"As a member of the American Federation of Labor, I know at first-hand the problems and the aspirations of union labor. Connecticut's labor laws, among the best in the country, were enacted only through ready Republican action, and mostly through Republican leadership. for unpaid back taxes. (e) Amending the law to prevent "chiseling," which cuts down the benefits intended for employees who have earned them.

(f) Giving county and municipal employees the right to receive unemployment compensation and let the cost be borne by the county or 2. THAT immediate study will be started to discover the best way of establishing a sound DISABILITY BENEFITS LAW to institute joint employer-employee insurance to cover off-the-job injuries and disabilities.

3. THAT the WORKMEN'S COMPENSATION LAW will be strengthened by increasing awards and by per-mitting an injured employee the free choice of his own 4. THAT the STATE DEPARTMENT OF LABOR

the present federal labor-management law so that it will clearly demonstrate a friendly and constructive ELECTRICAL - CALL AT attitude toward labor as well as toward management, and will leave no doubt of the intention of Congress to uphold for both labor and management the right of Service Station collective bargaining. 6. THAT THIS CONSTRUCTIVE AND PROGRESSIVE LABOR PROGRAM IS MADE INTO LAW.
