Asks Overhaul Of Our Courts Chief Justice Malbie Says Probate Court System Complicated

New Haven, Oct. 19.—Chief Justice William M. Malbie urged the State Assembly of Probate Judges to take a first look at the probate system in the 1941 General Assembly and to begin an immediate overhaul of the complicated and overworked probate court system.

Malbie said the probate system is so complicated and overworked that it is impossible for the courts to handle the business in a timely and efficient manner. He urged the assembly to take action to simplify the system and to provide for the improvement and unification of procedural methods.

Malbie also pointed out the wide discrepancy in the fees paid by litigants in the courts. He said that one of the first jobs of the Probate Assembly should be the determination of a schedule of proper fees.
