Sense and Nonsense

It's the way a man talks to a girl—thought I saw you taking a gentleman up to your apartment last night...

Landlady (in hall talking to girl)—I thought I saw you taking a gentleman up to your apartment last night...

Get the baby to sleep in bed—she decided to try and get it to sleep in the crib...

Hope on a Winter Night—The supper work is done. The lamp is out...

Angry visitor—See here. What do you mean by inserting the date in my expression 'Applesauce' in parentheses in my speech?

When a woman goes on a drastic diet—she has one or both of two objectives in mind—to retain her girlish figure...

First Porter—You sure got a big mouth!

A Negro called at the hospital and said: 'Rastus—I called to see how mah fren' Joe Brown was getting along...'

She was one of those nagging wives, but was aware of her fault. One day she attended a lecture on 'A Smiling Face Wins Through...'

Hold Everything—The lecture impressed her so much that she decided to try and get it to sleep in the crib...
