"May I add this: The waiving of the preliminary hearing against the commissioner is not to be taken as in any way indicating that the commissioner would not be ready on Saturday to meet those before you or that the attorney general is not prepared to substantiate on Saturday those charges which he has made to you with respect to the conduct of the commissioner, both assented to this procedure because they wish that all charges which can reasonably be made against the commissioner be brought forward and

disposed of at one time.

Will Enter Stipulation "Should you approve of this suggested procedure the attorney general and counsel for Mr. Co. will enter into a proper stipulation, which, if you wish, I will look over to see that it is effective to accomplish its purpose."

Attorney General Paliotti said
he intended not only to investigate complaints now at hand, exclusive of the two specific contract cases, which served as a basis for Mr Cox's suspension Feb. 4, but that he also would inquire into any new complaints or information that came to his attention. The removal statute provides for the summoning of witnesses

to testify under oath with broad powers given the attorney general for the seizing of records. NUTRITION FACTS * YOU SHOULD KNOW *

ABOUT FRUITS AND VEGETABLES: To help preserve the vitamin content of vegetables and fruits, cook them whole and with the outer covering left on, whenever possible. Don't peel potatoes and leave them standing in water before using. Vinegar or lemon juice added to vegetables while they are cooking helps to conserve their vitamin content.

Forming Manpower **Mobilization Board**

Authorized to Muster All Workers Necessary for Maximum War Factory Production.

Washington, Feb. 12 .- (P)-A manpower mobilization board authorized to muster all workers necessary for maximum war factory output was reported being formed today, with Paul V. Mc-Nutt as the probable head. The white-haired Federal secur ity administrator, former governor of Indiana and one-time high commissioner to the Philippines, was said to have been selected by President Roosevelt over Sidney Hillman, head of the War Production Board's Labor Division, and Se retary of Labor Perkins, who have been mentioned for the post. Executive Order Submitted

It was learned that an executive mitted to President Roosevelt a few days ago, but that the Predent had asked for a new draft to eliminate certain points to which said the order would be issued soon but union labor officials said they thought Mr. Roosevelt would wait until he had consulted again with with which he met last Friday, A second meeting is scheduled for

Labor supply was one of the questions said to have been discussed by Mr. Roosevelt and the union representatives, who were reported to be drafting recommen lations for submission at the conferences. A memorandum on the mobilization proposal, prepared under McNutt's supervision, has been as a labor conscription plan. The memorandum asserted that six Federal agencies are now engaged in recruiting man-power and said that if these were not to work at cross-purposes a mutual agreement as to basic policy must be "The experience in Great Britain and Germany is already being

Designed to place home ownership within easy reach of the average wage earner, to stabilize interest rates, to mprove the quality of housing, and to provide a steady flow of private capital for home financing, the Federal Housing Administration's home-financing system provides a number of protective features to home buyers. Among the benefits which the FHA program offers the

1. The low initial payment on the house 2 The maintenance of uniformly low interest rates. FHA regulations establish this rate at a maximum of 41, per cent, plus the mortgage-insurance premium of one-half

3. The long term of repayment, which may be up to 20 4. The inclusion of all charges in a single regular monthy payment. These include interest, principal, insurance,

5. FHA's insistence on sound construction and location standards and neighborhood requirements which assure. nsured mortgages are durably built in communities of established value and under general conditions that promse stability and usefulness of home and neighborhood over a long period of years. 6. The single long-term mortgage which wraps up in

one package the whole home-mortgage debt, paid off on a monthly basis and therefore not subject to the same nazards as the old short-term mortgage usually renewable at exorbitant costs. 7.
