Universal Military Training Bill Goes To Congress Soon

Defense Dept Representative Says Plan To Call Youths of 18 and 19 Is Under Intensive Study; Senate Group Hears News

Washington, Aug. 10.—(AP)—A Defense Department spokesman told senators today that a new proposal for universal military training of youths should reach Congress soon.

Chairman Tydings (D., Md.), had told his committee that he understood a vast training program, probably applying to all youths 18 and 19 years old, now was under study.

Tydings asked a group of uniformed army, navy and air force officers, present for the committee session, if this was true.

Admiral Houser said a new UMT plan is "receiving intensive study of the Department of Defense" and should reach Congress soon. He says no details.

Tydings remarked that additional methods beyond the present draft act and calls to duty for some National Guardsmen would probably be used to provide the manpower needed by the army, air force and navy.

Three Servicemen Handed UMT disclosure came as the Senate group voted to suspend provisions of the Draft Act that directed the army, navy and air force to allow 18-year-olds to volunteer for one year of service and thus avoid being drafted at age 19 for 31 months of service.

Under present law, 18 year olds cannot be sent overseas. Actually no one-year enlistments have been accepted in recent months because the military services said the program had proved unsuccessful.

Senator Lucas brushes aside record action on Gov't appointments

Washington, Aug. 10.—(AP)—Senate rejection of four President Truman's nominations to government posts was brushed aside by Democratic Sen. Lucas today.

"This was no test of President Truman's popularity in the Senate," Lucas told a reporter. "When Senators have objected to long-term appointments, they usually have been refused confirmation as long as our government has been in existence."

Other Senate veterans said they could not remember when four separate presidential appointments had been denied Senate confirmation in a single day's session, as happened yesterday.

A long-jam in legislation actually produced the pipe-up because some of the rejected nominations had been pending since as far back as June 1.

Republicans were expected to try to make political capital out of the Senate actions in the coming election campaign.

Only one of the nominations was put to a record vote—that of Martin A. Hutchison of Virginia, which he calls "mobilization for peace."

Facing the firm opposition of Senator Byrd (D., Va.), Hutchison was snubbed under by the Senate.

Only 13 Democrats voted yes, while the rest of the Senate voted against.

As against the 13 favorable votes, there were 77 unfavorable.

Security Body Meets To Haggle with Malik

Delegates Attempt to Persuade Red Envoy To Stop Procedural Blockade of All Action

Lake Success, Aug. 10.—(AP)—Security Council members planned a closed, informal meeting today with their Russian partner, Jakob A. Malik, in an effort to persuade him to break his procedural blockade in the Council.

If they fail, the regularly scheduled Council meeting this afternoon is likely to get off to a start of August to match Malik's proposal.

Many Council sources agreed there was little chance of winning concessions from Malik. In that event, the Western delegates should be put off until the next Congress meeting.

He concluded that an excess profit tax would be voted eventually, but he said he preferred it to come when Congress is over the election year.

He said he had had for tax increases which he believed could be enacted quickly and that an excess profit levy is very controversial.

After the closed session, they met the other delegates for a discussion on procedure in advance of the regular meeting.

Opponents against the Russian Maliks agreed—"in principle."

Replying to another question, Malik said he was optimistic on the Korean military situation. He said he is taking his advice from U. S. military leaders and he is as optimistic as they are.

White House Trying To Stay Rail Strike During Korean War

Washington, Aug. 10.—(AP)—The White House is making another effort today to keep a big railroad strike from breaking out in the midst of the Korean War crisis.

Union leaders representing 300,000 conductors and trainmen are demanding a 40-hour work week.

President Truman's special assistant, John H. Steelman, a veteran labor trouble shooter, was disclosed yesterday to have been in a closed-door conference with representatives of the major railroads and the two unions for two days.

The sessions were scheduled to resume at 9 a. m. (e. s. t.) today.

None of the parties would discuss the White House talks, which also were attended by members of the National Mediation Board, which administers the Railway Labor Act.

The two unions want a 40-hour work week without loss in pay, a concession made by the railroads to more than a million members.

Auto Brakes Slip and Car Hits Bull's-Eye

Bristol, Va., Aug. 10.—(AP)—George K. McCallan parked his car on hilly Cumberland street. The brakes slipped.

Near the bottom of the hill, the car crashed into the window of the Fred E. Reuning insurance agency.

McCallan had accident insurance on his car. You guess it—with the Fred E. Reuning Agency.

Prelate Bans "Vision" Rites

La Crosse, Wis., Aug. 10.—(AP)—A Roman Catholic church prelate yesterday banned special religious observances at Neeshah Aug. 15, when Mrs. Anna Van Hoof has said the Virgin Mary will return in a vision.

Bishop John P. Treacy of the La Crosse Diocese also warned members of his faith that their presence at the anticipated vision "may bring discredit to the traditional devotion to the Mother of God" on that date, a Church Holy Day.

Mrs. Van Hoof claims to have seen the vision of the Virgin six times since Nov. 12 in the yard of her farm home. The 40-year-old mother of seven children maintains that on June 16, the most recent occasion, the Virgin promised to appear next Tuesday and Oct. 7.

Field Mass Planned

The Rev. Joseph Finocan, secretary to Bishop Treacy, said persons from outside the diocese had made tentative plans to hold a field mass to accommodate up to 100,000 persons expected at each date. There is only one small Catholic church in the central Wisconsin village of less than 1,000 population. Special trains from Appleton, Chicago and Milwaukee had been arranged.

Have to Meet Challenge

"They have thrown down the challenge or break faith with the Negro people."

The convention's resolution yesterday asserted the Supreme court decision ordering admission of negroes to universities in Texas and Oklahoma was not applicable to Georgia.

Convention Floor Leader Roy Harris of Augusta said that if faced with a Supreme court order to admit negroes, Georgia Democrats would go to jail first.

But Harris said he hopes to be able to give them the chance to do just that. He added that it might be quite some time before the bill goes to the Senate, which starts debate on a similar measure today.

Anti-communist convention leader, Charles Bloch of Mecon, the man who led the fight against President Truman's nomination at the national convention, observed: "They might put somebody in jail."

Enemy Flight in South Likened to "Rout"; Reds Build Up Pressure in North; They Recapture Yongdok, Threaten U. S. Air Strip S. E. of Pohang; Launch Attack Near Changyong

By The Associated Press

Two columns of Americans snatched a trap on at least 1,000 Korean Red troops today in a smashing drive which carried them within five miles of the Communist southern base at Chinju.

The enemy flight on the southern front in Korea was described as "in the nature of a rout" as U. S. patrols lanced to within two miles of Chinju.

To the north, in the bridgehead battle along the Nakdong river, U. S. First Cavalry Division troops finished wiping out Communist dead and 200 captured.

Army reported Red pressure was building up further north. The U. S. Eighth Army is fighting new Communist thrusts along a Nakdong bridgehead in the southern far northeastern end of the 140-mile battlefield. Just below Yongdok, recaptured by the Reds, two Communist columns drove south again, crumbling South.

Feds Started By Perfection Of Bogus Bills

Treasury Is Fortunate That Counterfeiter Did Not Make His Money By Mass Production

St. Louis, Aug. 10.—(AP)—Federal authorities are astonished at the counterfeiting ability of a foundry molder who tried to outdo the Treasury department in craftsmanship.

The government is fortunate, they said, that he didn't put his bogus bill factory on a mass production basis.

Scholarly Melvin Godfrey Parsons, 37, arrested at his farm cabin near DeSoto Tuesday night, says he took up the study of fine engraving as a hobby.

Parsons was trying to produce better money than the Treasury department, said U. S. District Attorney Drake Watson.

He was talking with the agents of the Department of Defense when he was arrested.

Tydings remarked that additional methods beyond the present draft act and calls to duty for some National Guardsmen would probably be used to provide the manpower needed by the army, air force and navy.

Anti-Hoarders Claim Victory in Campaign

Portland, Me., Organizes Home Defenders of Freedom Who Pledge Not to Overbuy Goods

Portland, Me., Aug. 10.—(AP)—The Home Defenders of Freedom claimed victory today in an anti-hoarding fight. And communities across the nation are showing increased interest in the Portland plan.

"There's practically no hoarding in greater Portland now," said Edward H. Kessler, Jr., a leader of the defendant's board.

Kessler said a check of 25 food stores showed there have been no runs this week on sugar, coffee, bacon or canned meat. Clothing and other goods stores said sales of nylon stockings, sheets and men's shirts are normal.

Confident Hoarding Stopped

"We're pretty confident that hoarding had just about stopped before Sunday," said Kessler, who is executive manager of the Portland Chamber of Commerce.

The Portland plan against stocking items that became scarce in wartime began with a Red-lighted rally at which 4,000 persons took a pledge to be "Home Defenders of Freedom."

This is what they promised: "I will not buy more than my normal needs during this war emergency. I know that in no case I am making a very real contribution to the cause of freedom and the security of my country."

### Feds Startled By Perfection Of Bogus Bills

make \$23,000 bond; Parsons said he started counterfeiting bills in a San Francisco foundry.

Four years of work produced a profit of only about \$2,000 for him and two persons arrested with him, Parsons said.

Why did he continue such an unprofitable venture?

"Well, we didn't make any money out of it," Parsons said. "But like race horses getting into the money, it got to be a hobby for me and I couldn't get away from it."

"Good engraving just intrigues me."

### Labor Ready For Emergency

**Commissioner Egan Asks All Means Will Be Taken to Meet Needs**

Labor Commissioner John J. Egan said today that the Connecticut State Employment Service is ready to do whatever it is called upon to supply workers needed for the defense production in Connecticut as well as to meet increasing demand in other plants.

He said the 13 local employment centers, strategically located throughout the state, have long been experienced in keeping abreast of day to day needs for qualified workers in industry, and that the present organization stands ready to help employers meet their needs for all kinds of workers.

The Commissioner said the Employment Service at present has some 45,000 persons seeking jobs through its local offices.

He has experienced a considerable drop in the number of job seekers since the 90,000 registered a year ago, but we still have a good number ready to take jobs in addition, workers can be recruited from housewives and other persons who have withdrawn from the labor market.

He also said the number of persons receiving jobless benefits is 25,000, a sharp drop from the 45,000 a year ago.

Commissioner Egan explained that skilled workers in certain occupations are becoming more difficult to locate among present applicants available.

He said 20,000 women, approximately 1,500 are handicapped persons who are capable of performing needed jobs.

He emphasized that individuals should not be hunting defense jobs on the basis of rumors, but should check the available job openings which will be on file at their local Connecticut State Employment Service office.

### Given Surprise On Her Birthday

Miss Shirley Robbins, daughter of Mr. and Mrs. Myron Robbins, Sr., of Manchester Green, was greatly surprised Tuesday night at a party given at her sister's home, Mrs. Russell Ferguson, of 51 Foster street. The party was given by her parents in honor of her twentieth birthday. Fourteen guests were present.

Miss Robbins received cards, money and other useful gifts. Mrs. Robbins, Sr. was assisted in serving a buffet luncheon by her daughters, Mrs. Ferguson, and Mrs. Beverly Kaminski, and her daughter-in-law, Mrs. Myron Robbins, Jr. The feature of the luncheon was a birthday cake in blue and white with the words "Happy Birthday, Shirley" on it.

The party broke up about ten o'clock, with all the guests wishing Miss Robbins many more happy years.

### Drivers Scour State for Fuel

Newark, N. J., Aug. 10.—(AP)—Motorists searched frantically and with frayed tempers today for the few gasoline stations that have remained open in areas affected by New Jersey's "price war."

Some gas stations which remained open brought in their own armed guards, and one operator posted himself in front of a pump with a shotgun, as motorists "picketed" the state price shut down.

The party broke up about ten o'clock, with all the guests wishing Miss Robbins many more happy years.

### Power Firm Pays Dividend

C. L. & P. Announces Payment of 20c Per Share to Stockholders

R. H. Knowlton, president of The Connecticut Light and Power Company, announced that yesterday the directors of the Company declared a dividend of 20 cents a share on its common stock payable October 1, 1950 to stockholders of record at the close of business September 5, 1950. He stated that the dividend was declared on the basis of the increased number of shares that would be outstanding after the four-for-one split of the common stock, which became effective at 3 o'clock yesterday afternoon.

He emphasized that the Company expected to continue its policy of recent years of declaring quarterly dividends of equal amounts with a year-end dividend, the amount of which would depend on the earnings for that year. He stated that it is the present hope and expectation of the management that the dividends on the common stock declared in 1950 would equal the dividends declared in 1949 adjusted for the four-for-one stock split.

Commenting on the Company's earnings statement for the 12 months ended July 31, 1950, released today, Mr. Knowlton stated that, recognizing the demands of present unsettled world conditions, quite possibly will result in increased taxes, the Company, in providing for its Federal Income Taxes has assumed a rate of 41 per cent for the seven months' lapse period in 1950, resulting in an increase of \$212,000 over the amount that would have been required for this period at the present rate of 35 per cent.

### MANY NEVER SUSPECT CAUSE OF BACKACHES

As we get older, stress and strain upon our muscles, excessive smoking or exposure to cold conditions slow down kidney circulation. This may lead many folks to a condition of aching backaches, loss of pep and loss of vitality or even to kidney disease or kidney infections.

If your discomforts are due to these causes, don't wait. Try Doan's Pills, a mild diuretic. Used especially by soldiers for other ailments, it is a sure remedy for kidney ailments. It is a sure remedy for kidney ailments. It is a sure remedy for kidney ailments.

### Hartford Men Are Arrested Here

Douglas B. Footitt, 28, of 279 Farmington avenue, Hartford, was arrested last night by Patrolman George McCaughey on charges of driving while under the influence of intoxicating liquor or drugs, breach of the peace and destruction of private property. Footitt's companion, Michael P. McCann, 31, of 277 Wetherfield avenue, Hartford, is charged with intoxication and breach of the peace.

At 7:45 p.m., the pair allegedly attempted to gain entrance to the British American club on Maple street and were refused admittance. Footitt then became angry and threw a tire wrench against the side of the building, breaking two windows, it was reported. The men then left the scene and were arrested by McCaughey who overtook them on Main street.

Footitt is under \$250 bond and McCann under \$50 bond. They will be presented in Town Court tomorrow. Both were released after bonds were posted.

### Most State Farms Electrified

Hartford, Aug. 10.—(AP)—Ninety nine and nine tenths per cent of Connecticut's 22,241 farms now receive central electrical service, says the State Public Utilities commission. Of the 25 farms yet to be served, the commission says, 12 have been offered service, 13 have declined, nine are in such remote locations electricity has been ruled out, and four will be served in the near future.

### Full Time Health Officer Is Now Needed in Town

Acting under instructions given by the Board of Directors, General Manager George H. Wood is meeting with the Board of Health at 5 p. m. Friday to discuss the advisability of securing a full time health officer for the town.

The present health officer, Dr. Robert R. Keeney, Jr., divides part of his time to the work, assisted by Dr. F. P. Bushnell and Dr. Richard Chittied as inspectors. Dr. Keeney some time ago indicated he would like to be relieved of his duties, but has been persuaded to remain.

**Important Job**

The work of the health department has become more and more important and complex as the town has grown. It includes not only the ordinary health and welfare duties, but the many important incidents of sewage disposal, slaughtering of animals and construction.

Some months ago questions were raised in view of the increased needs of the town, the post of health officer should be made one of full time employment.

Such a proposition was raised also on another occasion, when it was urged that an area health department be set up to serve not only Manchester, but adjoining towns. This project did not develop due in part to lack of a method to equalize the assessing of expenses.

The whole question may again be discussed in the light of present conditions Friday.

Blame for Son's Death Placed on Mrs. Guzman

Coroner Finds Mother Is Responsible for Two Gun Attack on Vernon Poultryman

Rockville, Aug. 10.—Mrs. Mary Guzman, 55-year-old widow, was found criminally responsible for the death of her son, Arthur P. Guzman, 30, in an early morning, two-gun attack July 9 on her hill-top chicken farm in Vernon, in findings released by Coroner Bernard J. Ackerman today.

State's Attorney Donald Fiske said he will request a Grand Jury indictment charging Mrs. Guzman with her son's murder as soon as possible, the date depending on her condition and the opening of the criminal Superior Court here Sept. 15.

In still under guard Mrs. Guzman, who has been held on a coroner's warrant since the shooting is still under guard at Rockville City hospital. She suffered a fractured pelvis when she jumped or fell from a second-floor balcony shortly after police said she had killed her son and "plotted" his death.

Mrs. Fiske said he believed Mrs. Guzman would be able to leave the hospital by the time Superior Court opens next month. He said she is being represented by John Buckley, Hartford and Union attorney.

Coroner's Finding In his finding, the coroner said Arthur Guzman, a graduate of the University of Connecticut and a prominent poultryman, died from multiple gunshot wounds, with lacerations of both lungs and heart, and other serious injuries. It was a result of autopsy, investigation and inquest, that the death of son Arthur Guzman was caused by the criminal act of Mrs. Mary Guzman, mother of said deceased.

The finding placed young Guzman's "murder," violent and untimely death at between 5 and 5:30 a. m., on July 8, at State police at Stafford Springs. Mrs. Guzman investigated the case called his "murder" and "plotted" his death. The coroner said Mrs. Guzman had left her farm home at the foot of the hill on the large poultry ranch, walking up the hill to her new \$40,000 home, and let herself in with a key.

She entered the young couple's bedroom, they said, and emptied the contents of one pistol into her son's body as he slept. She then attacked her daughter-in-law, the two women engaging in a life-and-death struggle through the hall and into the bathroom. The young man and Mrs. Guzman was badly injured by repeated blows from a pistol.

The older woman ceased her attack only when one of her young grandchildren, awakened by sound of the struggle, appeared in the doorway of the bathroom. Police said the child's appearance had ended the life of her mother.

Meanwhile, Guzman had managed to make his way outside to the lawn. When state police arrived, he was dead.

The gambler is still on in the nearby tobacco growing section, for any severe hail or windstorm could cause great damage, but if present conditions last for another two weeks, the crop will be safe.

About half of the crop is now in the sheds, and planters say it will be comparable to that of last year.

Some years storms wipe out the crop in hard hit areas. So far this year the hail storms have done small damage.

A buffet luncheon was served with many delicious things to eat. The centerpiece was a beautiful three-layered shower cake made by the bride-to-be sister, Mrs. Daniel Savino. Green tapers and flowers also decorated the table.

Mrs. Guzman will be married to Edward Rindau of Charter Oak street on September 9 at St. James's church.

Rotary Hears Zoning Talk

Everett R. Kennedy Devises Informative Address on the Subject

The Manchester Rotary Club heard Everett R. Kennedy speak at its recent meeting on "Exemptions to Zoning." Mr. Kennedy is a member of the Manchester Zoning Board of Appeals and was quite informative in his talk.

He is a veteran of World War I and a member of the American Legion, and as Harry Firoto, who introduced him, said, "He is always interested in the affairs of veterans if it means cutting into his own personal time."

Mr. Kennedy made it clear that what he said was his own personal opinion and was not to be reflected on the Zoning Board of Appeals. In most cases, he stated, that exceptions were based on special feelings and that no law could be set by reasoning by which the board might do it. One appeal, a like-appearing appeal the next week might be turned down. He further stated that the real reason for the board's action is to be decided by the board.

Rockville Dial Phones For Rockville

Company Is Now Installing New Equipment—Other News of City

Rockville, Aug. 10.—(Special)—The telephone company has started installing dial telephones in homes and businesses throughout Rockville in preparation for the conversion of the exchange to dial operation next Spring.

Although some dial telephones have previously been installed throughout the Rockville area where telephone installers have been waiting for one reason or another, a special group of installers are working through the exchange replacing all remaining manual telephone sets with dial phones.

Seabury Lewis, local manager for the company, pointed out, however, that the dials are not to be used until the time of the conversion to dial operation and cautioned telephone users not to move the dial while placing calls through the operator as it may cause a disconnection.

Mr. Lewis said it will be necessary to change the numbers of all subscribers effective with the conversion to dial operation because dial equipment operates on a different numbering system. The new numbers will be contained in a new telephone directory which will be distributed prior to the change to dial service.

Klonsa Council Meeting The business meeting of Klonsa Council, Degree of Pochochosis, will be held Friday evening at 8 o'clock in the Klonsa hall, 100 West street on September 9 at St. James's church.

view of the driver has been prohibited by law in seventeen states, according to the Connecticut Motor Club, affiliated with the American Automobile Association. A motor club official said the following states have passed a statute: Arizona, Connecticut,

Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Minnesota, New Hampshire, North Carolina, Oklahoma, Pennsylvania, Vermont, Virginia, Wisconsin, and the District of Columbia. One other state, Rhode Island, has passed a law flatly banning the use of

vehicle whether within a motor vehicle or not. "Because there has been little demand for it so far, the danger of television in motor vehicles is a pretty academic issue at the present time," the AAA club official said. However, authorities in most states are agreed that the necessity of giving full attention to driving should prevent anyone from installing a television and in any motor vehicle in such a place that it could distract the driver from his responsibilities.
