Town Offices Close

General Manager George H. Waddell stated this morning that the Municipal Building will be closed this Saturday, Sept. 1. The closing will give municipal employees the benefit of a long Labor Day weekend. The Municipal Building will return to Saturday morning opening on the following week, Sept. 8.

The Board of Directors on June 5 granted a petition of town employes that the offices be closed on Saturdays during the months of June, July and August. The directors stipulated that a skeleton staff be maintained in the Municipal Building Thursdays from 5 to 7 p. m. during these months for the convenience of the public.

The building's regular hours find the offices open until noon on Saturdays, the schedule which will be resumed Sept. 8.

Three Accidents Over Week End

There were three minor accidents in town Saturday afternoon with no arrests made.

Just after noon Mrs. Fannie Cohen, of 90 Seaman circle, skidded on the Park street bridge and struck two poles and the fence. The right front fender, bumper and grill were damaged. Patrolman Henry Gaurnder investigated.

At 5:45 Elmer Tomilson, 73, of Hebron Avenue, Glastonbury, struck a car driven by Charles McCarthy, 27, of 87 Hilliard street at the Main and Charter Oak street intersection. Tomilson's car was damaged in the front while McCarthy's car was damaged by the right side. Patrolman Fred Tedford investigated.

Albert N. Keeney, 22, of 19 Ensest street struck a fire hydrant on West Center street, east of McKee street at 8:20. According to the report he made a turn into West Center from McKee and stayed too close to the curb to avoid oncoming traffic. Patrolman Primo Amadeo investigated.

Court Cases

Marcel P. Jobert, 50, of 722 Center street, was found guilty of impersonating an officer in Town Court this morning by Deputy Judge Charles N. Crockett and fined $50. A charge of breach of peace was dismissed. Attorney Wesley C. Gryk represented Jobert. Bond for appeal was set at $50.

Isaac Snyder, 27, of 37 Packard street was fined $5 for violation of rules of the road.

Alice Upton, 37, of 48 Cooper street, was fined $3 for keeping an unlicensed dog.

John M. McQueeney, 30, of Putnam, was fined $15 for speeding.

Henry Jones, 26, of New York City, forfeited a $3 bond for a parking violation.

Joseph A. D'Elia, 46, of 76 Boothbay street, Hartford, was fined $15 for speeding.

Robert B. Morse, 33, of 43 Ashland street, forfeited a $5 bond for a stop sign violation.

Norman Villeneasa of Hartford was fined $2 for improper parking.

Henry Pierce of New Rochelle, N. Y., forfeited a $3 bond for a stop sign violation.

Walter Fike, 37, of 21 Waddell road, was fined $5 for intoxication and sentenced to 15 days in jail for violation of probation.

Charges of operating a motor vehicle while under the influence of liquors or drugs, driving while his license was under suspension and evading responsibility, against James Finley, 36, of 17 Baltic street, Hartford, were continued until September 5.

Say Red Bomb Hit Kaesong

Tokyo, Aug. 28—(AP)—The United Nations command charged today that the Communists sent one of their own planes through the motions of bombing Kaesong late Wednesday and then blamed the Allies for the attack.

The charge was contained in a bulletin released by the Public Information Office at Gen. Matthew B. Ridgway's headquarters as the U. N. commander studied a Communist note that could shatter hopes of truce in Korea.

"There is as yet no indication as to the nature of the reply General Ridgway will make to the latest Communist letter," the Public Information Office said.

Offer to Renew Talks

The Reds offered to resume truce talks—which they broke off last Thursday—on certain conditions. Primary they want Ridgway to say a U. N. plane bombed the Kaesong neutral area Wednesday.

He has already said no U.N. plane was even in the area. He told the Communists they manufactured the incident.

Less than 24 hours after the Reds rejected this, Ridgway's Public Information Office restated the same position in detail.

It said no U.N. planes were in the area at the time of the attack

Chases Victim Into Hospital

Tries to Inflict More Knife Wounds on Man Seeking Medical Aid

New Britain, Aug. 28.—(AP)—The emergency room of New Britain general hospital was thrown in an uproar early today when a man followed a fleeing victim into the room and tried to inflict further injury upon him.

Two nurses and a hospital janitor were able to keep the alleged assailant, Mann Ware, 35, of 100 Hartford avenue, this city, away from his victim in the emergency room until police arrived.

Bleeding from a lacerated right shoulder, John Brown, 32, of 170 Winter street, New Britain, entered the emergency room at about 6:30 a.m. and asked for medical aid.

As Brown was being treated, Ware arrived at the hospital brandishing a butcher knife and was prevented from entering the emergency room by Lorraine Cur-

Slain Millionaire Leaves Widow $100

Dallas, Aug. 28—(AP)—The will of millionaire oil man Thomas W. Doswell, 82, who was shot to death last week as he sat in his parked car, provided $100 in cash for his widow.

The bulk of the estate went to a brother, Hector J. Doswell of Weatherford, Tex. The will was filed for probate yesterday.

Mrs. Rebecca Doswell, 32, was charged with murder last Wednesday in the fatal shooting of her husband. Doswell died of a bullet wound inflicted as he sat with his wife in their Cadillac sedan, parked in front of a fashionable Dallas residential hotel where they lived.

Republicans also are circulating Eisenhower petitions. (AP Wirephoto).

Democrats Enter Ike In Primary

Paris, Aug. 28.—(AP)—General Eisenhower's staff officers said today there would be no comment from the general concerning the filing of his name as a Democratic candidate for President in next May's Oregon primary election.

Salem, Ore., Aug. 28.—(AP)—Democrats beat Republicans in Oregon in putting up Gen. Dwight Eisenhower as a candidate for President.

Yesterday a group of Democrats filed petitions to put Eisenhower on the State's Presidential primary ballot next May. There were 1150 signatures although Oregon's law requires only 1,000. Formation of the candidate is not necessary.

Republicans said they will file their Eisenhower petitions later.

State law also requires that a candidate be a member of his nominating party. Eisenhower has never listed a party affiliation.

Dave O'Hara, state elections chief, said this might lead to a

Mr. Truman will address the opening session of the conference at 9 p. m., e. s. t. on Tuesday.

Italy to Demand OSS Pair Return

Verbania, Italy, Aug. 28—(AP)—The Verbania prosecutor will make a formal new demand today for extradition of the two former U. S. Army behind-the-lines agents, Aldo Icardi and Carlo Lodice.

Legal sources close to the prosecutor's office said the request was already drawn up and would be sent "within a few hours" to the prosecutor general at Turin.

He has said that when he received the new request, properly documented, he would send it to the Ministry of Justice in Rome to begin the long legal process of asking the U. S. to send the two Americans here to stand trial.

The two have been named by the U. S. Defense department as the players of their commander, Maj. William Holohan. Under American law they cannot be tried in the U. S. for a crime allegedly committed during the war service covered by their honorable discharge from the Army.

This source said the new extra-

Indicts Five Newsmen For Defaming Gamblers

Lake Charles, La., Aug. 28.—(AP)—Five newspaper men who crusaded against vice open law violations six under the indictment as charges of defaming three admitted gamblers and several public officials.

And the Peoples Action Group which instigated a special session of the grand jury to investigate law violations, is under order to give the grand jury a list of its members. The list has been kept secret to aid in the DA's grand jury investigations.

The Calcasieu Parish (County) grand jury refused to indict Sheriff Henry Reid whom the PAG had accused of malfeasance in office.

Named in the indictments handed down yesterday were Thomas B. Shearman, publisher of the Lake Charles American Press; his son, William Hugh Shearman, co-publisher; Kenneth L. Dixon, managing editor; James W. Norton, city editor, and Carter George, police and court reporter.

They were accused of defaming Claude Williams, Sam Smith and E. J. Miller, three admitted gamblers and night club operators; District Attorney Griffin P. Hawkins; assistant District Attorney Melvin H. Wetherill; the 13 members of the Calcasieu Parish Police Jury, the parish governing body; and Sheriff Reid.

Big Three Of West to Back Slavs

Washington, Aug. 28—(AP)—The United States, Britain and France have agreed to provide $50,000,000 in economic aid to Yugoslavia to support Marshal Tito's "contribution to the security of the free world."

The Economic Cooperation administration, in announcing this today, disclosed it already has allocated $29,800,000 as an initial installment to help the Yugoslavs buy cotton, coke and steel.

Britain shortly will announce, ECA said, its decision to make available $11,500,000 to help bolster Yugoslavia's economy.

Aid In Six Months

The French government is also expected to announce its contribution in the near future. Informed officials said the initial French installment would be around $5,000,000 or $6,000,000.

The aid will be furnished in the next six months.

The United States has given or loaned Yugoslavia a total of $150,000,000 for military and economic supplies since Marshal Tito's Communist regime broke with Moscow.

State Watches Copper Strike

See Crippling Blow to Industry If Walkout Continues Long Time

Hartford, Aug. 28—(AP)—Industrial Connecticut, the nation's leader in the use of copper and brass, today watched with anxious eyes the outcome of the nation-wide strike of 58,000 workers in the copper industry and, closer to home, the tie up at the Ansonia and Torrington plants of the American Brass company.

Copper and brass are vitally important components of Connecticut's economy and a prolonged strike in the copper and brass industries could deal a crippling blow to many mills and factories in the state.

It's hard to put an exact finger on precisely how many of 1,760 factories which process or use metals specifically copper and brass. But, the Manufacturers Association of Connecticut reported, probably a high percentage of

Truman Assails Czech Envoy on Oatis Case

Washington, Aug. 28—(AP)—President Truman told the new Czechoslovak Ambassador today the best way to restore cordial relations with the United States would be for his government to free William N. Oatis, Associated Press correspondent, jailed "on a spy charges."

In a meeting limited to five minutes, reporters were told Mr. Truman informed Dr. Vladimir Prochazka that relations between the U. S. and Czechoslovakia had deteriorated ever since Jan Masaryk was murdered."

This plain talk when the Ambassador called to present his credentials was reported afterwards by the President's press secretary, Joseph Short.

Short told newsmen that in the conversation between the Ambassador and the President the Ambassador said "He hoped to make our relations more cordial."

Czech Prier Accused

Masaryk, a staunch anti-Communist, fell to his death from a window, while he was under house arrest by the Reds in Prague several years ago.

Prior to Masaryk's death, Short said, the President, "The relations between the United States and the Republic of Czechoslovakia had been wonderful."

Short added that the President in this regard, "Mentioned the extreme friendliness of our political relations and also the back and forth trade relations."

Short continued:

"But now, the President said, it is up to the Czech government to not be what they had been unless Czechoslovakia changed its policies."

No Response

Short concluded by asserting: "The Ambassador made no response to these remarks."

Earlier, Prochazka had told reporters he found Mr. Truman

Truman Senators Fight For Curb on Soviet Trade

Washington, Aug. 28—(AP)—Administration forces in the Senate fought today to win approval of a bill they contend would erect a barrier to shipments of war useful goods to the Communists.

A group of Republicans, denouncing the measure as weak and ineffective, claimed growing support for a move to replace it with one of their own devising.

At issue is a House-passed bill, fought today on the basis of Rep. Battle (D., Ala.), which would prohibit all U. S. aid—military, economic or financial—to any nation engaged in shipment of war potential goods to Russia and her satellites.

It would give the administration some discretion in enforcement—a feature which the Republicans criticized.

GOP Assails Bill

Senator Kem (R., Mo.), one of the GOP forces' quarterbacks, said the measure "lacks teeth."

All the administration needs to do, Kem said, is to enforce an amendment to a money bill he sponsored last June ordering President Truman to halt all economic aid to any country furnishing war-potential goods to nations in the Soviet orbit. The National Security council has made many exceptions, as it is empowered to do if it finds the national security requires them.

The Battle bill is backed by the administration, which contends the Kem amendment is of more harm than help because it is too rigid.

Senator Sparkman (D., Ala.), floor manager for the new bill, told his colleagues yesterday that some materials must be allowed

Say Break Not Coming In Walkout

Denver, Aug. 28—(AP)—Union leaders said flatly today there would be no break in the nationwide strike in the strategic minerals industry before a Washington meeting tomorrow.

A spokesman for the International Mine, Mill and Smelter Workers Union (IND) said no formal answer would be made to a back-to-work request from the Wage Stabilization Board to halt the strike of 58,000 producers of copper, lead, zinc, and silver.

"We think our attendance at the board meeting in Washington tomorrow will be sufficient answer," said the union spokesman.

The telegraphed request was received by the union at 9:30 a. m. (MST).

Harry Bridges Aide on Island Picked Up as U. S. Continues Roundup

Washington, Aug. 28—(AP)—The FBI today extended its Communist roundup to Hawaii and arrested seven alleged party leaders in the islands.

Attorney General McGrath and FBI Director J. Edgar Hoover said in a joint announcement that the pickups in the Pacific territory were made at about 12 noon est (8 a. m. Hawaiian time).

Those taken into custody included Jack Wayne Hall, 36, described by the Justice department as the representative in Hawaii of West Coast Long Shore leader Harry Bridges.

Hall is regional director of the International Longshoremen's and warehousemen's Union—the Bridges organization—for the territory of Hawaii.

Freight Rates Up 6.6 Ave. Today

Washington, Aug. 28—(AP)—Higher freight rates—averaging 6.6 per cent for the country as a whole—went into effect today for most commodities handled by railroads.

The new boost, the ninth since World War II, took effect at mid-night local time throughout the nation after a 15-day public notice authorized by the Interstate Commerce commission (ICC).

The commission rejected plans for a new general 15 per cent boost in rates.

Instead, it gave the rail lines permission to go ahead with a 9 per cent boost in the East and 6 per cent elsewhere. Counting doi-

Marin Party Tops Puerto Rico Vote

San Juan, Puerto Rico, Aug. 28—(AP)—Gov. Luis Munoz Marin's Popular Party was well ahead today in the election of delegates to a Puerto Rican Constituent Assembly.

With the ballots from most of the 76 towns counted, the Popular Party held more than 70 per cent of the votes. They were believed certain to win at least 70 of the 92 delegations to the assembly, which will draft a Constitution for this U. S. island possession.

The vote passed the 400,000 mark.

The latest vote was:

Popular Party—324,110.

Statehood Party—80,178.

Socialists—21,044.

union replies to their appeal for an end to the walkout.

Defense officials said the strike was hitting the mobilization drive at its weakest point since the labor is the scarcest of the major metals. The strike also affects zinc, lead and silver production.

The leader of 58,000 striking International Mine, Mill and Smelter Workers (Ind.) told newsmen in Denver last night that the strike, which began yesterday, would not be called off "unless and until the government presses industry to accept a federal proposal for ending the wage dispute."

Backs Boost

The U. S. Conciliation Service has proposed that the companies raise wages 16 cents an hour and increase pensions $100 an additional month and one-half cents to settle the strike. The IUMMSW said that is acceptable to the union. Present pay ranges from $1.31 for service laborers to $1.62 for miners.

The IUMMSW was expelled from the CIO on charges its leaders followed the Communist line. In addition to the 58,000 IUMMSW workers, there are 9,400 members of the AFL metal trades union in Utah who joined in the walkout. The IUMMSW headquarters said members of the Railroad Brotherhoods were respecting their picket lines.

Regarding the expulsion from the CIO, a union spokesman said the mine workers group "is dominated by its members, no one else." He added that members chose the IUMMSW, five to one, over the CIO Auto Workers or steelworkers.

Maintenance workers at the 30 strikebound plants in 11 states remained on duty in preparation for a quick reopening of operations when the strike ends.

raw materials and other supplies vital to her economic strength and the support of her military defense effort."

The announcement of the new three-power aid program comes only two days after President Truman's foreign policy advisor, W. Averell Harriman, conferred with Marshall Tito in Yugoslavia.

Harriman said afterward he talked over with Tito means of shoring up Yugoslavia's military and economic strength to help it withstand any possible aggression by Russia or its Balkan satellites.

The ECA said the decision to provide new aid was made in London several months ago after lengthy conferences by American, British and French officials.

"The three-nation aid program is designed to support the Yugoslav economy in its contribution to the security of the free world and the strengthening of the standard of living of the Yugoslav people," the ECA said.

The $29,800,000 pledged by the United States comes from funds transferred by President Truman from the foreign arms aid program approved last year by Congress.

Of the $150,000,000 previously allotted to Yugoslavia, $93,000,000 was in the form of outright grants for food and raw materials. The remaining $55,000,000 came from the government's Export-Import Bank in three loans.

With the arrival of police, Ware ran from the building and was overtaken on the east by Policemen Wilfred Bollard and Cyril Cichowski. He threw away the knife during his flight, police reported.

Ware was arrested on charges of breach of the peace and assault with a dangerous weapon. Brown also was arrested on a charge of breach of the peace.

Police said that the two men had engaged in a local restaurant prior to the hospital melee. Eight stitches were required to close the cut on Brown's shoulder.

He declined to say whether he and the President had discussed the Oatis case. Oatis, now in a Prague prison, was sentenced to 10 years imprisonment by the Communist Czech regime after a trial that has been widely denounced in this country as farcical.

He was the owner-player-manager of the Derby team in the Connecticut League in 1899 but compelled to give up that post when the National Arbitration Board ruled he was the property of the Syracuse team in the International League.

Played With Nats

He starred for Worcester in the New England League in 1900, the next year played for Washington and then spent four seasons with the Washington team of the National League.

Lush later played with New Haven, again with Rochester before joining the Boston Braves in 1901. He was sold to Detroit in 1903 and finished his major league career with Cleveland in 1905. He had a lifetime batting average of .333 and a fielding average of .963.

He managed several minor league clubs, served as a scout for the New York Highlanders (now the Yankees) and also the Giants.

Report Drop In Idle Here

Seven Per Cent Lower; Increase Is Noted in State Picture

Unemployment here decreased by 7 per cent again last week, according to the weekly report filed by the State Labor Department. There were a total of 767 claims filed, including 156 females, of which 22 were initial and 245 continued claims.

A slight increase was noted in the over-all state unemployment picture, the total rising by 263 to 21,863. Vacation plant shutdowns accounted for approximately 3,800 of the claims from persons not entitled to full vacation pay.

Women claimants number 13,211 or 60.4 per cent of the claims filed.

Initial claims rose slightly.

The Bridgeport office was still high in the number of claims filed while the Manchester branch was last of nineteen offices reporting.

Layoffs and part-time schedules due to lack of work were reported in textile, hats, communication equipment, needle trades, toys, bearings and rubber goods. Vacation shutdowns were reported in bearings, small metal products and woolens. Materials shortages resulted in layoffs in rubber goods and plastics.

Pygmalion Cast Has Experience

When the Center Thespians present "Pygmalion" on September 7 and 8 at Verplanck School, auditors can look forward to excellent portrayals of even the comparatively minor roles.

Vickie Wachtel plays the part of a maid in the coming production, but her past performances in "See How They Run", "Servant in the House" and "The Anniversary" —all under the direction of William Astley—have proved her to be a young actress of fine interpretive qualities. Although a comparative newcomer, Miss Wachtel was not an entirely inexperienced actress when she joined The Thespians. As a member of Sock and Buskin, high school dramatic group, she had appeared in "Pride and Prejudice", "Dear Ruth" and "The Old Lady Shows Her Medals".

For his role as Freddy Hill, an aristocratic fop who provides much of the comedy in the play, Merrill Adams is well chosen. Audiences who were present at his performances in "John Loves Mary" and "See How They Run" know Mr. Adams' facility for provoking chuckles and laughter. In "Pygmalion" this natural appetite for subtle humor which Merrill Adams possesses will again come to the fore in the part of Freddy.

Another member of the cast of "Pygmalion" whose past performances in John Loves Mary and Betty Lundgren. As Miss Clara Eynsford she will have ample opportunity to confirm previous talent shown in "Double Door" and "St. Claudia".

Uconn Dean Tells Of Medway Plan

The Manchester Federation of Democratic Women held its regular meeting at the YMCA Monday evening. President Helen M. Fitzpatrick presided. Dean Ruth P. Mc-Padden introduced Miss Mildred P. Lynch, Dean of Women at the University of Connecticut, who spoke on the Medway Plan Foundation.

The Medway Plan Foundation was founded by William Lawrence Bennett of Woodbury, Conn. It is based on the will for peace through the better understanding of peoples. It is not an organization and asks for no contributions, but is a plan for individual voluntary action by persons in connection with other relief organizations. He believes in starting with the children by correspondence so that friendship and understanding can be developed between our children and those in other countries. The end result that war will be become unthinkable if friendship is strong enough. Parents are reached through their children. The use of letters and small gifts is the main factor of the foundation.

Miss French spoke of her visit to Weyer, Austria, in June to observe personally what the Medway Plan has accomplished. The Storrs branch of the American Association of University Women adopted this town two years ago. She said that the spirit of friendship and appreciation was remarkable, and proven most satisfactory.

The next meeting of the club will be at the "Y" September 19 at 8 p. m.

President Truman's name also will be on the ballot, party officials announced earlier.

MACARTHUR, 4 TO 1

Los Angeles, Aug. 28.—(AP)—Gen. Douglas MacArthur is a four to one choice for President over Gen. Dwight Eisenhower, the Wage Earners Committee of America announced today.

The committee, which claims a membership of 100,000 throughout the nation, said it mailed out 120,000 ballots and received 70,000 back, of which 56,198 were for MacArthur and 13,052 for Eisenhower.

WANT TRUMAN TO RUN

Mackinac Island, Mich., Aug. 28 —(AP)— Michigan's Democrats want President Truman to run for re-election next year.

The Democratic State Central committee, which heads the party in Michigan, expressed the desire and pledged its support of Mr. Truman at its midsummer conference here yesterday.

to get through the Iron Curtain.

Cites Fuel Shortage

Many western nations, he said, rely heavily on coal from Communist areas, and must trade to get it. Sparkman argued they would turn hostile eye on the United States if they had to choose between a fuel shortage or loss of U. S. military and other support.

Kem's forces fought a delaying battle through yesterday afternoon and half the evening before allowing a test vote which finally put the measure squarely before the Senate.

The vote was 32 to 29 on party lines.

Republican and Democratic leaders then agreed to recess at 8:30 p. m. (e.s.t.), and avert a threatened all night session. Further action was put off until today.

Kem seeks to have the pending measure rewritten so as to curb administration discretion to order exemptions.

Senator Malone (R., Nev.), backing Kem, denounced the battle measure as a "swindle."

Wherry, a bitter critic of British foreign policy, charged the bill would allow Britain to ship strategic goods to China and Russia "until in a few years, maybe in a few months, they have built up to fight a war against us."

After the verdicts were handed down the prosecution demanded the death penalty for the six men found guilty.

Freight Rates Up 6.6 Ave. Today

lars-and-cents hold-downs on about a dozen commodities moving in heavy volume, the hike works out to about 6.6 per cent for the whole country.

Some special hold-down was ordered for grain and grain products, on which the increase will be to an even 6 per cent regardless of territory. The railroads also were required to give a 30-day notice on the grain changes. These rates will therefore not go up until Sept. 12.

The revisions replace the temporary 2 to 4 per cent increases granted by ICC last April. They are estimated to yield about $64,000,000 a year new revenue to the rail systems. The latter have described the increases as inadequate. They say operating costs have jumped $1,000,000,000 since the last rate boost in August, 1949.

Ike Favors Union for W. Europe

(Continued from Page One)

The General voiced his endorsement of the federal union idea as the Senators started their tour. Then, two weeks later, as they neared the end of their trip, he told the Senators:

"I realize that a lot of my professional associates are going to think that I am completely crazy, but I will tell you that joining Europe together is the key to the whole thing. And if you can do it with an European army, I am ready to put a lot of work in it."

American leadership, help and armed forces, Eisenhower said, are restoring the confidence of western Europeans, and he added:

"The faster they regain their confidence, the faster they will do the job of defending themselves. In my opinion, the one thing that can break the United States and give us nothing in return is to drag this thing out. We must go the limit of our productive capacity and the power of Europe to absorb our military assistance, and get it done now."

"If we cannot do this job within a reasonable length of time, it cannot be done," the General added. "Let us then let us then admit of the fact that the self-interest of the United States dictates that we inspire in Europe the determination to defend itself."

The Senate group also heard from Gen. Alfred M. Gruenther, Chief of Staff of NATO headquarters and Eisenhower's deputy, that there had been an over-all increase of 75 per cent in military budgets over the past year in the European countries.

He said conscription periods have generally been lengthened, munitions production has picked up about 70 per cent, food assistance has been well used, and the effectiveness of military units has doubled or trebled.

"It was the first such activity in defense-vital Detroit since the days of World War II.

"Some wartime secrecy practices were in effect.

"Although the maneuver was carried out with no effort to hide it, the Army asked that the location of the bivouac not be publicized.

The Army also requested that particulars on weapons at hand or numerical strength of the troops not be published.

Headquarters of the 51st Anti-Aircraft Artillery Brigade at Chicago ordered the troops here, the vanguard consisted of units from Fort Custer, Michigan. Units are expected from Ohio and other Michigan army posts.

A headquarters spokesman refused to the operation as a "test."

were fined and given suspended jail sentences.

Each of the indicted men posted $250 bond on each count on which he was indicted. There were five indictments in all totalling 14 counts.

Each count is punishable with a maximum of one year in jail and a $3,000 fine.

No date was set for arraignment.

The two Shermans, Norton and George, were not immediately available for comment.

Dixon, emphasizing that he spoke only for himself, said:

"Well, I see that we are accused of defaming both law enforcement officials and admitted law breakers. That seems to put it all in a very neat package."

Said G. G. Buchanan, PAG president:

"The Peoples' Action Group feels that a gross miscarriage of justice has been committed. We stand back of the indicted men and will assist them with every means that we have available."

PAG was formed early this year after the Kefauver Crime Investigating committee hearings in New Orleans focused public attention on gambling in the state.

election. But they would not commit themselves to formal acceptance of the nomination.

The formal notification—required by the electoral law—was made five days after a mass rally at which followers of the government-backed General Confederation of Labor and members of the Peronista Party loudly demanded that Peron run for re-election and his wife run with him on a Peron-Peron ticket.

The delay between this "popular demand" and the formal nomination has been ascribed to the reported desire by the President to consult Army leaders as to whether his wife would be acceptable as vice-Presidential candidate.

(Although Mrs. Peron has considerable backing from Argentina's workers because of her leadership in labor affairs, Army heads often have been quoted as expressing bitter opposition to her "petticoat rule.")

Burma Refuses To Sign Jap Pact

Rangoon, Burma, Aug. 28—(AP)—Burma told the United States today she cannot escape the draft Japanese peace treaty, because it would enable Japan to evade payment of war preparations to which this country feels she is fully entitled.

But sources close to the Foreign Ministry said Burma's refusal to sign the treaty at the coming San Francisco conference would not mean she would not recognize Japanese sovereignty. The sources said Burma would be willing to exchange diplomatic relations with Japan and a bilateral peace treaty between the two countries is not ruled out.

RITA TO RENO

Hollywood, Aug. 28—(AP)—Rita Hayworth is going to Reno this week to divorce Prince Aly Khan.

Her lawyer, Bartley Crum, told reporters he is convinced there is no point in further discussions with representatives of the Moslem prince over a financial settlement.

Rita reportedly has been asking for $3,000,000 for their 19-months-old daughter, Yasmin, but Aly is said to have offered to establish a $250,000 trust fund for the child. The actress found this unacceptable.

Rubber Workers Get Pay Increase

Cleveland, Aug. 28—(AP)—Goodyear Tire & Rubber Co. and the CIO United Rubber Workers today announced a wage agreement providing 13-cent hourly pay boosts to nearly 26,000 workers in Goodyear plants in 10 cities.

The other three members of the rubber industry's big four—Goodrich, Firestone and U. S. Rubber—already have agreed to similar 13-cent pay boosts for URW members.

The Goodyear raises are effective yesterday and are subject to approval by the Wage Stabilization board and ratification by URW locals. Terms of the agreement provide that each local may use one cent of the 13 cent hike to correct wage intraplant inequities.

For piece workers, the 13 cents will be incorporated into incentive rates for an hour's average production.

Goodyear plants covered by the proposed contracts are at Akron, St. Mary's, Jackson, Mich.; Topeka, Kas.; Lincoln, Neb.; Winona, Vt.; New Bedford, Mass.; Muncie, Ind.; and Los Angeles.

Deaths Last Night

By THE ASSOCIATED PRESS

New York—Petko Stoyanov, former Bulgarian cabinet minister and foe of Communist dictatorship in his native land, died last month in a Sofia jail, according to word received in New York.

New York—Dr. Paul Schwarz, 69, member of a Wall Street brokerage firm and German consul here from 1929 until Hitler's rise to power in 1933, died in Bonn, Germany, according to word received in New York.

Milwaukee, Wis.—Arthur B. Malcolm, 73, general traffic manager of the Union Pacific Railroad until his retirement six years ago.

Wilmington, Del.—Robert H. Richards, 77, former Attorney General of Delaware.

Chicago—Dr. Robert H. Seashore, 49, chairman of the psychology department at Northwestern university.

North Dartmouth, Mass.—Charles A. Gould, 88, director and vice president of the Associated Drygoods Corporation of New York until his retirement in 1926.

Toronto—Joseph E. Rogers, 70, of Cleveland, retired vice president of the (Addressograph-Multigraph company.

RESTORED TO DUTY

New London, Aug. 28—(AP)—Special Constable Arnold Meyers, who warned residents of Neptune Park of the approach of a mythical hurricane last Wednesday, rousing them at 1 a. m., has been restored to duty. City Manager Edward Henkle, who had suspended Meyers after residents complained of the incident, restored the constable to duty on a probationary basis. Henkle acted after a hearing at which Meyers explained that he received an anonymous phone call that a hurricane would strike the area and believed it his duty to warn the sleeping residents of the colony.

Polio Claims GI On Ship at Sea

San Francisco, Aug. 28—(AP)—The dramatic parachuting at sea of a portable chest respirator failed to save the life of a G.I.

The Aiken Victory radioed yesterday that Cpl. James A. Williams, 22, of Brooklyn, N. Y., was dead of polio. He had been placed in the respirator immediately after it had been taken aboard 871 miles from here Sunday.

A Coast Guard B-17 had dropped the 125-pound respirator in two waterproofed packages during a 12-hour flight.

When the ship sails through the Golden Gate tomorrow with 1,491 Army men, most of them Korea veterans, it will be flying the yellow quarantine flag.

The Army said the quarantine may last only the minimum three hours but may be extended to several days. That depends on how long it takes to determine who was in contact with Williams aboard ship.

However, an Army spokesman said the returning veterans would be welcomed with customary fanfare—including salutes by fireboats and small craft, a band and a popular singer.

3 Easy Steps...into your new 1951 Packard

1 Check the little extra cash difference
Just compare the slight difference in your 18 monthly payments (after ⅓ down payment), between one of the lightly-built "low-priced" cars and a new 1951 Packard:

If you've been planning to pay . . .	. . . the extra monthly payments for a Packard can be as low as. . .
$2100	$11*
$2200	7*
$2300	3*
$2400	0*

*And remember: a generous trade-in allowance can make these figures even smaller! Note: Figures above are based on Detroit-delivered prices—but cash differences are comparable throughout the country.

2 Check the long-lasting newness
Packard alone gives you: Exclusive new, award-winning beauty that defies "year-to-year" dating. Exclusive new Packard Thunderbolt Engines, America's *highest-compression eights*—with the service-free simplicity of a design with *up to 25% fewer working parts* than in engines of comparable power. New *everything* . . . and all of it backed by motordom's greatest record for consistent quality and durability. Fact: *Of all the Packards built, in the last 32 years, over 50% are still in service!*

Burma Refuses To Sign Jap Pact

Rangoon, Burma, Aug. 28—(AP)—Burma told the United States today she cannot escape the draft Japanese peace treaty, because it would enable Japan to evade payment of war preparations to which this country feels she is fully entitled.

But sources close to the Foreign Ministry said Burma's refusal to sign the treaty at the coming San Francisco conference would not mean she would not recognize Japanese sovereignty. The sources said Burma would be willing to exchange diplomatic relations with Japan and a bilateral peace treaty between the two countries is not ruled out.

RITA TO RENO

Hollywood, Aug. 28—(AP)—Rita Hayworth is going to Reno this week to divorce Prince Aly Khan.

Her lawyer, Bartley Crum, told reporters he is convinced there is no point in further discussions with representatives of the Moslem prince over a financial settlement.

Rita reportedly has been asking for $3,000,000 for their 19-months-old daughter, Yasmin, but Aly is said to have offered to establish a $250,000 trust fund for the child. The actress found this unacceptable.

Rubber Workers Get Pay Increase

Cleveland, Aug. 28—(AP)—Goodyear Tire & Rubber Co. and the CIO United Rubber Workers today announced a wage agreement providing 13-cent hourly pay boosts to nearly 26,000 workers in Goodyear plants in 10 cities.

The other three members of the rubber industry's big four—Goodrich, Firestone and U. S. Rubber —already have agreed to similar 13-cent pay boosts for URW members.

The Goodyear raises are effective yesterday and are subject to approval by the Wage Stabilization board and ratification by URW locals. Terms of the agreement provide that each local may use one cent of the 13 cent hike to correct wage intraplant inequities.

For piece workers, the 13 cents will be incorporated into incentive rates for an hour's average production.

Goodyear plants covered by the proposed contracts are at Akron, St. Mary's, O.; Jackson, Mich.; Topeka, Kas.; Lincoln, Neb.; Windsor, Vt.; New Bedford, Mass.; Muncie, Ind.; and Los Angeles.

Deaths Last Night

By THE ASSOCIATED PRESS

New York—Petko Stoyanov, former Bulgarian cabinet minister and foe of Communist dictatorship in his native land, died last month in a Sofia jail, according to word received in New York.

New York—Dr. Paul Schwarz, 69, member of a Wall Street brokerage firm and German consul here from 1929 until Hitler's rise to power in 1933, died in Bonn, Germany, according to word received in New York.

Milwaukee, Wis.—Arthur B. Malcolm, 75, general traffic manager of the Union Pacific Railroad until his retirement six years ago.

Wilmington, Del.—Robert H. Richards, 77, former Attorney General of Delaware.

Chicago—Dr. Robert H. Seashore, 49, chairman of the psychology department at Northwestern university.

North Dartmouth, Mass.—Charles A. Gould, 88, director and vice president of the Associated Drygoods Corporation of New York until his retirement in 1926.

Toronto—Joseph E. Rogers, 70, of Cleveland, retired vice president of the [Addressograph-Multigraph company.

RESTORED TO DUTY

New London, Aug. 28—(AP)—Special Constable Arnold Meyers, who warned residents of Neptune Park of the approach of a mythical hurricane last Wednesday, rousing them at 1 a. m., has been restored to duty. City Manager Edward Henkle, who had suspended Meyers after residents complained of the incident, restored the constable to duty on a probationary basis. Henkle acted after a hearing at which Meyers explained that he received an anonymous phone call that a hurricane would strike the area and believed it his duty to warn the sleeping residents of the colony.

Polio Claims GI On Ship at Sea

San Francisco, Aug. 28—(AP)—The dramatic parachuting at sea of a portable chest respirator failed to save the life of a G.I.

The Aiken Victory radioed yesterday that Cpl. James A. Williams, 22, of Brooklyn, N. Y., was dead of polio. He had been placed in the respirator immediately after it had been taken aboard 871 miles from here Sunday.

A Coast Guard B-17 had dropped the 125-pound respirator in two waterproofed packages during a 12-hour flight.

When the ship sails through the Golden Gate tomorrow with 1,491 Army men, most of them Korea veterans, it will be flying the yellow quarantine flag.

The Army said the quarantine may last only the minimum three hours but may be extended to several days. That depends on how long it takes to determine who was in contact with Williams aboard ship.

However, an Army spokesman said the returning veterans would be welcomed with customary fanfare—including salutes by fireboats and small craft, a band and a popular singer.

Two Views Of The Treaty

India has refused to attend the ceremonies at San Francisco and sign the Japanese peace treaty, and has given her reasons. The United States, in an answering note, has answered the Indian position point by point. The two notes present an interesting sparring match between two countries and two points of view. The twain do not meet.

India claims that the treaty has imperfections, which forbid her to sign it. We answer that we do not claim that it is perfect, but that we do think it is as perfect as human things can be in this kind of a world, and that its general good aims justify a signing of it, even with its imperfections.

But India holds that these imperfections are such as to defeat the primary functions of the treaty which should be, she thinks, to give Japan a position of honor and equality among nations, and to constitute a document all countries should be able to sign, sooner or later.

India goes into the imperfections it sees in the treaty.

India thinks that the provisions of the treaty which hand the Ryukyu and Bonin islands over to the United States, for it to control as an individual nation unless and until it seeks a United Nations trusteeship over them, "cannot but be a source of dissatisfaction to large sections of the Japanese people and must carry the seed of future dispute and possible conflict in the Far East."

India objects, secondly, to the provision by which the United States will maintain military forces in Japan. She would not object to this condition, she says, if it were something negotiated between Japan and the United States after the treaty itself had been signed, and when Japan should have become "truly sovereign." But having our continued occupation of Japan provided for in the treaty, India argues, "is bound to give rise to the impression that the agreement does not represent a decision taken by Japan in the full enjoyment of her freedom as a sovereign nation. The effect of this not only on the people of Japan but upon large sections of people in Asia is bound to be most unfortunate."

Thirdly, India objects because the peace treaty does not carry out the previous big power pledges that Formosa would be returned to China. To this objection, she adds a notation to the effect that the treaty should also recognize the big power pledge of the Kurile Islands and South Sakhalin to Russia.

Our government answered these arguments with spirit.

It "greatly surprises the Government of the United States" to have India feel that the proposed treaty does not have fair regard for the honor and equality of Japan.

Nor can we, our note says, understand why India should be so anxious to have full sovereignty of the Kurile islands legally recognized as Russian while India objects to having us take jurisdiction over the Ryukyu and Bonin islands. On the principle by which India would have, the islands we are going to occupy given back to Japan, the islands Russia has already taken should also be given back to Japan, our note holds.

And, in a telling point, it wonders why "the Government of India applies such different tests as between the Kuriles and the Ryukyus."

The point is somewhat less telling, in reality, than it seems in rhetoric. There was formal big power agreement about having the Kuriles go to Russia. There was none that the other islands should go to the United States. So India, although she may seem to be playing favorites among claimants to Japanese territory, can claim she is merely following the record.

Our note is sharp in its answer to India's criticism of the treaty provision by which we will maintain troops in Japan.

"The Government of the United States," it says, "has gone to great lengths to ascertain that any security agreement which Japan seeks shall, in fact, be responsive to the will of the Japanese people. It would be quite impracticable and totally unwelcome for the United States to help defend Japan if that were not wanted by the Japanese people. The statements of the Japanese Government and of the political leaders of the Diet, and manifold expressions of public opinion, all demonstrate that the Japanese do not want Japan to become a defenseless nation upon the coming into force of the treaty of peace. No less than thirty-two of the allied powers, all members of the United Nations, have freely made or are making collective security arrangements to which the United States is a party. It would, indeed, be surprising if a sentiment which has animated so many free peoples did not manifest itself also in Japan."

This sounds as if our government were entirely without error in its belief in things the Japanese may be saying only because they know we want to hear them. Actually, we should be foolish to think that Japan is overjoyed at the prospect of an indefinite American occupation. Realistically, we should regard Japan's present enthusiasm for it as something which may have been manufactured for our benefit, and we should expect the agitation for removal of American troops to begin shortly after the treaty giving them the right to remain there has been signed.

Nor should we forget, as we portray the great desire of the Japanese for military security, that it was not so long ago that we were boasting that, in their constitution which forbade war and the maintenance of military strength, we had really converted the Japanese to the full ways of peace.

Our answer says, rightly enough, that the question of Formosa cannot be settled now.

Thus goes the argument between the two countries. Over and above the specific divisions, the essential and basic difference between the Indian and the United States point of view is this: like an idealistic purist, India asks what she regards as a perfection in principle. We're not so sure even India is perfectly consistent in her principle. At the same time it has to be said in India's favor that what looks like the idealistic, quibbling point of view may also, in the long range, be the eminently practical view.

When India says that continued American occupation of Japan will have unfortunate effects in all Asia and will be something the Japanese themselves find inconsistent with their honor, India is looking beyond the moment to the realities of tomorrow. These things more or less have to be so. It may be we who are ignoring the realities.

In contrast to the idealistic position of India, our position and policy are close to expediency. We do not expect the whole world to be made suddenly right. We think some things have to be arranged now, even if the arrangement is not perfect. Admittedly, we are improvising to meet what we think are the policy needs of the moment. We are aware that a peace treaty with Japan, whatever its imperfections, will be worth something to the world. And we are aware that, if we tried to meet all India's demands, however strong they might be in theory, we would not get the treaty drawn or signed or ratified by the United States Senate for a long time to come, if ever.

We are going ahead with the treaty, over the outright objection of India, over the more polite objections of other countries, over the violent threats of Russia. Still, we cannot escape the uneasy fear that we may, in the future, have escaped the evils of inaction and deadlock only to encounter the evils India sees latent in the treaty.

A Madness In Stockholm

Many of us think of Sweden as the home of the "middle way," the nation which has successfully solved the modern conflict between unbridled capitalism and the new ideal of the state as a guarantor of minimum benefits, the "welfare state" which works.

That it may still be.

Certainly there is nothing conclusive in the psychological explanation Stockholm police give for the behavior of the young hooligans who have created an epidemic of rioting in that city. The police have finally been driven to the use of sabers in their efforts to disperse the thousands who gather nightly to see what mischievous violence they can provoke. But, formidable as the rioting is, the Stockholm police see no political purpose in it, nor, indeed, any particular purpose of any kind.

Their explanation for it is that it is the work of "youth bored with the welfare state prosperity."

What possibility does that analysis raise? It raises the possibility that the welfare state, by removing, with its easement of the problems of living, the need for youth to drive and employ its own natural energy in the process of economic survival, leaves this energy and vitality too free to seek other channels of expression.

It raises the possibility of this interpretation too: that the welfare state, with its aim of the "common good," somehow fails to enlist the positive enthusiasm of its citizens for such a goal, somehow fails to establish itself as a powerful ideal for the minds and spirits of those who live under it. It's "social justice," perhaps, becomes mere routine and boredom, with people, although living many times better, less sure why they live at all.

Such possible conclusions are not in the least real and established merely because a few thousand youth in Stockholm are behaving a certain way. It is still altogether possible that the great majority of the people of Sweden live together in philosophic content and brotherhood, finding positive satisfaction and positive endeavor in their system for improving the general welfare. It is still possible that the goal of struggle together for the welfare of the whole community has an appeal eventually greater than that of the struggle of individuals against one another for the advancement of their own individual welfare. But even if such more affirmative assumptions can be made, the Stockholm riots, pointless and without political purpose, constitute an arresting footnote, which will receive full attention from those who believe, in theory, that the welfare state as such can only breed demoralization.

Assuredly, men ought to be able to live and engage themselves for some goal higher than those of the mere creature comforts. Surely, freed from the worst necessities of struggle for those comforts, or necessities, men should be able to engage themselves in some more vital and exalted purposes and concepts in living. These things should be possible. But it may be that we moderns are much more adept at giving ourselves leisure time, and at relieving crude and elemental survival pressure upon ourselves than we are in building and establishing those concepts which would make our leisure time happy and which would engage our energies in healthy and healing purpose.

Connecticut Yankee

By A. H. O.

Prime Minister Nehru,
India.

Dear Prime Minister:

It has been called to our attention that you are perhaps in process of considering, for purposes of your courtesy approval, the potential appointment of one Chester Bowles as United States Ambassador to India.

We thought you might be interested in what we people of Connecticut could say about him. He was, you see, ambassador to us for a period of some two years.

Perhaps, from our experience with him, you can gain some worth while and valid expectation of what his ambassadorship would mean to your own country.

We are sure that he will bring to India, as he brought to Connecticut, an ambassadorship which will prove refreshing and absorbing for you, both for what it represents, and for the charm and vigor with which it performs its representative functions.

We in Connecticut did not always recognize the United States of America he represented to us, and you in India may find his United States of America a thing sharply at variance with some of your own perceptions and assumptions. Nonetheless, for you, as for us, it will prove an interesting country.

The America he will represent to you is a land of boundless good will and ceaseless energy, a land which would rather experiment with the new than worship the old, a land which substitutes, for the old frontiers of space, new frontiers in quality of living, a land which considers nothing impossible and things better and best always attainable, a land which vibrates to the dreams of the idealist and to the forthrightness of the pragmatist, a land of pulsating, ceaseless, wonderful assault upon a wonderful, ceaseless list of problems.

That is the key word. Problems pronounced with a certain loving roll of the tongue, problems pronounced on with limitless verve and spirit, problems, bounced and juggled in ceaseless alternation, problems treated at last by the will which finds a way.

If, Mr. Prime Minister, India has problems Chester Bowles will be happy in India. If, Mr. Prime Minister, you feel the need of some one to stand beside you, with sense of the resources of a big brother, the solicitude of a mother, and the superb confidence of a college graduate in 1924, you and Chester Bowles could have one of the most thrilling partnerships in all international history.

We don't know just how real the United States of America he represented to us in Connecticut and he would represent to you in India may be. Perhaps it is partly a dream he carries around with him, while he tries to flesh it up by his own deeds. But it occurs to us that, however real it may be, it is precisely the kind of America you in India would like to hear about and believe in and stand with in the world. Perhaps it is the kind of America which ought to exist, especially for India.

Here in Connecticut both our needs and our imaginations are a little stale. We were never sure that all our "providence" were really problems. We were neither the perfect field for his endeavors nor the perfect appreciators of his efforts. But if you really have any interest, Chester Bowles if you can. He is really capable of the impossible, as his erstwhile constituent critics finally admit when they say that, for this reason, the most extravagant regime in Connecticut history without a deficit.

Yours, etc.

U. S. May Ratify Jap Pact In '52

(Continued from Page One)

New York yesterday aboard the Queen Elizabeth—eight days before the opening conference session in San Francisco Sept. 4.

American officials speculated that Moscow's delegates may spend their inconvention time trying to round up support for Russia's expected opposition to the treaty draft sponsored by the U. S. and Great Britain.

Gromyko told reporters yesterday Russia's proposals will be disclosed at the San Francisco meeting. Scowling, he expressed hope any treaty would serve the best interests of those countries which have suffered most from Japan's wartime aggressions.

Snapping "No comment" to a flurry of questions, Gromyko strode off the ship.

With a wary eye out for possible delaying tactics by the Russian delegation, the U. S. is pushing for signatures of the treaty draft by some 40 to 45 nations by Sept. 9.

Local Glass Firm Is Incorporated

Anthony J. and Lebro T. Urbanetti, owners of the United States Glass Fiber company at 148 Forest street, are among those listed in a certificate of [illegible] con filed in the town clerk's office for a firm to be known as Urbanetti, Inc.

Others incorporators are Alexander Krivka of Pawtucket, R. I. and Fredick Krivka of East Orange, N. J.

Capital stock is listed at $50,000 divided into 5,000 shares of common stock having a par value of $10 each.

According to the instrument, the best-known product is the "angel hair" used for Christmas decorations. Broken pieces of glass are the principal raw materials used.

The firm is now developing a textile glass fiber and have applied for patents. The corporation was formed with two out-of-state men so that these products may be placed on the market under a trade name, it was reported.

The fiber company covers about 4,000 square feet of floor space and employs six.

Public Schools Enroll Pupils

Buildings Open Thursday for Registration; Ask Prompt Action

All the public schools of the town will be open for registration of new pupils, not already registered, on Thursday of this week.

Registration hours will be 10 to 12 in the morning, and 2 to 4 in the afternoon. A birth certificate or other satisfactory evidence of date of birth is required of all registrants, and should be presented at the time of registration.

The rules of the Board of Education require that all entering pupils present evidence of vaccination against small-pox and inoculation against diphtheria. If such evidence is available it should be presented now. Medical authorities, however, have recommended that these inoculations not be given to children during the period in which infantile paralysis may be encountered. The local health department, therefore, recommends that compliance with this regulation may be postponed until a date later in the school year.

Any child who will become five years old on or before January first may be enrolled in kindergarten, and any child who will become six years old on or before January first may be entered in the first grade.

In case a child has previously attended school elsewhere it will be helpful if evidence of grade placement, such as report cards or transfer cards, can be presented.

Because of crowded conditions in several schools, which may require last minute adjustments in those rooms where several new pupils enroll, it will be very much appreciated by the school authorities if registrations are made on Thursday. Parents will also avoid the delay which may result if registrations are deferred until the opening of school on Wednesday of next week.

Miss Unsworth Gets Showers

Miss Mae Unsworth, of 125 Cooper Hill street, was recently honored by two bridal showers, the first at the home of Mrs. John Troughton, of 561 Adams street mother of her fiance, John Troughton, Jr., where a number of close friends showered her with many beautiful gifts. Miss Lorraine Cole of Boston, one of Miss Unsworth's bridesmaids, assisted at the shower.

The second shower was held at the home of Miss Lorraine Cully of Maple avenue, Hartford, where a number of Miss Unsworth's fellow employes of National Fire Insurance Company, presented her with many personal and miscellaneous gifts.

The color scheme at both showers, was pink and blue, and both homes were tastefully decorated in the above shades.

Miss Unsworth will be married at the South Methodist church, Saturday, september 8 at 2 o'clock to John Troughton.

Police Arrests

David Stone, 17, of 95 Washington street, led a police cruiser on a merry chase last night thinking it was a friend. He wound up with a reckless driving charge against him. Patrolman Joseph Sardella chased Stone out Middle turnpike east to Finley street and then south to Charter Oak street, clocking Stone at speeds of from 50 to 60 miles an hour. Stone told the officer he thought a friend was chasing him.

Durward E. Bushey, 26, of 228 Charter Oak street was arrested early this morning by Patrolman Milton Stratton for passing a stop sign, failure to notify the Motor Vehicle Department of a change of address and failure to sign his motor vehicle drivers license.

Camillo Gambolati, 61, of 21½ McKee street and Armand Brooli-estic, 58, of 54 Kent street, Hartford, were arrested for violation of rules of the road yesterday afternoon by Patrolman Thomas Graham. The two were operators of a truck and car, respectively, which were involved in a minor collision on East Center street near Harrison street. Minor damages were done to both vehicles.

Farr, 84 Bigelow street; Miss Maria Raffa, 15 Huntington street; Miss Gloria Arlene Nevers, 260 School street; Miss Lila Gagnon, 148 South Main street; Miss Claudette Colbert, 43 Ardmore road. Five entrants did not appear at the judging and were, therefore, eliminated.

25 FLEE HOTEL FIRE

Thompsonville, Aug. 28 —(AP)— A minor fire forced 25 persons to evacuate their rooms in the Thompsonville Hotel early today.

When smoke from the kitchen blaze filled the upper floors, proprietor John Alberici and police notified the roomers to leave.

Alberici estimated the damage at $2,000.

Evaluate Goal Says Simpson

On Sunday morning at the Center Congregational church at both services, 8 and 9:15, Rev. Clifford O. Simpson preached on the text taken from John 14:6 "Jesus saith I am the way, the truth and the life; no man cometh unto the Father, but by me."

Introducing his sermon, Mr. Simpson pointed out that life has a meaning, and no matter what one wants he must pay the price and the important thing is to know what is valuable and worthwhile. Then he went on to suggest how different our world would be if the words, "I am the way, the truth and the life" were stamped on box tops, concluded radio programs, written across conference tables where business men met and where the United Nations representatives sat. Obviously, he said, there would be a tremendous difference.

"However those who profess Christ," Mr. Simpson continued, "must do something about it. First we must understand what Jesus meant by the words 'the way, the truth and the life.' He was not only making a statement about being kind, honest, and true, which are important, but He wanted us to be aware of our destiny, aware that there is a meaning to all existence that all our struggling and striving are not in vain."

In conclusion, Mr. Simpson likened the coming of Christ to us from God to a composer who, hearing his composition spoiled by a violinist, jumps up and plays it the way it should be played, interpreting the meaning he had when he wrote it. "In the same way God sent Jesus, His Son, to show man that he was made in the image of God and telling us how to live with, one another, how to think, how to pray, how to believe. Believing in Christ, that He is the way, the truth and the life is more than mere morality and believing in Him does make a tremendous difference to everyone."

The Senior choir sang the anthem "O Thou Whose Sweet Compassion" from "Olivet to Calvary" by Maunder.

State Watches Copper Strike

(Continued from Page One)

them use the two, non-ferrous metals to a greater or lesser degree.

Figures furnished by the association and the State Labor department showed that the 1769 metals and metal products plants employed 284,740 in July. These workers earned an average of $70.61 a week for a 43.4 hour week.

Of the 1769 metals and metal products plants, there are 28 firms employing about 24,000 classed as industries engaged in the secondary refining and rolling of copper and brass. These would include such plants as American Brass, Bristol Brass, Scoville Brass and Chase Brass, which make sheets, rods, tubes and, in some cases, directly fabricate the metals into finished products.

AFL Drops ULPC, Urges CIO Merger

(Continued from Page One)

its recent meeting in Montreal, decided to recommend to the San Francisco convention next month that the AFL drop its participation in the ULPC.

No official reason was given for the move, but unofficially it was reported that AFL leaders were dissatisfied with the degree of cooperation by the CIO in international affairs, in the mobilization agencies, and in jurisdictional lines between the rival federations.

One big unmentioned possibility, however, was that the AFL leaders might be trying to pressure the CIO President Philip Murray into outright merger.

Cheney Technical Registers Students

The Howell Cheney Technical School is open this week through Friday, Aug. 31 for registration of new students. Boys who have graduated from the eighth grade are eligible to enroll in any of the courses.

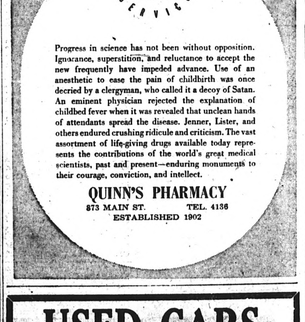
MONUMENTS TO COURAGE



Progress in science has not been without opposition. Ignorance, superstition, and reluctance to accept the new frequently have impeded advance. Use of an anesthetic to ease the pain of childbirth was once decried by a clergyman, who called it a decoy of Satan. An eminent physician rejected the explanation of childbed fever when it was revealed that unclean hands of attendants spread the disease. Jenner, Lister, and others endured crushing ridicule and criticism. The vast assortment of life-giving drugs available today represents the contributions of the world's great medical scientists, past and present—enduring monuments to their courage, conviction, and intellect.

Council Hears Pension Plan

State Employe's Retirement Group Proposes Benefits for Old Age

Rockville, Aug. 28— At the meeting of the Common council held Monday evening a communication was read from the State Employee's Retirement Commission in regard to the city's taking part in the Old Age benefit plan for municipalities. The procedure for the plan was outlined where a city does not have this system already established, and it would apply to full time workers in the city, members of the police, and public works department. Following a discussion, it was voted to refer the matter to the Finance committee to report back to the next meeting of the council.

Among the bills approved for payment was one for $2,900, one half of the cost of installing sewers in the new development in the western part of the city, this being agreed upon by the developers and the city.

The resignation of Supernumerary Lewis E. Miner was received and accepted with regret. It was explained that Mr. Miner is now working out of town, and it was impossible for him to continue as a member of the police force.

Alderman John Orlowski called the attention of the council members to the situation on Vernon avenue above McLean Hill intersection where there are no sidewalks and parking is been allowed on both sides of the street. The situation will be investigated by the Police Committee and the matter of parking was referred to the Police committee.

Hot Lunches September 10th

School officials have announced that the hot lunches at the Maple street school will not be served the first three days of the school year. The hot lunch program will start on Monday, September 10th. Parents with children attending the Maple street school are asked to make note of this date.

Testimonial Tonight

Many put of town friends are expected to join this evening in honoring Albert "Jeff" Koelsch at the Cocktail Lounge of the Rockville Hotel, 8 p. m. Mr. Koelsch recently moved to Manchester. Guests are expected from Stafford Springs, Hazardville, Bolton, Ellington, Manchester and Hartford. Among the out of town guests will be John Sullivan, head of personnel and director of Athletics at the Hamilton Standard where Mr. Koelsch is employed and members of the Hamilton Props baseball team which Mr. Koelsch manages. For many years Mr. Koelsch has been actively interested in sports in Rockville, his interest including all ages. In charge of the event are Judge Thomas F. Rady, Thomas E. Regan, Johnny Mack, John Halloran and James O'Brien.

Meetings

Tankerocoan Tribe, Improved Order of Red Men, will meet this evening at eight o'clock at Red Men's hall.

The Women of the Moose will meet this evening at eight o'clock with a social to follow the business session.

In Rockville

Mrs. Gladys Uhlrich of the Connecticut General Life Insurance company will be at the State Employment Service office in the City Council chamber each Wednesday for one month to talk with women having clerical aptitude who would be interested in working at the Conn. General. Her hours will be from 9 a. m. to 3 p. m. If sufficient number are interested arrangements can be completed for a special bus to and from Rockville to the office each day.

Game Tonight

The Rockville PAC Little League baseball team will play the Chamber of Commerce team this evening from the Thompsonville Little League at 6 o'clock at the Recreation field. This is the district tournament in the State Little League championships. The Rockville team defeated the Lions Club team of Windsor Locks Saturday night by a score of 2 to 0. The winner of tonight's game will go to Norwich to meet the winner of the series in the Willimantic, Putnam, Mystic, Norwich and New London district. It is expected that Jackie Busher of the Rockville team who pitched team to victory on Saturday will again go on the mound tonight.

30,000 File Claims For '50 Wind Loss

Hartford, Aug. 28—(AP)—The destructive windstorm of November 25, 1950, resulted in about 30,000 claims from insurance policy holders in Connecticut, Insurance Commissioner Effery W. Allyn notes in his annual report.

The commissioner said some insurance companies handled in a two month period after the storm a volume of business which normally is spread over about five years. Allyn said that the insurance business has experienced much growth in the past 10 years. The admitted assets of Connecticut companies alone, he said, now stand at $7,587,843,948, an all-time peak.

Appeals Decision On Discrimination

Hartford, Aug. 28—(AP)—A union accused of racial discrimination because it denied full membership to two Negroes has filed an appeal from a decision of the State Interracial commission.

Counsel for Local 35, International Brotherhood of Electrical Workers (AFL), asks Superior Court to set aside the commission's ruling that racial discrimination was the reason why Mansfield T. Tilley and Warren B. Stewart, were excluded.

The union claims the two Hartford Negroes were unable to meet the union's "fair and reasonable" standards for membership.

Rescue 2 Men Lost In Cave

Abercrave, Wales, Aug. 28—(AP)—Two expert cave explorers were safe home today after a daring rescue from deep inside the Welsh mountains where they had been trapped by a flooding underground river for three days.

The explorers—Lewis Railton, 40, and William Little, 39—had been held prisoners in a high chamber, deep inside Ogof Ffyddu cavern, since Saturday when flash floods blocked all exits and sent tons of water into the underground Byfyre River.

The cavern is about 25 miles northeast of Swansea.

A team of deep-sea divers plunged through black swirling waters yesterday to reach the marooned men. Then a human chain of 80 men—miners, other cave explorers and expert rescue workers—passed the two along to safety.

CONFISCATE BERRIES

Hartford, Aug. 28—(AP)—Federal authorities have confiscated 5,000 pounds of blueberries, part of a 20,000 pound shipment to a local retailer from a Springfield, Mass., wholesaler, on a charge that the fruit was infested with maggots. The berries will be destroyed if not claimed within 20 days.

Twi League All Stars Play Moodus Tonight

Proceeds to Be Turned Over to Accident Fund of Local Loop; First Pitch at 6 p. m.

Tonight at 6 o'clock the Twilight League All-Stars will play the annual benefit game for the Accident Fund. Providing the opposition will be the Moodus Noises, recent winners of the State semi-pro baseball championships held at the West Side Oval.

Johnny Roser, triumphant coach of league winning Pratt and Whitney, will direct the league stars in their annual battle. The Noises will field the same team that won the state event with George King slated to hurl. Roser will select his starting pitcher from a list that includes Bob Andrews, no-hit author a few weeks ago, George Swan, Bob Dunnack, Skippy Kearns and Johnny Bujak.

The stars will present a lineup of power hitters and strong defense. Jackie May, last years Most Valuable Player, will open at first base. Jerry Dunnack is the probable starter at second base since Joe Tripp is vacationing. At shortstop will be Jimmy Griffin, and Dick Foley, leading hitter in the league, gets the nod at third. Two thirds of the starting outfield will be from Silk City with George Kepler and Pat Bolduc slated to open hostilities in two of the positions and Johnny Satagaj the other. Del Dunnack and Art Pongratz will divide the catching duties. Others who will see action are Ray Dunnack, Freddie Booth and Bill Connelly.

Manager Joe Platek intends to field his strongest lineup for this game. He will have Benny Novinski at first, Chip Kurek on second, Walt Golet at third and will cover short himself. For outfield duty he has Danny Maus, Jay Breslow, Rod Amadon and Al Novinski Joe Kuzaro or Lou Soja will catch.

All proceeds from the game enter the accident fund to pay for injuries incurred by ball players during the season.

Robinson Still Chasing Musial

New York, Aug. 28—(AP)—The National League batting race assumed a familiar complexion today with the St. Louis Cardinals' Stan Musial and Brooklyn's Jackie Robinson at the head of the pack.

Robinson, who edged into second place ahead of Philadelphia's Richie Ashburn during the week, still has a lot of ground to make up, but he's gaining.

Musial leads the race with a mark of .362 for 117 games through last Sunday. Robinson is batting .340 for 118 games. Ashburn is third with .337, his average slipping two points during the week.

In fourth place was Johnny Wyrostek of Cincinnati with .327 followed by: Al Dark, New York, .319; Roy Campanella, Brooklyn, .319; Ralph Kiner, Pittsburgh, .316; Carl Furillo, Brooklyn, .311; Harry (Peanuts) Lowrey, St. Louis, .310; Monte Irvin, New York, .307.

A blind 18-hole best ball tournament will be staged Friday.

Clambake

The clambake will be held Sunday, September 9. Pro Alex Hackney, Mrs. Dick DeMartin and Win Turkington will meet tomorrow night to decide on the events of the day. Expected to be included in the events are a hole-in-one contest, putting contest, novice scotchball husband and wife around the clubhouse, and a nine hole tourney. Tickets are now on sale for this special feature.

The Open

Plans are progressing for the Open to be held September 16. Over 300 cards have been mailed to pros and amateurs in the state, Massachusetts, Rhode Island and New York. Flyers have also been sent to clubs throughout the state. Skip Anderson, Hartford Times golf editor, is expected to run the Open again this year.

Notes

The Tournament committee will meet tonight at 7:30. All members are requested to attend. Plans are being made to have a 36-hole, two-day Calcutta. This will include a dinner-auction on a Friday night and two days of play. It will be medal play with the combined handicap to be not less than 15. The committee expects to have a blind drawing for partners.

Fain, Kell Waging Batting Battle

Chicago, Aug. 28—(AP)—A pair of infielders, first baseman Ferris Fain of Philadelphia and third sacker George Kell of Detroit, are battling neck-and-neck for American League hitting honors.

Fain took the batting lead during the week with .332 while Kell kept pace with .331. Fain rejoined the official top ten list after making the required 300 trips to the plate.

The erstwhile leader, Minnie Minoso of the Chicago White Sox, dropped to third with .328.

Other leaders in averages computed through Sunday were Ted Williams of Boston with .324; Gil Coan, Washington, .321; Dom DiMaggio, Boston, .307; Bill Goodman, Boston, and Larry Doby, Cleveland, .306 each; Vern Stephens, Boston, .305; and John Pesky, Boston, Johnny Groth, Detroit, and Bobby Avila, Cleveland, each with .304.

THE Herald Angle

By EARL W. YOST
Sports Editor

One of Biggest Thrills

One of the biggest thrills the writer has ever had since taking over the sports beat in Manchester was watching Ronnie Simmons pitch a perfect no hit, no run game last Saturday night in Little League baseball competition. Not one opposing Dodger batter reached first base as the freckle-faced Cardinal righthander tossed his masterpiece. It was the first no hit, no run game ever pitched in two seasons of Little League play at Memorial Field.

Simmons not only completely

Ronnie Simmons

handcuffed the Dodgers but also snapped a four game Dodger win streak that enabled the Cardinals to advance from fourth place in the standings to a deadlock with the Dodgers, Yankees and Red Sox for first place.

This writer has seen no hit, no run games on occasions over a period of years but never a perfect game in which a pitcher did not allow one opposing base runner to reach base. For this truly fine feat, our hat is off to gum-chewing Ronnie Simmons.

Visits Old Desk

Visitor in the sports department yesterday morning was Tom Stowe, former sports editor of The Herald, now with the American Red Cross in Washington, D. C. Stowe and his wife were motoring through Manchester on their New England visit.

Tom will be remembered by readers of these pages as a young, ambitious writer who turned out a clever daily column, "Here's the Dope." During the Stowes stay in Manchester, Tom hopes to renew acquaintances with the many friends he made during his ten year tenure as sports editor.

A fine tennis player, and still active, Tom reminisced and brought up the never-to-be-forgotten town tennis match between Tom Hawley and Ty Holland at the Country Club courts which lasted five hours. "The moon was just beginning to come out when the match ended with Holland winning," Tom said.

Looking back, Tom asked the present whereabouts of many sports figures when he was covering the beat.. Jerry Fay, Tommy Sipples, Lefty St. John, Pete Wigren, Tom Kelley, Joe McCluskey, Will Clarke... He glanced at the sports department and remarked it hadn't changed much since he was batting out a column.

Stowe covered, for The Herald, McCluskey's steeplechase performance in the 1932 Olympic games in San Francisco. "I'll never forget the trip or the race," Tom said. "It was the year of the controversial race when the runners were forced to run an extra lap because of a checker's error." The winner was Volnari Iso-Hollo of Finland.

After his short visit in Manchester, Tom will head for Princeton, Maine, where he expects to try out his fishing luck, which, Tom claims, has been good in recent years.

Shots Here and There

Jimmy Russell has been purchased by the Brooklyn Dodgers from the Montreal Royals. Russell played in the majors with the Pirates..Luke Easter of the Indians is still bothered by a knee injury. The big Negro first baseman hopes to play, however... Wednesday night's fight on teevee will be the welterweight title bout between champion Kid Gavilan and Bill Graham from Madison Square Garden.

Methodists Rally To Defeat Zions

North Methodist won the first game of the Church League softball playoff at Robertson Field last night in a loosely played game, 11 to 7. One big rally in the fifth inning enabled the Methodists to overcome a 7 to 3 deficit to win.

Howie Barton, who has had exceptional control during the regular season and who is the leading pitcher in the league, had great trouble in finding the plate and had to be relieved by Tyler after four and one third innings. Tyler was able to hold the opposition to two hits the rest of the game.

Iamonaco starred for the losers with the only extra base hits of the game, a home run in the third, and a two base hit in the sixth. He also made a sensational catch in centerfield robbing Tyler of an extra base hit.

Winning puts North Methodist into the finals which will start Friday night. They will play best two out of three with the winner of the game Wednesday night between second place St. Bridget's and fourth place Center Congos.

Local Sport Chatter

High school soccer coach Dick Danielson reports that the first practice session will be held Tuesday evening, September 4, at 6:30 at the Charter Oak Lots. All candidates are invited to attend. Red Case and Harold Moore will co-captain this year's squad.. The schedule follows: Sept. 21 West Hartford, home; Sept. 28 Bristol, away; Oct. 5 Meriden, away; Oct. 9 Wethersfield, away; Oct. 12 Ellsworth, home; Oct. 17 Portland, home; Oct. 19 West Hartford, away; Oct. 23 Newington, away; Oct. 25 Bristol, home; Nov. 2 Meriden, home.

Charlie McMeans, popular Negro centerfielder with the Hamilton Props, was the target of some uncomplimentary personal remarks hurled from a spectator in the third base stands last night at the Oval. McMeans is one of the best mannered players to ever appear in the Twi League and has always been a credit to his team and his race.

Steve Cooper, Red Sox pitcher, collected three hits in three official at bats last night in Little League play to move within 19 points of leader Norm Hohenthal in the race for the batting championship. Hohenthal is batting .457 on 21 hits in 46 official at bats while Cooper has 21 hits in 48 trips to the plate.

Don Squatrito, husky receiver with the Cardinals, was charged with its first miscue of the season last night in Little League play. It was the final game of the campaign for the Cards.

Little League officials denied the protest lodged by the Yankees at a meeting held last night at the Rec.

Due to a Little League ruling, Ronnie Simmons, no-hit, no-run author last Saturday night, was unable to pitch for the Cards in their all important game with the Red Sox last night at Memorial Field. The Sox won.

Twi League President Nick Angelo has ordered Wednesday night's game between Hamilton and the British Americans to start at 5:30.

Tony Berube, British American coach, missed last night's game at the Oval against the Hamiltons. Berube was in New York and third-baseman Dick Foley took over the job of running the team.

Many Twi League fans were surprised when BA second baseman Cliff Keeney was replaced in an early inning by a youngster, Leo Donahue. Keeney is one of the leading hitters in the league and is regarded as a great clutch player.

Jeff Koelsch will be honored by his friends tonight at a banquet at the Rockville Hotel. Dinner will be served at 7:30. Many Manchester friends of Jeff plan to attend.

Police and Firemen Athletic Committee will hold an important meeting tonight at 8 o'clock at Hose Company No. 1, SMFD, to discuss plans for the annual softball game between the two departments.

New York Increases Winning Streak to 16

Brooks Split Two With Pirates; Jansen Wins No. 17; Braves Defeat Cardinals in Twin Bill

By Ralph Roden
Associated Press Sports Writer

There's no evidence of panic in Brooklyn today, but the citizens of Flatbush are growing uneasy over the exploits of Leo Durocher's surging New York Giants.

The hot shots from the banks of the Harlem River have soared to within five games of the pace-setting Brooklyn Dodgers on the wings of a sensational 16-game winning streak.

The Giants increased their unbeaten streak yesterday as they took a doubleheader from the Chicago Cubs, 5-4 in 12 innings and 6-3. The Dodgers split a twi-night doubleheader with Pittsburgh, winning the opener, 5-0, but losing the second game, 5-2.

The contenders in the tight American League scramble were idle. They resume action today with the Cleveland Indians, out in front by a game, entertaining the Philadelphia Athletics while the runner-up New York Yankees are at St. Louis. The third-place Boston Red Sox play at Detroit and the fourth place Chicago White Sox are at home against Washington.

The Athletics shaded the Detroit Tigers, 1-0, in the only American League game yesterday. In other National League games, the Boston Braves captured a twi-night doubleheader from the St. Louis Cardinals, 6-3 and 4-2, and the Philadelphia Phils swept a twi-night program from Cincinnati, 2-0 and 3-0.

Larry Jansen posted his 17th victory for the torrid Giants in the opener against Chicago. The Cubs pushed home a run in the top of the 12th but the Giants came right back with two in their half to pull it out. Whitey Lockman singled with the bases loaded to send home the tying run and pinch-hitter Bill Rigney knocked in the winning counter with a fly ball.

Easy Second Game

The Giants encountered easier sailing in the second game, running up a 6-1 lead in seven innings. Home runs by Ed Stanky and Monte Irvin eased rookie Al Corwin to his fifth straight victory without a loss. Home runs by Hank Sauer and Bob Ramazzotti accounted for all of Chicago's runs.

New York's abazing winning spell is the longest in the majors this year. The previous high was 14 compiled by the White Sox in May. It also is the best Giant streak since the 1936 club won 15 straight and the longest in the National since the Cubs put 21 together in 1935.

Ralph Branca turned in one of the finest performances of his career in the first game at Brooklyn. Branca had a no-hitter working until the ninth, when Pete Castiglione and George Metkovich singled with none out. The victory was Branca's 12th and second straight shutout. First inning homers by Carl Furillo and Jackie Robinson sewed it up.

Clyde McCullough beat the Dodgers almost singlehanded in the nightcap as he drove in four runs on a double and a home run.

Lefty Bill Werle started for Pittsburgh and received credit for the victory, but Vern Law saved the game by holding the Dodgers hitless over the last 3 2/3 innings.

Lefthander Warren Spahn, working with only two days rest, limited the Cards to six hits and fanned 11 as he turned in his 17th victory for the Braves in the opener at Boston. The 11 strikeouts boosted Spahn's total to 134, high for the majors.

Munger Blows Up

Red Munger held the Braves hitless through the first five innings of the second game but blew up in the sixth as the Braves put together five hits and a walk to score all of their runs. Max Surkont, beaten by the Cards Sunday, went the distance to post his tenth victory. Surkont allowed two hits and fanned nine.

Home runs and brilliant pitching featured the Phils sweep over the Reds. Bill Nicholson accounted for both runs in the opener with a first inning homer. Jocko Thompson blanked the Reds on three blows.

Del Wilbur pounded out consecutive homers in the third, fifth and seventh innings off Ken Raffensberger to drive home all the runs in the second game. Ken Johnson shut out Cincinnati on seven hits.

Little Bobby Shantz whitewashed the Tigers on seven hits. Dave Philley belted Marlin Stuart for a homer in the second to win the fame for the A's. Tiger George Kell collected two hits in three official tries to take over the league batting leadership from the A's Ferris Fain who singled in four trips. Kell is two points up on Fain, .333 to .331.

Darkness Halts Twi Game With Hamiltons Leading

At the rate the elimination playoffs in the Twilight League are going, it will be September before the top four clubs begin the battle for the town championship. Last night the BA's and Hamilton got in four innings in a drawnout test highlighted by some heated arguments. Again it was darkness that ruled supreme and the game had to be called. The Props were holding a slender 7-6 lead at the time. It was "no contest" and will be played again tomorrow night. Starting time will be 5:30, one half hour earlier than usual, so as to be sure of getting in a sufficient number of innings to make it a legal game.

Four pitchers worked in the game, two for each team, and there wasn't one that had any stuff. Jack Scully was first on the hill for the Maple Streeters and gave way momentarily to Cal Lyles in the third. Scully had to be called back in the fourth. He had gone to right field with Cliff Keeney, a .350 hitter, being benched. Jimmy Blanchard was wild and George Swan rushed to his assistance in the second. Swan pitched a full nine inning game Sunday and didn't have his usual effectiveness.

Singles by Mike Zwick and Red Jacko sandwiched around a double by Charlie McMeans pushed over the first Prop's run. Jimmy Griffin belted a tremendous triple to right center and Johnny Greene made a great play to keep the ball from going into the road for a homer. He relayed to McMeans, who threw to Zwick and the latter nailed Griffin at the plate on a perfect all-the-way toss from short center. That tied it up.

A pair of walks and singles by Art Pongratz and Hal Lewis got home another marker for the Props in the second.

The BA's re-took the lead in the second on doubles by Herm Correa and Dick Foley plus an error by Zwick, stolen base and wild pitch. Zwick had one of his bad nights with three booths, a high for Mike who has always been one of the better fielders in the league.

Scully was banished in the third when he gave up a walk between McMeans' second of three hits, this one a single, and Severick's double. This made it 4-4 and the BA's rallied again to go in front 6-4 on a hit batsman, fielder's choice error, and Correa's single.

Lyles walked two men in the fourth and after two were out, McMeans rapped his third hit for a run. Jacko's infield bounder was scooped up by Jack Holloran and flipped to Lyles covering first. Lyles dropped the ball and it rolled away from him far enongh so that two runs scored, giving Hamilton a 7-6 edge. The BA's went down without scoring in the last of the frame despite two men getting on.

Changing of pitchers and several gripes with the umpires didn't help the situation. It was a rough night all around with some poor fielding, questionable umpiring and darkness wasting another night—nights which are becoming fewer and more precious. So the same clubs go at it again tomorrow with the winner meeting the Ridges Friday night to decide third place.

MacArthur Turns Down Baseball Czar Offer

New York, Aug. 28—(AP)—Gen. Douglas MacArthur was promised the job of baseball commissioner by unanimous vote but turned it down flat, it was reported today.

The general was not immediately available for comment on the report but his aide, Maj. Gen. Courtney Whitney, declining to confirm or deny it, said:

"As far as I know, the general has never given serious thought to the baseball commissionership."

MacArthur was expected to make a statement later today.

Twerdy Also Homers In Little Loop Tilt

Steve Cooper Pitches Three Hitter; Sox Take Over First; Dodgers Play Yanks

Standings

Red Sox	5	4	.556
Dodgers	4	4	.500
Yankees	4	4	.500
Cardinals	4	5	.444

Blasting two Cardinal pitchers for fourteen hits, including a pair of home runs by Danny Renn and one by Nick Twerdy, the Red Sox went on to record a decisive 11 to 3 win last night in the Little League at Memorial Field. The triumph moves the Sox into first place, one-half game ahead of the Dodgers and Yankees. The latter two clubs meet tonight in the final scheduled game of the season. In losing, the Cardinals lost any chance of tieing for the second round crown.

Steve Cooper went the distance for the Sox, allowing three hits. All Cardinal tallies came as the result of miscues. Cooper fanned ten batters and walked six. In addition, he cracked out three hits, two singles and a triple.

Sew Up Game

The Sox scored twice in the first and sewed up the game in the second frame with five tallies. The Cards came back with a pair in the third and one in the fourth but it was the Red Sox night as they scored once in the fourth, twice in the fifth and once in the sixth. Only in the third frame were the Red Sockers blanked.

Renn enjoyed his greatest night as a Little Leaguer. In addition to his two home runs, he blasted out a single and double, scored three runs, and drove home four runs.

Only Red Stevenson, Jimmy Maneggia and John Banavige failed to hit safely for the Sox. Dave Golas and Twerdy each hit safely twice. Twerdy's circuit clout sailed high out of the park and up into the trees in leftfield. Renn's first homer was to the right of the scoreboard in the first and his second four master just barely cleared the fence in center.

Little Bobby Daigle robbed Golas of a homer when he raced to the fence in leftfield and leaped to catch the ball just before it cleared the barrier.

Tonight's game between the Dodgers and Yankees will start at 6 o'clock.

Doerr Will Not Undergo Surgery

Detroit, Aug. 28—(AP)—Bobby Doerr, the Boston Red Sox veteran second baseman, today said he would not undergo surgery on his ailing back merely to prolong his baseball career.

Sidelined for the past three weeks, Doerr fears he may have a ruptured spinal disc. He has most of the symptoms of that trouble.

"I may have such a rupture," Doerr admitted. "But so far I have not submitted to a fluid test that would prove it. But I will not have an operation on my back just to play baseball. I'll do it only if it got so bad that I would be unable to walk."

Doerr said he had given much thought to his future during his layoff, the longest he has had in his 14-year major league career.

"If I cannot play without an operation, I'm stepping out of baseball completely," he said, "I'm not interested in managing or coaching."

King Makes TV Debut Receiving New Contract

Brooklyn, N. Y., Aug. 28—(AP)—Brooklyn's ace relief pitcher, Clyde King, got a new contract and a television bow at the same time.

It happened last night during intermission of the twi-night Brooklyn - Pittsburgh doubleheader.

King, who has won 14 and lost 6 for the Dodgers, was on the program with Walter O'Malley, president of the Dodgers.

O'Malley, unannounced, yanked out a new contract for King and had him sign for a substantial raise over his reported $7,500 salary. King signed, while thousands watched.

Marciano Gains '37th Ring Win

Boston, Aug. 28—(AP)—Brockton's unbeaten Rocky Marciano today boasted a heavyweight boxing record of 32 knockout victories in 37 professional starts.

He made Freddie Beshore of Harrisburg, Pa., his latest victim by flattening the rolypoly battler at 50 seconds in the fourth of their scheduled 10-round bout before 9,523 last night at the Boston Garden.

At 196, Beshore had an eight and one-half pounds advantage on Marciano. Put the hard-punching Brocktonite had all the other assets. After three tame rounds, in which Marciano missed frequently, he finally got going against his almost stationary target.

A series of lefts and rights to Beshore's well-padded middle, followed by a vicious two-fisted attack to the head toppled Beshore backwards for the full count.

It was Marciano's second professional Boston appearance. Last year he flattened Gino Buonvino of Italy, in the 10th and final round of an outdoor bout.

Last night's crowd, mostly Marciano admirers from his home town provided gross gate receipts of $26,933 and a "net" of $21,632.

Shields' Hit Beats Aces For Army & Navy, 3 to 2

Bill Shields' timely hit in the top of the eighth inning enabled the Army and Navy Club to down Silk City by a 3 to 2 count and advance to the third game of the Rec Softball League playoffs. The lanky right-hander broke a 1-1 deadlock with a single to left field, scoring two teammates with the game winning runs.

Shields' hit climaxed a well pitched game by both hurlers Red Gavello and Corky Corcoran. Both moundmen were tough in the clutch and pitched five consecutive innings of shutout ball, backed up by spotless defense.

Both clubs scored in the second frame and stayed deadlocked until the explosive eighth frame. Carl Bolin reached on a walk for the Vets and went to third on Jim McConville's hit. Shields then climaxed the attack by driving in his third run of the night with his third hit down the left field line.

The Aces threatened in the bottom of the eighth when Pat Bolduc led off with a double and scored on Yosh Vincek's single. Vincek was later run down and Gavello got one batter on a strike out and another on a fly ball to end the game.

Thursday the Vets will face the Garden Grove in the third game of the playoffs. The winner will face Paris Curtain in the final games of the playoffs.

DeMarco Upsets Sandy Saddler

Milwaukee, Aug. 28—(AP)—Paddy De Marco set a blazing pace last night to upset Sandy Saddler, featherweight champion of the world, in a 10-round non-title bout before 6,851 fans in the Milwaukee Arena.

The stocky, bull-shouldered DeMarco, weighing 136 pounds for a 7½ pound advantage over Saddler, avenged the ninth round TKO he suffered at the hands of the champ nearly two years ago.

De Marco used his weight edge to advantage, whaling away with both hands to his fellow New Yorker's head and body and then hustling him into the ropes in a tight clinch. There were no knockdowns and the only apparent injury was a bloody nose suffered by De Marco.

The crowd approved the verdict as Referee Julius Fidler scored it 7-4 for De Marco, Judge Les DeCamara 6-5 for Paddy and Harry Zaider 5-3 for Saddler.

Monday's Stars

Pitching: Ralph Branca, Dodgers—Turned in 12th victory and second straight shutout in pitching Brooklyn to a 5-0, two-hit victory over Pittsburgh in opener of twi-night doubleheader.

Batting, Del Wilber, Phillies — Clouted three home runs to account for all of Philadelphia's runs in 3-0 triumph over Cincinnati in second half of twi-night double header.

Sense and Nonsense

A microbe, swimming along a vein, came face to face with another microbe who looked extremely ill.

First Microbe—What's the matter with you, my poor friend?

Second Microbe — Oh, Don't come near me, I'm afraid I've caught a little penicillin.

Efficiency is O. K. providing it is founded on loyalty.

A minister requested his congregation to read the first ten verses of Hebrews XLV before hearkening to the sermon on 'Liars' the following Sunday morning.

Pastor—How many have read the verses in Hebrews XLV, as requested last Lord's day? Please raise the hands.

There was quite a showing of hands.

Pastor (Sadly)—That will do. It happens there is no fourteenth chapter of Hebrews. I therefore dedicate my remarks on 'Liars' this morning to the brethren and sisters who have just held up their hands!

Teacher—Johnny, can you tell me what a waffle is?

Johnny—Yes'm, it's a pancake with a non-skid tread.

Head it or Not

In Cuba no female may work outside her home except as an entertainer. Even bedchamber maids in hotels are men.

It's lawful in New Mexico for a wife to go through her husband's pans pockets.—Betty Hurst, Monument, N. Y.

She—Where did you get that umbrella?

He—It was a gift from my sister.

She—You told me you hadn't any sisters.

He—I know—but that's what's engraved on the handle.

A customer called the photographic department of a ... department store to ask if they would enlarge a snapshot of her son. Yes, they would. Then she wanted to know if they could remove his hat—she would rather have the enlargement without the hat.

That could be arranged, but on which side did he part his hair, and was it straight or curly?

Woman—Don't be silly! You'll see when you take his hat off.

Bride's father to groom: "My boy, you're the second happiest man in the world."

Ruth—What do you mean the doctor's son had a bloodless operation?

Jane—His father cut off his allowance.

Indian chief introducing self to pale face visitor: "I am Brave Eagle; this is my son Fighting Bird; and this is my grandson Four Engined Bomber.

Joe—Darling, don't you remember the night you would do anything for me if it was the last thing you did?

Joan—Yes, of course, dear, but I still have so many things to do before I get to that.

Bolton Has Marine "Twins"

Pfc. Arnold Tobias

Pfc. Carlton Phillips

Marine Privates First Class Arnold R. Tobias and Carlton M. Phillips of Bolton are practically "twins" as far as their young service records are concerned. Both men recently climaxed training at the Marine Corps Recruit Depot at Parris Island, S. C., by receiving promotions to their present ranks. Both men won the silver badges of Marine Marksman.

Both Bolton Marines finished training in field tactics, precision drill, military courtesy and Marine Corps history. Both fired other infantry weapons in addition to the Garand rifle, and observed operation of the machine gun, mortar and flame thrower.

Tobias and Phillips enlisted in the Marine Corps on the same day —May 31, 1951. Both men are residents of French road.

Pfc. Tobias is the son of John P. Tobias. Pfc. Phillips is the son of Mrs. Snipes.

Mrs. Matchett Receives Party

Mrs. Mary J. Matchett of 326 Center street, who has just reached her eighty-fifth milestone, was feted by her large family connection and friends Saturday in reception of the occasion. Guests, who numbered forty-three, came from Hartford, Windsor, Hartford, and even Florida was represented by old friends who happened to be visiting in the North.

They presented the honor guest with all sorts of gifts and beautiful flowers. She was also remembered by congratulatory cards and calls.

Mrs. Matchett is the widow of John Matchett, who was a blacksmith and had his shop on South Main street. She has been a resident of Manchester for over sixty years, and has lived for thirty years at her present address. She often reminisces about conditions in the old days—lack of sidewalks, streets inadequately lighted with a few oil illuminated street lamps, and other circumstances that occur to her—in contrast to the advantages citizens of Manchester enjoy today.

Copper Case Goes to WSB

Washington, Aug. 29—(AP)—The Wage Stabilization Board (WSB) took over the copper strike at President Truman's request today amid signs it would toss the dispute back to the White House if the walkout continues.

The board has asked the striking mine, mill and smelter workers union, along with a dozen AFL and other unions idled by picket lines, to go back to work while it holds hearings in the dispute.

The Independent Mine, Mill and Smelter Workers union refused but said it would have a delegation at today's hearings.

Some officials said the board would ask the strikers to show cause why they should not call off the strike, which has cut off 95 per cent of the nation's copper production. Lead and zinc output, along with sulphuric acid, also have been cut by the walkout over wage and other contract demands.

May Use Taft-Hartley

Should the strike continue after the board's show-cause hearing, Mr. Truman may be advised that the board cannot proceed.

The next likely step would be to invoke the emergency provision of the Taft-Hartley Act, which calls for a court injunction against the strike after a board of inquiry looks into the facts.

That would take about 10 days, during which the national copper stockpile may be reduced to a dangerous level. They already are critically low.

The mine, mill and smelter workers won the federal government to press the industry into acceptance of an overall increase of 20½ cents an hour, some 10 cents less than the union had originally asked. Wages now run from $1.31 for service laborers to $1.62 for miners. But Kenneott Copper, one of the industry's "Big Four", rejected the proposed settlement.

Robert Walker Film Star, Dies

Succumbs During Treatment for Emotional Disturbance at Home

Hollywood, Aug. 29—(AP)—Actor Robert Walker, 32, who zoomed to fame during World War II in "shy guy" movie roles, died last night at his home while undergoing treatment for an emotional disturbance.

Dr. Frederick J. Hacker, a psychiatrist who said he had been treating Walker for six months, was summoned by the actor last evening. The doctor said he talked to Walker for two hours, then called Dr. Sidney Silver, another psychiatrist, to administer a sedative.

Dr. Hacker said the sedative (an injection of sodium amytal, a barbiturate) had been given Walker many times for emotional disturbances and with good results.

However, this time the actor lapsed into a coma, the psychiatrist said, and developed respiratory failure. An inhalator squad was called but failed to revive him.

The physician added that Walker's former wife, actress Jennifer

Race Issue Mars Indian Vet Burial

Washington, Aug. 29—(AP)—President Truman today ordered the burial in Arlington National Cemetery of a Winnebago Indian killed in action in Korea, whose interment was halted at Sioux City, Ia., because of his Indian blood.

Sioux City, Ia., Aug. 29.—(AP)—A Winnebago Indian, killed in action in Korea, has been denied burial in Sioux City Memorial Park cemetery because he was not a member of the Caucasian race.

Mrs. Evelyn Rice of Winnebago, Neb., widow of Sgt. 1/c John R. Rice, 27, said cemetery authorities stopped the burial yesterday as the body was about to be lowered into the grave.

The widow, a white woman, said she did not know that Indians could not be buried there. Mrs. Rice said she bought the lot in

Unions Study GE Pay Offer

Boost Applies to 207,000 Organized Workers in 119 Plants

New York, Aug. 29—(AP)—Officials of more than 50 unions across the country today studied an offer from the General Electric company of a wage increase of 20 per cent plus a cost-of-living escalator arrangement.

The offer applies to 207,000 GE employes belonging to the unions in 119 plants.

Lemuel R. Boulware, a GE vice-president, announced that the adjustments would also be granted to non-union employes and company executives, if the Wage Stabilization board approves.

Unofficial estimates were that the offer—revealed yesterday as would raise average GE production wages by more than five cents an hour to about $1.80 or more an hour.

Boulware estimated the total cost of the offer would be somewhere between $25,000,000 and $50,000,000 a year.

The present annual payroll of GE, the nation's largest producer of electrical equipment, is almost $900,000,000 a year, he said.

Need Wells Okay

Wage Stabilization board approval of the across-the-board wage raise is required. The company takes the position that the escalator adjustment proposal comes within the scope of the recent wage policy formulated by the board and approved by Stabilizer Eric Johnston. This policy permits wage increases as the cost of living goes up.

Boulware indicated that GE expects little difficulty with the wage board.

The General Electric conference board of the CIO International Union of Electrical Workers will consider the company proposal today.

There was no immediate comment from any of the unions on the proposal.

Boulware said that if the

Tobin Hits Slanderers In Senate 'Sanctuary'

New York, Aug. 29—(AP)—Secretary of Labor Maurice J. Tobin today said "slanderers" in the "privileged sanctuary" of the U. S. Senate should be made to prove their charges or face a libel court.

The founders of the United States, he said, did not intend the Senate to be "a citadel .... to hide in from the libel laws."

In a speech before the 52nd national encampment of the Veterans of Foreign Wars, Tobin did not mention any names nor specify the charges he referred to.

Target Evident

But it was evident he meant the accusations by some Senators, including Sen. Tydings (D-Md.) and Sen. McCarthy (R-Wis.), that Communists had infiltrated the administration.

Tobin told veterans that they must "polish up the armor" of democracy to defeat Communism, show the world "we practice the Bill of Rights as well as preach it."

He said some Americans "have shown a tendency to forget" that the Bill of Rights provides for fair trial. He continued:

"A fair trial is a trial in a courtroom, not in a political speech or in a press conference . . . and unless a man is to be given a fair trial in a courtroom, unless his accusers are prepared to supply con-

White Wins Primary in Mississippi

Jackson, Miss., Aug. 29—(AP)—Former Gov. Hugh White today led his second bid for governor of Mississippi on the basis of unofficial but nearly complete returns from Tuesday's Democratic primary.

The 70-year-old industrialist and lumberman from Columbia by mid-morning had piled up a 9,536 lead over his 35-year-old opponent, Paul B. Johnson, Jr., Hattiesburg attorney.

With 1,467 of 1,707 of the state's 1,782 precincts, gave:

White 191,467.

Johnson 181,931.

The missing 75 boxes were in 17 counties. In those Johnson was leading in 10 and White in the remaining seven.

With his victory White became the second man in Mississippi history to win election twice to the state's highest office. The first was the late Sen. Theo (The Man) Bilbo, who served from 1916 to 1920 and 1928 to 1932.

White served as chief executive from 1936 to 1940 after defeating his present opponent's father in a second primary campaign in 1935. White's victory gave him the Democratic nomination, which is equivalent to election in this one party state.

Johnson, half White's age and also making his second bid for the office his father held from 1940 to 1944, left the race in 1943, suffered his third state defeat.

He lost to Gov. Fielding L. Wright in 1947 when Wright swept to a first primary victory over four foes, and three months

The radio message, relayed to the Coast Guard here by the Trawler Dutchess, also in the Gulf, did not make clear as to whether the demented crewman was trying to take his life or the captain's.

Red A-Bomb Total Fixes World Outlook: Churchill

Washington, Aug. 29—(AP)—Winston Churchill was quoted as telling U. S. Senators visiting in Europe recently that the world situation hinges on how many atomic bombs the Russians have.

Senator McMahon (D., Conn.) told of the discussion in closed-door testimony on a new foreign aid bill, made public today.

McMahon said Senator Green (D., R. I.) asked Churchill, wartime Prime Minister of England, "What he thought of the present outlook on things?"

Churchill "looked around what seemed to be three minutes—probably 30 seconds—and puffed on this cigar," McMahon related, and then finally said:

"How many atomic bombs have they got?"

McMahon, who had said earlier in the testimony that the Russians have a "growing stockpile of atomic weapons, "last night advocated that A-bombs be used against the Soviet if she invades western Europe.

Appearing on the NBC television program "Meet the Press," McMahon said in the event of Russian aggression this country should strike back with every available weapon. In response to a question, he said that "certainly does" include atomic bombs.

Raps Try To Guess Red Aims

Washington, Aug. 29—(AP)—A warning by Gen. Omar Bradley that it is "dangerous to try to guess" what Russia will do backgrounded the start of Senate debate today on a $7,535,750,000 foreign aid program designed to confront Communist force with force.

"No one can know just what is in the minds of the men in the Kremlin," the chairman of the Joint Chiefs of Staff said. "We cannot guess what they are going to do, and it is dangerous to try to guess."

Bradley made the statements during recent closed door testimony by two Senate committees on the big foreign aid authorization bill, already approved by the House in a form different from that before the Senate. The testimony was made public today.

He said the safest thing for the United States and its free world allies to do is to get ready as fast as they can to meet Communist aggression anywhere.

Pushes Action

Democratic Leader McFarland of Arizona held out a special incentive to Senators to complete action on the bill this week. McFarland said he would call a recess over Monday, Labor Day, and Tuesday if the Senate passed the big authorization before this week ends.

As the measure reached the Senate, it carried $964,250,000 less than the $8,500,000,000 asked by President Truman.

This still was higher than the $7,449,000,000 voted by the House. The bill does not carry any actual money. That must be voted later in another bill.

Four members of the Foreign Relations committee—Senators Green (D., R. I.), McMahon (D., Conn.), Fulbright (D., Ark.) and Sparkman (D., Ala.)—already

Charge Armies Kept in Korea for Move on Red China, Soviet Union

By EDDY GILMORE

Moscow, Aug. 29—(AP)— Moscow's five big morning newspapers carried almost identical editorials today charging that the United States wants to keep its armies in Korea "in order at a suitable moment to carry out their aggressive plans against the U.S.S.R. and the Chinese People's Republic."

It is rare that all the big morning papers come out on the same day with the same editorial warnings for the Russian people, and the substance of the message was being studied with deep interest here. Apparently these editorials were offered in explanation of the suspension of armistice talks in Korea.

The editorials all were in con-

Accused Red Leads Hawaii Sugar Talks

Washington, Aug. 29—(AP)—Senator O'Mahoney (D., Wyo.), predicted today that Federal Judge Delbert E. Metzger of Hawaii will be replaced for refusing the bail of seven Communist suspects arrested in Hawaii.

Honolulu, Aug. 29.—(AP)—An accused Communist, free on $5,000 bail today leads militant sugar workers in wage talks with the management of the territory's $120,000,000-a-year sugar industry.

He is hulking Jack W. Hall, Wisconsin-born leader of Hawaii's Sugar and Pineapple Workers and Longshoremen.

Hall, five other men and one woman were arrested yesterday in a dramatic series of FBI raids that carried the national roundup of suspected Communists into Hawaii.

All were charged with conspiring to advocate the violent overthrow of the U. S. government.

Ask to Bridges

Hall, 36, is regional director of the International Longshoremen's and Warehousemen's Union, the outfit headed by Harry Bridges, another accused Communist.

Hall heads 18,500 sugar workers on 36 plantations in the Hawaiian islands.

Others arrested:

John Ernest Reinecke, 47, former territorial treasurer for the Communist party.

Dwight James Freeman, 39, Hawaii party organizer.

Koji Ariyoshi, 37, editor of the Honolulu Record.

Charles K. Fujimoto, 31, chairman of the Communist party in Hawaii.

Mrs. Eiloea Tohiko Fujimoto, 31, his wife.

Jack D. Kimoto, 45, party chairman before World War II.

The FBI listed all but Freeman as members of the Communist executive board for the islands.

The seven were freed on $5,000 bail each.

Bail Reduced

U. S. Commissioner Harry B. Steiner first set bail at $75,000 each. Acting U. S. District Attorney Howard K. Hoddick asked the high amount because, he said, the Communist suspects are men who have jumped bail.

Federal Judge Delbert E. Metzger cut the bail, saying:

Says Six Cadets Restored to Duty

New York, Aug. 29—(AP)—A ban on expulsion hearing was told today that "at least six" of the approximately 90 West Point cadets accused of cheating had been restored to duty at the Military Academy.

The statement was made by Robert Dart, general counsel of the Committee on Justice of the New York Civil and Criminal Courts Bar association.

At West Point, a spokesman at the Military Academy refused to confirm Daru's statement.

Stands Pat On Further Conference

Tokyo, Aug. 29—(AP)—Gen. Matthew B. Ridgway put it squarely up to the Communists today to decide the fate of Korean war truce talks.

The United Nations commander curtly refused to reinvestigate the alleged Kaesong bombing incident. But he said the Allies would resume armistice negotiations whenever the Reds are ready to end their "unjustifiable delay" of the conference.

The general view here was that Ridgway's 118-word message to the top Communist commanders left them almost no alternatives but to back down or break off the disrupted conferences completely.

Charges Fraud

Ridgway did not even mention the Communist demand that he admit a U. N. plane bombed the truce site. He termed the whole incident a fraud.

His message to the North Korean Premier, Kim Il Sung, and Chinese Gen. Peng Ter-hui dealt only with their request that he send his liaison officers back to Kaesong to look at new evidence.

"A reinvestigation after this lapse of time," Ridgway said, "could serve no purpose other than to continue this unjustifiable delay in the armistice negotiations."

The U. N. commander observed

U. S. 8th Army Headquarters, Korea, Aug. 29—(AP)—Communist troops built up their forces along the Korean front today despite clearing weather which ordinarily would bring Allied air and artillery attack.

A sudden break in the rainy spell also brought on a jet battle along the Korean-Manchurian border. Sixty Red and Allied jets swirled down from 2½ miles above the earth in a 30-minute dogfight.

Red ground reinforcements were spotted moving up to the lines in the Iron Triangle sector of the central front and east of the Kaesong neutral area on the western front. They moved in groups of 200.

Red assault troops lashed out in a series of predawn attacks along the eastern front but pulled back to their own lines by daylight to escape the blasting fire of American artillery.

On the extreme eastern flank South Koreans attacked a Communist hill position west of Kansong just before noon. The battle raged into midafternoon as the Reds pushed up reinforcements.

Only reported Red gain was north of Yangju, 27 miles to the southwest. The Communists overran a South Korean command post, forcing the United Nations unit to pull back after an intense pitched battle.

RFC to Cut Tape On Housing Credit

Washington, Aug. 29—(AP)—The Reconstruction Finance Corporation (RFC) is placing millions of dollars behind a move to cut through a credit roadblock now delaying big defense housing projects.

Word leaked out that the RFC has completed all but the official announcement of the plan, and Chairman Maybank (D-SC) of the Senate Banking committee told a reporter today it has his approval.

"It has been carefully worked out," the Senator said. "We have been consulted fully on every step, and it now is ready to go."

Under the plan, he said, the RFC will put up "hundreds of millions" to finance the construction of defense and military housing in areas where banks, insurance companies and other investors fail to provide the loans. Such loans now are forbidden by RFC rules.

Blasts Truman Attack On New Controls Law

Washington, Aug. 29—(AP)—Sen-ator Capehart (R., Ind.) accused President Truman today of having "shot below the belt" and of misrepresenting the facts in telling Congress the scapegoat for high prices. In a counter-blast to Mr. Truman's denunciation of the new economic controls law, Capehart said the President himself let inflation get out of hand.

Worst Provisions

Capehart's statements, in a speech prepared for Senate delivery, came as the Senate Banking committee planned to start hearings tomorrow on the President's demands for elimination of three "worst provisions" in the controls law which Congress passed last month.

Before the committee is a bill to eliminate them. It was introduced by three Republican Senators who said Congress should grant the President's request and then hold him accountable to the nation if he fails to check inflation.

The bill would knock out of the law:

1. The so-called Capehart amendment permitting individual sellers to pass on to consumers all cost increases from the start of the Korean war to July 26, 1951.

2. Ban all price ceilings too low to allow any retail or wholesale seller the same percentage of profit earned before the start of

Textile Workers Get Wage Boost

Washington, Aug. 29—(AP)—A nine and a half cent an hour wage increase for 84,000 woolen textile workers was approved yesterday by the Wage Stabilization board.

The decision cleared the way for action on 111 other similar cases, the board said.

Affected were 24,000 workers of the American Woolen Co. and 60,000 in other textile firms.

The unanimous decision gave approval to only part of the wage increases negotiated March 15 by both CIO and AFL textile workers with the American Woolen company and other firms.
