14 Persons Killed In Airliner Crash Close to Airport

Pilot, Thrown Clear as Ship Strikes Earth To Bounce 100 Yards And Pile Up. Is Lone Survivor; Making In- strument Approach.

Moorhead, Minn., Oct. 30.—(AP)—Trapped in fog and mist, a Northwest Airlines plane crashed within two miles of its objective early today. Fourteen persons died in the impact and flames that immediately engulfed the wreckage. Only survivor was Capt. Clarence Bates of Minneapolis, pilot, thrown clear as the big liner struck the earth a glancing blow, bounced 100 yards and then piled up.

Sufferer Only from Shock

Captain Bates suffered only from shock but physicians would permit no one to talk to him.

The St. Paul dispatcher said he had been told the plane was on a course from Chicago to Seattle, at 1,344 m. (c.s.t.). It then was over the Fargo airport, descending at 2,700 feet.

Making a routine instrument approach in weather described on the surface as "thick with freezing drizzle," the pilot next should have reported when he sighted land.

The dispatcher vainly tried to contact the plane at 2:00 a. m. Ten minutes later, police reported that a plane had crashed. Scene was two miles from the airport, or about one mile north of the city limits of Moorhead which adjoins Fargo.

The two cities are separated by the Red river, which is the state line between Minnesota and North Dakota.

Found Wandering in Field

The crash occurred on a flat prairie. Captain Bates' plane was found wandering in a field by motorists attracted by the flames. There apparently were no witnesses to the catastrophe.

Cecil Hunter, NWA general manager, left St. Paul with a plane and crew to resume the morning trip started by the ill-fated liner.

Bates had to be restrained from trying to climb into the burning wreckage to rescue the victims.

This information came from Charles Bailey, Chubbuck, and E. W. Berg, Fargo, beauty operator, on their way home from a suburban night club when they saw the fire.

Gasoline in Wings

They said Bates was back to the scene after being found in a field. Bailey quoted him as saying that the gas tanks were kept away from the wings because they contained gasoline.

Five Others Damaged in British Low-Level At- tack on Aalesund; Sup- ply Vessel Also Hit.

London, Oct. 30.—(AP)—The Air Ministry said today that United States-built Hudson bombers sank two Axis ships and damaged five others in a low-level attack on the Norwegian port of Aalesund last night.

An eighth Axis ship, a supply vessel, was reported hit outside the city before turning back.

Other planes bombed a ship off the factory and docks at Bergen, Norway, the communication said. British say the Germans are using oil on the water.

Enters Plea Of Innocent

'Old Boy Friend' Held In \$25,000 Bail for Shooting Bride of Day.

Whitman, Mass., Oct. 30.—(AP)—Charged with the shotgun shooting of 17-year-old Grace Hayward Vern, bride of a day, Fred Stenkevitz, 26, Brockton, shoe-maker, described by police as a former "boy friend," pleaded innocent today to assault with intent to murder and was held in \$25,000 bail for the grand jury.

The girl's condition was reported fair.

Police Chief Leroy Phinney said the girl, whose birthday was yesterday, was struck in the back by 23 pellets from a shotgun as she sat outside a fruit store for her mother, who was buying provisions for a combination wedding and birthday party.

Termining Stenkevitz "an old boy friend" of the girl, Phinney said:

Trials to Commence Tomorrow

"He tried to commit suicide by the gun out of his mouth."

Arrested a few moments after the shooting, Stenkevitz was booked on the attempted murder charge and held for arraignment today in Afton District court.

Mrs. Vera was taken to Brockton hospital.

The girl, a resident of Whitman, and Lawrence Vera, 21, of Uxbridge, Conn., a machinist, who came to work in this town a few months ago, were married Tuesday night in Middletown.

The young bride apparently saw her assistant and started to flee among other early evening shoppers when she was felled by the blast fired from between two parked automobiles. The pellets entered her back near the left shoulder.

Reds Regain More Footholds; Germans Advance in Crimea

Axis Forces in Pursuit Of Withdrawing Red Army Units on Both Crimean Fronts

Berlin, Oct. 30.—(AP)—The Germans used nearly every weapon in modern warfare to breach Russia's defenses on the Perekop isthmus, a land link to the Crimea, front dispatches said tonight. They pictured the assault as one of the war's toughest assignments. The Germans said they had to drive through five lines of casemates, using flame-throwers and nearly every other weapon in their arsenal.

The Russians have been forced to give further ground in the Crimea and Donets basin and Axis forces are in pursuit of withdrawing Red Army units on both fronts, the high command announced today.

The war bulletin from Adolf Hitler said the Germans had captured the Crimea and allied Axis troops had reached the upper Donets river on a broad front.

Coward Fined 200 Pounds

Playwright Found Guilty Of Violation of British Finance Regulations.

London, Oct. 30.—(AP)— Noel Coward, the playwright, was fined £200 (about \$800) and £20 (\$80) costs today for violation of Britain's wartime finance regulations.

The fine was levied on the first of three summonses charging violation of defense finance regulations. The others were marked "no separate penalty."

The playwright's counsel contended that he was "morally innocent" and that, being a man who was "ailing with business," he was unaware of regulations. He explained that Coward had been in England only six weeks from the beginning of the war to May, 1941.

He said Coward left his business in the hands of others and it was "a staggering blow" when he was accused of evading responsibility and hampering the war effort by living extravagantly when he should have been contributing to the Treasury.

"Could Not Pay 'Large Fine'"

He added that his client could not pay a "large fine." This statement was made before the levy of £200 was announced. These accusations were made this afternoon.

1.—Coward failed to offer to the Treasury £37,547 in United States currency.

2.—He sold 100 Chrysler Corporation shares without consent, receiving \$8,599, and 100 General Food Corporation shares for \$4,749.

Three Other Charges Pending

The three charges were brought in Bow street court. Two others charging violation of the securities laws were pending.

Urge British Leave China

Embassy Tells National- ists to Quit Japanese- Occupied Territory.

Shanghai, Oct. 30.—(AP)—The British embassy in China tonight urged all British nationals in Japan-occupied territory to leave as soon as possible because of "recent developments."

It was stated authoritatively that the British regard "the political situation in Orient as having further deteriorated."

The embassy's action was said to have been taken after consultation between British officials in China and authorities in London.

Those who do not leave at once were advised they must "henceforth be prepared to remain where they are, irrespective of the future course of events, since no similar opportunity for British subjects to evacuate is likely to occur."

Terms "Urgently Desirable"

Their departure "was termed 'urgently desirable' by the British government, broadcast over local radio stations, said the British embassy today.

The embassy's statement would pay for the transportation of those who leave, but it is not clear if they are to be charged with the cost of their own travel.

Thomas Ready to Join Republican Colleagues In Seeking Outright Repeal of Neutrality Law; Have Not Decid- ed Whether to Press Proposition on Floor; Traces War History.

Washington, Oct. 30.—(AP)—Senator Thomas (D., Utah) told the Senate today he was ready to join with three Republican colleagues—Alvin J. Hamphreys, Bridges of New Hampshire and Gurney of South Dakota—in seeking outright repeal of the neutrality law. The pending revision measure, drafted by the Senate Foreign Relations Committee, would repeal the neutrality act provisions which prevent the arming of American merchant ships and prohibit them from entering belligerent ports and designated combat zones.

Could Re-Enact Section

Among other provisions the revision legislation would leave on the books a section granting the government control over munitions exports. Thomas said that if the act were completely repealed this section could be re-enacted.

The three Republicans, who had the backing of Wendell L. Willkie when they suggested outright repeal, are not yet decided whether they will press their proposition on the floor. If it is not approved, both the Republican group and Thomas have said they would support the administration revision legislation.

Tracing the history of the last world war, Thomas said it was not the arming of American merchant ships or similar "incidents" that caused this country to enter the conflict. Instead, he said, it was the broader issues of morality and human freedom.

World wars are not caused by incidents any longer," he continued.

"Japan has deliberately attacked you of our gunboats. We did not consider that a cause for war. Germany has attacked our ships and we did not consider that a cause for war."

Plan to Jump Security Tax

Program of Steep In- creases to Be Ready Within Two Months.

Washington, Oct. 30.—(AP)—Secretary of the Treasury Morgenthau announced today a program of steep increases in social security taxes would be ready for congressional consideration within the next two months.

He declined to give proposed new rates but disclosed a press conference that the size of the increase would be greater definitely to mop up the extra money in people's pockets for which there will not be goods to buy.

The steps of the proposed program were emphasized by Morgenthau when he related that the Federal Reserve Board had agreed that the new tax rate should be based not so much on the actual needs of the social security program, but upon the need of the government to prevent inflation and also to finance the defense program.

In the current fiscal year, 1941, Treasury expects a deficit of \$12,583,000,000 on its budget of \$24,811,000,000. One of the important sources of borrowing to meet this deficit is social security taxes.

Many Forced From Homes

Heavy Rains Beat Steady Tattoo of New Danger In Oklahoma Lowlands

Oklahoma City, Oct. 30.—(AP)—Thousands of Oklahomans were forced from their homes by widespread flooding today as heavy rains beat a steady tattoo of new danger from already rampant rivers.

Families were rushed from lowlands by trucks and boat in Oklahoma City relief agencies and in isolated creek and river bottoms throughout the state.

Frederick Will Add to Misery

Federal Observer Harry Washington predicted that the first freezing weather of the season would add to the misery of the refugees.

Oklahoma City relief agencies, which evacuated more than 2,000 persons and more were streaming from the danger zones.

Walnut Grove school house, in which was housed many of the refugees from the Bosque area, now is being reached only by boat.

Rescue Squads in Action

At Wichita Falls, Tex., flood rescue squads went into action for the third time this year as heavy rains sent streams out of their banks, flooding lowland residences.

Mr. Murphy said that the plan would be to increase the number of inspectors to 100 per cent of the total tax, including both personal and unemployment taxes, would be a 10 per cent increase. The amount which would be taxed would be an additional 10 per cent of the total tax.

Series of Air Raids Made on Italy

Cairo, Oct. 30.—(Delayed)—The R.A.F. made a series of successful air raids on Italian airfields in southern Italy yesterday, a company of bombers and fighters were reported on a factory and a warehouse in the town of the Italian sea.

The three towns are on the Italian sea and the toe of Italy.

Another factory and a gas works were hit at Salerno, which is a strategic point which covers the area of the toe of Italy.

Factory and Train Hit

Another raid was reported at Salerno, in which a factory and train were hit.

The British Air Ministry said British naval planes raided the Italian air base at Comiso, Sicily, Tuesday night, bombing and setting fire to hangars and airfield buildings.

Last night the Ministry of the Interior said five bombs were dropped and no damage nor casualties resulted.

Ten Persons Killed By British Raiders

Rome, Oct. 30.—(Delayed)—Ten persons were killed and 42 injured, among them several airmen, in the fields, when British planes bombed the town of Salerno in the southern Italian province of Reggio Calabria and Catanzaro yesterday afternoon, the high command declared today.

The communication again announced an Italian night raid on the British base at Malta.

British Drop Bombs On Coastal Region

Berlin, Oct. 30.—(Delayed)—British planes, flying singly, dropped bombs in the northern coastal region of Germany last night with out causing damage, the high command said today.

The British Air Ministry did not mention British raids upon Germany in the midday bulletin stressing only an attack upon the French, the French Navy base taken over by Germany.

First Lieutenant Galland of a German pursuit squadron was cited in the communiqué as the victor in 30 air duels.

The high command told also in German aerial activity in North Africa.

Barred from the turf were: R. V. C. Van Cleave, listed by the board as owner-trainer of Rapid Bone; William E. Rafferty, registered owner of Hasty Notion; Pete Walls, not definitely identified; and Mrs. George E. Hartney, an aunt of Rafferty's.

In addition, the board ordered all evidence in the case turned over to the United States Attorney General, the Illinois Attorney General, and Cook County's State's Attorney, Thomas Courtney.

The board said Van Cleave had won a race at Hawthorne on Sept. 24 at odds of 8 to 1.

The board said Van Cleave had purchased the horse from Brad Broadway of Philadelphia for \$50,000.

Performs Wedding At Bargin Rate

Brimfield, N. D.—(Delayed)—For three years Justice of the Peace H. G. Stewart had performed a marriage ceremony, business was that bad.

Then Edith Roll, 25, a local girl asked him what he charged for a wedding. Justice Stewart figured out a way to give her a wedding and special—29 cents cash. So she and her fiance, Norman Dism, 24, of Madock laid down two dimes, a nickel and four pennies.

Justice Stewart went to work. He gave them a "35 wedding" and laid all the details of a marriage in an hour's speech by performing a midnight ceremony.

Mediation Board representatives said that the company return them to their old jobs.

To this the company replied that the union refused to permit the increased use of equipment and the large-scale machinery with such equipment under conditions simulating war.

The union's good health record reflects both the careful supervision of the medical supervision and the fact that the strikers are all Americans.

"An auto pilot in England is not dear for an average man to own. The others will continue their flying and soon they'll wear the uniform of the RAF."

Future Farmers Honor Frost

Hartford, Oct. 30.—(Delayed)—Charles F. Frost of Bridgewater was elected an American farmer at the 4th national convention of the Future Farmers of America held in Kansas City, Mo., last week.

Mr. Frost is a graduate of the Agricultural Department of the University of Connecticut. He is a member of the FFA, representing the state at the national convention in Kansas City.

Mr. Frost is a graduate of New Milford high school in 1940, where he studied vocational agriculture for four years, operating a 100 acre home farm.

First Fatal Airline Crash Since March

Crash of a Northwest Airlines plane at Moorhead, Minn., today with 14 deaths was the first fatal commercial airline crash since March 1937, when a Douglas DC-3 crashed into a series of five accidents that killed 100 persons.

The last previous crash killed 10 persons and occurred on the Airline sleeper when it plunged into a Georgia pine woods near Atlanta last February.

This disaster, the fifth in six months, after 17 months of accidents, has broken the preceding August, led by the Eastern Airline, which crashed into the operation of the national airline.

All close to Alport.

All five accidents occurred as the planes were being refueled to destruction only a few miles from Atlanta.

Famous Make Automatic OIL BURNER

\$159.00 INSTALLED COMPLETE

Small Down Payment, Low Monthly Payments

CONSIDER THESE FACTS—

These Burners are being sold throughout the country for around \$200.00 and compare favorably with other Burners at this price. Hundreds have been sold in Manchester, some 10 to 15 years ago, and still performing efficiently. One reason we sell these Burners so cheaply is that we contracted for a number of them at a price which is a large part of our business and every Burner we sell means a new Fuel Oil customer, not for one, but for many years. We are satisfied to make a small profit each year on our oil sales, but a large profit on our Burner.

COMPARE THESE FEATURES—

Webster Fuel Unit, Jefferson Transformer, Leland Motor, Termination and Minimum Fan, and Minneapolis-Honeywell Controls. These products are standard on nearly 80% of all Burners made and built in accordance with the specifications of the National Fuel Gas Code. They are manufactured by a pioneer with 50 years' experience and are approved by Underwriters Laboratories and Commercial Standard Co. 75-30.

Legion of Honor

Variety Show by Pupils Entertains Three H. S. Assemblies Monday.

That Manchester High School has many talented students was a fact certainly proved by the variety show held in the three assemblies Monday. After tremendous applause, Larry entered with "Might on the Prairie."

As the program opened, the scene was that of a production manager office and among the secretaries, played by Connie Kelley, was one answering phone calls. Her name was "Miss M." After tremendous applause, Larry entered with "Might on the Prairie."

Having A Halloween Party?

DISH OF THE MONTH
Pineapple Doughnut Rings

WHAT I NEED
Plain Doughnuts
Sliced Pineapple
Marshmallows

Of course, you need to stage a party in order to serve Pineapple Doughnut Rings—your family would enjoy this treat any day. But doughnuts do seem especially appropriate on the Halloween Party menu, so here they are used as the "start off" for something really different. Pineapple Doughnut Rings are delicious, too! With coffee, your refreshments will be simple, yet festive, or if you plan a more extensive menu, this is the ideal dessert.

Pineapple-Doughnut Rings

- 1/2 dozen plain doughnuts
- 3/4 cup butter or margarine
- 1/4 cup brown sugar
- 1/2 teaspoon cinnamon

- 1 No. 2 can (2 1/2 cups) sliced pineapple
 - 6 marshmallows
 - 1 tablespoon cornstarch
 - 1/2 teaspoon nutmeg
- Slice doughnuts lengthwise, toast top with Cream butter or margarine; spread on tosted sides of doughnuts. Drain pineapple, reserving syrup. Place pineapple slice between each 2 doughnut halves; top with marshmallow. Bake in moderate oven (350° F.) 15 minutes. Mix remaining sugar, cornstarch and nutmeg; add 1 cup pineapple syrup. Cook, stirring constantly, until thick. Serve hot on doughnuts. Serves 6.

In the Winter of 2,000,001 B. C....

people expected to shiver all Winter long...but in 1941 there's no excuse for it! Not when you can insulate with Balsam-Wool for as little as \$5.00 a month! Ice hallways, drafty floors, bedrooms that never warm up room temperatures that shoot up and down, fuel that seems to melt while bills multiply...if you recognize any of these symptoms in your home, hurry and phone 3145 for a free estimate on insulation!

INSULATION IS A LUXURY THAT SOON PAYS FOR ITSELF!
