### Rationing News

By Anthony F. Arpaia, Director  
Office of Price Administration

A newspaper man told me yesterday that he had just finished a long and tiring day's work in the office. He was talking about the rationing news that he had just read in the paper. He said that the rationing news was very interesting and that he had learned a great deal from it.

If you are being deprived of an essential article that substantially increases the value of your home, you may file an application with the Office of Price Administration for a fair rate of interest which will cover the increase in value.

**Weekly Fuel Oil Index (Final Edition)**  
You should still have about 10 per cent of your ration left for the month of April. It is important that you should not let your ration run out before the first of the month.

**Good News for Mothers.**  
During the first three weeks of March, the price of shoes for children between the ages of four and twelve will appear on the market in large quantities.

**Now for a recurring question about rent control.**  
Many tenants ask me what their rights are under rent control regulations. The answer is that tenants should know their rights and should exercise them properly.

**Must Relieve Labor Pinch**  
Hartford Area Faces Cancellations and Cutbacks in Contracts.  
Hartford, March 30.—The War Relocation Authority is expected to cancel contracts with labor unions in the Hartford area.

**Two From State Listed Wounded Imaginary Trip Taken by Class**

**Deaths Found Accidental**  
Danbury, March 30.—Coroner Louis A. Wozniak said last night he would issue a finding of accidental death in the case of a man who died of a heart attack.

**Urges More Women in War Jobs**  
Hartford, March 30.—John J. Egan, executive secretary of the Connecticut Federation of Labor and Industry, urged more women to take up war jobs.
