"Grodowski is my name"

I AM AN AMERICAN, 39 years old. My parents were born on the other side where life was hard and people were pushed around, even before Hitler. And we knew fear and hunger.

But even way out there we knew there was an America. And my parents talked about it in the fields. And dreamed of it. And scrimped for it.

So they came over here—strangers in a strange land. And were welcomed. Not as foreigners. But as Americans.

And they settled where they pleased. And they worshipped Whom they pleased. And they cried the first time they voted.

They sent me to a free public school. They trained me. They made me a free man.

And we lived in peace. And we lifted up our heads. And the freedom was so real you could almost touch it as you walked.

Today there are people who want to take that freedom away from us. Today there is danger in the air.

An evil man, named Hitler, and his little yellow stooges, have sworn that we must kneel along with all other nations. That we shall know the cruelty and hate and fear brought to so many other people in so many other lands.

Certainly, we in America, should not be so easy to fool—especially when we've seen the way the others have been taken in.

We must make every sacrifice to keep the freedom we found here—keep it for ourselves and our children.

Some of us whose fathers in the old country saw what dictators can do, and who can qualify, are "joining up". Some of us are in Defense Jobs. All of us can chip in—by helping to buy the guns and tanks and ships and planes Uncle Sam needs to win this war.

We should put every cent we can scrape up into Defense Bonds and Defense Stamps and more Bonds and more Stamps. We have a chance to buy a share in America! I'm doing that, believe me!

Think of it . . . me, son of Europe, a partner in America!

DEFENSE SAVINGS BONDS AND STAMPS

give all of us a way to help in winning this war for America—an American way to find the billions needed for national defense.

The United States is today, as it has always been, the best investment in the world. This is an opportunity for each citizen to buy a share in America.

HENRY MORGENTHAU, Jr., Secretary of the Treasury.

Questions and Answers about Bonds and Stamps

- Q. How much do Defense Bonds cost? A. \$18.75, \$37.50, \$75 and up. (In 10 years, you get \$25, \$50, or \$100.)
- Q. Can I get my money back if I need it? A. Yes. After 60 days, your Government will buy your Bond or part of it back.
- Q. Do I have to pay at least \$18.75 all at once? A. No. You can get Defense Stamps for as little as 10 cents. When you get \$18.75 worth, you change it for a Bond. There are also Stamps for 25 cents, 50 cents, \$1, and \$5. You get attractive albums to stick them in.
- Q. Can my youngster buy Bonds and Stamps? A. Certainly. Thousands of youngsters are buying them today.
- Q. How will my money help the country? A. It will actually buy defense implements. And the more money raised the less each implement will cost—the lower prices will be.
- Q. Where can I buy Defense Bonds and Stamps? A. You can buy Bonds at your post office or bank. You can buy Stamps everywhere.
