School Rolls

Decrease 41. The number of pupils as reported enrolled in the schools in Manchester as of Monday was found today to be incorrect and instead of there being 70 less pupils at the beginning of the school year in Manchester than a year ago this time there is but a difference of 41. It was found on a recheck that 23 more children were enrolled in the kindergarten in the Nathan Hale school than was at first reported and that number made the big difference.

Re-Check Shows But Little Difference in the Year's Comparison.

The senior choir will have a rehearsal this evening at 8 o'clock at the Concordia Lutheran church. All the women are urged to be present.
