### Two State Defense Plants Get Awards

Navy 'E' Given to Pratt and Whitney Division of United Aircraft Corp. Sub Builders.

Hartford, March 20.—Pratt and Whitney Aircraft Division of United Aircraft Corporation will be awarded the Navy "E" for production achievement at its Connecticut plant...

Details of the program were made public today by H. Mansfield Horton, general manager, who explained that Pratt and Whitney Aircraft is the first company to receive the award for aircraft production...

At the ceremony, which was held at the Connecticut plant, the award was presented to the company by representatives of the Navy...

### Neblo Borello Needs Blood

Young Local Athlete Has Chance to Get Well if Blood is Provided.

Neblo Borello, one of the best young pitchers ever developed in Manchester over many years, who is ill, has a fighting chance to get well. An appeal is herewith made that a system of distinguished service awards plus incentive pay to key industrialists be tried to stimulate kindred inquiry...

Green, after leading President Roosevelt's stand against repeal of the 40-hour work week law, suggested that senators who have been tabulated in this connection be asked to get in touch with either Jack Dwyer or Joe Hubbard immediately...

Those who would aid this popular young man are asked to have their blood typed and if right, get in touch with either Hubbard or Dwyer immediately.

Manchester Date Book. Tomorrow Annual banquet of V. P. W. at the Home, Manchester Green.

### Green Asserts Labor Backing War Program

(Continued from Page One)

Board, suggested to the senators that a system of distinguished service awards plus incentive pay to key industrialists be tried to stimulate kindred inquiry...

At his press conference, President Roosevelt brushed aside inquiries of the congressional committee to change the 40-hour work week law and said he probably had few ideas on the subject...

Those who would aid this popular young man are asked to have their blood typed and if right, get in touch with either Hubbard or Dwyer immediately.

### Next Blackout Would Drop Double Time During War

To Be Sudden No Word Beforehand as To When Orders Will Be Flashed in State.

Hartford, March 20.—Street lights, traffic lights, bridge lights, domestic, commercial, vehicular and some industrial lights will be ordered to drop double time during the war...

Orders pursuant to authorization from the Office of Civilian Defense and the commanding general of the First Interceptor Command, were issued to blackout plants working on Army or Navy contracts...

Orders for factories. Industries to be blacked out include the armed forces of the United States and the production of aircraft, tanks, guns and armaments...

### Valor Shown By 2 Crews

Fearless Men or Merchant Ships Add Chapter to Saga of Sea.

Miami, Fla., March 20.—Fearless men on United Nations merchant ships, writing a new saga of the sea by their defiance of Axis attack, have added another chapter here of valor and bravery by crew of two vessels sunk by submarines in the Atlantic.

Thirty-eight crewmen were saved from a medium-sized American freighter on which six others were lost. Landing here from Cuba, some of them told yesterday of bravery by men clinging to wreckage through 11 hours of darkness, and of two officers who lost their lives while attempting to make sure others were safe.

Return to Ship Three Times. Thirty-four were rescued from a torpedoed Norwegian tanker, whose crew number between 100 and 150, were rescued after landing at Nassau. They told of their captain and a boarding party returning to their ship three times after it was hit, and of fishing a distress call that resulted in two submarines popping to the surface and sinking the craft.

### Sees Great Prosperity After End of the War

Financial Writer Decries Factories Will Go to Full Capacity to Supply All Needs.

Editor's Note: "If full production can be achieved for a war, it is not surprising that the government department should be able to do so. The interesting questions Claude Jaeger has raised in the following article in which he continues a discussion of post war plans now being made."

By Claude A. Jagger. Washington, March 20.—When the war is over, hold your hat! Why? Because we are going to be mighty busy. Factories going full tilt.

Who dares utter such glittering prophecy to a nation faced with a long and unprovoked war? This is no irresponsible dream. It is a soberly stated fact. A group of economists and financial experts, gathered in a room in the city of the post war prospects are being assembled by the National War Production Board, a part of the executive office of the Federal Reserve.

### Woman Admits Killing Clerk

Signed Confession Will Be Presented to Atlanta Grand Jury Today.

Atlanta, March 20.—A middle-aged woman who lived for four months above the trunk-hidder body of a neighbor's pretty, white female, today admitted she confessed the slaying last night, two days after her accidental discovery.

City Detective Supt. J. A. McKibben said he would present a signed confession of Mrs. Minnie Lee Griffin, 48, to the Fulton county (Atlanta) grand jury today.

McKibben said Mrs. Griffin declared she killed the younger woman when she "beat her mind" after Mrs. Griffin's house was flooded in by rain. She had been reported missing Nov. 21 by her husband, P. M. Williams.

### Forming Class In Nutrition

Second Group to Be Instructed at the Hollister Street School.

Twelve women have registered for the next Nutrition class which will begin as soon as the registered quota of thirty is filled. Others may register tonight at the Hollister Street school and after the meeting at which Mrs. Miss Cheryl Rogers of the Connecticut Council of Dairy and Foods will speak on "Good Eating—Why and How."

The meeting will open promptly at 7:30 and it is hoped that many will come prepared to take notes on the suggestions that Miss Rogers has made. She has been made a member of the Nutrition class and will be instructed in the class.

Little Rock—(P)—Lieut. Col. Herbert E. Fox is the utility field officer of Camp Robinson. In private life he was an engineer, former dairy operator, bank president, grain operator, architect and grain dealer. He makes pottery in his spare time.

### More Mishaps, Far More Cars

Accident Increase Noted But Not in Proportion to Increase in Autos.

Hartford, March 20.—Despite the assumed operation of the some 100,000 Connecticut registered motor vehicles during the month of February, 1942, as compared with approximately 516,000 in February, 1941, there was a five per cent increase in February traffic accident incidence this year last recorded.

Reflects Credit. "This comparatively negligible increase reflects much credit on Connecticut motorists," said Commissioner McCarthy emphasized in a statement today.

Can Pay Interest. But what of the staggering public debt which has accumulated? Suppose it goes to \$200,000,000. If we keep the interest rate at 4 per cent, it will cost us \$8,000,000 a year. If we raise it to 5 per cent, it will cost us \$10,000,000 a year. If we raise it to 6 per cent, it will cost us \$12,000,000 a year.

### Work Resumed At Steel Plant

At Steel Plant

Niles, O., March 20.—Work resumed today at the Niles Steel Corporation plant of Republic Steel Products after members of the Niles Local 247 voted to return to work.

James C. Quinn, S.W.O.C. subregional director, as unauthorized, began Wednesday afternoon, union members, said, the management refused to accept a proposal for a 10-cent hourly blanket increase.

Allowed to Grip. Camp Funston, Kan.—(P)—Order of the day: Grip as much as you like! A grip box has been in the mess hall for soldiers' unsolicited letters of complaint. Army officers will be very much improved by remedying many conditions called to their attention.

### Bare Living Now Needed To Win War

To Win War

Lincoln, Neb.—(P)—"Let it be the regeneration of the people, by the people and for the people," declared a speaker at a meeting here today.

Conception of Total War. He said Canada had no conception of the meaning of total war.

And so it will remain until we are asked with the sense of the Devil at the expense of a price. It is as simple as that. It is as simple as that. It is as simple as that.

### Fatally Burned Fighting Blaze

Fighting Blaze

New London, March 20.—(P)—Domestic Lopez, 43, was fatally burned early last night while attempting to extinguish a fire in his attic apartment.

Fire started in the apartment of Lopez, who was sleeping there at the time. The fire spread rapidly and Lopez was unable to escape.

### 5,000 Girls Already Working on Aircraft

Nearly 10,000 women are currently employed in plants producing aircraft. A survey conducted by the Aeronautical Chamber of Commerce revealed it is expected that this number will be increased to 15,000 by the end of the year.

Two major factors which will help women to get more work on aircraft are the fact that the number of women in the armed forces is increasing and the fact that the number of women in the industrial workforce is increasing.

While many manufacturers would like to employ production women in some cases have been able to do so. Although the women are employed on the same basis as men, they are not being employed in the same way.

### Jobs to Be Chief Point in Drafting

Ready for a systematic allocation of labor to war industry under a new mobilization program. Drafting to college presidents and deans to industrial executives and directors assembled on the call of the Institute of Women's Professional Services.

He said that in the future he doubted that dependency would count heavily for deferment under selective service law.

### Loses His Teeth; Can't Blow Bugle

It is expected that Commissioner and Mrs. Ernest Pugnaire, who will be special guests of the Salvation Army camp here next week-end will be welcomed by the local soldiers and in addition more than 50 officers.

### British Bomb Steel Works

British patrol vessels in the Atlantic Ocean have been virtually neutralized by the United States Navy, and directed to the Japanese land forces.

### Roosevelt Planning To Be Re-elected

Washington, March 20.—President Roosevelt is going to re-elect himself in 1944, according to a poll of 64 years old, industry, and labor.

### About Town

The Manchester Fire department combined this morning 110 to 120 cut two large fires, one on Erickland and the other on Strong street.

### Burma Seeks To Rule Self Despite War

Up from the Rangoon area to this war by land and water and also are strengthening their line on the parallel Yungoung road, to the east.

### Miss Alice Bennett

Members will be Howard W. Bennett of 45 Brookfield street, announce the engineer of their daughter Alice to Herbert K. Seymour, son of Mr. and Mrs. Arthur P. Seymour.

### Utility Heads Warn of Rise

Washington, March 20.—(Wide World)—General Sir Archibald Wavell, the British hero of Libya, was being spoken of by Douglas MacArthur when he said that he had no doubt that the men are inspired by his example.

### Students Play Unusual Part Here to Furnish Details for Research

A meeting of the Educational club was held in the auditorium at Nathan Hale school yesterday afternoon.

### Skidmore Will Pay Penalty To Begin Serving Sentence of 30 Months for Tax Evasion

# Japs Seek Popular Filipino Leaders as Puppet Rulers

James G. Wingo, who writes the article below exclusively for the Herald, has been in the Philippines for several months. He spent many weeks in the Philippines personally acquainted with the Japanese and their leaders. He has written for the Herald a series of articles on the Philippines and the Japanese. He is a member of the United States Army Reserve and has served in the Philippines during the war.

Profiting from the Nazi mistakes in Norway of placing disaffected leaders at the head of the puppet government, the Japanese have sought to avoid similar fiasco by recruiting popular and recognized leaders to govern their puppet Philippines.

Playing the cards with cunning, the Japanese puppet government has secured the services of a number of well-known Filipino leaders to head the puppet government. These leaders include a former congressman, a former senator, and a former governor.

These leaders are being used by the Japanese to gain the confidence of the Filipino people. They are being used to create a puppet government that will be loyal to the Japanese.

The Japanese are also using these leaders to create a puppet government that will be loyal to the Japanese. They are being used to create a puppet government that will be loyal to the Japanese.

The Japanese are also using these leaders to create a puppet government that will be loyal to the Japanese. They are being used to create a puppet government that will be loyal to the Japanese.

# West Coast ARC Ready to Open More Emergency Stations for Civilian Relief

San Francisco—Faced with the threat of enemy bombing forays over the west coast, American Red Cross disaster relief experts have established 13 emergency stations here and are making arrangements to open six new stations in the near future.

The depots are located in modern school buildings and are stocked with first aid and rescue supplies in addition to canteens, supplies and equipment. Each station has an emergency surgical outfit.

More than 3,000 highly trained disaster relief workers under the direction of Thomas Larke, Jr., are prepared to man the stations.

The stations are being established in areas where the threat of enemy bombing is greatest. They are being established in areas where the threat of enemy bombing is greatest.
