 'Certain' Conflict with Hitler by Clearing Seas.**

Washington, Oct. 16.—(AP)—Senator Pepper (D., Fla.) counsels the United States today to prepare for a "certain" conflict with Hitler by clearing the seas of Japanese, Italian and French fleets.

"It is just as certain that we are going to have to fight Hitler as it is that the United States and Great Britain are going to continue to exist," Pepper told newsmen.

Pepper said he had no comment on that but added: "The time is not yet past when we should have taken the initiative. It is just as certain that we have not yet taken the initiative as it is that the sun will rise tomorrow."

### Gas Gusher in Backyard Saves House of Worship for Baptists

**Structure, It Assures the Church an Income of at Least \$100 a Month.**

Cameron Mills, N. Y., Oct. 16.—(AP)—A tiny Baptist congregation today was assured that its church would be saved by a backyard gas gusher.

Floors were sagging, the foundation story giving away, 100 members remained on rolls which once listed 200 and even occasional services had been discontinued when the well ran dry.

Drilled behind the dilapidated little structure, it assures the church an income of at least \$100 a month, perhaps \$200 a month, because its house of worship had been saved by a backyard gas gusher.

### Wife Waiting For Bergdoll

**Distric Court Nolle Prosses Three Indictments Pending.**

Washington, Pa., Oct. 16.—(AP)—Crops and the lack of rain were forgotten today as Mrs. Grover Cleveland Bergdoll awaited further developments in the attempt by her husband, the nation's No. 1 World War draft evader, to gain his freedom on parole.

I am full of joy at the idea that soon may be home, but I scarcely dare hope for it," she said.

Major Peet stated publicly at a luncheon for Sidney Hillman, chairman of the Office of Production Management, that "the government is going to have to quit kicking the aviation industry around, brown-beating us with committee reports and all that kind of thing."

He said he would not sign a compromise agreement to increase the wage of AFL machinists in the new, 100,000-employee plant unless the government agreed to help defray part of the cost.

He estimated that this agreement, if signed, would cost \$82,000,000 and would "break the company." He said he would not sign a compromise agreement to increase the wage of AFL machinists in the new, 100,000-employee plant unless the government agreed to help defray part of the cost.

About Town

The 18-35 Club will meet in the Center church tonight at 7:45 o'clock.

Mr. and Mrs. Richard Moore, of Chatham street, were recent guests at the Chamberlin Hotel, Old Point Comfort, Va.

Miss Ruth Turkington, daughter of Mr. and Mrs. Harold A. Turkington of 35 Winter street, who underwent an appendectomy last Saturday at the Memorial hospital, is well on the road to recovery.

Harry Field of 190 Main street is confined to his home by illness.

A large delegation from Sunset Rebekah Lodge attended the "Neighbors' night" program of Myrtle Lodge of Stafford and spent a pleasant evening. The local Rebekahs presented a stunt entitled, "Military Consequences."

John O'Brien, of Oak street, who is an inventor in Rockingham, North Carolina had as weekend visitors Miss Edith Thrasher, of Laurel street, Miss Mary Fay of West Hartford, his brother, "Bill" and "Bud" House. The four went by auto and made stops in Washington, D. C., Philadelphia and other places of interest.

Snow Slide Curb For School Roof Men are today working on the east side of the High School slate roof installing concrete slide curbs. These are to be erected in the section over the Main street entrance and are so arranged to prevent snow from coming down in large quantities.

The Board of Education last week voted to have the work done and the cost was included in the budget of \$40,000 that was voted at the annual town meeting. Because other work had to be done on roofs of other schools the work on the High School building work was left until now. With classes leaving and entering the school about seven times a day the Board is taking no chances.

Removes Swastika, Hitler From Big Truck Here

Officer Raymond Griffin, patrolling in the police car on Center street, noticed a big ten-wheel truck having past and parked on the rear of the swastika. Needless to say the officer forced the truck to the side of the road and removed Hitler and the swastika. The driver professed ignorance of the incident. He stated that someone in the New York terminal had probably placed them there as a joke. To this Officer Griffin agreed but did not agree to having the truck go any further decorated in that fashion.

"Snowsides Night" will be observed by Scandia Lodge, Order of Vasa at its regular meeting in Orange hall this evening. The entire business session will be conducted in the Swedish language. Charter members, headed by John Leander, will occupy the chairs. A social time with refreshments will follow the meeting. The committee in charge is hoping for a good attendance.

Orange Lodge Has Election

Daughters of Liberty No. 128, Ladies Orange Lodge, held their annual election Tuesday evening at its meeting Tuesday evening in Orange hall. Officers for the coming year, and appointed Mrs. Ruby Haas first delegate to the convention to be held at the Hotel Bancroft, Worcester, Mass., in August 1942. Mrs. Esther Haugh was elected second delegate and Mrs. Lily Dunlop and Mrs. Elizabeth Sanderson alternates.

The new officers follow: Worthy Mistress, Mrs. Violet Field; deputy mistress, Mrs. Lily Dunlop; chaplain, Mrs. Gladys Robinson; recording secretary, Mrs. Lily Dunlop; treasurer, Mrs. Sarah Jamison; financial secretary, Mrs. Ethel Dunlop; first conductor, Mrs. Dorothy Johnson; second conductor, Mrs. Margaret Robinson; first lecturer, Mrs. Elizabeth Sanderson; second lecturer, Mrs. Margaret Benson; inside guard, Mrs. Florence Hughes; first trustee, Mrs. Minnie Brown; second trustee, Mrs. Ellen Wilson; third trustee, Mrs. Margaret Donnelly; first driver, Fred Cranston; second driver, Archie Haugh; third driver, John Chambers; color bearer, Mrs. Bessie Cole; pianist, Mrs. Annie Johnson.

The above officers will be installed by Mrs. Margaret Campbell of Brookline, Mass., at the regular meeting November 11.

New Schedules Of Work Hours

A new schedule of working hours will go into effect Monday at the British War Relief offices in the British-American Club's building at 75 Maple street. Mondays and Tuesdays the hours will be from 12:30 to four o'clock. Wednesday, Thursday and Friday from 10 a. m. to 4:00 p. m. Tonight for the first time the workrooms will be open from 7:30 to 10 in compliance with a request from women who are gainfully employed outside the homes during the daytime. A cordial invitation is extended to all women or girls who would like to help with knitting or sewing during any of the above periods, or to call for work to take home.

To Help This Week A shipment of used clothing will be made from the workrooms this week. It will be the final one for the present and no collections of used clothing will be made until satisfactory arrangements for cleaning and repairing garments can be made. Up to now this work has all been taken care of by the Hartford Branch of the B. W. R. Due to lack of space and labor they have had to curtail assistance to branches outside of the city. Manchester people have been most liberal in donating serviceable clothing since the opening of the local British War Relief Society and their gifts, together with those made in the workrooms, have been a Godsend to people who lost all when their homes were bombed.

List Program For Concert

Choral Club Members Announce Numbers to Be Presented Oct. 28.

The S. C. Choral Club of the Second Congregational church announces the program for the concert to be given by the club at the church Tuesday evening, Oct. 28, at 8 o'clock.

The first group of numbers includes "Prayer" from the opera, "Hansel and Gretel" by Engelbert Humperdinck. This "Prayer" is sung by the children when they are lost in the woods of the ill-famed librettist. They become sleepy and lie down to rest but before they sleep they say their evening prayer and then the fourteen guardian angels whose protection they invoked are seen stepping down the heavenly ladder to guard their slumber.

The second number in this group is the popular "Beautiful Dreamer" by Stephen Foster. The final number is a gay song of autumn called "In October" written by Coe and Forster. For the second part of the program, the songs are taken from Father Kemp's Book and include "Strike the Cymbal" by Purcell. The tenor solo in this number will be sung by Roger Horton of Hartford. This group concludes with the lusty anthem, "Jerusalem, My Happy Home," written by Lowell Mason.

The third group opens with the lovely sacred anthem, "A Song in the Night," by Woodman. The tenor solo in this number will be sung by Roger Horton of Hartford. This group concludes with the lusty anthem, "Jerusalem, My Happy Home," written by Lowell Mason.

Police Board Meets Tonight

If Custom Is Followed There Will Be Change in the Officer

The Board of Police Commissioners will meet tonight to organize the board for the year 1938. The board is composed of the same men as made up last year's commission, but following custom adopted about five years ago, there is likely to be a change in officers.

William P. Quinn was chairman of the board for the year 1938. William Allen was the secretary the same year. Last year Mr. Quinn named Mr. Allen for chairman and Thomas Rogers for secretary. Quinn became the "audience" the same rule is followed tonight. Mr. Allen will step down as chairman and Mr. Rogers will be named chairman.

Mr. Rogers became a member replacing James H. Johnson who had served as secretary of the commission before being advanced to chairman.
