

Stevenson Rips Ike on Korea Plan

En Route with Stevenson through New York State, Oct. 24—(AP)—Adlai Stevenson today proposed a "quick and slick way out" of the Korean war that he said would risk appeasement and the possibility of another world war.

Stevenson, carrying his presidential campaign through New York State, told a cheering crowd of an estimated 5,000 in Rochester.

"The war in Korea, my friends, is not Mr. Truman's war. It is a man's war. It is the stand of the free world against wanton aggression and cynical despotism."

Then the Democratic candidate attacked Eisenhower's proposal that South Korea be trained and put into the combat line to take the burden of fighting off American troops.

False Proposal

"The proposal is a quick and slick way out of Korea are false," Stevenson said. "My opponent has told us that we could leave the South Koreans to do the fighting alone against the Communists. He has said the Asians should be left to fight Asians. If we were to follow the general policy, we would risk a Munich in the Far East with the probability of a third world war."

Stevenson defended United States entry into the Korean conflict as a stand for collective security.

Reverend's blistering attack on the Republican presidential candidate was a follow-up to his speech last night in which he accused the general of deliberately condoning "sly and ugly" campaign against him.

Talking Non-sense

Earlier at Niagara Falls, an after-breakfast crowd of about 1,000 greeted Stevenson and he told them the Republicans were not discussing the issues in the campaign — "they're talking non-sense."

He said he was convinced the people would know the difference between sense and nonsense in the campaign speeches.

At Rochester, he said he was fighting in Korea for the principles of the United Nations and collective security.

"The issue is too great for partisan politics," he said.

Republican promises of a quick end to the war in Korea "are false," he added.

In the speech drive for the presidency, it looked as though a bare-knuckle fight was being waged.

Defends Testimony

The Democratic candidate ripped into Eisenhower last night in Cleveland with a speech in which he defended the character testimony he gave for Alger Hiss, convicted of perjury after denying he gave State department secrets to a Russian spy ring.

Stevenson ripped Sen. Richard Nixon for his charge that Hiss was a spy.

UN Editor Admits Red Activity Link

New York, Oct. 24—(AP)—David Zablodowsky, United Nations editorial aide, admitted today that he had taken part in Communist underground activities in 1936, but he told a U. S. Senate Internal Security subcommittee hearing that he is not and never has been a member of the Communist party.

Whittaker Chambers, admitted courier for a pre-war Soviet spy ring, linked Zablodowsky to the pre-war Communist underground in testimony before the subcommittee yesterday.

Zablodowsky testified today that he knew Chambers as a Communist and said he was "based on" from J. Peters to Chambers. Peters was head of the underground in the American Communist party in the late 1930s, Chambers has said.

Asked by Sen. James O. Eastland (D-Miss.) whether he knew Peters in the underground, Zablodowsky replied:

"Yes, in the underground working against Germany, against Hitler. It was precisely in that connection I was asked if I would help in some secret work against Hitler."

The subcommittee currently is looking into Communism among American employees of the UN.

Zablodowsky was first known to Chambers when they went to Columbia University in 1925 or 1926.

He (Zablodowsky) was a Communist but it was my opinion he was not an organizational Communist but he had open Communist sympathies," Chambers said.

Zablodowsky, a U. S. citizen, is paid \$10,500 annually tax free as UN publications director. UN was organized in 1945.

Ike Pledges Protection For Labor

Aboard Eisenhower Special in Michigan, Oct. 24—(AP)—Gen. Dwight D. Eisenhower pledged today with a pledge to protect the rights of labor in Michigan today with a pledge to protect the rights of labor.

He declared in Pontiac that the Democratic administration had falsely accused him of being a potential "union buster." This is part, he said, of a Truman administration "campaign of hate" and "singing songs of hate" and "songs of vilification."

When Eisenhower's first stop in Michigan, he was greeted by a police estimated crowd of 4,000. The speaker, at the Pontiac High School students who were present for the occasion.

In a brief platform speech the general called the Democratic campaign one of "lying, slanders and songs of hate."

Sheriff Clare Hubbell estimated the crowd at Royal Oak, the next stop, at 10,000.

At Royal Oak, Eisenhower defended the new defenses of United Nations, Fred M. Alger, Republican candidate for Governor, and Republican Charles E. Potter, candidate for Senator, and called them "part of my crusade."

Zablodowsky, a U. S. citizen, is paid \$10,500 annually tax free as UN publications director. UN was organized in 1945.

"I have the greatest confidence in Gen. Eisenhower's tolerance and devotion to the protection of the rights of all people," Hubbell said in a written statement issued on Eisenhower's special train.

Similar comments were issued previously by Rabbi Abba Hillel Silver and Bernard Harrah after they had been accused of slanders by Republicans accused the Democrats of implying that Eisenhower was acting on racial and religious issues.

Eisenhower again said the Democrats have a "sorry record," and said Gov. Adlai Stevenson, the Democratic presidential candidate, himself admitted it when he spoke of "the mess in Washington."

Tables tonight in Detroit.

He told his listeners one of the great things he had done in his foreign policy. He promised to talk fully about the origins of the Korean war in his Detroit speech tonight.

The general attacked President Truman for having scooped at Eisenhower's special train.

Hurricane Hits Cuba, On Course to Miami

'Now Voters, Let's Talk Turkey'

Independent candidate Gobbler De Gook makes it as if to speak before a whistle-stop campaign rally at Taylor's Turkey Farm, near Long Beach, Calif., striking at special interests that threaten their needs at public expense. "To heck with this idea of a bird in every pot—don't let them pluck us clean in November," he shouted. (AP Wirephoto).

By THE ASSOCIATED PRESS

A violent Caribbean hurricane packing winds of 165 miles per hour slashed inland along the south Cuban coast today on a course that would take it close to Miami. The center of the storm battered an area about 30 miles west of Cienfuegos, a south Cuban coast port 100 miles east of the capital, Havana.

Grady Norton, chief storm forecaster at the Miami Weather bureau, said the hurricane was still small in size but extremely violent and a "real stinker."

Colonel Sean, a Cuban Free National Weather observer on Cayo del Este, an island 60 miles off the Cuban coast, reported maximum winds of 165 miles per hour and rained that "The sea is colossal." The weather observer huddled in a reinforced concrete weather station while the terrific winds whipped the island.

Norton said he reported the calm edge of the storm's center reached the island at 11:10 a.m. barometric pressure dropped to 27.75 inches. The eye was estimated to be 18 inches in diameter.

The veteran storm forecaster said a Navy Hurricane-Hunting plane penetrated the tropical disturbance about the same time and registered winds of 130 knots (149.5 miles per hour).

There was so much spray and the rain was so heavy the pilot couldn't see the surface of the ocean at 200 feet. The pilot warned it would be "too dangerous" to attempt to go into the storm's northern quadrant again.

The Cuban National Observatory said the hurricane with winds of between 110 and 120 mph on a bearing of 135 degrees from Havana, capital city of Cuba with population of 1,000,000, was on a course longer in danger of getting the full force of the storm.

Acheson to Reveal Korea Truce Story

United Nations, N. Y., Oct. 24—(AP)—Secretary of State Dean Acheson backs up U. S. demands for a just and speedy peace in Korea today with a speech American sources say will be the longest of his career.

The U. S. Secretary, his aides disclosed, would "open the whole book" on the dedicated Korean truce negotiations, including high-level diplomatic efforts and the fighting, in the General Assembly's powerful 60-nation plenary session this afternoon.

Acheson, scheduled as the first speaker, was expected to talk about three hours.

Seeks Peace Endorsement

Already before the committee was a resolution asking the assembly to endorse the armistice laid down by UN negotiators at Panmunjom and to urge the Communists to accept the armistice.

Britain and several other U. S. allies last night heard Johnson's resolution in the bitter fight expected on the committee floor.

Diplomatic sources revealed, meanwhile, that "every single" American and Allied official has appealed to India to help in achieving a Korean peace settlement but that he replied that he had received from Prime Minister Jawaharlal Nehru.

Acheson's revelations to the committee are certain to fuel a hot and bitter reply from Russia and Andre N. Vishinsky, reported as the longest of his career. Soviet spokesmen—before any formal action can be taken on the American resolution—Chang-sung, an aide of Democratic presidential nominee Adlai Stevenson last night to make a radio platform talk at Washington's Union station.

Amid cheers from the crowd, estimated by Police Inspector R. C. Pierce at 2,000, Truman took a crack at the nation's newspapers.

"They're agitating us a hundred per cent and they're trying to do everything we do appear wrong," he said. "I'm not licked yet and I'm not through till the fourth day of November."

Truman used some of the strongest language in the campaign at a news conference in the campaign at the Washington Hotel in Washington, D. C., last night. He said Republican nominee Dwight Eisenhower's bid for the presidency is one of lies, slander and fear.

The President added: "Sen. Joseph R. McCarthy (of Wisconsin), who was the ring-leader in the back street campaign in the Maryland in 1950, has been welcomed as colleague on the campaign train of the Republican candidate for President."

Kidnapers' China Dares Allies Attack

Seoul, Saturday, Oct. 25—(AP)—Chinese Communist troops today drove U. S. troops from their foothold on Pikes Peak and launched a determined assault on nearby coastal, shortly after noon.

The Cuban National Observatory said the hurricane with winds of between 110 and 120 mph on a bearing of 135 degrees from Havana, capital city of Cuba with population of 1,000,000, was on a course longer in danger of getting the full force of the storm.

Kidnapers' Victim List Reaches 20

Sparta, Tenn., Oct. 24—(AP)—A trio of highway kidnapers left their 19th victim locked in the trunk of a stolen car in a remote gulch of the Cumberland plateau last night and took a 20th with them in a stolen truck.

The patrol said Les Johnson was rescued after spending about five hours in the trunk of the car, which was itself hidden under an abandoned barn at the site of an ancient grain mill.

Two foxhunters passing near the barn last night heard Johnson's efforts to free himself. Johnson and his unidentified rescuers then moved a pile of brush and reached a garage at Spencer, 20 miles south of here and called the police.

Johnson, a resident of White County, Tenn., said he and his brother, a neighbor, were returning to their truck after hunting squirrels when they were waylaid by the kidnapers.

The kidnapers then pushed the car into the barn, put Johnson in the trunk and told them they probably would release Meyer today.

The trio of handily already had kidnaped at least 18 persons in two days along highways from Florida to California.

Coal Industry Seen Pleading For \$1.90 Hike

Washington, Oct. 24—(AP)—The soft coal industry today was reported framing an appeal to the Wage Stabilization board (WSB) to raise the price of coal to \$1.90 a ton.

The industry said the current price of \$1.75 a ton is "unfair and unreasonable" and that it would "damage" the stabilization program.

The report that an appeal is under study came from an official who has been in close touch with all phases of the case who asked not to be identified.

Want Full Portion

A substantial portion of the coal industry was described as eager as Lewis to settle on the full wage increase and get production going again. An appeal to the President and Putnam, it was felt, would at least serve to remove the deadlocked situation from dead center.

An air of uneasiness prevailed in some mine areas. Violence flared in Ohio, Virginia, and West Virginia yesterday.

At Zanesville, O., a non-union mine owner was forced from his car at gun point and alleged. His mine superintendent said he fired at a group of men crossing a field where he was attempting to drill.

Cost of Living Dips Fraction, Statistics Show

Washington, Oct. 24—(AP)—The government today reported a drop in the cost of living for the fourth day in six months.

The Bureau of Labor Statistics announced that its index—the measuring rod for government—declined two-tenths of one percent between Aug. 15 and Sept. 15. There had been a steady climb for the previous six months.

The BLS attributed the drop to lower prices for food, down one per cent in the month.

Decline Partly Offset

The decline in food prices was offset in part by increases for all other major groups of living cost items. The price of clothing went up six-tenths of one per cent.

BLS pegged the new index at 100.8 per cent of the 1957-1959 base period, down from the August record high of 101.1.

Today's index measures the retail price of food, shelter, clothing, medical care and scores of other goods and services bought by non-farm, non-institution families.

Sept. 15. It takes BLS a month to gather price data and compute the index.

Truman Hits U. S. Press As 100% Anti-Democrat

Washington, Oct. 24—(AP)—President Truman sat on the sidelines of the presidential campaign today but it was only a full before he struck back again Sunday.

Truman returned from his latest swing in behalf of Democratic presidential nominee Adlai Stevenson last night to make a radio platform talk at Washington's Union station.

Amid cheers from the crowd, estimated by Police Inspector R. C. Pierce at 2,000, Truman took a crack at the nation's newspapers.

"They're agitating us a hundred per cent and they're trying to do everything we do appear wrong," he said. "I'm not licked yet and I'm not through till the fourth day of November."

Truman used some of the strongest language in the campaign at a news conference in the campaign at the Washington Hotel in Washington, D. C., last night. He said Republican nominee Dwight Eisenhower's bid for the presidency is one of lies, slander and fear.

Bigelow Workers To End Walkout

Thompsonville, Oct. 24—(AP)—Though the question of a collective bargaining agent and a no-strike contract clause remain unsettled, some 2,000 employees of the Bigelow-Sanford Corp. here here have agreed to go back to work while these issues are being ironed out.

State Labor Commissioner John Egan announced last night his acceptance of an interim agreement, ending a four-week walkout.

The trouble had its origin earlier this year in a split in the ranks of the Teamsters' Local Union of America (CIO), a majority of the workers here leaving the union.

Typhoon's Toll Soars to 443 In Philippines

Manila, Oct. 24—(AP)—The storm-lashed Philippines counted at least 443 dead today and listed 209 more as missing in Tuesday's and Wednesday's ravaging typhoon.

The casualty toll may soar higher yet when isolated villages report their losses. Communications throughout the devastated area are lost in the debris of broken telephone poles, tangled wires and smashed radio stations.

The wind winds sowed their devastating destruction in southern Luzon. Albany province, a once-thriving port of 80,000, was virtually obliterated.

Grammer Held Guilty; Lawyer Weighs Appeal

Baltimore, Oct. 24—(AP)—George Edward Grammer, convicted of murdering his wife because he "loved another woman," waited in the shadow of the Maryland state gallows today while his lawyer pondered a move for a new trial.

The attorney, Anthony Federico, told newsmen yesterday he would "probably" appeal the first degree murder conviction, an action almost routine in Maryland.

Judge Herman Moser, who under the law must order Grammer sent to prison for life or hang, withheld sentence until Federico makes his move.

The ordeal of the eight-day trial was vividly etched in the lines of the expressionless face of the 35-year-old New Yorker, yesterday when he heard the judge announce the verdict.

Sitting as sole juror, Judge Moser found that Grammer murdered his 33-year-old wife because he was "in love with another woman."

Rotary Show to Be Held Tonight and Tomorrow at Waddell School

Several guest artists will be featured in the Third Annual Rotary Minstrel Show at Waddell School tonight and tomorrow.

Instrumental entertainment will be provided by Fuzzy and Buzzy Garrett of Hartford. These youngsters play piano and drums and have appeared on stage and in radio shows throughout the state.

Two medleys of one of a group of lines from the "Gay 90s" will be sung by the Harmonettes, a quartet of local girls. The Harmonettes won the Rotary Tal-

ent show trophy and a trip to New York last winter. They were auditioned for the Ted Mack show. The quartet is composed of Gail McLean, Jean Rogers, Jeanne Whitehall and Claire Janeway.

Other performers in the show are members of the Manchester Rotary Club and their friends. James W. McKay and his orchestra will provide the music for choral accompaniment.

Proceeds will go toward financial assistance to worthy college students from Manchester.

Girl Scout Notes

The Brownies at Waddell School met last Wednesday and were divided into two teams. The girls made up of 8-year-old girls under the leadership of Mrs. Norman Skott, assisted by Mrs. Robert Savoy and Mrs. Irving Pringle.

The following officers have been elected by Troop 25: Constance Rusey, president; Suzanne Hubbard, vice president; Patricia DeDorio, secretary; and Marcia Werner, treasurer.

Senior Troop 1 has elected the following temporary officers: Donna Robb, president; Susan Crouckell, vice president; Louise Boyd, secretary; and Anne Burr, treasurer.

The members of Senior Troop 1 who went to Europe this year are planning to show their colored slides and talk about their trip at an open meeting to be held at the Woodluff Hall of the Central Congregational Church next Monday evening, Oct. 27, at 7:30 p.m.

Says 'IIB Reunion Sure to Be Held

Members of the class of 1918 of Manchester High School are planning a reunion for early in December. The date has not been set as yet but chairman Bill Roscoe announced it would be held at the Manchester Country Club.

Attempts were made to hold a reunion two years ago and were later dropped. Roscoe said there will be no postponement of it this time. Reaction has been favorable, he said, from more than 25 couples contacted in town.

A committee composed of Roscoe, Bertha Shaw Sweet, Paul and Doris Throuette, Nancy Beatty Dimock and Ev Kennedy met Wednesday night. Other meeting matters are ready to join forces with this group.

SNETCO Reminds Of Coming Change

Manchester residents are being reminded by the Southern New England Telephone Company of its plans to install a new telephone numbering system.

Columbia Stray Canines Are Observed Stealing Bread

Columbia, Oct. 24.—(Special)—State police patrolling this town have a petty-larceny case on their hands today and there's not much they can do about it. Perhaps fear of backing up the wrong tree is dogging their footsteps. A housewife here reports that two stray dogs apparently have a liking for freshly baked bread and she has the empty wrappers to prove her point. The woman concerned had returned home from a shopping trip just in time to observe two stray animals running from the garage. Investigating the cause of their flight she discovered that the dogs had snuffed up bread loaves left by a delivery man.

Aids More People With Less Money

The Welfare Department handled more cases and helped more people in September than in the preceding month, but managed to do it all for less money. The department's monthly report, released yesterday, shows that it was occupied with 61 cases involving 80 persons in September at a cost of \$6,440.46. In August, 56 cases and 78 persons resulted in an over-all cost of \$6,618.11.

Change In Procedure Organizers retaining the Hebron school auditorium are now permitted to pay the fee demanded to the school custodian, Walter C. Hevitt, or may settle with the auditorium or town clerk, F. J. Fildes, who is charged for dances at which there is an admission charge, or where a donation is accepted. When used for such affairs as suppers, meetings, rallies, the charge is \$5. An extra charge of \$3 is evoked if the kitchen and dishes are used but if only hot dogs and coffee are served there is no admission charge. There is no charge for school activities. All fees paid go into the town treasury. List New Members New members who have joined the Young People's Fellowship, St. Peter's Episcopal Church, are Harold and Lee Johnson, Mrs. Marie Hall, Steven Stanek, Ellen Shorrey. Patty Shorrey and Joe Pa-gach will be official delegates to the Stratford convention this week and Miss Paszeczka will serve as temporary vice president until the newly elected vice president, Alle Lowden, is able to attend the meetings. Ruling Is Abandoned The ruling which has been in force for several years, that a doctor's certificate must be presented at the school where children have been absent for five days, has now been done away with by consent of the town health officer and in accordance with the wishes of parents. It will, however, be necessary in cases of return to school after a child has had a contagious disease, to present a doctor's certificate. It is also required that for any absence from school the parents must send an explanatory note. Get Dancing Instructions Dancing instructions this evening, will be held at the Hebron school auditorium. This is for the upper grades of the school, and may include high school students who wish to attend. Attend Bookville Meet Several Hebron residents were in attendance at a public reception in Rockville Tuesday evening, for Mrs. Sen. and Mrs. William Thurston. Among those at the affair were State Rep. and Mrs. Richard W. Grant, Mrs. John A. Meridian, Mrs. Charles N. Pillsbury, Mrs. Robert E. Field, Mrs. John A. Meridian and daughter, Miss Alberta. Rep. Grant and other Tolland County candidates for the legislature were introduced to the audience. The affair was sponsored by the Vernon Women's Republican Club. The Issues: Change

It is time for a change. It is time for a change in American politics. On some occasions it wells up from the discontent of the people themselves.

When anybody cries "it's time for a change," then the public has a right to ask what change and how much change is needed.

It is time for a change. The public would be foolish to vote for a change unless it got adequate answers for such questions: Why should the slogan of a party out of power become the serious policy of the voters?

There are a good many things that ought to be changed, for many reasons why, to thoughtful citizens, the time-worn slogan is real and timely in 1952. And they are sorry for the Republican party has nothing to do with it.

Where is change needed? Where could the Republicans offer it? As we have previously noted, the present system of corruption and power would automatically create a Republican party stands for a year half from the extreme end of governmental centralization which the present system has become a disaster.

In a sense of our forefathers' decision we will continue to stand for what we believe in and what we want, which is liberation from two subjects and changing from one to another of Communism and the other the fear of McCarthyism at home.

Block to Peace Is Ignorance. Forms Primary Obstacle In World Today, Officer of UNESCO States. "The primary obstacle to world peace is ignorance," Alexander J. Lambriundi, liaison officer of UNESCO, told his audience at South Methodist Church last night.

Twin Groups Hold Halloween Party. Senior and Junior members of Mystic Eleven, Woman's Benefit Association, held Halloween parties in Odd Fellows Hall on the same evening recently. About 100 of the boys and girls arrived in all sorts of grotesque costumes.

What we have now is cynical, it is fatalistic, it is addicted to cheap expediency. It is cynical about itself and about the people. It is cynical about ourselves and about our neighbors.

Tobacco Group To Take Quota Vote on Crops

Ellington, Oct. 24—(Special)—A meeting of the tobacco growers of Tolland County will be held at the Town Hall here Wednesday, from 8 a.m. to 7 p.m. to give them an opportunity to vote on a quota referendum.

The production and marketing administration supervises the quota referendum which decides whether growers want to accept quotas on acreage of outdoor tobacco they will plant next spring. If they take the quotas they will have to go it alone until the time comes to sell their tobacco another year.

Growers have three choices: They may vote for quotas in 1953 only, quotas for three years beginning in 1953, or no quotas.

The referendum will take in all states that produce binder and filler types of tobacco, including Wisconsin, Ohio and Massachusetts.

William Neimann of Job's Hill, Willard F. Phansy and John E. Horton constitute the Tolland County Production and Marketing Administration board.

Entering Armed Forces—Stephen Provescher, son of Mr. and Mrs. Henry Provescher of Winderemere, is one of 10 Tolland County youth to enter the service the latter part of the week.

Must Call for Money—Those who won prizes at the agricultural fair held in Somers recently must if they wish for their prize money call at the home of Treasurer Horace S. McKnight at Radd's Mills and show their stickers from the entry tags.

125 Attend Supper—Ellington Grange served supper to approximately 125 members and guests in the Congregational Church dining room Wednesday night.

Guests were present from Manchester, Tolland Grange, Wethersfield, Wapping and Hardwick Mass. Ellington Grange received an invitation to neighbor with Andover Grange on Nov. 17 and furnish a number on the program.

Hot Lunch—The menu for the Ellington Center School beginning Oct. 27: Monday, Spanish rice and hamburger, buttered peas, mixed vegetables, bread and jelly, milk and fruit.

Salvation Army Marks 65th Year

Herald Photo.

On Oct. 4 and 5 of this year the local Salvation Army celebrated its 65th year of continuous operation and service to Manchester. In connection with this celebration an extensive renovation has been done at the Citadel at 661 Main street. The above photo shows part of this alteration.

In the early part of this year a committee of Salvation Army soldiers was begun and extra needs were obvious. Money was raised by pledges from the soldiers and friends who gave in the form of memorials to loved ones.

The major improvements include a large beam inserted above the platform thus removing two obstructing pillars, a new acoustical ceiling, new lighting fixtures, gray floor linoleum, repairs to the windows, wine velvet drapes, memorial plaques in bleached oak finish, a new altar and table, and brass vases and stands, a new American and one Salvation Army flag, a grand piano, brass altar pots and altar ropes, new doors throughout the main floor, and new chairs and band music stands. The entire building has also been freshly painted.

A host of Salvationists worked long hours in Christian service in making over the Army chapel, and other dignitaries from New England as guests. It is now hoped by the Salvation Army that its friends will come to inspect the new facilities of the chapel, and stay for a moment of prayer.

Legion Plans Aid For Bedridden

The third annual drive of the American Legion 40 and 8 for funds to purchase portable hospital beds for the home use of Manchester residents and persons living in the this area will get under way soon, according to a spokesman for the organization.

The beds are provided free of charge. Representatives of the Legion will raise funds by house to house sales of subscriptions and renewal of subscriptions to popular magazines.

Proceeds from the previous two drives raised funds for the one portable iron lung and 11 polio-pak heaters, one of which was presented to the Manchester Visiting Nurses Association. It has been a valuable assistance in polio treatment, the spokesman said.

Those selling subscriptions will carry letters of identification.

Puppets to Enact Children's Fables

Mrs. Dorothy Rankin and her Little Theatre Marionettes will entertain the Women's Club Monday night at the South Methodist Church.

Mrs. Rankin's Marionettes have performed for adults and children throughout New England and have appeared on television. This will be her second appearance before the Women's Club.

She first became interested in puppets as a hobby and found it fascinating. The dolls are designed and made by herself. They represent many characters from famous story books and they act out plays such as "Hansel and Gretel." They can also do all kinds of variety acts, musical comedy and high spots of great opera.

The color and fascination of the Little Theatre Marionettes is highlighted by unique and complete theatrical equipment. Mrs. Rankin's success in this art is the result of much experimentation. A vast variety of material is used to make the dolls light in weight and realizable in movement and appearance.

Arrangements are being made by Mrs. Edward J. Flata, and co-chairmen of hostesses will be Mrs. Jacqueline. The dolls are designed by John L. Trebat and Mrs. Keith Cook.

Could this be the reason they don't dare bring Sparkman into Connecticut?

The Sparkman Hypocrisy

Governor Dewey has stated some plain facts about the Democratic party's hypocrisy on civil rights. The Democrats have consistently talked big about racial discrimination and the rights of minorities. But their record of legislative performance has been practically zero. For that, the country must look to the accomplishments in various states under Republican governors. The truth is that the Democrats have always faced two ways on civil rights. By promising everything and insisting on all or nothing, they could pose as

Table listing legislative actions and Sparkman's stance: April 15, 1937—To outlaw lynching. Senator Sparkman—No. Jan. 10, 1940—To outlaw lynching. Senator Sparkman—No. Oct. 13, 1942—To abolish the poll tax. Senator Sparkman—No. May 24, 1943—To abolish the poll tax. Senator Sparkman—No. May 26, 1944—Appropriation for \$500,000 for fair employment practices during World War II. Senator Sparkman—No. June 12, 1945—To abolish discrimination in funds for school lunch program. Senator Sparkman—No. Feb. 21, 1946—To prohibit discrimination in funds for school lunch program. Senator Sparkman—No. May 13, 1948—To eliminate Jim Crow in colleges in the South. Senator Sparkman—No. June 7, 1948—To abolish segregation in the armed forces. Senator Sparkman—No. June 7, 1948—To outlaw lynching as protection to members of the armed forces. Senator Sparkman—No. June 7, 1948—To exempt members of the armed forces from payment of poll tax. Senator Sparkman—No. March 11, 1949—To stop the filibuster in the Senate. Senator Sparkman—No. March 17, 1949—To permit a majority to stop a filibuster. Senator Sparkman—No. April 21, 1949—To prevent segregation in public housing. Senator Sparkman—No. May 3, 1949—To deny Federal funds to Jim Crow schools. Senator Sparkman—No. May 31, 1949—To stop segregation in the District of Columbia without a referendum. Senator Sparkman—No. Jan. 18, 1950—To outlaw lynching. Senator Sparkman—No. July 12, 1950—To permit a vote on fair employment practices. Senator Sparkman—No. March 7, 1951—To protect service men from assaults by civilians and local police. Senator Sparkman—No.

This is the same Sparkman who said in a speech at Mobile, Ala. on April 17, 1950: "I am against the civil rights proposals—always and always will be." This is the same Sparkman whom the Democrats propose for the second highest office in the land, while at the same time President Truman and Governor Stevenson profess to be crusading for civil rights. What sort of nonsense is this?

Sense and Nonsense

Men, here's an item you can paste on the bathroom shavers, big and little, for 25 years. He offers this sage advice to wives who want to keep peace in the family.

1. Don't borrow hubby's razor for underarm shaving. Have your own. It will eliminate a lot of cutting words between man and wife.

2. Make Junior quit using Dad's razor to shave lead pencil points.

3. Don't use Pop's good blades for scraping paint from windows.

4. Get rid of rusty blades. The only thing they're good for is cutting fingers.

A pedestrian stopped and watched a laborer digging in the ground and after awhile he asked:

— Pedestrian — What're you digging for, buddy?

— Worker — Money. Pedestrian — Money! When do you expect to strike it?

— Worker — Saturday.

A young woman took a job as a governess. She suddenly left. Asked why she resigned, she said, "I had to. Backward child, forward father."

Cost of Living Dips Fraction, Statistics Show

(Continued from Page One)

The latest report showed that living costs have advanced 12.1 per cent since Korea and 8 per cent since wages and price controls were imposed January, 1951.

The old series index was 101.1 per cent of the base period. BLS publishes two indexes each month. The new series, or official figure, takes into account new spending habits of the American people.

Boost for \$5,600

More than 50,000 production workers whose wages are tied to the cost of living may get a penny increase despite the expected drop in today's index.

Contracts which contain cost-of-living, or escalator, clauses are usually adjusted every three months. The index of three months ago, measuring prices on June 15, was more than one full point below the August figure and the slight dip due today was not likely to offset that increase.

Neither the million-plus auto workers nor the railroad workers are affected by today's index. Their contracts are up for adjustment in the next two months.

BLS publishes two sets of figures each month, one called "new," the other "old." The new, or official series, takes into account new spending habits of the American people. The old series is used by most labor unions whose wages are tied to living costs. Last month the old series was 102.3 per cent of the base period.

Oh Hum! Spoiler Brion To Bore TV Fans Again

New York, Oct. 24.—(AP)—Have you given the matter long and serious thought, the only conclusion we have been able to arrive at concerning tonight's heavy-weight fight at Madison Square Garden is that Alphonse Weill, the manager of Rocky Marciano, will draw a little matchmaking on the side for the International Boxing Club.

Perhaps it would be better to back up and start again. Weill is a 18-rounder, will be between Kessner and Charles, one of many living ex-heavyweight champions, and Cesar Brion, a big, muscle-bound character from the Argentine who has been knocking around this country for several years without great distinction.

The reason we feel the bout merits a second look is that the promoter, Alvin Karpis, is getting a free ride, the video fan deserves to know what is going on, and there is likely to be a great deal of excitement when the home audience sees Brion spring into action.

The South American is by common consent, one of the most uninteresting fighters yet. He is well known to anyone else, but we know manager Alvin Karpis is taking a calculated risk. Ed Zarrar has said quite seriously that he is taking a calculated risk. Ed Zarrar's head has brought upon the heavy blows of Brion, as well as from a large number of men who have been in the ring. This latter do not believe that Brion stands a chance of scoring a knockout. A bad fight, a disaster.

It is a shame that Brion, who was the first time since 1946 that he has been in the ring. He has had two new phones installed in his home, and he is going to be a champion. He is going to be a champion. He is going to be a champion.

About Town

Mrs. William Crawford, Mrs. Wallace Payne and Mrs. Edith Bailey of the local Cosmopolitan Club attended the fall meeting of the State Federation of Women's Clubs held at the Town Hall in Seneca yesterday.

Fred R. Amos, strokekeeper, son of Mr. and Mrs. R. S. Amos of 91 Laurel street, has returned to the United States after spending six months aboard the destroyer USS Mullany as general storekeeper.

Mr. and Mrs. Herbert Wylie of Vernon have just returned home after attending their son's wedding at Charleston, W. Va.

Members of the Polish American Club are reminded of the Halloween dance tomorrow night at the club. All are urged to attend.

Lakota Council No. 61, Degree of Poochomah, will hold a Halloween party tomorrow night from 8 to 12 at 140 Chester Oak street. Refreshments will be served.

Registrations for the courses in jewelry making, lettering and stenciling, sponsored by the Manchester Branch of the Hartford County YWCA may be made by contacting Mrs. Herbert Huffield.

Alan F. Grant, of 91 Laurel street, son of Mrs. Irene Grant of 95 Pine street, has returned home after 10 months with the Air Force in Mountain Home, Idaho. He will be discharged from active duty on Oct. 27.

Plan Recognition Of School Staff

Russell Clough, local Salvation Army young people's director, announces a special recognition of the Sunday school staff at the session of the school, Oct. 26, at 8:30 a. m.

Teachers to be honored on this occasion are as follows: Isaac Proctor, Mary Proctor, Mrs. Elizabeth Wilson, George Proctor, David Addy, Mrs. Russell Clough, Mrs. Thomas McCann, Robert Lyons, Carol Carlson, Mrs. Ellen Tedford, Mrs. Edith Maxwell.

Those to be honored as officers and special assistants are Russell Clough, Edith Jackson, Sarah Leggett, William Hall, Marilyn Ford, Gladys White and Lillian Perrett.

This officers' and teachers' recognition is an annual event, at which time the Sunday school's appreciation is expressed to the staff for its volunteer work. All members of the Citadel Sunday School are urged to attend this special observance.

WINDOW DRESSING FACTS ABOUT VENETIAN BLINDS

Italian Pastor Guest Speaker

Rev. Ricca to Address North Methodists at 2 Church Services

Rev. Alberto Ricca

Rev. Alberto Ricca, Ph.D., Waldensian pastor of Florence, Italy, will be the guest speaker at both the 9:30 and 11 o'clock services at the North Methodist Church Sunday morning, Rev. Willard J. McLaughlin, pastor, announced today. His subject will be "The Present Urgency of the Protestant Witness in Italy."

Dr. Ricca arrived in New York on Oct. 15 as representative from the Waldensian Church to the American Waldensian Aid Society, which has branches in 18 of the leading cities of this country. He will confer with the heads of the various denominations which have made valuable contributions to the educational plan of the Waldensian Church and to the understanding of social work with boys in Italy.

During the occupation of the Waldensian Valley, under a directive from Mussolini, the Nazis occupied the valley as enemy territory. Dr. Ricca was imprisoned many times and repeatedly taken as hostage because of his leadership in the resistance, but each time, through some strange circumstance, he was released just before it came time for him to be executed.

Widely Traveled Dr. Ricca has several times traveled on the continent and in England and Scotland on speaking tours. He has visited the work of the Waldensian Church in Argentina and Uruguay, and few Protestants know the problems of the Christian Church in the area. In recent years he has been a favorite speaker and discussion leader at the ecumenical Camp Agape where he has known many American young people.
