Britain Resumes Aerial Offensive Against Germany

Planes Return from Daylight Sweep Over Northern France with Report 12 Nazi Fighters Downed; Nine British Planes Missing

London, Oct. 21.—(AP)—British planes, reopening their offensive against Germany after three days of bad weather, returned from a daylight sweep over northern France today with reports of German fighters brought down. Nine British fighters were missing but the pilots were safe, an authoritative source said.

Three cities—Bremen, Wilhelmshaven and other ports—were bombed heavily last night by strong British raiding squadrons, which also reported a score of nine planes.

Authorities issued a statement that "ports in northwest Germany were heavily bombed in better weather last night."

Bremen was the main target. Wilhelmshaven and Emden were also strongly attacked and there were several minor raids at other ports.

"Nine of our bombers are missing," the statement said. "The force of the bomber command engaged was a strong one—more than seven times the size of German force operating against the country during the night."

Small Raids Made—The Air Ministry said that, in addition to the major blows at Bremen, small raids were made against a number of objectives in northern Germany and occupied territory.

"Yesterday," it said, "aircraft of the coastal command bombed enemy seaplane base and factory near northern Denmark. Buildings were hit and aircraft set on fire."

It was acknowledged that a patrol command plane, presumably one which participated in the thrust across the North Sea, was missing, making 10 bombers reported in the 24-hour period.

Some of Britain's new four-engine bombers were in the attacking force.

Greatest Number to Bremen—The greatest number of bombers went to Bremen, but both Wilhelmshaven and the port of Emden were attacked by "several squadrons."

Crews returning from the Bremen attack reported "many large fires spreading from among the docks and in industrial parts of the town."

It was the 46th British raid of the war on Bremen, important port and site of extensive shipbuilding.

German air attacks last night were centered on Merseburg, the port and shipbuilding area of central Germany, and North Weichsel. While the government said only one bomber was shot down, it was reported that the attacks ceased because of the darkness.

"Our convoys continue to cross those dangerous waters and the strength of our escort forces is rising day by day."

American destroyers and Coast Guard cutters released for service in the Royal Navy have been very successful in the Atlantic.

Attack Not Diminished—"Nevertheless, the strength of the attack is no way diminished. This battle will not be really won until the last U-boat or last raider is sunk."

"The support given to us by the American Navy is invaluable."

Many of the Japanese ships, he added, "look overburdened with guns and crew."

Strength of Jap Navy—This, the Air Ministry said, was the strength of the Japanese Navy, "as we are confident of our own."

7 Towns Hit By Defense Work Lack

Certified to War and Navy Departments as Facing Severe Unemployment at Present

Washington, Oct. 21.—(AP)—An OPA official told a Senate committee today that seven communities have been certified to the War and Navy Departments as facing severe unemployment unless special consideration is given them in awarding defense work.

This testimony was given the defense investigating committee by Floyd B. Odium, director of OPA's Division of Contract Distribution, in response to questions as to what progress had been made by the recently created division in spreading defense work.

The communities which have been certified, Odium said, are Grand Rapids, and Greenville, Mich.; Kalamazoo, G. Ripon, Wis.; Newton and Keokuk, Iowa; and Mansfield, Ohio.

The certifications, Odium said, were made in the past few weeks, and the War and Navy Departments are now investigating the labor situation in each of the communities.

British Praise Support Given By U. S. Navy

Japanese Fleet Rated as Powerful, Efficient and Strong Against Attack; Bases Rapped

London, Oct. 21.—(AP)—An authoritative British Naval source said today that "the support given to us by the American Navy is invaluable," and that although the Japanese fleet is powerful, efficient and strong against attack, "we do have reason for confidence."

He discussed the possibility of war in the Pacific, and rated the Japanese Navy as "very powerful, efficient and well-manned and very strong against attack," but "extremely susceptible to economic blockade."

Bases "Not Modern"—The United States Naval bases at Guam and Manila were described as between Hawaii and the Philippines in event of war between the United States and Japan.

"The important battle of the Atlantic he said: "Our convoys continue to cross those dangerous waters and the strength of our escort forces is rising day by day."

"American destroyers and Coast Guard cutters released for service in the Royal Navy have been very successful in the Atlantic."

Attack Not Diminished—"Nevertheless, the strength of the attack is no way diminished. This battle will not be really won until the last U-boat or last raider is sunk."

Petain Raps British Raids

Expresses Protest on Bombings of Le Havre in Open Letter Today

Vichy, Oct. 21.—(AP)—Marshal Petain today broke his government's silence on the R.A.F.'s bombardments of German-held ports on France's Channel coast by expressing a protest against the bombings of Le Havre. The protest was made in an open letter addressed to the port's municipal government.

Another anti-British note was issued by the official news agency in an item criticizing the British for alleged mistreatment of some French officers picked up off the coast of Somaliland.

The same agency published an unexplained "news item" entitled, "Does the United States Fully Grasp the Seriousness of the Moment?" This belittled United States defense production efforts.

Soviet Army Men Instruct Civilians

Instructors of the Russian Army (right) armed with rifles and bayonets show Soviet civilians how to use domestic weapons, such as shotguns and axes in hand-to-hand fighting, according to the Russian caption. At left is a squad of civilians with bayonets awaiting their turn to show their newly acquired skills.

THE MANCHESTER HERALD

Hull Urges Repealing Ban on Ships Going Into Combat Zones

Price Control Sees Repeal Of All Bans By Wickard

Secretary of Agriculture Gives Support to Legislation to Authorize Ceiling on Products

Washington, Oct. 21.—(AP)—Secretary of State Hull said today he believed that a neutrality act provision which bans American merchant vessels from specified combat zones should be "repealed or modified." He testified before the Senate Foreign Relations Committee today that the act prohibits the arming of American vessels; to insist on full change.

Washington, Oct. 21.—(AP)—Secretary of Agriculture Wickard gave his support today to price control legislation which would authorize ceilings on farm products at no less than 110 percent of parity, but declared that agricultural commodities were not too high yet.

Recalling trials of farmers growing out of inflationary and deflationary periods of the first World War, the secretary said, "I do not believe that the American economy can stand repetition of anything like that."

Wickard's statement was made before a House Banking Committee considering an administration-supported price control bill.

Wickard declared, however, that price control alone would not prevent inflation. As for agriculture, he said, the current preventive was increased production. He said the Agriculture Department was inaugurating a program designed to give this country its greatest production of food and crops next year.

"Like other farmers," the secretary said, "I have watched with mingled pleasure and fear these recent price increases for farm products. I think the pleasure is understandable enough after 20 years of unfairly low farm prices. Even greater is the fear of what happens when prices get too high. They are certainly not there now. But speaking as one farmer, I hope they never do get there."

Recent Increases Rapid—While stating that recent increases in farm prices had been unusually rapid, Wickard said he wanted to make it plain that "they are not yet out of line for the reason that these are increases from levels which are abnormally low."

"In 1929, before the war broke out, prices of farm products were so low that the farmers' purchasing power was only about three-fourths of that of 1914. Only within the past month or two has the purchasing power been brought back to the 1914 level," he said.

The five operating brotherhoods rejected the offer yesterday after a conference with the National Mediation Board.

Steel Production Hampered—In other fields, steel production was hampered in the Birmingham area by strikes which started by the Alabama coal mines and spread to the steel industry. Wickard said that he was especially averse to continue to tie our hands by a provision of law which prohibits arming of merchant vessels for their own defense.

It would be "little short of criminal," he said.

Reject Offer To Arbitrate Rail Dispute

14 Non-Operating Brotherhoods in Refusal on Wage Row

By The Associated Press—Fourteen non-operating railroad brotherhoods with 900,000 members today joined five operating brotherhoods with 360,000 members in rejecting an offer by President Roosevelt's emergency board to arbitrate the wage dispute between railroads and their organized employees.

The five operating brotherhoods rejected the offer yesterday after a conference with the National Mediation Board.

Arias Leaves Panama Again

Deposed President Apparently Decides to Go into Exile Today

Panama, Oct. 21.—(AP)—Arnolfo Arias, deposed president of Panama, left his homeland today by a Pan American Airways plane, apparently having come to a decision to go into exile.

He arrived at Managua, Nicaragua at 7:30 a. m. (8:30 a. m. P.A.T.) by a special plane which carried an escort of three Panama police.

"The ex-president had been in jail since his voluntary return last Tuesday from Cuba, where he was at the time of the bloodless coup of Oct. 9 which displaced him."

Approved by New Regime—His departure had the approval of the new regime, which had let it be known he would be freed if he would leave the country.

While the new government of Dr. Ricardo Adolfo de la Guardia reversed one of Arias' last decisions as president by authorizing ships flying the flag of Panama to be used against raiders.

Many of the ships are United States-owned and fly to British waters.

As a similar message was understood in the United States, Congress, the new government of Panama announced yesterday that the ships may be armed at their owners' risk and expense in the interest of self-defense.

Attacks Not Justified—The decision said German attacks on Panama vessels "have no justification."

Manchester Store Corp. To Promote Olcott Site

Robert F. Raymond, of Farmington, who took up the option on the Olcott property after Everett Deacey, Boston developer, decided not to go through with his plan to build garden court apartments, will take full possession of the property before the end of the month.

Before a clear title could be secured there were certain court orders now on file with the clerk of the Superior Court. A substantial deposit has been made and the property will be developed by a corporation. The firm will be formed before the end of the week and will be known as the Manchester Store Corporation.

Mr. Raymond named T. W. Stack, realtor of Hartford, as selling agent for the property and he had made application for priority rights in the garden court type of apartments. If this right is secured the work of developing the apartments will get underway at once. If not, attention will be given by the new owners to develop the Main street frontage for

Town Streets In Good Shape

Manchester's highways, generally speaking, are in a far better condition this year than in any recent previous year, members of the Board of Selectmen felt. There are no potholes in the streets, and the reconstruction needs for the department, but the streets they fall are in much better shape than heretofore.

The annual program of making permanent improvements to certain streets, and extending these improvements, is being left to many of the side streets.

Town's Business Street

Soon, however, officials feel the town must face the necessity of reconstructing the surface of Business Street. The work of reconstructing this portion of the street is rapidly deteriorating and Selectmen are planning to reconstruct a survey to determine the best method to restore the highway to smoothness. A concrete roadway will be laid, and the work will be done in sections.

There has been talk of a sort of cheap patchwork job that might postpone the work of reconstructing the street, but it is certainly not the highway department for the past year.

About Town

The Emblem Club will hold a least-bridge tomorrow afternoon at two o'clock at the Elia home in Rockville. Mrs. George L. Gravello of Henry street is chairman of the committee of arrangements. Mrs. Robert J. Dowse of Hayes street is a member of the committee.

Mrs. Rose Diana of 138 Center street has returned after a visit with her mother and other relatives in Boston.

Attention of the Monday evening group of the First Aid class is called to the fact that special instruction in bandaging will be given tonight in the classes at the State Trade school, including application of splints and methods of transportation. It is hoped every member of the class that meets Monday evening will avail themselves of this opportunity tonight.

Group B of Center church women, Mrs. Byron Boyd, leader, will meet Thursday evening at eight o'clock at the home of Mrs. Boyd, 47 Lancaster road.

Mr. and Mrs. Louis Stoltenberg and son Melvin of Henry street are spending a few days with relatives in East Sumner, Maine.

The North Methodist church school board will have a meeting tonight at the church at 7:30.

A short-circuit in a transformer located on Parker street affected the electric service in the Parker Middle Turpentine east and Grand street area early last evening until the trouble was located. The repair crew had some difficulty in locating the short.

A farewell party was given Saturday night for Second Lieutenant Miss Nellie Walkowski of the U. S. Army Nurse Corps at her home at 36 Union street, daughter of Stanley Walkowski. She was transferred yesterday from the Army Base at Windsor Locks, to Camp Shelby, Shelby, Mississippi.

Mr. and Mrs. Fred Vincent and Louis Walker and bride, have returned to Fairhaven, Massachusetts, after being the weekend guests of Mrs. Annie Walker and family of 91 Birch street.

The children of Mary Sodality of St. James's church will host tomorrow evening at the school street Recreation Center at seven o'clock.

Thirty members of Manchester Grange have chartered a bus and will attend an out-farmed banking bee at the Whitville Grange in Burlington tomorrow evening. All members who have purchased tickets should be at the Masonic Temple at seven o'clock sharp.

The regular meeting of Anderson Shea Post 2846 will be held this evening at 8:15 at the Home, Manchester, Green.

Emergency Doctors

Physicians of the Manchester Medical Association who will respond to emergency calls tomorrow afternoon, are Dr. George Lundberg and Dr. Arthur B. Moran.

Temple Chapter, Order of the Eastern Star, will meet tomorrow evening in the Masonic Temple. The business will include the simplification of the initiatory work. Mrs. Ruth Borg will be in charge of refreshments at the social following the meeting.

At a special session of the Board of Park Commissioners scheduled for Thursday night the question of departmental wage adjustments will be taken up and it is expected that pay increases will be voted under the new appropriation.

Mr. and Mrs. Henry Boulet of Buckland veterans at their home Sunday evening with a birthday party for William E. Meak of New Haven. Among those present were Mrs. Meak, Mr. and Mrs. Boulet, their son and daughter, Henry Robert, Ray, Norman, Milton and June. Miss Catherine Meak, Miss Dorothy McNeill, Floyd Leavitt and daughter Marilyn and Mrs. A. W. Volgren of Main street.

Any member of Anderson Shea Auxiliary 2846 who is interested in working on the drill team please be present at the V. F. W. Home Wednesday evening at 8 o'clock. A meeting will be held at that time to discuss further plans.

Judge Allows Rudaz Appeal

Probate Court Rules on Claim Against an Estate.

Probate Judge William S. Hyde has allowed an appeal to be taken by Mrs. Elizabeth Rudaz from a recently announced decision of commissioners, who heard her claim against the estate of Daniel Rudaz, her brother-in-law. The case was before Attorney Raymond R. Bowser and George Lester several weeks ago, the lawyers having been appointed commissioners to decide on Mrs. Rudaz's claim for \$750, representing an alleged loan to the deceased plus interest on the loan.

At the time of the hearings Mrs. Rudaz asserted she had loaned her brother-in-law money which had not been repaid at the time of his death. From simple funds and property of the estate she asked repayment which had been refused by the administrators. The case, the commissioners decided against the plaintiff, who was represented by Attorney Jay E. Robinson. Testimony was largely circumstantial. There was no proof of the alleged loan other than the word of witnesses to the claimed deal, while the estate asserted the deceased had ample funds and had no need to borrow.

The appeal will go to the next term of Superior Court.

Called Back Home
While on a Visit

Mrs. Sidney Bottomley, Jr., of San Diego, Calif., who flew east a week ago with her six-month-old daughter, intending to spend the remainder of October and November with her parents, Mr. and Mrs. John H. Hackett, of Buckland, was called back home suddenly and left by plane yesterday. Her husband is an ensign in the United States Navy and is a diver. He has been in Honolulu in training and is connected with the aircraft carrier Concord.

It was expected that he would be in Honolulu until December, but a change in order brought the Concord back to San Diego and he will be in that state until December. He expects to be commissioned a lieutenant before he again puts to sea and will fly a bomber plane.

Many to Hear Rose Lecture

Hartford Woman to Be At Center Church on Next Friday Night.

A large audience is expected to attend the lecture to be given by Mrs. Louise Rose of Hartford, well known world traveler and news commentator, on Friday evening, October 24, in the auditorium of Center Congregational church. Speaking on the general theme, "The World Today," Mrs. Rose will emphasize particularly the importance of Australia in the South Pacific and its relation to the United States in defense preparations. From her first-hand observation and study of many weeks spent in Australia and New Zealand this summer, Mrs. Rose will be well qualified to give her impressions of the work going on there.

Manchester is fortunate in being able to hear Mrs. Rose this month, as she has already traveled several hundred miles throughout the state since her lecture season began two weeks ago. She is currently giving a bi-weekly series of talks in Hartford at the Town and County Club under the auspices of the Children's Museum.

The Manchester Mothers' Club has already booked Mrs. Rose for a lecture in January of next year when she will speak on the European situation at that time.

Tickets for "The World Today" may be had through the leaders of the sponsoring groups of women workers, Miss Emily House, leader of Group F, Mrs. Howard J. Roy, leader of Group I, Mrs. Charles Robinson, or at the door.

Chicken Coop Fire
Draws Big Crowd

After No. 2 Company of the South Manchester fire department had responded on a still alarm for a fire last evening in a chicken coop at 25 Highview street and had been at the fire about five minutes, an alarm was turned in from Box 45 at Main and Street streets which called out the pump of No. 3 Company and the Hook and Ladder of No. 4. The alarm was sounded at 6:30 and in addition to bringing out the fire apparatus brought along about everything on wheels. The apparatus that was called when the bell alarm was sounded was at once turned back, No. 2 remaining to fight the fire which was threatening a garage. The coop was destroyed but there were no chickens in it. The recall was sounded at 7:14.

Old age assistance tax enumerators are continuing their work of calling on local residents. This year under state law a check-up of addresses of legal voters also is being carried on in Manchester. The job is being done by the enumerators.

Miss June Yeomans
As Soloist
To Have Prominent Role In Second Congregational Club's Concert.

Miss June Yeomans, daughter of Mr. and Mrs. Frank Yeomans of Oakland street, will have a prominent part in the concert, Tuesday evening, October 28, at the Second Congregational church, sponsored by the Church Choral club. Miss Yeomans will also do, "The Chinese Nursery Rhymes," by Bainbridge-Crist in costume.

Richard Ramsey, who is the son of Mr. and Mrs. Philip Ramsey of Starkweather street, will play several numbers on the xylophone. While attending Manchester High school he was a member of the orchestra and dance band.

Miss Yeomans As Soloist

Miss June Yeomans, daughter of Mr. and Mrs. Frank Yeomans of Oakland street, will have a prominent part in the concert, Tuesday evening, October 28, at the Second Congregational church, sponsored by the Church Choral club. Miss Yeomans will also do, "The Chinese Nursery Rhymes," by Bainbridge-Crist in costume.

Miss June Yeomans

She is a member of the South Methodist church choir and of the G. C. club and is studying voice under Mrs. Nellie Carey Reynolds of Hartford. Those who attended the performance of "The Mikado" at the Y.M.C.A. last season will remember her as the charming heroine.

Several of the younger and talented members of the S. C. Choral club are appearing on the program Tuesday evening, among them Miss Betty Groves and Richard Ramsey. Miss Groves has chosen for her number Tchaikovsky's beautiful and haunting melody, "None but the Lonely Heart." Miss Groves has studied at the Frank Caruso studios in Hartford for the past two years and has also appeared in Hartford with the WPA orchestra.

Girl Scouts To Aid Drive
Will Assist in Distributing Letters of Appeals For Local Fund.

On Thursday and Friday of this week, Manchester Girl Scouts will assist volunteer workers in distributing letters of appeal for the annual campaign for funds for the Manchester Girl Scout organization. This will be the first time that letters describing the appeal will be distributed and the first time that Girl Scouts will assist workers in the drive. The letters will contain a short description of the work of the organization and an envelope in which the contribution will be placed.

The following week, on Wednesday and Thursday, Oct. 29 and 30, Girl Scouts will again call to receive the contribution envelopes. It is hoped the response will be generous so that none of the Girl Scout activities will be dropped for lack of money. A goal of \$460 has been set.

This will be the annual campaign for funds for the Manchester Girl Scouts and will occur as usual during National Girl Scout Week which will be held this year from Sunday, Oct. 26, through Saturday, Nov. 1.

National Girl Scout Week commemorates and always includes October 31, birthday of Juliette Low, who founded the movement in the United States 29 years ago.
