Voting Suffrage Here Hurried

Few Workers Would Be Unable to Get to the Polls on Election Day. Few if any workers in Manchester will be deprived of their voting privilege in the state-wide election on November 3 if the hours of the polls will be open, 6 a. m. to 8 p. m., remain as they are, a survey of the various plants employing local people indicates.

The only argument for extension of hours for voting in Manchester would arise from the possibility that there would be a shortage of voters at the polls from 6 a. m. to 8 p. m. that is largely due to the fact that there are 13,000 voters but only 10,000 polling places.

United Aircraft plant at Hartford. Shifts are as follows: First 7 a. m. to 3:30 p. m.; second 3:30 p. m. to 12 midnight; third, 12 midnight to 7 a. m. Most war plants in the state have similar shifts.

Have Plenty of Time. A majority of the workers are on two shifts. They run from 7 a. m. to 11 p. m. and from 11 p. m. to 7 a. m. A very few workers are on three shifts.

No Complaint Here. A complaint here on the general opinion that local conditions did not warrant a special election.
