

Charges Bridgehead Sought by Western Powers at Trieste

Yugoslav Spokesman Attacks Proposal Boundaries of Free Territory; Says Only Reason for Expansion Beyond City Limits to Allow Space for Deployment of Armies

Paris, Sept. 17.—(AP)—Yugoslav Spokesman Ales Bebler accused the western powers today of seeking to establish a bridgehead in the free city of Trieste for future military action against Yugoslavia.

Explained by Power Politics Bebler referred to the government's powers in the free state as envisaged by western nations, and said they could be explained only by considerations of "power politics."

"He can even call in foreign troops," said Bebler. "But against whom? The object of their action is never named but is always implied—Yugoslavia."

Bebler spoke as statesmen lined up once again in the Italian Political and Territorial Commission on opposing sides of the Trieste issue—this time in connection with the frontiers of the projected free area.

Bebler urged the adoption of a Yugoslav amendment which would push the boundaries back to the city proper, a position paralleled by a White Russian amendment and contested by South African and Australian amendments which would extend the free state south in Istria to include Pola and other Italian coastal communities.

Agrees on Italian Fleet Division The military commission adopted without argument provisions for division of surplus Italian fleet units among the United States, Britain, France and Russia.

The vessels include the battleship Cesare, Italian Vittorio Veneto, five cruisers, seven destroyers, one sloop, six torpedo boats, eight submarines and a host of minor craft and auxiliaries.

Previously, the commission rejected, 16 to four, a South African amendment which would have limited Italian military and naval restriction to five years at most, if not modified earlier by the United Nations Security Council.

Only Australia, New Zealand and The Netherlands supported the South African position.

Can't Alter Provisions (Officials of the United Nations secretariat in New York said (Continued on Page Eight)

Clark Urges Aid Austria

Believes American Readiness to Help May Determine Future Stand

Washington, Sept. 17.—(AP)—Gen. Mark W. Clark said today he believes American readiness to help Austria may determine whether that country becomes an independent, democratic state or a pawn between Russia and the west.

The four-star general who represents the United States on the Allied Council in Vienna termed an American rehabilitation program for Austria of from \$125,000,000 to \$150,000,000 imperative for two reasons:

1. Nothing less will prevent widespread starvation and chaos in the months after UNRRA aid to Austria ends Nov. 30.

2. Such a program may be used for bargaining purposes with Soviet officials to reach a permanent agreement on the economic and political future of Austria.

Cites Points After Talk Clark cited those points to a reporter after a talk to the Washington Overseas Writers' club yesterday.

In that talk, the general cautioned that unless the United States is willing to furnish Austria with a long-term rehabilitation loan and other assistance, the country will be forced to turn to Russia for its economic relations.

If such assistance is forthcoming, however, he added, the position (Continued on Page Four)

Large Corn Crop Again Races Time

Bumper Yield Late in Maturing; Good Quality Crop Depends on Maturity Before Frost

Chicago, Sept. 17.—(AP)—Tall corn in the mid-western prairie lands, the base upon which much of the nation's future food supplies will be built, is turning from green to brown in these late summer days—evidence that the crop is maturing.

With the tang of autumn already in the air, the bumper corn crop, largest in the nation's history, is again in a race with time.

This year it is late in maturing, and to get a good quality crop experts said it was necessary for the grain to mature before frost.

"During the last week," the Baldwin Elevator company of Decatur, Ill., said today, "there has been a very definite change in the appearance of corn fields. The husks and stalks have changed from deep green to the brown shade of maturity."

Explains Corn "Denting" Grain experts explained that the corn was "denting"—which meant that little dents, or creases, were appearing on the top of those yellow kernels which you eat when you order corn-on-the-cob.

This in turn meant that the corn was drying out, that moisture was withdrawing from the kernels, (Continued on Page Four)

Meals Ceilings To Be Reduced

Restaurant Prices Sent Back to June 30 Levels; Clothing Rises

Washington, Sept. 17.—(AP)—An OPA edict sent restaurant price ceilings on meat meals back to June 30 levels today, but the cost of cotton clothing inched up another notch.

Also on the price front: 1. OPA studied a petition for higher prices on General Motors automobiles after granting an average six per cent increase in retail ceilings for "postbuilt cars."

2. The Price Control Board, which meets tomorrow to decide whether to restore ceilings on dairy products, reported opposition to revival of controls in nine of the first dozen written statements received.

The OPA order restoring June 30 restaurant ceilings immediately applies to all meals and individual menu items in which meat is the major ingredient.

In issuing the order last night the agency said the cost of dining "being rolled back," but it did not estimate how much.

An OPA official told a reporter, however, that "most of the increases we have heard about have been about 10 per cent."

Until yesterday ceilings on meat-based restaurant meals had been (Continued on Page Eight)

Soldiers Halt Shop Looting

16 Persons Arrested in Bombay Disturbances As Tear Gas Used

Bombay, Sept. 17.—(AP)—Troops used tear gas today for the first time in current Bombay disturbances to prevent the looting of a money lender's shop. Sixteen persons were arrested.

Authoritative sources said that in all 250 shops had been looted in Bombay during the last two weeks.

Two more persons died in Bombay's streets from looting attacks today and 10 others were wounded by stabbings and one clubbing. Police Fire Breaks Up Fight Police fire broke up a fight between two gangs armed with knives, but the official announcement said nobody was killed or wounded in the shooting.

A total of 250 persons have been killed and 800 injured in the Hindu-Muslim disorders since Sept. 1. (Continued on Page Four)

Council Nears Voting Stage On Complaint

Delegates Set to Resume Debate on Ukrainian Charges Balkans Peace Threatened

Lake Success, N. Y., Sept. 17.—(AP)—Canada, joining the United States in the fight to create an international refugee organization, warned the United Nations Economic and Social Council today that the peaceful recovery of Europe may be hindered and delayed indefinitely if a million non-German refugees are abandoned in occupied territory.

Lake Success, N. Y., Sept. 17.—(AP)—The United Nations Security Council, with Soviet Delegate Andrei Gromyko sitting for the first time as chairman, neared a vote today on the long-debated Ukrainian charges that the British-supported Greek government is threatening peace in the Balkans.

Meanwhile, the U.N. Economic and Social Council was scheduled to resume discussion at 10:30 a. m. (e. d. t.) on a proposed international refugee organization, with Russia and other countries lined up in opposition, partly because of high costs.

Now in Third Week of Debate The Security Council, now in its third week of debate on the Ukraine's case, was set to resume discussion of the highly controversial issue involving Greece at 3 p. m.

Gromyko yesterday demanded that the Security Council order Greece to cease "threatening peace" in the Balkans.

First speaker scheduled to be heard in Vassili Dendratis, Greek representative to the United Nations, who is leading his country's fight against the Ukrainian charges.

Before the council were several proposals, including an Australian motion to bypass the Ukrainian charges, and move on to the next item: Whether to admit to the council a Russian proposal that the 11-nation body call on all member nations with troops in foreign countries that were not enemies in the war to give complete data, as of Aug. 1, about the troops' strength and deployment.

Demands Keeping Case On Agenda Before the council was the Soviet demand that the Ukrainian case be kept on the agenda until the Greek government "has fulfilled the recommendations of the council."

Gromyko, in presenting the proposal yesterday, asked the council to call upon the Greek government:

1. To take measures for immediate cessation of the "provocative (Continued on Page Eight)

Short Wants Strong Bases

Strong Policy Only Way To Discourage Further Red Expansion

Honolulu, Sept. 17.—(AP)—Rep. Dewey Short (R-Mo.) senior member of the House Military Affairs committee, wants stronger American bases in the Pacific because "a strong policy is the only way to discourage and prevent further Russian expansion."

Short said the six committees who have been touring U. S. military establishments in the Pacific and Far East favor strengthening the defenses of Alaska, the Aleutians, Hawaii, two Jims, Okinawa, Guam and Saipan.

"We must be absolutely impregnable," he told interviewers. "I think we should build a defense ring around southern Kyushu (Japan)."

"We should hold onto," Pacific Islands now under United States control but formerly mandated to Japan, he added, "until the United Nations is functioning properly, with an international police force that can keep the peace."

Committeemen feel "we should do everything we can to cooperate with Russia, but United States apprehension of Russia has gone far enough," Short declared. "Unfortunately, the only way to cooperate with Russia is to give her everything she wants."

He termed Korea "hot spot" and the Philippines "the hot spot" (Continued on Page Four)

Not in the Script

Hollywood dress designer Dede Johnson is pulled to safety after a narrow escape from death while posing for pictures on the rim of the Grand Canyon in Arizona. Standing on a wall while her husband (wearing dark glasses) took pictures, she lost her footing, fell 50 feet to a narrow ledge and hovered over the mile-deep canyon for two hours. She suffered minor injuries and shock.—(NEA telephoto).

Cargo Put Aboard Ships in 2 Ports; Change Picketing

AFL Longshoremen Begin Loading Vessels in New York and Portland, Me., as NMU Agrees Not to Picket AFL-Manned Ships

By The Associated Press A break in the maritime strike which has bottled up United States ports began today when AFL longshoremen began loading ships in New York and Portland, Me. The break came after the National Maritime Union (NMU) agreed not to picket ships manned by the AFL Seafarers International union except where they were berthed with NMU vessels.

Hundreds More Expected Back In New York about 500 longshoremen were at work on 32 ships and hundreds more longshoremen were expected back on the job later today. At Portland CIO pickets quit three AFL-manned Liberty ships, apt workmen, who had refused to pass the picket lines, resumed loading repairs to two of the vessels at the former New England Shipbuilding Corp. east yard.

AFL seamen began the strike Sept. 5 in protest against a Wage Stabilization board decision limiting negotiated wage increases.

All foreign ships not under contract to the NMU also were exempt from picketing under the new directive, issued this morning by NMU President Joseph Curran after a conference with his aides at union headquarters in New York and in the name of the national strike policy committee of the NMU.

Curran's order did not mention (Continued on Page Eight)

Treasury Balance

Washington, Sept. 17.—(AP)—The position of the Treasury, Sept. 13: Receipts, \$241,582,938.40; expenditures, \$27,289,300.63; balance, \$9,004,813,368.49.

Old Hands Doubt Bonanza In California's Gold Rush

Crescent City, Calif., Sept. 17.—(AP)—Unbearded prospectors still were fumbling through Crescent City in California's latest so-called gold rush today despite the warning voiced by old hands that the game that all is not gold that glitters, and this may be no "bonanza."

State and federal mining men rooting about for evidence of a big strike hinted that perhaps there ain't no gold in them thar hills.

Thus far, they explained, the only gold in evidence is a few small pebbles displayed by Ernest Hay, assayer of Crescent City. These samples were brought in from the Rattlesnake Ridge low divide, country on Friday by an old prospector, Tom Cronin.

Hay put the ore through his special assay process and came up with the announcement: "This is rich stuff!"

Stampede on Within Hours Within a matter of hours the stampede was on. As of a late hour yesterday, about 1,000 gold seekers had passed through Crescent City toward Cronin's stake, and some 700 claims had been staked out or filed.

There was some encouragement yesterday when a dourlyman, Gil Miller, reported finding gold in a quartz formation eight miles from Cronin's diggings. But nobody was bringing out gold ore by the sackful, in fact, nobody was bringing much of anything out.

Mine experts attracted to the area hesitated to cold shoulder the idea, particularly when interest was at such a pitch, but they wanted to know where the gold was. They said they'll have to have more than one assay report before they start shouting about a "bonanza." (Continued on Page Four)

Snow Leads Bowles After First Ballot; Short of Majority

Democrats Adopt State Platform

International, National And State Issues Included; Support Given To Truman's Program

Hartford, Sept. 17.—(AP)—The Democratic State convention today adopted a platform of international, national and state issues, including an affirmation of the right of the Jewish people to a national home in Palestine and the right of all people "to choose their own form of government."

National Legislation Cited The platform announced support of President Truman's "program of progressive measures," and cited specifically such national legislation as the Wagner-Elderly-Taft housing bill, the Wagner-Murray-Dingell health insurance bill (in principle), a fair employment practices act, an anti-lynch bill and abolition of the poll tax.

When it came to state issues, the platform advocated expansion of all public services including the housing program, the state's health and welfare program, educational facilities and aid to veterans.

Cash Bonus Advocated Payment of a cash bonus to World war II veterans and "immediate legislative action" to determine the constitutionality of a bonus payment and other statutes benefiting veterans was recommended.

On the Palestine question, the platform endorsed President Truman's proposal to open the Holy Land to 100,000 Jews, but a denunciation of Britain's Palestine policy was stricken from the original draft of the platform as prepared by the Resolutions committee which, with several reportedly stormy moments, was in session until 3:30 a. m. today.

In affirming the right of all people to choose their own government, the platform specifically referred to Italy, Poland, Austria and Greece, as nations holding the right "to be treated as free and independent countries."

Planks On State Issues Platform planks dealing with state issues included: "Adoption of a state full employment commission to supplement the new national agency created under the full employment act."

The summoning of a convention to revise the state constitution "as a part of a state full employment study by a committee of experts."

"Immediate enactment of legislation for provision of medical (Continued on Page Eight)

Tells of Bones Along Railway

British Colony Testifies Skeletons of Workers Littered Right of Way

Tokyo, Sept. 17.—(AP)—Unburied skeletons of Asiatic workers littered the right of way on Japan's railroad of death from Siam to Burma, British Col. C. H. D. Wild testified at the war crimes trial today.

"There was nothing left on the skeletons but the soles of their feet," said Wild, himself a Japanese prisoner of war for four years.

"The Japanese drove them out of Niki work camp midway on the route because they were ill and they didn't want to be bothered with them any longer."

It was on this railroad that thousands of Allied POWs perished because of terrible jungle conditions and because Japanese troops drove them at terrific speed to finish the line with a Tokyo-set time limit, he testified earlier.

"Better food and better nursing would have saved the lives of hundreds of men who died in my particular force. Medicine was available only in small quantities for the Japanese."

Wild said the Burma-Siam railroad was intended for invasion of India. That drew determined cross-examination from Tojo's American attorney, George F. Blewett, Philadelphia.

The tribunal president, Sir Wil (Continued on Page Four)

Whitney Raps Truman Stand

Refers to President as One Who Encourages Fascism in Nation

Miami Beach, Fla., Sept. 17.—(AP)—President A. F. Whitney of the Brotherhood of Railway Trainmen referred to President Truman today as one who had encouraged Fascism in the United States.

In his keynote speech prepared for delivery before the brotherhood's 28th national convention, Whitney said of the president: "In one of the most tragic ironies of history, the proof that Fascism still flourishes came from a man whom labor helped to elect."

"Harry Truman, in using his power to smash the strike of the railroad trainmen and engineers last May, gave greater encouragement to the reactionary and Fascist forces in our land than any president in our memory."

Whitney referred to "the twelve (Continued on Page Four)

Unofficial Tabulation Gives Lieutenant Governor 525 Votes to 455 for His Nearest Rival; Dodd Scores 109, Monagan 96 and Phillips 31 in Five-Man Nominee Contest

Hartford, Sept. 17.—(AP)—Lieut. Gov. Wilbert Snow, Wesleyan university English professor, received the Democratic gubernatorial nomination today after a first ballot test gave him the lead over four rivals, among them Chester Bowles, wartime OPA chief.

Hartford, Sept. 17.—(AP)—An unofficial tabulation gave Lieut. Gov. Wilbert Snow a first ballot lead today in the fight for the Democratic gubernatorial nomination over four other candidates, but his total fell short of the 624 vote majority needed for nomination. The unofficial count gave Snow 525 votes against 455 for his closest rival, Chester Bowles.

Votes for Other Candidates Snow's four other competitors were: Thomas Dodd, 109, Mayor John S. Monagan of Waterbury, 96, and Alfred N. Phillips of Stamford, 31.

Five contestants for the Democratic gubernatorial nomination, all of them summoned in public service, were offered to the state convention today in an atmosphere of mounting tension.

The delegates, keyed up by conflicting claims and by the last minute entry into the race of a surprise favorite son, were presented the name of Chester Bowles, ex-OPA chief, Lieut. Gov. Wilbert Snow, Thomas J. Dodd, government prosecutor at the Nuremberg war crimes trial; Former Mayor Alfred N. Phillips, Jr., of Stamford, and Mayor John S. Monagan of Waterbury.

Monagan backed into the floor fight as a surprise entry with the backing of Francis Smith, former Democratic state chairman, after Waterbury delegates asserted they were convinced that neither Chester Bowles nor Snow (Continued on Page Eight)

Flashes!

Gambling Ship Seized Long Beach, Calif., Sept. 17.—(AP)—The Coast Guard announced today it had seized Tony Corneo Stralla's luxurious gambling ship, the Bunker Hill, "for a violation of Federal law." The action came a day after Stralla and three defendants were bound over in Los Angeles for Superior court trial on charges of conspiracy to violate the state penal code by soliciting persons to board the vessel.

Elected Presiding Bishop Philadelphia, Sept. 17.—(AP)—The Rt. Rev. Henry Knox Sherrill, D.D., 55-year old bishop of Massachusetts, today was unanimously elected the new presiding bishop of the Protestant Episcopal church in the U.S.A. The House of Deputies also voted unanimous concurrence with the action of the House of Bishops in amending the church's marriage and divorce canons.

Eating Houses Close in Protest For Dodge, La., Sept. 17.—(AP)—Virtually all Fort Dodge eating houses were closed today in protest against the OPA order rolling back restaurant meal charges to June 30 levels. The proprietors said they will remain closed until 9:00 a. m. Thursday at which time they will take such further action as is necessary. Pickets were to be placed outside restaurants which do not close. Hotels were permitted to serve food only to their regular guests.

More Survivors Sighted New York, Sept. 17.—(AP)—Coast Guard headquarters said today an Army plane reported that it had sighted additional survivors of the Norwegian tanker Marit II on a raft about 70 miles east of Cape Henry, Va. The number of men seen was not given. The Coast Guard headquarters said it had no further details regarding the survivors sighted.

Sense and Nonsense
It is funny a woman will trust her body and soul in the hands of a man whose own mother would not trust him with a nickel—Smart Set.

Junior—Mother dear, why do you marry father?
Mother—So you've begun to wonder, too, have you?

It happened in a restaurant recently. Biocelle was ill and her mother was his companion, but wealth radiated from him—

Never the Final Step
She always dresses "fit to kill," and ever stylishly knows it. The trouble is that no one ever had the nerve to do it!

Little Loretta had a new dime which she had decided to invest in an ice cream soda. (Can you still buy them for a dime?)

Starting in his book on Presidents writes that at one great occasion, President Warren G. Harding said: "It is a good thing that I am not a woman, for I would always be pregnant. I cannot say no."

Man—Himself is open. Wife—Yes, it is as open that nothing is retained. Ideas simply pass through him.

Banker to GI and his bride:—Then of course this is the mortgage—property and his own? Mrs. GI—Well, we've included so much extra in the plan that I don't think we can afford one.

Banker to GI and his bride:—Then of course this is the mortgage—property and his own? Mrs. GI—Well, we've included so much extra in the plan that I don't think we can afford one.

Funny Business
NICE 7 room year round, all improvements. Also a 3-room year round, one new kitchen with 3 acres of ground. Nice four room cottages. Coventry Lake, Conn. John Clark, Phone Williams 3544W or 26674.

DEVIL'S LAUGHTER
By Alice M. Laverick
Copyright, 1946, M.E.A. Service, Inc.
At Mark's insistence, I went to the room. I knew I could not sleep. And as left I heard Mark say to Ellen, "I was always too harsh with the kid, his voice was so sweet. Sometimes he was content to have me merely all around him, but more often I'd want to wait on him. Some services he demanded, to be sure, were necessary, but a great many more were not."
