Yankees Fight Tough Japanese Opposition; High Price for Gains

100-Mile-an-Hour Typhoon Adds to Difficulties in Battle For Road to Ormoc; Many Advance Units Conserving Ammunition and in Some Cases Going Without Food.

General MacArthur's Headquarters, Philippines, Nov. 9.—(AP)—(Via Army Radio)—Weather beater Yankees, their lines spread thin and their supplies bogged down, are fighting extremely tough Japanese opposition and a 100-mile-an-hour typhoon in the battle for the road to Ormoc today. Four Japanese divisions, including the crack First, are making the American pay dearly for every ridge in the Pinampan area.

Only a trickle of supplies is reaching the Yanks because of roads made impassable by storm, while many advance units are conserving their ammunition in some cases going without food.

Maj. Gen. Irving, 24th division commander told Hanson Associated Press war correspondent with the 24th, he was convinced a heavy Japanese concentration is across his front and that it will take a powerful assault to clear it out.

He added that the Carigara coast road is in such bad condition because of mud and washouts it cannot supply such an attack until a stock pile of supplies is built up at Pinampan.

The general said Japanese failure to attack the American coast road may mean that he has been caught off balance or his supplies are being cut down.

Limon Focal Point

Still indecisive, the battle centered in ridges about a horse shoe bend, with the General Village of Limon focal point. Neither side claimed victory. General Arthur's communication stated simply that "heavy fighting is taking place on the west side of the ridge."

The Japanese commander, newly-appointed Gen. Tomoyuki Yamashita, declares that his own troops will find out that conditions here in the Philippines are entirely different. Here in the

Stalin Stand Big Surprise To Japanese

Offended by Speech in Which Japan Called 'Aggressor Nation,' Domei Reports Today.

San Francisco, Nov. 9.—(AP)—Premier Marshal Stalin's speech this week in which he branded Japan an "aggressor nation," surprised and offended the Japanese people, Domei, Japanese news agency, reported today in a radio broadcast.

The broadcast, recorded by the Federal Communications Commission, said that the Russian premier's address has become the "center of attention" in the Japanese mind. It said that the Japanese government is refraining from making any comment on the speech.

Rebelle's Propaganda These Japanese propagandists related of them that Japan was fighting the war to "free the world."

Office Duties Take Up Time Of Roosevelt

World Again Shown 'Democracy Living, Vital Force' Statement By President Asserts.

Hyde Park, N. Y., Nov. 9.—(AP)—President Roosevelt swung back into the complex duties of his office today when he reviewed policies endorsed by the voters who chose him to head the government for another four years.

"We have again demonstrated to the world that democracy is a living, vital force," the president said in a statement issued 14 hours after his victory over Gov. Thomas E. Dewey became certain.

Stalin said the election "demonstrated... that our faith in American democracy is unshakable and that the conscience and not force is the source of power in the government of the United States."

To return to Washington the president will return to Washington tomorrow. He came to Hyde Park home last week and after closing his terms campaign in Boston. It was here Tuesday night that he set out his program for the next four years.

The president was leading in states with 413 electoral votes and Dewey in states with 118, but where Michigan's 19 votes eventually would wind up in Dewey's column.

Four years ago the President won by 4,938,711 over Wendell L. Willkie in a total popular vote of 49,812,112. In 1936, he defeated Alf Landon by over 10,000,000 and in 1928 won over Herbert Hoover by more than 7,000,000.

Hoover's margin over Al Smith in 1928 was 1,000,000. Calvin Coolidge won over John W. Davis in 1924 by more than 7,000,000 and Warren G. Harding defeated James Cox in 1920 by over 7,000,000.

The Democratic majority in the House, the Democrats held a plurality of at least 49 seats with 15 contents still undecided. By contrast, the Democratic margin over the Republicans in the present House is only 101 seats.

House Majority Strengthened

Swept into office along with the President was a strengthened Democratic majority in the House. On the basis of late returns, the Democrats held a plurality of at least 49 seats with 15 contents still undecided. By contrast, the Democratic margin over the Republicans in the present House is only 101 seats.

Hard Schedule For Congress

Dying 78th Congress Convenes for Last Sessions Next Tuesday.

Washington, Nov. 9.—(AP)—Floor managers laid down today a hard pre-Christmas schedule for the retiring Congress, to set the stage for 185th's first session in the shape of world organization for permanent peace.

The dying 78th Congress which provided the sinews for the giant American war machine convenes for its last session on Tuesday. It gives way to the 79th on Jan. 3.

Before the 78th passes into history it must deal again with the president's war powers, social security and a host of other far-reaching measures.

Authority Expires Dec. 31

The war powers legislation, under which the president derives authority for raising and other emergency functions, expires Dec. 31, unless action is taken.

A hike in the social security tax from 1 to 2 per cent against employers and employees, is scheduled for Jan. 1. The increase has been stayed by special acts of Congress and Senator Vandenberg (Mich.), is reported to have again to forestall the increase.

Program for House

In addition to being laid down this program for the House:—Completed legislation on a bill, passed by the Senate, for the 1945-46 fiscal year, for construction and improvement program. The legislation authorizes the Federal government to spend \$1,410,000,000.

Consideration of a measure to reauthorize the Federal crop insurance program—now being renewed because Congress last year refused to finance it. Both Republicans and Democrats plan to vote on the measure.

Roosevelt Victory By Smallest Vote Margin Since '16

Edge Over Dewey 22,867,319 With 44,353,855 Ballots Reported; President Leading in Electoral Votes with 413 to 118

By The Associated Press

President Roosevelt's fourth term victory, sweeping in the electoral vote, was won by the smallest popular vote margin since 1916, the nearly complete returns indicated today. With 44,353,855 votes reported, the president's edge over Gov. Thomas E. Dewey stood at 22,867,319.

Michigan Votes in Doubt

Although the vanquished Republican presidential nominee declined to make public comment on the election results, his supporters did not doubt that Dewey believed the single factor which gave President Roosevelt a fourth term victory was the support of Michigan.

Looking relaxed and fresh despite an almost sleepless night of analyzing election returns and talking by telephone to party members all over the nation, the governor told a news conference in New York city yesterday that he was "very happy over the high confidence" the people had expressed in the new government by returning a solid Republican majority in both Houses of the Legislature.

Election Improves Prospects

"The prospects of such a meeting," Churchill said, "have been vastly improved by the results of the presidential election in the United States."

Pausing while the audience applauded, Churchill added: "And for which we waited so breathlessly on Tuesday last."

His auditors also applauded when he declared that Winston Churchill had opened the Scheldt estuary to the great Belgian port of Antwerp.

Such a meeting, he said at the London mayor's luncheon, might easily bridge the sufferings of mankind and stop the fearful process of destruction which is now ravaging the earth.

YOU GOTTA THINK QUICK By Stanley Paley Copyright, 1944. NEA Service, Inc.

YOU GOTTA THINK QUICK The story: Ginger was right in proposing that Boggie's attack of rheumatism would save him the wretched than ever. He bristled. "Rheumatism? For what? Letting me open an office."

YOU GOTTA THINK QUICK At first time with my meetings were greatly simplified. She had hit upon a system that we called "Mainie."

YOU GOTTA THINK QUICK I jumped back in my chair and didn't move for a few moments. I was numb all over. Finally the waiter coughed and I pulled myself together. I gave him the dough I'd promised and also paid the check.

YOU GOTTA THINK QUICK I went down to the check-room and I threw Ginger's coat at her. I wasn't in any mood for niceties. I ordered a taxi and paced up and down until it drew up in front of the door. Then I put Ginger in it.

YOU GOTTA THINK QUICK I was only after it had driven down the street that I weakly staggered over to my car.

YOU GOTTA THINK QUICK I stumped back in my chair and didn't move for a few moments. I was numb all over. Finally the waiter coughed and I pulled myself together. I gave him the dough I'd promised and also paid the check.

The wedding ceremony was pretty high and pleased the farmer to check on it. "Did you lose 2,023 pigs?" he asked. And, then the distraught farmer answered: "Yeah, the newspaper threatened and changed the copy to make the loss two tons and 25 pigs."

YOU GOTTA THINK QUICK Happy Man (after he had settled with the minister)—"At last, my angel, we are really and truly one."

YOU GOTTA THINK QUICK There is nothing worth while in our power except our thoughts.

YOU GOTTA THINK QUICK In one hotel in town the waitresses in the coffee shop write their names on the eggs when they give their egg order to the cook. Some even write three minutes or "four minutes" on the shell. There is no mix-up. Occasionally other messages get on the eggs, too, such as one from the cook to the waitress: "Use you at the Library at nine tonight."
