Red Cross Fund Goal \$21,000.00 Subscribed so far \$16,798.00

Wednesday and Thursday we tried this medium to ask you what Red Cross activities we should abandon here in Manchester. We need about \$4,300 to reach our goal which is nearly double that of last year, primarily because of increased Red Cross activity with our rapidly growing armed forces, and the need for blood both here and abroad.

We did not pull our punches in these ads because we felt the time is past for soft words that begot evasive answers.

The time for decision is NOW, and it is up to you to decide NOW whether you will support your Chapter or not. Let's not kid ourselves. There are mighty few of us in Manchester who will feel the absence of another dollar more than temporarily. We're lucky.

The need is twice as great as last year. Have YOU, — not your husband, not your wife, nor your sister Kate's friend George, — given in Manchester this year?

We feel this is a good town. It has supported worth-while causes generously in the past, and we believe it will continue to do so just so long as it recognizes the need. We have attempted to tell you of the need.

There are over 600 people in Manchester and Bolton who think highly enough of the need to volunteer their time in soliciting your contribution. Some have called several times and have found you away. Others have found you at home but unresponsive. This week-end a number of solicitors will try to contact families who have not yet contributed in Manchester. If you have not been approached, or if you will increase your contribution.

A call to the Chapter offices, phone Manchester 5111, will be enough to insure your contribution being collected.
