

### H. S. Students Make Canvass

#### Eighty-Six Boys Visiting Every House to Aid in Sugar Rationing.

What will probably be one of the most important of rationing the best organized in the city today by 86 boys from the high school. The work is being done in connection with the sugar rationing board. In order to receive many ration cards there are in many homes.

The plan was arranged through the office of Superintendent of Schools including the new streets on which houses have been erected which do not appear in the directory.

Numbers on the new streets were prepared and yesterday they were given to the boys. They started last night to call on the homes.

To Be Finished Today. The canvass will be completed sometime today and the final figures compiled.

The rationing board will get the number who must be given ration cards. The local elementary schools will be used as headquarters for distribution of ration cards.

### Applies for Post At Cheney Library

George Apel who has been janitor at the municipal building since 1935 has applied for the position as janitor at the Mary Cheney library.

Mr. Apel has been there since last fall. Mr. Weir is the janitor at the library the next two weeks. The library position pays a much lower salary than Mr. Apel's now being paid, but the hours will be shorter.

Three months ago Mr. Apel applied for an increase in his pay at the municipal building. His request was not granted. He has since been ill and is only working part time.

The janitor at the municipal building at present was the former janitor of the police station. Mr. Apel is 64 years of age, and feels that he should not be called upon to work in the municipal building.

### Crude Rubber Not Available For Civilians

(Continued from Page One)

30,000,000 passenger cars now owned by the ordinary citizen in this country.

The director of civilian supplies, who is in charge of the Board member, testified that this was the most significant aspect of the rubber situation which he would report to the Senate investigating group.

He said that the present call for rubber is for new tires, or camel-backs for any of the 30,000,000-odd passenger cars in this country.

Chairman Truman (D-Mo) interrupted the steady stream of official to ask an explanation of "camel-backs."

He said that the present call for rubber is for new tires, or camel-backs for any of the 30,000,000-odd passenger cars in this country.

Chairman Truman (D-Mo) interrupted the steady stream of official to ask an explanation of "camel-backs."

### High Schools' Census Drops

But Decrease Totals Only 63 and is Normal Says the Principal.

Of the 1,485 pupils attending high school on September 11, 1941, only 1,422 are enrolled today. The decrease of 63 is normal, says the principal, because of the war. The school year is now in its 34th year since entered the census, leaving a net decrease of 63 according to figures compiled today by Mr. M. Boyle, principal of the school.

A question has been raised by the state board as to the number of boys leaving school to enter private employment and the figures as completed by Mr. Boyle today show that more than 200 have moved to other towns and returned to school. Only 12 left because they were over the age of 16 years when they could be employed. They did not have to leave school, but since leaving school five have transferred to the trade school. Only 12 left because they were over the age of 16 years when they could be employed. They did not have to leave school, but since leaving school five have transferred to the trade school.
