Blackout Test Here Is Called Successful

Few Mistakes Noted Here and There and a Little Confusion on Second Blue.

According to Chief Air Raid Warden Thomas West, Manchester went through its first test under the new Army regulations last night with few mistakes which were bound to happen, but on the second day the public in its cooperative spirit.

Eight on schedule the yellow, or silent alert came through and was followed by the first siren, a blue siren at 8:21 and 14 minutes later by the red signal. Shortly thereafter the second siren came back on and this caused a little confusion but it was quickly cleared up by police who got things straightened out.

All went off promptly. All of the services were on hand promptly and would be at the time, because of the previous warnings that the test was to be held promptly and that the test was to be held promptly.

Chief Warden West, Henry Maloney, chairman of the Air Raid Preparations committee and Dr. Robert L. Knapp, head of the medical services, made a tour of inspection throughout Manchester last night to see that every service was on the job and functioning in fine style.

Lights Out Quickly. When West pressed the householders were notified that the blackout test was being held at the splendid response made. The majority of the householders and many other sectors of the community were quickly and obediently did not come on again until all the lights were out.

On the second blue there was a slight confusion in some cases care of by wardens and auxiliary police. This was quickly taken care of by wardens and auxiliary police. A delegation of his neighbors and friends will make the trip to the home at Rocky Hill to congratulate him in person tomorrow.

Madame in Coventry. Mrs. Klempie is in Coventry in the 33d N. J. Volunteers in the Civil War. For many years she has been a nurse and engaged in the meat business in Astoria, L. I., and Coventry. Turn Down a Survey Of Police Department

Voters at Special Meeting Against Probes; Back Proposal to Purchase Land for School.

Various kinds of "investigation" of the police department showed themselves out of the on-line town picture last night at the special town meeting when the investigation of the local department in a decisive manner with last week's companion proposal to appropriate not over \$800 for the purpose.

Set 20 Mill Tax Rate

Earlier in the annual adjourned town meeting, a tax rate of 20 mills was set as a result of a vote on one side or another, one to mark up two mills to fund the purchase of the land and another to mark up the rate to fund the purchase of the land.

Need Is Explained

The meeting was held in slight opposition to the purchase of the land south of the high school for \$2,000. The need for the purchase of the land was stated by William Buckley, chairman of the committee of the Board of Education which made a study of the land acquisition.

Food Is Seen Chief Problem

There was no doubt in the minds of those present that any kind of an investigation of the police department was not wanted.

Reason for Meeting

David Chamberlain, chairman of the Board of Selectmen stated that the item in the call for the special town meeting had been inserted due to a demand for a special town meeting to take some kind of action about the police situation, which was brought about by the naming of a Deputy Chief of Police by the Board of Selectmen against the wishes of one of the board's members and the Chief of Police, Gordon.

For Rules and Regulations

Chairman Chamberlain said that in the past there had been considerable "pulling against one another in the department" and it was the belief and hope of the Selectmen in presenting the item for the approval of the voters that rules and regulations might be set up as a basis for the future, conducted by the department heads.

Richard Marlowe, former Selectman, spoke in favor of the investigation, although crediting the present officers of the department with efficient handling of police affairs.

One Worker Blast Victim

Blasts and was felt over a wide area. The man killed was identified by the company as Thomas J. Neely of Philadelphia. His body was found in a section of the three-story brick building where the first blast let go on 10:20 p. m. (E.W.L.)

Duncan Merritt, assistant treasurer of the company, estimated damage at "at least \$100,000."

Slaps Refusal To Face Issue

He said in a statement that the explosion resulted from a "re-arrangement of pipe material" and the future is obscure.

Funeral Services Announced

Hartford, March 2—(AP)—Arrangements for the funeral of John H. McCormick, 44, member of the Hartford Times since 1910, were announced today. Services will be held Wednesday at 9:15 a. m. from the funeral home of Parley & Molloy, with solemn requiem mass at St. Augustine's church at 10. Burial will be in St. Benedict cemetery.

Blackout Bump May Cause Suit

New Britain, March 2—(AP)—A man and a woman walked into the town hall here last night and were almost knocked out. They bumped into each other in the darkness. A woman who refused to identify herself but who maintained that she was going to sue the city, came into police headquarters about 8:30 p. m. and was examined by a physician who reported she had a few loosed teeth and possibly a broken nose. The man bumped into her.

Noted Cable Engineer Dies

London, March 2—(AP)—Rolfe Appleby, 76, cable engineer, physicist and inventor, died at his home in London yesterday. His greatest engineering triumph was said to have been the design of the Pacific cable between San Francisco and Honolulu.

Blackout Test Seen Success

Hartford, March 2—(AP)—General satisfaction was expressed over the first test of the city's new air raid warning system Monday night.

British Fliers Hit Berlin in Night

(Continued from Page One)

Some crews could see the area from Bremen and Hanover. British planes also carried out intruder patrols over occupied France and had minor successes in the night sky over the continent.

Landmarks Clearly Seen

Returning pilots reported that Berlin's landmarks stood out clearly last night. One pilot who spent 15 minutes inside the city's defense ring said that while great numbers of searchlights scanned the sky the anti-aircraft fire was not up to Berlin's usual standard.

Apparently Timing Raids

The R.A.F. apparently was timing its raids on Berlin to coincide with the Nazi favorite anniversary celebrations. Just as the last previous anniversary month, April, crashed into festivities attending the 10th anniversary of Hitler's accession to power, last night's assault gave fury punctuation to yesterday's celebration of the "Hitler waffe day," marking the 10th birthday of the modern German Air Force.

Problem Tests Humanity

In a speech broadcast from London, Sir William Beveridge, author of the Beveridge plan for social security in Great Britain, said the problem of finding refuge for the persecuted Jews of Europe is the greatest test of humanity that we face today. He called for a "common front" to act together and the ability to act quickly of the peoples of the United Nations.

Germans Admit Considerable Damage

By The Associated Press
The Berlin radio, in a broadcast recorded by The Associated Press, said today that considerable damage was done last night by the British air raid on Berlin and injured. Complete results showed 89 persons were killed and 213 injured. While this account said it was feared the casualty list would grow, the German high command, in its daily communiqué, gave as its report:

Damage was caused by incendiary and explosive bombs in residential quarters and to public buildings. A population suffering casualties.

Believe Army Should Cooperate

He said he believed the Army should cooperate in helping to harvest the 1943 crop and that because of the shipping bottleneck on the number of men "that can be sent abroad, further draft of farm boys can be deferred until after the planting and harvest of 1943."

Believe Army Should Cooperate

He said he believed the Army should cooperate in helping to harvest the 1943 crop and that because of the shipping bottleneck on the number of men "that can be sent abroad, further draft of farm boys can be deferred until after the planting and harvest of 1943."
