Stalin Opens Up

The greatest threat to the future peace of the world lies in the possible isolationism of two great nations—America and the Soviet Union. For a time it has seemed as if America's progress out of isolationism would not be accompanied by a similar reaction on the part of Russia. That nation seemed as suspicious of the outside world as our own. Colonel McClellan, U. S. Army, who returned upon doing what the American isolationists would have us do—recall into a suspicious shell of our own and of the world.

For all their scientific methods the politicians are just before election. They face the fact that their poll results are not what they would like to see. They are being accused of being as final—no injury to both parties and both candidates. The party which trailed in these polls will be the one to suffer.

Another of these eminently practical statements was the clear branding of Japan as an aggressor nation. Stalin said that the Japanese acts of aggression, and his emphasis upon the fact that the future world must see such aggression as a crime.

For all the satisfying nature of these portions of Marshall Stalin's address, the greatest and best news at his discussion of the results at Dumbarton Oaks and his plans for the second world operation, his admission that, without it, the successes of the Red Army would not have been so easily and promptly achieved.

Cadet Rolston On Visit Here

New Zealand Youth Sees Relatives in Town; Training in Canada.

Cadet Maurice Rolston, from Levin, New Zealand, a member of the New Zealand Air Force in training in the Dominion of Canada, paid a surprise visit yesterday afternoon to his relatives here, among them being James Rolston of Hazlet street, Mrs. Elizabeth Caverty of William street, and Mrs. T. W. Tedford.

Cadet Rolston is the grandson of Samuel Rolston formerly of Manchester, who went to Australia in 1878 or 79 as a young man subsequently settling in Australia.

The relatives of Cadet Rolston were greatly surprised and pleased to greet their relative from "Down Under" and open house was held at the home of Mrs. Caverty last night in his honor. He leaves tomorrow to return to his duties as a Canadian training base in western Canada.

Blitz Results Obtained From Ad in The Herald

That a good purchase of a home, fairly presented, brings quick results was demonstrated by Arthur A. Knoda, local real estate and insurance dealer, in a recent advertisement in the Herald.

The advertisement carried a picture of the house and a description of the property. It revealed that the house had been occupied in 30 days, that it was of pre-war construction, steam heat with oil burning, and screened rear porch.

The property had been sold by Sunday noon. Attracting outside attention are the race of: Rep. Stephen A. Day, Illinois Republican, pre-war opponent of administration foreign policy.

Maryland Navy Eleven Strong

Unbeaten in Two Years; Roster Includes Pro And College Players.

Baltimore, Md., Nov. 7.—(AP)—Those crocodonding rumbles from the heart of Maryland's military district—suddenly all the way to Randolph Field, Texas—heard the entrance of a new football pachyderm into the service championship arena.

It took two years of play and a real power back last fall to go with the call "troop and conquer" but Sunday's convincing 49 to 20 crushing of North Carolina Pre-Flight finally landed the Commodore in the top position.

After the Chapel Hill, N. C. defeat, Maryland's football team was "reborn" as the "Maryland Navy" and "troop and conquer" was replaced by "troop and conquer."

The Commodore's new roster includes a number of pro players and a number of college players.

West Pointers Remain at Top of AP Poll With Ohio State Second.

New York, Nov. 7.—(AP)—Army increased its standing as the country's No. 1 college football team in today's Associated Press poll while Notre Dame, the only opponent for Saturday, skidded all the way to fifth following its 22 to 13 loss to Navy.

Ohio State's headless civilians have taken up the task of outguessing the 106 football experts who voted.

The Buckeyes, undisciplined leaders in the rugged Big Ten race, came next with 18 selections as the best team and an aggregate of 812 points.

Notre Dame, the only team to have collected six points in their six games, garnered 87 first place votes and 974 total in balloting.

Paganis Score Upset In Rec Bowling Loop

Down Pioneer Parachute Five; Service Station Tops Warren & Jarvis; Mike Marco High Man.

Mike Marco hit the pins for a 373 total final but it was in vain as his team, Warren and Jarvis, went down to a four-point defeat handed them by a surprisingly strong Main Street Service team last night in the Rec league.

In the other match, the Pioneer Parachute team who were rolling along at a merry clip ran into some unexpected opposition from Paganis' West Side and the latter took three out of the four points.

Paganis rolled consistent games with the old war horse, Pete Hansen, joining the team from his anchor spot with a score of 338. Art Masuro who walked off with the night's glory last week had a bad night and hit the pins for a low score which had much to do with the efficiency of the Umbrella.

The Servicemen all geared up and geared to perfection, elicited the fashion in smothering Warren and Jarvis in the other match.
