ed in London from Moscow broadcasts by the Soviet radio monitor were not so apocryphal. If the Red Army is able to drive forward from the northeastern sector the Germans will be badly hampered in the post office. There has been no official word here that the Germans have been driven from Krynokaza, but there is every reason to believe it is true.

All that remained to be settled today was the valuable show under the direction of Jack Sisson of the State theater and Johnny Matthews of the Civic theater. This show will start off the afternoon rally at 5 o'clock when the band from the Coast Artillery Unit will give a band concert which will be interspersed with vaudeville and a drill by the Cadet Corps, Waves and Spars, Manchester's youngest unit.

Mr. Alvord stated that there would be 20 booths set up on the lot at 4 o'clock and here bonds may be bought outright and stamp books returned. A well trained corps of workers, with relief workers standing by, will take care of all those who are seeking to buy bonds. All transactions will be completed on the grounds. Five trained supervisors will have charge of the selling campaign which is expected to exceed any previous bond selling campaign ever held in Manchester.

Baldwin Urges Keeping Alert

Less Chance of Any Air Raid if Citizens Are Everlastingly Ready.

Hartford, May 5.—The best way to keep enemy bombers away is to be "everlastingly, grimly, tirelessly ready," Gov. Raymond E. Baldwin declared last night in his weekly broadcast. "I am not an alarmist nor am any of us afraid," he said. "We folks in Connecticut know that an ounce of precaution is worth a pound of cure and we are going to keep everlastingly on the alert."
