### Local Ambulance Unit Is Just One Year Old

#### Anniversary Is Quietly Observed by Members of Efficient Organization of Girls.

Well equipped for any emergency, the Ambulance Transportation Unit of the local Air Raid Precautions corps of the Manchester Defense Council quietly celebrated its first birthday this week. These forty young ladies who handle the dispatch work at various casualty stations in Manchester are recognized as the best unit in the State of Connecticut.

Few places in Connecticut, if any, have the elaborate alert system employed by this unit. Within eleven minutes, day or night, it is possible to assemble them for any emergency. The members have submitted to rigid discipline; are adept at military formations; with one or two exceptions all have passed the standard Red Cross first aid requirements and the majority of the members have taken the advanced course.

#### Quota Lifted On Red Meat

Hartford, March 27.—The chances of Connecticut butchers having red meat for red coupons next week were improved yesterday when the State Office of Price Administration lifted quota restrictions on red meat.

### Morgan's Sons Share Estate

#### Will Also Provides for Nephews and Nieces, Numerous Employees.

Mincola, N. Y., March 27.—(AP)—The two Naval officer sons of John Pierpont Morgan will share the bulk of the late financier's fortune. Under the terms of Morgan's will filed for probate here yesterday, Commander Junius Spencer Morgan, U.S.N.R., and Lieut. Comdr. Henry Sturgis Morgan, U.S.N.R., will share equally in the residuary estate.

No estimate of the size was made. Morgan, who died at the age of 75 on March 13 in Boca Grande, Fla., provided for his children, nephews and nieces and also for numerous employees. The financier bequeathed \$25,000 to each of his children, the two sons and his two daughters, Jane Norton Morgan and the late Mrs. Percy Penney. He will explain the small bequests to the daughters, but he has made no provisions for them before his death.

#### Why should I buy War Bonds?

1. The Government has figured out that, to pay for the planes, tanks, ships, and other tools of victory we need, you and everybody else should put at least 10 percent of his pay into War Bonds.

### Why should I buy War Bonds?

#### Some answers to a question every one of us should ask

1. The Government has figured out that, to pay for the planes, tanks, ships, and other tools of victory we need, you and everybody else should put at least 10 percent of his pay into War Bonds.

2. Every \$5 you invest in War Bonds will return you \$4 in 10 years. Simply from a cold-blooded financial viewpoint, no more surely profitable investment was ever offered to anybody, anywhere.

3. The United States Treasury is the world's safest place to put your money. War Bonds are just like money in the bank. They earn more money for you. A War Bond is a "promise to pay" backed by the world's strongest Government.

4. Suppose you lose the Bonds. Suppose they're stolen, or burned. You do NOT lose your money. Every Bond you buy is registered in your name at the Treasury Department. NOTHING can prevent you getting your money back—with interest.

5. Your War Bond money will help keep prices down! There are already fewer things to buy. And, as the President said, "If people will plenty of cash start bidding against each other for scarce goods, the price goes UP!" Put your money in War Bonds—and help keep prices down!

6. Someday this war will be over! Then—there will be plenty of things you want to buy. Your money will go farther. And if you've bought War Bonds, you'll have the money to get more of all the things you can't buy today!

7. The best way to buy Bonds? Through the Payroll Savings Plan! It's a safe, sure, automatic way to make you save regularly—to help you accumulate the money for a comfortable, independent old age, for putting a child through college, for traveling, for buying a home or a farm.

#### 8 REASONS WHY

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.

2. You prove that you are a patriotic American.

3. You aid the morale of our fighting men by showing them that the entire Nation is behind them.

4. You prove to our enemies that we are a United People!

5. You protect your own financial future, as every \$18.75 you invest in a War Bond, gives you back \$25 in 10 years. You make the world's safest investment by buying a share in the world's most powerful country.

Heard Along Main Street

And on Some of Manchester's Side Streets, Too

A local soldier boy who was stationed at a camp in the deep south country...

He wanted to get a furlough so that he could get back to Manchester for a few days before leaving...

Finally the order came out with full equipment. His "bear" was a bear of a fellow...

As the train passed through the city, he saw a crowd of people gathered on the sidewalk...

Some weeks ago the Bridgeport Herald carried an article that included a letter from a local boy...

A rather well known local man, who recently changed his place of employment, notified the local fraternal lodge...

Meat rationing is started today in Manchester. The rationing will be in effect from 12 o'clock noon to 12 o'clock midnight...

Until the hurricane in September 1938 removed the bell tower from the church...

The proprietor of Patterson's Market got a telephone call the other day from a woman customer...

"Dear Jack: I will be at all my appointments as a member of the club...

With street rationing we will at least be assured of a definite amount to carry on and part of the family allowance may be extended with the aid of an

equal amount of margarine, evaporated milk or any of the favored staples...

Some weeks ago the Bridgeport Herald carried an article that included a letter from a local boy...

A rather well known local man, who recently changed his place of employment, notified the local fraternal lodge...

Meat rationing is started today in Manchester. The rationing will be in effect from 12 o'clock noon to 12 o'clock midnight...

Hotel Sheridan Changes Hands

Converted Into Apartments by New Owner.

The first definite information as to the future of the Hotel Sheridan became public today when it was announced that the hotel...

Last fall George Griffin, a local builder was given a bond for a deed by the Manchester Trust Company for the hotel property...

The building was erected in 1923 and a few years after an addition was built to it. The hotel and a part of the property has been mortgaged to the Manchester Trust Company...

It now looks as though the story about the hotel being occupied by the WAAACs is out.
