Some newspapers call this type of filler a squib, others refer to it as a bank or bunkum. Some call it a filler and several of the New York area dailies term it horse copy.

While we have a little dignity left, let's look over some of this material. Here are some examples which, if read and retained, will save you the trouble of trying to become the life of the party next time you're out.

Out of Smaas... One of the most notable examples of this type of filler is the one which appears in the Boston Herald.

For some peculiar reason we have always had a strong longing to attend such an affair, as in the case of the old New England...

Summer season, with its sudden and violent thunderstorms, is the period of the greatest danger from lightning.

Lightning takes approximately 300 lives a year in the United States. The Metropolitan Life Insurance Company points out, adding that many of these lives could have been saved if the victims had sought safety.

One of the most dangerous places during a storm is under a tree - especially an isolated one. About one fourth of all the deaths from lightning occur among persons who seek shelter under trees.

The driver recalls that photographic films were being used in a room where the guests waiting for such words as "In my opinion, you begin and end as your steady gaze roams around the room."

At this point the victim stopped and respectfully inquired of the policeman standing nearby whether he could be of any assistance.

Being concerned about one person often means another person is in the picture. This literally happened in the case of a local movie theater.

Manichaeism
 The Manichaean religion, which flourished in the ancient world, is still being practiced in the mountains of the Himalayas. It is a dualistic religion, based on the belief that the universe is a struggle between good and evil. The Manichaeans believe that the soul is a spark of light that has become trapped in a material body. The goal of the religion is to liberate the soul from the body and return it to its original state of purity. The Manichaeans practice a strict vegetarian diet and a life of asceticism. They believe that the only way to achieve salvation is through the rejection of the material world and the pursuit of spiritual enlightenment.

Local CAP Cadets
 At Westover Field
 The Connecticut Civil Air Patrol (CAP) cadets are preparing for their annual summer camp at Westover Field. The camp is a week-long program where the cadets receive training in flight theory, navigation, and emergency procedures. The cadets are also involved in community service projects and participate in various sports and social activities. The camp is a valuable experience for the young men and women who participate in it, as it helps them develop leadership skills and a sense of responsibility.

A Bug In The Rug
 In the future, David Forbes will wear a small beetle-shaped robot. The robot is designed to detect and eliminate pests in a home. It is a small, six-legged creature that can crawl under the rug and into the walls. It is controlled by a remote control and can be programmed to search for specific types of pests. The robot is a new development in pest control technology and is expected to be widely available in the near future.

Order Restored
 In Montreal Jail
 Montreal, Aug. 4.—Order was restored to Montreal's Boreau Jail today, replacing the upheaval and riot that had been going on since the arrival of the 500 prisoners who broke out of their cells Friday night. The riot was a chaotic scene of destruction and violence. The jail was left in a state of disarray, with many cells damaged and debris everywhere. The rioters were eventually subdued by the police, and order was restored. The prisoners who broke out of their cells are now being held in a temporary facility while their legal status is determined.

Rip Van Winkle's Aches
 Mr. Acheson, who seems to us to have a fatal instinct to meet the problems of tomorrow with the techniques of yesterday, is now being reminded of the fact that the Japanese peace treaty, with its implications that it is our purpose to restore Japan to its leading position in the Pacific, unless we make a special treaty with them which would guarantee them against new Japanese aggression.
 We have another special treaty in the Pacific with the Philippines. That nation, however, has failed to perform the pay-off, and ratify the Japanese treaty.
 Our third special alliance in the Pacific is with Japan, which is now our special ally against Russia. So we have two Pacific alliances which are directed against Japan, and one directed against Russia, which includes Japan.
 This, says Mr. Acheson, is "security."
 Governor Thomas Dewey, upon his return from his tour of the Pacific last summer, undertook to advocate the combination of all these alliances into one grand alliance, patterned after NATO. That would look better on paper, but cannot be carried out, apparently, precisely because of the real nature of things in the Pacific that is reflected by our present system of patch-work alliances. Too many Pacific countries, with some reason in their own past experience, fear, we present ally Japan, more than they fear our present enemy, Russia.
 Meanwhile, as Mr. Acheson points out his intricate power-politics strategy design in the Pacific, there is another alliance, also operative in the Pacific, which is called the United Nations, and it is, in Korea, actually fighting a war in the name of security for all free nations.
 In this instance, the United Nations is obviously the present instrument of policy which represents clearly the shape of hope for the future.
 Real American statecraft would, we believe, be to proceed and seek security for everybody through strengthening and improving the procedures and authority of the United Nations.
 Yet Mr. Acheson, even while he gives by service to the United Nations, has not been able to provide security and peace in any other potential instance, and that we must substitute for the United Nations concept a treaty with the Philippines, a treaty with Australia and New Zealand, a treaty with Japan.
 During the Democratic National Convention, it was the extreme Northern liberal who tried to use a convention whip on the party reactionaries of the South. This tactic was resisted by many. The Olympic ideal, which is to promote peace and friendship and

Remarkable Olympics
 The 1952 Olympic Games are over. They were remarkable in many ways. The athletes performed at a level that was unprecedented in the history of the Olympics. The games were held in a beautiful setting, and the atmosphere was one of excitement and joy. The athletes from all over the world came together to compete in a spirit of sportsmanship and fair play. The games were a great success, and they will be remembered for many years to come.

Democracy To Meet
 The Tolland County Democratic Association will meet in Rockville, Conn., Aug. 11, at the hotel there. The Young Men's Club of the Rockville Branch of the Y.M.C.A. is co-sponsoring a block dance to be held on the Green Park night from 8 p. m. to midnight. Music will be by Dick Mills. Refreshments will be available.
 The Tolland County 4-H Club will be held at North Franklin this week. It opened yesterday for one week.
 Advance notice of these pastures meetings have been sent to members by the County Farm Bureau. Reservations for dairymen will be held Aug. 12 at Bahler Farm, Tolland, Aug. 21 at Percecho Farm, Coventry; and Aug. 26 at Fox Farm, Hebron.

Many Records Broken In Olympic Carnival

By BEN PHILLIPS
Helsinki, Aug. 4.—The 1952 Olympic Games became history today and the historians are going to find a whole new book to catalogue this gigantic sports carnival.

The games which ended in the Finnish twilight last evening were bigger and better in every way than any of those of the previous 14 modern Olympics.

More people took part. More countries entered. There were longer. More were on. Preference was given to the young.

The late Baron Pierre de Coubertin, a French scholar who conceived the idea of reviving the ancient Olympic games, would have been proud of the show.

Soviet Russia completed for the first time, Germany and Japan were back for the first time since World War II.

De Coubertin's idea was that all the youth of the world would take part. The gracious Finnish were afraid for a while that they would be the only ones making the President's history because 78 nations sent 1,736 athletes to this clean, attractive city—more than 1,800 above any previous Olympic.

Forty-nine of the 70 countries who took part in the unofficial opening ceremony which recorded the first day of competition. The United States team was making the President's history because 78 nations sent 1,736 athletes to this clean, attractive city—more than 1,800 above any previous Olympic.

Olympic Games Come to a Close

The United States added four more points yesterday in the team section of the Prix Des Nations, the show jumping, climax of the equestrian competition.

This event, the only one on yesterday's program, brought France its sixth gold medal of the games, in the individual section, and Great Britain its first, in the team division.

Competition was so strong that merely breaking an Olympic record was not enough at times.

All but three of the men's track and field records were equalled or broken. In swimming every record was broken. In boxing the United States won five titles, the most any country has ever taken.

All in all it was a terrific show.

Swimming in Thompsonville Wins; Play Again Tonight

Ohio State Coach Says Olympic Marks Will Be Broken Many Times

Despite three-hit pitching by Dick Wright and Nick Twyman, Thompsonville won the Little League playoff game yesterday at Memorial Field. Eddie Lee limited the locals to six hits and two unearned runs in going the rounds. Wright struck out seven batters.

BUNCHING three hits and six walks, Rockville snared a pair of runs in the first and third innings and a single tally in the sixth.

Maneuvering Lee for the most part limited Thompsonville to a single run in the sixth. Wright, who struck out seven batters, pitched a complete game.

Several nubarbs delayed the game as certain decisions made by the umpire changed the outcome of this contest.

THE LARGEST crowd since opening day also saw Thompsonville trounce the Red Sox 10-4 in the opening game of the two-day event.

COACH TOM KELLEY of the high school baseball team has received the baseball emblem to be presented to members of the 1952 CCC's champions. Players are asked to get in touch with him as soon as possible and he will award the emblem with the emblem.

DICK HOPKINS, pro at the Mounting Golf Club in Glastonbury, is in Manchester Memorial Hospital suffering from a serious occurrence of a service injury. Owner Graham Clark of the club says Hopkins may lose his right arm. Hopkins formerly served at the Laurel Park Driving Range. Clark is planning a benefit tourna-ment for Hopkins and will announce the event later this week.

THOMPSONVILLE, which had trounced the Red Sox 10-4 in the first of yesterday's two-day event, won the second game 10-4.

This and A's May Decide Series Opponents

SNOW WINNER OF TAM GOLF

By Charles Chamberlain
Chicago, Aug. 4.—The beaming Sam Snow, his last confidence restored, looks eagerly to Thursday's start of golf's most fantastic money chase—the 1952 "World Championship" at Tam O'Shanter Country Club.

First entered in this 72-hole scramble of leading pros is \$25,000 an unprecedented pool payoff that has attracted the best of the curly-haired Tam will be favored to take home the title—as he always has done. Right now he'll settle for a 275, at back and collect all the bets.

Snow was feeling chipper yesterday he escaped through a rainstorm to enter the final round on the eighth hole for a fourth round 65. This gave him a 271 total to share the lead with the other 271.

CURRENTLY leading in the final round is the 271. Snow is a 271. Snow is a 271.

Frank Sedgman Favored In Tennis Tourney at Jersey's Orange Club

South Orange, N.J., Aug. 4.—The annual Eastern Grass Court Tennis Championship gets under way at the Orange Lawn Tennis Club today and Americans will have their first peak at Australasia Ace Frank Sedgman in stages competition since he won the United States title last year.

Sedgman is seeded first in the tournament by Ken McGregor and Mervyn Rose. His fellow Australian who was on the Davis Cup team the best of the United States last year.

Curly-haired Sedgman will be favored to take home the title—as he always has done. Right now he'll settle for a 275, at back and collect all the bets.

Dodgers Take Pair; Yanks Sweep Browns

By RALPH BOWEN
Associated Press Sports Writer
Philadelphia's vastly improved Phillies and Athletics don't figure to check in the 1952 World Series, but the man of Steve O'Neill and Jimmy Dykes will have a lot to say about who does.

Both Philadelphia clubs, below the 500 mark a little more than a month ago, have been playing at a permanent clip of late and the majority of their remaining games are against the post-season contender.

THE PHILS, for instance, have 15 games to play against the Dodgers, who lead the National League in wins, and the New York Giants, who are in second place.

Dykes' darlings are confronted with a more strenuous schedule than the PHILS. The A's have three games to go against the front-running Dodgers, two against the Yankees and one against the Philadelphia fourth-place Washington Nationals.

One of the best ways to make a great deal of money is to buy a horse like Bull Lea, the head earl at Calumet Farm and then hire a small armoured truck to carry you in to the bank and then when the staff begins to clutter up the living room.

What you do is go to one of the yearling sales and bid a little higher than anyone else for the colt you have in mind. Just as Calumet did. You can afford to be generous under the circumstances and go perhaps as high as \$14,000, that being the sales price for Bull Lea was knocked down from the \$18,000 sale price to \$14,000.

Country Club Notes

WOMAN'S DIVISION
The contest for the Manchester Country Club championship among women golfers is beginning its third round. Ann McBride defeated Charley Lakin in their match last week; Virginia Thornton and Cora Anderson, Nellie Johnson defeated Peg Stevens and Mae Wilkie defeated Melissa Dekarin.

In the Thursday Sweepstakes, Ann McBride won first low net, Charley Lakin, second low net, and Peg Stevens low gross. The Wednesday club has extended an invitation to Manchester women to play at the club. The Red and Blue matches are in their second round. The deadline for this time is Aug. 16. The Red team was the winner of the first round by four points.

Free Book on Arthritis And Rheumatism

HOW TO AVOID CHIPPING

An amazing survey covered 44,000 men and women and revealed that 75 percent of those who were afflicted with arthritis and rheumatism were not taking the proper medicine. This reveals why drugs and medicine give only temporary relief and fail to remove the cause of the trouble; explains a specialized new surgical treatment which has proven successful for the past 25 years.

You incur no obligation in sending for this instructive book. It tells you the causes of arthritis and rheumatism and how to avoid them. Write today to The Clinic, Dept. 449, 4600 Excelsior Springs, Missouri.

German Youth Rally Is Flop, Officials Say

Berlin, Aug. 4.—(Special)—German youth demonstrators expressed dissatisfaction today at the failure of a youth rally in Berlin. The demonstrators' demonstration of the Communist Party German Youth League (FDJ) had announced that some 20,000 young people would demonstrate yesterday at two points along the Prussian border in an area bordering the American sector, at Potsdam and Platteau, 10,000 strong, in the British sector.

The rally, however, drew only 2,000 of the blue-shirted youth in all, in scattered demonstrations near the sector borders, carrying their blue banners and chanting Communist songs. West German troops would demonstrate yesterday at two points along the Prussian border in an area bordering the American sector, at Potsdam and Platteau, 10,000 strong, in the British sector.

Saucer Reports Are Discounted

(Continued from Page One)

The eternal truths of nature and the eternal truths of the grace of God, then, we can learn how to live eternally and still be interested in the things of this material world.

Mr. Gen. Roger M. Ramsey, who heads the Air Force's investigation of the current rash of reports, said six years of study has convinced him "reasonably well" there is no such thing as a flying saucer.

Dr. Jessie Berglund, professor of abnormal psychology at the University of Maryland, scoffed at his grammar but said flying saucers "are the most interesting things in the world."

But within hours after Gen. Ramsey's report, the CBS television show "Man of the Week" featured a flying saucer sighting in Washington.

The show, which had been seen a night show through the sky across the capital about 8 p.m. yesterday, reported it had picked up a flying saucer object about 8 p.m. last night.

While Gen. Ramsey was pretty definite about the saucer reports, which he said the Air Force has been tracking since the first one in 1947, he edged around another topic.

Recalls Alaska Story

There was a report of a vapor trail over Alaska last April 17 which an interviewer said "wasn't quite an alien." Ramsey gave no direct answer, even when asked: "What was found?"

Of the saucers, Ramsey said: "We are reasonably well convinced they are not material, solid objects." About 30 percent of the reports in Air Force hands—

Teen-Age Antics Target of Judge

Rockville, Aug. 4.—(Special)—Judge Robert L. Fippen took action in City Court on the antics of teen-agers who were driving a 1950 Ford coupe in a reckless and dangerous manner. The judge fined the driver \$100 and ordered the car impounded for 30 days.

The car was driven by a 17-year-old boy who was driving it at a speed of 80 miles per hour on a residential street. The car was driving in a reckless and dangerous manner, endangering the lives of other motorists and pedestrians.

The judge said that the driver's actions were a clear violation of the law and that he was imposing a severe penalty to deter such behavior in the future.

Many Records Broken In Olympic Carnival

By BEN PHILGAR
Helsinki, Aug. 4.—(AP)—The 1952 Olympic Games became history today as the world's greatest sports carnival came to a close. The games which ended in the Finnish twilight last evening were bigger and better in every way than any of those of the previous 16 modern Olympics.

More people took part, more countries entered. They were bigger and better in every way than any of those of the previous 16 modern Olympics.

The late Baron Pierre de Coubertin, a French scholar who conceived the idea of reviving the games of Ancient Greece, would have been proud of the above.

Russia presented an extremely well-organized team of 200 athletes, second to the United States.

The Russians took the lead on the first day with their expected victory in the women's 400-meter race, which was won by Olga Brinina.

The U. S. won out Saturday, the final day of competition. The American started off the morning training by 24 1/2 points at Helsinki.

Olympic Games Come to a Close

The United States added four more points yesterday in the team riding of the Equestrian Nations, the show jumping competition.

This event, the only one on yesterday's program, brought France's six gold medals of the games. The individual section, and Great Britain's first, in the team division.

Country Club Notes

But soon after that children began to run over horses, and Calumet not only liked the price in a hurry but became very particular about what horses Bull Lea associated with, other than those of the Calumet set. Since 1949 when he led the money-making drive for the third straight year, the figure has been \$50,000 for socially acceptable visitors.

What you do is go to the office, and you have in mind what Calumet did. You can afford to be generous under the circumstances, and go perhaps as high as \$14,000, that being the figure for which Bull Lea was knocked down at the 1948 Saratoga auction, to which he was sent by the late Warren Wright.

After this initial outlay, the amount home \$1,200,000, which is the standard figure for a Calumet horse. The late Warren Wright was not a generous man, but he was a very good one.

Ohio State Coach Says Olympic Marks Will Be Broken Many Times

By Harvey Hudson
Helsinki, Aug. 4.—(AP)—The 1952 Olympic swimming program was completely re-worked to break the record book in the greatest competitive event of the time. But the revisions are only temporary, says the men who know swimming best.

"Swimming, as a sport, still is in its infancy," insists Mike Peppe, the coach at Ohio State University. "We just don't know how low the records might go. Peppe coached the U. S. men diver, who won the gold medal in the 100-meter freestyle, women's 100-meter freestyle, and women's 100-meter backstroke. The old record was set in 1924, and it has been broken only once. But in the men's 200-meter breaststroke, the old record was set by Joe Vander of the United States in 1924. It has been broken twice since under the old mark."

"I think we have three swimmers in the United States who would be able to break the record," says Peppe. "I think we have three swimmers in the United States who would be able to break the record."

In the 1952 Olympic swimming program, the old Olympic records were cracked 72 times. Three events—the men's 100-meter freestyle, women's 100-meter freestyle, and women's 100-meter backstroke—happened only once. But in the men's 200-meter breaststroke, the old record was set by Joe Vander of the United States in 1924. It has been broken twice since under the old mark.

Thompsonville Wins, Play Again Tonight

Despite three-hit pitching by Dick Hopkins and Nick Tworzy, Rockville was able to overcome Manchester's National League 5-3 score in a District Three Little League playoff game yesterday at Memorial Field. Dick Hopkins limited the leads to six hits and two unearned runs in going the route for the winners.

NO MANCHESTER player collected more than one hit, and Dick Hopkins was the only extra-base hitter. He had a double and a single tally in the sixth. Nick Tworzy was the only pitcher to pitch more than one inning. He pitched the last two innings and a single tally in the sixth. Nick Tworzy was the only pitcher to pitch more than one inning. COACH TOM KELLEY of the high school baseball team has received the baseball emblem to be presented to members of the 1952 O'Connell champions. Players are able to get in touch with him as soon as possible and he will award the players with the emblem.

DICK HOPKINS, pro at the Minnehaha Golf Club in Glastonbury, is in Manchester Memorial Hospital suffering from a recurrence of a service injury. Owner Graham Clark of the club says Hopkins may be his right arm. Hopkins formerly served at the Laurel Park Driving Range. Clark is planning a benefit tournament for Hopkins and will announce the event later this week.

THOMPSONVILLE, which is a member of the Little League in the first round of the National League yesterday afternoon, supported the opposition. The Nationals drew a bye in the opening round.
