

Harry Benson Dies, Official at Cheney's

Harry B. Benson, 54, of 192 Hartford road, vice president of Cheney Brothers and one of this town's leading citizens, died at 10:20 this morning at Manchester Memorial Hospital.

His attending physician, Dr. A. Elmer Dikan, said his death followed a long illness. Mr. Benson had entered the local hospital for repeated check-ups, the last admission being on April 13.

Leading officials at Cheney's, upon learning of Benson's death, issued statements. Among them are Henry R. Mallory, executive vice president and treasurer; Frank D. Cheney, chairman of the board; and Ward Cheney, president of the company.

President Ward Cheney said, "Harry Benson came right on up through the Cheney Brothers' organization, and as an able officer and director of the company showed the same rare qualities of devotion and loyalty which characterized his services from the start. He was a fine friend and companion, and both personally and business-wise I shall always miss him and remember him with affection, respect and gratitude."

Mallory's statement follows: "Cheney Brothers, as well as the whole textile industry, has suffered an irreparable loss through the death of Mr. Harry B. Benson. He

Tokyo, April 30—(AP)—Another planeload of disabled Allied soldiers left Tokyo today at 7:41 p.m. (8:41 a.m. e.s.t.) for the United States on the last leg of a trip that began in North Korean prison camps. The plane was one of two which will take 63 sick and wounded—mostly Americans—through Honolulu to Travis Air Force Base near San Francisco.

The other iller patient was Alberto Pizarro of Puerto Rico, captured on the Moed last October. He, too, told his story again and again before attendants wheeled them away.

Dr. Raymond H. Medina of the Bronx, New York, and Col. Edward Jackson of Palestine, Texas, calmly and patiently told and retold of the monotonous POW diet of Red attempts to convert them to Communist, their surprise and gratitude at their repatriation. They told too of their plans. Jackson, a 10-year veteran, will stay in the Army. Medina wants to go to college and major in English literature.

Other other repatriates wandered in. They were questioned, left alone, questioned again. All were gracious, but happy when it ended. Men who have lived alone with their thoughts hesitate to share them with strangers.

The second plane was due to leave about 1:30 a. m. tomorrow (11:30 a. m. today e.s.t.).

On 17-hour flight

The planes will make a 17-hour flight to Honolulu, stop there briefly to let the prisoners rest and then make a nine-hour flight to Travis.

These will be the second and third planeloads of repatriated prisoners to fly home. The first group of 35 prisoners arrived at Travis Wednesday.

Included among the 43 returnees was Army Sergeant Theodore Young of Terryville, Conn. However, an Army spokesman warned that some names on the list of returning servicemen might be changed before both planes left.

Six Players Fined After Game Scrap

Chicago, April 30—(AP)—St. Louis Catcher Clint Courtney was fined \$250; infielder Bill Hunter, also of St. Louis, \$150; second baseman Phil Martin of New York, \$150; and pitcher Alvin Raynolds, first baseman Joe Collins and third baseman Gil MacDougall, all of the Yankees, \$100 each.

The melee resulted when Courtney knocked over Yankee shortstop Phil Rizzuto of the Yankees in a play at second base.

Harridge asserted in a statement, "All reports show that Courtney was mainly responsible for the brawl. He violated all the rules of sportsmanship by going extremely high into Rizzuto at second base."

"Hunter had no business on the field at the time and he went out of his way to fight with Martin, who was in the line of play."

Harridge said he had a right to be on the field, shares an equal blame with the other players.

Durkin Testimony Seen Needed in T-H Hearing

Washington, April 30—(AP)—Senator Murray (D-Mont) told the Senate Labor committee today that its hearings on testimony of the T-H-H law will be "incomplete and inadequate" unless Durkin's testimony is heard.

He made a formal motion at the start of today's session, billed in advance as the last public hearing on the measure, that Durkin be summoned to give the administration views on how the law should be changed.

Senator Goldwater (R-Ariz.), acting committee chairman in the absence of Sen. H. Alexander Smith (R-N.J.), told Murray his motion would be taken up at the first executive session of the full committee, possibly within the next few days.

Criticized Failure

Murray criticized the failure of Durkin or any other administration official to testify and said there was "an altogether unique experience—the first time in my national career in which a Senate committee has held extensive hearings without the benefit of the experience and advice of the executive branch of the government."

Goldwater said the Senate hear-

Democrats End House Slowdown

State Capitol, Hartford, April 30—(AP)—Announcing "we have proved our point," Democrats said today they would abandon their slowdown tactics in the House.

They asserted quickly, however, that they will use them again whenever the Republican majority makes any move that can be interpreted as shutting off debate.

Rep. Le Swales

Though outnumbered 211 to 58, the Democrats, by using various parliamentary maneuvers, kept the House in session more than five hours yesterday in protest against what they called the Republicans' debate-stalling tactics.

A long Democratic caucus was held today to decide whether to continue the slow-down.

"We'll give the Republicans another chance," said Democratic State Chairman John M. Bailey after the caucus. "We proved our point yesterday. Now, if the Republicans still feel it is better to shut off debate than to have a limited discussion of issues, the onus will be on them."

Bailey addressed the caucus along with the House Democratic Leader, John M. Dempsey of Putnam, and Dempsey's assistant, Philip P. Loring of Windsor.

The Democratic leaders emphasized, however, that their decision to "give the Republicans another chance" does not mean that they will not, in the future, ask for any roll calls, their chief weapon in slowing down the House proceedings.

Need Record Vote

They said there will be certain issues coming up on which they believe it will be important to have a record vote, and for that purpose they will ask for roll calls on these bills.

A Republican caucus, meanwhile, decided to let the Democrats decide to continue the slow-down, but for no reconciliation story moves.

GOP leader Simon R. Cohen accused Democrats of "low, mean, nasty, dilatory tactics."

He told newsmen that the caucus had decided that since Republicans had "done nothing to cause this move," there was nothing they could do but to meet six or seven days a week—and "should" not sessions, if necessary—if Democrats persisted in the slow-down.

Harridge asserted in a statement, "We have nothing to complain of. While the slow-down situation exists, we will continue to work for its termination."

GI from Terryville Relates Grim Tale of POW Camps

Terryville, Conn., April 30—(AP)—"I'll give you a week to live—I got your boots when they took you to the hill," a buddy told Cpl. Wendell H. Treffrey.

"My buddy didn't want my boots—he was building my morale—he was building my morale," the thin, red-haired Treffrey of Terryville, Conn., said in an interview today.

The Allies warned the Communists today they might take a short cut through the smoldering prisoner exchange problem by simply releasing 32,000 North Koreans, who don't want to go home.

Lt. Gen. William K. Harrison, chief Allied negotiator, said that turning the prisoners free in South Korea would follow a pattern created by the Reds themselves.

He also told the Communists that the Allies would discuss little else until that date.

In an unproductive, 21-minute meeting, Harrison said that choosing the neutral caretaker nation must come next. He added: "All Asian captives are located very close to countries dominated by Communists and might therefore be subjected to Communist military, economic or political influence."

The delegation met again Friday at 11 a. m. (10 p. m. Thursday e.s.t.).

Harrison told newsmen the Communists "talk a lot about concessions, but on the vital point of ultimate release of prisoners there has been no concession of any kind."

He repeated his contention that the Red proposal would indirectly force prisoners to choose between return against their will or endless captivity.

"In threatening to release Koreans who don't want to go home, the Reds are trying to force us to break our word," Harrison said.

"It would be quite appropriate that these Koreans whom we are still holding as prisoners and who want to live in South Korea should be released without further delay to enter into the civilian life of their fellow Koreans in Laungprabang."

The day before, the French-Laoan post at Pakse, 42 miles north of the royal seat, fell to the invaders.

French supply planes still reached troops and war materiel from Hanoi to Laungprabang. The 6,000 French and Laoan troops digging ditches, stringing barbed wire and

UN Threatens To Free 32,000 North Koreans

Washington, April 30—(AP)—The United Nations today threatened to free 32,000 North Korean prisoners of war if the Communists do not agree to a prisoner exchange plan.

The UN Security Council today voted 14-0 to demand that the Communists release the prisoners immediately.

The UN also demanded that the Communists agree to a prisoner exchange plan within 10 days.

Los Angeles, April 30—(AP)—The dream of global television may be brought to reality by the new midwest crystal amplifying device called transceivers, an industry engineer told broadcasters today.

Neal McNaughton, manager of engineering for the National Association of Radio and Television Broadcasters, said use of transceivers in cables might make it possible to transmit TV programs across water gaps too wide to be jumped by microwave radio beams.

"The answer," he said at the engineering conference of the annual convention, "lies in a submarine transmitter cable using a transmitter unit smaller than a cigarette" to augment microwave relays between the continents of North America and Europe.

Network transmission of TV in Kenosha, Wis., and husband and father is sought.

Ike Plans 8.5 Billion Slush In Truman Budget Figure

Washington, April 30—(AP)—President Eisenhower was reported today to have sketched out an 8½ billion dollar cut in Truman budget figures—but with only about half of that saving possible in the year just ahead. The president talked over his plans with congressional leaders in a preliminary announcement at a news conference.

Some of the lawmakers came away with the impression that very large immediate cuts were contemplated.

Rep. Short (R-Mo.), told newsmen the administration tentatively hopes to cut \$4,400,000,000 out of expenditures for the fiscal year beginning next July 1. Further, President Truman's spending budget was \$78,600,000,000.

Short said that about half of a contemplated cut of \$5,400,000,000 in overall obligatory authority—appropriations—would affect "future spending" that is spending proposed in fiscal years after the one ending in mid-1954.

Actual spending of an appropriation may, for instance, be spread over several years.

The thing is that from a bookkeeping standpoint you have two figures—one for actual spending in a 12 months period and another for the total amount of appropriations for that period.

It is like a man buying an automobile and financing it over a two-year period—for a year's budget he need figure only the amount of the year's payments but what is still owed will remain as an obligation for the next year.

Short said that because of commitments made by the Truman administration, "We won't be able to save much this year." He said the commitments included construction for military equipment ordered months ago and to be paid for upon delivery.

Short, chairman of the House Armed Services committee, said (Continued on Page Two)

Ike for Cut In Powers Of Military

Washington, April 30—(AP)—President Eisenhower today sent Congress a Defense Department reorganization plan which would increase the authority of the civilian heads of the armed forces and limit somewhat the power of the Joint Chiefs of Staff.

"I believe our Defense establishment is in need of immediate improvement," the President said in a special message to Congress.

The plan calls, among other things, for appointment of an additional assistant Secretary of Defense and for the abolition of the Munitions board, the research and development board, the Defense Supply Management agency, and the office of the Director of Installation.

Eisenhower told the lawmakers that in the case of the officers of the Secretary of Defense alone, a staff reduction of approximately 500 employees will be effected.

One major effect of the reorganization would be to concentrate responsibilities under individual assistant secretaries instead of spreading them over many operations.

The President said the American people throughout history have hoped to be able to avoid building a large military force. But he added that "today we must obviously maintain a strong military force to ward off attacks at a moment's notice, by enemies equipped with the most devastating weapons known to modern science."

Three Objectives

The plan sets forth three "great objectives," as follows:

1. The military establishment, the President said, must be reorganized so that it can be more effective.

2. The military establishment must be able to meet the needs of the American people.

3. The military establishment must be able to meet the needs of the world.

British Protect China Shipping McCarthy Says

Washington, April 30—(AP)—Senator McCarthy (R-Wis.) said today Chinese Communists are at least part owners of some ships hauling goods to Red China under alleged protection of the British navy.

McCarthy said he has evidence also that the French government owns three ships carrying cargoes to the Chinese Reds and has yet to pay the U. S. government in full for all of them.

McCarthy contends there has been widespread violation of that order by some British-flag ships. He said recent trade statistics of British origin show a "fantastic" surge in export trade to the Chinese Reds.

He said he has been investigating the matter in public hearings Monday. The hearings had been scheduled for tomorrow, but were switched to Monday by McCarthy.

"The U. S. has banned American shipments to Red China and British and France have forbidden ships flying their flags to carry strategic materials to either the Chinese mainland or North Korea," McCarthy said.

Disabled Starting Long Flight Home

(Continued from Page One)

Fighting men who may never fight again sped to their homes in the U. S. in the form of a plane.

They are the "wounded" of the first 2500 disabled soldiers to reach their beloved homeland from Korea. The "wounded" are men who were never wounded in battle. They were "wounded" when they returned to a foreign land where they were not wanted.

Home is the war, but doesn't feel at home. That will come later when the sharp ebbing of bitter memories fades and the world leaves him alone to pick up the threads as best he can.

If a few, that day is far off. They aren't going home. They are going to hospitals where doctors will try to mend their shattered bodies and broken minds.

Cringe At Welcome

The 25 men who arrived yesterday were happy, but they cringed from the welcome that awaited them.

Before they left the plane they met with the local newspaper men to talk to any reporters. They were talked around already.

Then the 25 walked wounded filed off the big plane. They walked straight to a waiting limo. Some smiled. Some waved, all looked around curiously.

Little emotion showed on their faces. But strain was there, and pain, and a look that begged for sympathy.

White-jacketed medics then went aboard and brought out the litter patients. An amputee, a man with tuberculosis, a soldier who couldn't bend his leg, and another who couldn't walk.

While the litter cases were being carried tenderly into a huge ambulance, there was a sudden commotion by the bus.

Pat. Jose Garcia, a blinded in one eye by the blast of a Communist grenade, slammed down a window and greeted his kid brother, Alfonso in a tearful, joyous reunion.

Alfonso had reached the field late, and got lost in the milling crowd. He finally spotted his brother and pounded the bus to attract attention.

Throughout the afternoon the two brothers stayed close together. They left together last night for home. After a 30-day leave Private Garcia will go into an Army hospital. Jose, weeks of months later he will come out and start life over.

The bus and the ambulance moved slowly across the field across the bank to the bright new hospital.

Reporters, cameramen, television technicians, enthusiastic bystanders followed in droves.

For nearly two hours the men were kept in custody. Navy, Air Force and Army doctors checked them over, deciding who needed immediate specialized care.

Off-Duty Officer Captures Slayer

Kenosha, Wis., April 30.—A 35-year-old man, dazed and incoherent, was captured by an off-duty city policeman early today, several hours after his estranged wife and her daughter-in-law were slain by shotgun blasts.

Myron Wickham was arrested when he returned to the farmhouse where he roomed. A posse had begun hunting for him when the bodies of the two women were found last night in a drive-in restaurant the Wickhams owned. The dead were Wickham's wife, Beulah, 51, and Mrs. Margaret Barry, 29, the wife of Mrs. Wickham's son by a previous marriage, Thomas Barry, 35.

"Don't shoot. I've got the man," Wickham told the arresting officer, Robert Cantwell, a Kenosha City patrolman who had volunteered to stand watch at

Pastor Sailing For U. S. Shore Under Protest

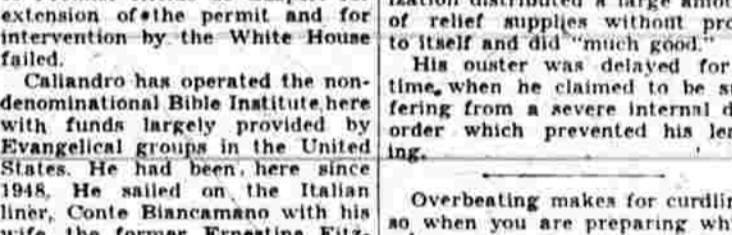

Naples, Italy, April 30.—Rev. Anthony Callandro, Italian-born American Protestant evangelist, finally sailed for the United States today protesting there is no religious freedom in Catholic Italy.

Callandro, 54, has been fighting since Jan. 15 to stay in Italy; he was given 48 hours at that time to leave, because of a permit permit had expired. Direct appeal to Premier Alcide de Gasperi for extension of the permit and for intervention by the White House failed.

Callandro has operated the non-denominational Bible Institute here since 1948, forerunner of the Evangelical groups in the United States. He has been here since 1948, forerunner of the Evangelical groups in the United States.

House Funds Group Wants 32% Slash for State Dept.

Washington, April 30.—A 32 percent cut in new funds requested for the State department by former President Truman is being requested today by the House Appropriations committee.

The committee also called for a cut of 25 percent in funds requested for the Commerce department and 4 percent in those sought for the Justice department.

The three agencies' appropriations for the fiscal year starting July 1 are embodied in a package bill sent to the House floor today by the committee. The bill will be debated next week.

Its total of \$1,133,146,712 is 22 percent, or \$228,547,803, below the amount Truman requested in his January budget and \$147,911,200 less than the three departments received for the previous year.

The committee gave no comparison of its overall recommendations with revised money requests made since President Eisenhower took office. Here's what the committee recommended:

State Department.—\$102,744,787, a cut of \$48,403,800 from the Truman request of \$151,148,587. Little over this year's funds.

Justice Department.—\$479,265,000, a cut of \$270,009,000 from the Truman request of \$749,269,000. \$139,925, a cut of \$270,009,000 from the Truman request of \$749,269,000.

Commerce Department.—\$861,198,925, a cut of \$270,009,000 from the Truman request of \$1,131,198,925. \$139,925, a cut of \$270,009,000 from the Truman request of \$749,269,000.

Churchill Bars Complaint on Red Pilot Pay

London, April 30.—Prime Minister Churchill today rejected a Labor suggestion that he complain to Washington about the American offer to pay Communist pilots who surrender with their jet planes in Korea.

"I'm not going to make any complaints to the United States government on the subject," Churchill told the House of Commons.

The Prime Minister hinted, however, that there might be doubt whether the offer was well timed in view of the prospects for a truce in Korea. The United States has offered to pay \$100,000 to 100 Communist pilots who surrender with a jet or other type of aircraft.

The offer has stirred up an argument in the British press as to whether the offer is "strictly correct" and whether it would do more harm than good.

Laborite George Wood asked if the UN command in Korea had the right to pay such a sum for pilots who surrender with a jet or other type of aircraft.

Wood said: "As this change of policy took place at the very moment when the whole world hoped a truce would come in Korea, surely it is a major change of policy which should be brought about after consultation with her majesty's government."

Conservative signified approval when Churchill said: "I was not arguing on the political aspect which I agree raises the issue of timeliness. But at the same time I should be prepared to continue my argument on the legality of the procedure because it does seem to me that it is better to give a bribe to a person than to kill a person, and very much better to be bribed than to be killed."

Laborite Emanuel Shinwell pressed the point as to whether the bribe was the point as to whether it was worth the cost of the bribe.

Members of the House of Commons, British Delegation to the United States, and the British Delegation to the United States, and the British Delegation to the United States.

Hal Boyle Lady Astor Wrong About Women?

New York.—Dear Lady Astor: You have raised a lot of false male hopes by your statement that women today seem to be getting dumber and dumber. It isn't fair to mislead men that way. It stirs within them the will-o'-the-wisp dream that maybe women will become so dumb a man will be able to get back his equal rights again and compete with women on fair terms. That is un-brotherly to say the least.

Women are getting smarter, not dumber. They are getting more powerful all the time. Woman is a budding renaissance of all kinds of powers, physical, mental, moral and legal. She can do anything a biologist can initiate in a laboratory. She can marry a male worm, turn him into a man, and when she starts acting like a rat, she can reduce him easily to the status of an all-moment-paying mouse.

Women today can make men do anything they want. And they themselves can do anything a man can, and bear children, besides.

Getting dumber, Lady Astor? No, indeed. The ignorance, dis-

President Truman called this but President John L. Lewis of the United Mine Workers declared the proposed settlement of the building trades was agreed upon at a meeting of the two groups in Chicago on April 29.

Lewis told a Chicago news conference yesterday that his proposal "has a big spot," and he added: "It appears that both sides are dealing immunity peacefully. To my mind the whole deal is out-rageous."

In yesterday's hearing, Taft asserted the law should be repealed outright. The Australian Labor Party leader, Ben Chifley, told the Supreme Court he had 1845 conviction of having led in 1945 a strike that was broken up. Taft made a point of bringing out facts of that conviction during Judge's testimony.

Degree Scheduled By Star of East

Supreme Grand Master Dawson of Boston and his staff expected to attend the meeting and supper of Star of the East, Royal Black Preceptory, on Saturday, May 2, in Orange Hall. At that meeting the Royal Black degree will be conferred upon a class of candidates.

Members of RBP No. 81, Olive Branch of Chicopee, Mass., and RBP Chantry No. 106 of Worcester, Mass., will be guests. Red Cross degree certificates will be presented by Supreme Grand Master Dawson.

A turkey supper will be served at 6:30 p. m. preceding the ceremony.

likely to do anything to make formal peace easy in Korea.
The controversial issue of the fifth amendment was designed expressly to restrict the constitutional investigations which refuse to testify on

Several times it has happened that a witness, who has been sworn to confess his own past Communist connections to his friends and employers, and even to the public at large, has refused to testify before an investigating committee. In many such instances, it can be ascertained that the witness has been urged by the Communist party to refuse to testify.

When the UN General Assembly approved the Indian compromise proposal last fall, for instance, we accepted the idea that prisoners of war who did not want to be repatriated should be moved out of Korea to some neutral nation. Now, at Panmunjom, we are insisting that any of them who do not want to leave Korea should be permitted to make their own final decision or while their fate is being determined.

When the Communists indicated that they would be prepared to recommend some Asiatic nation, that looked, at first, like an opening toward settlement. We ourselves, according to reports, had previously given Indian consideration. But now, in our latest move at Panmunjom, we have informed the Communists that no Asiatic nation at all would be acceptable to us, and our stated ground for this stand holds that all Asian countries are located very close to countries dominated by Communists and might therefore be subjected to Communist military, economic or political influence.

That, in itself, doesn't seem to be very impressive reasoning, but it is at least a diplomatic hint that our negotiators at Panmunjom may have been instructed to stiffen their stands all down the line. Even while the Communist world negotiates at Panmunjom, Communist troops are on the march in Indo-China. And the very first thing American foreign policy said about the new possibility for peace in Korea was that this would not be very useful to us if it were merely to serve as the 'cover' for increased aggressions in Indo-China. Since then, we have several times, in high statements, repeated the point that we regard Indo-China and Korea as part of one struggle.

So, if, on the one hand, our negotiators are making it harder to achieve at Panmunjom, that may be a direct reflection of the fact that the Communists are making peace harder to achieve in Indo-China. The words with which we have now taken at least the temporary stand that we reject all Asian countries for the post of neutral suppliers of prisoners in Korea, because they might be 'subjected to Communist military, economic or political influence, do focus attention, on what is threatening elsewhere in Asia while the Communists talk peace in Korea. If they had been dominated by all the good-will, they would certainly not have made a new military move in Indo-China at the time. Until they have made, we checked, defeated, or abandoned, we in our turn are not

Connecticut Yankee

It would probably be dominated by friends of the University. Here, perhaps, was the drama of the hearing? But there was not very much drama anyway, merely a feeling that it has already been determined that the forces seeking some solution of the conflict between the two educational empires are going to demand a decision in the present session of the General Assembly, and that, therefore, words before the committee itself are no longer for importation.

And this first round left an impression of some confusion. The Education Committee of the General Assembly would do anything less than report Senate Bill 272, providing for one more study of the problem of integrating Connecticut educational system.

And, to match the scandal of the Devereux years, there has been announced the celebrated 'Pha La Mode' incident. The son of a Republican state senator submitted a bill for a \$25,000, or a \$50,000, airport control tower, and on his bill he wrote the notation, 'We like the tower. We like the tower. We like the tower.'

It is his house which is in disarray. Apparently, it takes more than just the election of a new governor to restore the traditional Massachusetts code.

Two local plants temporarily laying off 80 workers between them have hoisted unemployment in the Manchester area almost 14 per cent, the State Labor Department has reported.

Concordia Affair

The mother and daughter banqueters of the Concordia Lutheran Church, which is to take place on May 11, will be held in Luther Hall of the neighboring church, Emanuel Lutheran, instead of at Concordia. This change has become necessary due to the large demand for recreation and limited space at Concordia.

Here Are Hints On Proper Use Of Advertising

In a lecture to students and faculty members at Syracuse University, Roger H. Sagans of the Hoadley Lindsey Company, the advertising agency handling the campaign of W. G. Glensy Company, made the following statement: Every retail operator has heard words that 'advertising pays.' He is fully convinced that in today's business world advertising is a necessity.

Personal To Women With Nagging Backache

Nagging backache, loss of pep and energy, nervousness and irritability are all signs of a hidden condition. Doctors say good things about the back. When some women get a nagging backache, they usually ignore it until it is so bad that they are unable to get up in the morning. Many women get a nagging backache because of poor posture. If you are a woman, you should know that you can get rid of your nagging backache by following a few simple rules.

Rescuer, Rescued Injured in Blast

New Haven, April 30.—A policeman and a 75-year-old woman were carrying out a burning, tenement were buried under a flight of stairs here early today when an explosion ripped through the building. The policeman and a 58-year-old woman were overcome by smoke and the woman escaped with a gash on her leg as the result of a \$20,000, three-alarm fire which gutted much of a three story brick tenement at 1 o'clock this morning.

Librarians Slate Talks at Trinity

Hartford, April 30.—Over 200 librarians from 13 liberal arts colleges in New England will meet Friday and Saturday, May 1-2, at the new \$1,200,000 Trinity College Library. The group will be taken on tours of the Trinity and Watkinson Libraries, which will have a social hour and dinner before the evening meeting in the College Auditorium. President Albert C. Jacobs will preside at the special feature of this last card-playing session, however, each woman is asked to wear an apron. 'The more apron, the better,' the committee states.

Manjunon and Laos There is harkening going on at Panmunjom, and it would appear that the stiffer positions are being taken by our negotiators. It would also appear that there is in the world news, a reason for this.

Our bargaining position is being fastened by almost all states to cancel the peace talks altogether. It is also being featured by what amounts to a step by step stiffening of our position.

When the UN General Assembly approved the Indian compromise proposal last fall, for instance, we accepted the idea that prisoners of war who did not want to be repatriated should be moved out of Korea to some neutral nation. Auto Chase at High Speeds Results in Double Arrests

Reckless Driving Counts Lodged Against Two Youths, 19, One a Girl

A two-mile automobile chase on East Center street in which a pursuing police cruiser reached speeds of 70 miles per hour resulted in two reckless-driving arrests last night, police reported today.

One of the persons booked, however, Miss Lucille Scavello, 19, of East Hartford, who was arrested at her home, denied that the car she was driving was in Manchester at the time of the chase.

According to police, Sgt. Edward M. Winder started after the two cars, one of them allegedly driven by Miss Scavello and the other by John A. Healy, 19, of Williamstown, at Harrison street, when he saw them heading east on East Center street at a fast rate of speed about 11:15. The chase didn't end until Healy, with Winder in pursuit, stopped shortly after crossing the Bolton town line. The other car, police said, had turned off at Manchester Green.

Police said that Winder spotted the two cars near Hamlin street. The two cars wove in and out of traffic, and on-coming cars prevented the cruiser from overtaking them, police reported.

When Miss Scavello's car turned off at the Green, Winder took the license number and got a description of it as he continued after the driver by Healy, police said.

During the last mile of the chase, Winder prevented from passing Healy because of the traffic, used the cruiser's high beam and siren.

After booking the Williamstown youth, the sergeant checked the registration of the car that had turned off and that was Miss Scavello's home in East Hartford with a policeman from that town to make the arrest.

Miss Scavello admitted driving the car last night, but denied being in Manchester with it, police said. She also reportedly told Winder that a girl friend had been driving the car last night too, but a check of the friend produced another denial that the car was in Manchester at the time of the chase according to police.

About Town

Young people of the Covenant League have set the date of Saturday, May 9, for a ham supper at the church. They will serve patrons at two sittings, 5:15 p.m. and 8:30 p.m. Children under 12 will be admitted at a special fee.

Residents who contemplate uniting with the new Community Baptist Church, 563 East Center street, should contact the minister, Rev. John R. Neubert at the parsonage, 577 East Center street, or laymen, as soon as possible if they desire their names on the charter. The charter remains open and will close Sunday, May 3.

In last night's Herald the Alpina Society was inadvertently left out of the list of sponsors of the Community Players' coming production "Moon Over Mulberry Street." The three-act comedy, dealing with Italian life, will be given at the Hollister school on May 8 and 9.

Miss Anna French, head librarian, and Miss Marion Jeaseman, children's librarian, will attend the season Saturday morning on library bookmobile serving the final session of the three-day conference of New England and New York librarians, being held in Norwich.

The arrests of James F. Seabourne, 45, of Hartford, on a charge of non-support, and Salvatore Satriano, 25, of West Hartford, on a motor vehicle violation charge, were reported by police today. Seabourne was arrested by Lt. Raymond F. Griffin on a warrant issued by Prosecutor W. David Keith. Satriano, who was stopped for speeding yesterday afternoon, was arrested by Sgt. Edward M. Winder.

Solicitors for USO On Streets Tonight

As part of a final effort to go over the top in the current USO drive for funds, a tag day will be held tonight on the Main streets in Manchester, with volunteers soliciting Thursday night shoppers. This will enable those whom the canvassers have not reached to contribute.

Several helmets are being loaned by the National Guard, and they will be used to collect the contributions. A group of women volunteers will be stationed at strategic points for collection.

Here's Dance Sequence from '53 Ski-Doo'

Herald Photo.

Minicucci Given Pre-Service Party

A farewell party was held at the Italian-American Club last night for James Minicucci of 178 Oak street, who will leave for service with the U. S. Army Monday.

About 50 fellow teammates from his high school days and friends attended. The Garden Grove served a pot roast dinner. Minicucci was presented with a purse following a short speaking program.

Arthur G. Klein of 408 Cooper Hill street is a newly enrolled student at Ohio State University in Columbus, Ohio.

Among the dance sequences, arranged by choreographer Rhonda Gibson, to be given at "53 Ski-Doo," the Center Church Co-Wed's musical, to be presented at the Wadsworth school tomorrow night and Saturday night, are the skating girls dance group pictured above. Members of this group include: front row, from left to right, Virginia Andrew, Irene Melvin, Margie Chapin and Patricia Baxter; back row, Glace Shaw, Tip Mortimer, Ruth Chamberlain and Penny Richter.

An imposing assembly of "VIPs" is scheduled for an appearance in the musical revue, including, among others, such "notables" as Senator Philip Butler, crime investigator Mrs. Elizee, socialite, Candy Kayne, and Julius La Parca, radio-TV star; Flash O'Toole, portrait photographer; Sam Scudder, ski champion; and Hans Telemark, ski instructor.

A 50-voice chorus will render gay, rhythmic songs with a generous interpenetration of solos and duets providing variety in theme and mood. In addition to the "downbeat" set, a favorite of the audience, a newly-forming quartet will also offer a medley in four-part harmony.

Co-Wed talent in the comedy field has been well noted in past productions, and "53 Ski-Doo" has been designed to take full advantage of this abundant commodity. Tickets for "53 Ski-Doo" are on sale at Wedon's and Michael's, and will be available at the door the night of the performance.

Planners Add Agenda Items

Four proposed building line alterations have been added to the agenda for the May 7 public hearing of the Town Planning Commission.

One of the proposals would establish a 25-foot line on the south side of Middle Turnpike west from a point 500 feet west of Broad street to a point 233 feet west.

This is the land for which Varian Lunde is requesting a change in Business Zone 3. The zone change is also slated for the May 7 hearing.

Billiard Association, an organization of residents of Hilliard Estates, a development northwest of the Broad street and Middle Turnpike intersection, went on record Tuesday night in opposition to the change. The Board of Selectmen, a letter of opposition to the commission and to circulate a petition among members whose homes are within 500 feet of the land for which the change is asked.

Other building line proposals: 1. South side of Russell street, 15-foot line from a point west of Main to a point opposite Memorial street.

2. North side of Hartford road, 20 feet from McKee street west about 800 feet.

3. South side of Hartford road, 20 feet from Bridge west to Bidwell.

Several other matters are slated for the hearing.

State Recreation Units Talk Topic

"Happy Holidays" is the title of the talk which will be presented by Elliot P. Bronson, superintendent of the State Park and Forest Commission, at the final session of the Homeowners' Holiday program of the Manchester Branch, Hartford County YWCA, to be presented Wednesday morning at the Community Y at 9:30.

In his talk Mr. Bronson will tell what the state has to offer in the way of camping, picnicking and recreational programs for the summer holidays.

Any interested person is invited to attend. A small fee is charged, also for the slippers which is provided for pre-school children. Co-Wed talent in the comedy field has been well noted in past productions, and "53 Ski-Doo" has been designed to take full advantage of this abundant commodity. Tickets for "53 Ski-Doo" are on sale at Wedon's and Michael's, and will be available at the door the night of the performance.

Sunday Designated As Children's Day

Recognizing the need of the church to give more attention to the needs of children and their education in local church schools, Sunday, the first day of National Family Week, will be celebrated as Children's Day in Methodist churches.

The North Methodist Church will also carry an emphasis upon Children's Day next Sunday. The pastor, John E. Post, will preach upon the subject, "The Church's Responsibility for Children." Sample copies of the Christian Home, national family monthly periodical, will be distributed to each family attending either the 9:30 a.m. or the 11 a.m. services.

A special offering will be received during the service to aid in the completion of the furnishings in the new building recently constructed at Camp Aldergate. This camp, owned and operated by the New England Southern Conference of the Methodist Church, carries on a full schedule of youth and adult programs each summer. Several members of the Methodist Youth Fellowship of North Church will attend the camp this summer.

Says Distrust Wall Is Falling

Visit in '52 by U. S. Industrial Experts Has Aided, Silverstein Says

Last year's visit in Belgium by a number of American industrial experts, including Saul M. Silverstein, president of Rogers Corporation, has helped break down longstanding attitudes of distrust which prevented cooperation and prevented full development of that country's potential in its efforts to rebuild a war-torn economy.

This was indicated in a report sent back by Silverstein on his return of conditions in Belgium. Silverstein, who was sent to Europe by the Mutual Security Agency two weeks ago to serve as a member of an American industrial observers at a 13-nation conference in Paris on industrial questions, is now revisiting Belgium at the request of the government.

Barre of Distrest. Writing from Charleroi at the halfway point in his visit, Silverstein writes that two seminar groups have been formed in each of the four cities he had visited with a team of management specialists. Last year Silverstein had said that fears and distrust had prevented an interchange of ideas among the Belgians themselves which prevented the strengthening of that country's economy.

The seminars, which he says were organized as a continuation of the meetings he and the other members of the team conducted, have a total attendance of 250 and meet monthly.

He says that each group spends half a day discussing a given area of management.

"The object of these seminars was of course to have Belgians tell Belgians about their problems and solutions," Silverstein says, adding that "one Belgian report to a Belgian is worth a hundred American reports — they then can't answer. It can only be done in America; Belgium is different."

MEET TOMORROW
WMA Guard Club members will hold their meeting tomorrow at 8 p.m. at the home of Mrs. Merle Lauro, 12 Tanglewood drive, Windsor, formerly of Manchester. If there are any who desire transportation, they should contact Mrs. Belle Schora of 83 Birch street.

Secure Orchestra For Rotary Dance

Art McKay's Orchestra has been secured by the Rotary Club for the teenage dance to be held at the American Legion Hall on Friday, May 18, in conjunction with Manchester's annual Boys and Girls Week.

Five hundred tickets have already been issued for the event with half of them reserved for upper classmen of the high school and half for the sophomore and freshmen. Tickets are free and can be obtained at the high school office or from members of the Student Council.

First prizes to be awarded during the evening for special dances will be record albums presented by the Rotary Club, Blay and Keller's Men's Shop have donated wearing apparel as second prizes, and the State Theater will present tickets to third prize winners.

When contacted today Theodore Mortenson, Sr., chairman of the

Rotary Teenage Dance committee, expressed his appreciation at the manner in which Main street businessmen are cooperating in furthering the Boys and Girls Week program. "Without solicitation these businessmen have donated prizes for the teenage dance, showing their interest and enthusiasm in forwarding this worthwhile youth movement," he stated.

MINIATURE POT-ROASTS

Braised beef shanks are pot-roasts in miniature. Brown them in lard or drippings in a heavy utensil. Then add 1/2 cup of liquid (tomato juice may be used), cover and cook slowly until they are tender, 3 to 4 hours. Add more liquid as necessary during cooking. About 45 minutes before the end of cooking time add whole potatoes to the meat. When cooked thicken the liquid for gravy.

STEAK AND ONIONS

For those wonderful French fried onions to accompany broiled steak, do this: Cut six medium-sized onions into 1/2-inch thick slices. Separate into rings, then pour over them one cup of milk mixed with 1/2 cup of water. Let them stand for 20 minutes, then dip slices in seasoned flour. Fry in deep hot lard (365 F.) until golden brown.

The U. S. Bureau of Indian Affairs has contracts with 30 county health departments to provide public health service to Indians.

Let's Have a Cocoa Cozy

Just about the most delicious drink to many of us-Americans on a cool, windy day is a cup of hot cocoa. It's a rich, rich satisfying beverage with a fabulous history that includes such figures as Montezuma and Cortez. Legend tells that when Cortez met Montezuma in the great hall of his castle, he was holding a golden goblet of "chocolate."

What will you serve with this delicious drink at your Cocoa Cozy? Our vote is for cookies. Chocolate Crunch Cookies make a delicious complement with cocoa. But it would be difficult to make a choice that wasn't right because cocoa and cookies just naturally seem to go together. If your vote

Make your cocoa with ever-ready sweet milk cocoa and this will be the easiest party you have given. This is an instant product all your grocery stores in which the cocoa, sugar and whole milk are already blended. All you do for a delicious cup of cocoa is put three heaping teaspoons of the powder in a cup, add hot water and stir. There's your cocoa, all ready for the party. No blending, boiling or measuring. If there are youngsters at your party, you may want to add hot milk instead of hot water to the cup for the sake of extra nutrition.

Topped or Untopped Cocoa is the best. Do you like cocoa topped off, hot

is for cake, the plainer, kinder are good such as angel cake, sponge cake or pound cake. You won't need to frost them if you serve them with cocoa. A happy Cocoa Cozy to you. You'll enjoy it as much as your friends because a cocoa party is no work, using ever-ready cocoa.

LAMB GRILL Combine lamb patties and pineapple in this tempting way. Arrange the bacon wrapped patties about 1 inch thick, on the broiler rack so that the top surface is 2 inches from the heat. Place pineapple rings on the broiler rack alongside the meat. When the patties are brown, place the pineapple side down on the broiler and grill for 10 minutes. UN Threatens To Free 32,000 North Koreans

(Continued from Page One)

rather than be retained indefinitely as they might under your proposal.

"It always has seemed strange to me that the representatives of Communist North Korea should be so afraid of the United States that they refuse to return to North Korea. The obvious humane thing would be to release the Korean prisoners who are now in our hands. Such a release would greatly simplify the whole problem of repatriation and the would-be custodial state."

Liaison Officers to Meet

Members of the American Red Cross and the American Friends Service Committee will meet at 10 a. m. Thursday at 1030 Main Street to discuss the problem of releasing the Korean prisoners.

The Communists have said that 654 disabled Allied prisoners (including 419 Americans) turned over last week were all the disabled they had. But their own records show more than 2000 were sick and wounded Allied prisoners in North Korea camps.

The Allies have been returning 200 Red Cross and wounded Allied prisoners to the United States. Delivery of 250 Chinese and 250 North Korean prisoners, bringing the total of returned prisoners to about 4500, almost 200 more than were promised.

At Munson, 500 sick and wounded Red Cross prisoners and 2000 Red Cross prisoners returned to the hospital train taking them to Panmunjon for return to Communism. The 275 civilian internees and 125 North Korean prisoners who had been returned before they were unloaded for the ambulance ride from Munson to Panmunjon.

The same problem that broke up the armistice talks last week remains. Although it is agreed that prisoners who want to go home will be sent back immediately after an armistice, what of the 20,000 who refuse repatriation?

When the talks resumed Sunday, the Reds proposed to send unrepatriated prisoners to an unnamed neutral country for "expansion" to return to their homeland.

The Allies want to return 2000 to 3000 in Korea under control of a neutral state.

Red negotiators rejected this proposal and suggested an Asian conference without naming it. Many observers feel they had little in mind.

Breakfast Comes But Once a Day—Make the Most of It

Breakfast isn't just a custom-meal, as well as each of the other meals included in the pattern. Each meal has its own special value. Breakfast is the most important meal of the day. It is the first meal eaten and it sets the tone for the day. It is the time when the body is getting ready for the day's work. It is the time when the mind is getting ready for the day's tasks. It is the time when the soul is getting ready for the day's struggles.

For at least 24 hours you've starved yourself. Many bodily stores are depleted after the long fast. You need to re-stock your mental and physical efficiency. Scientific studies report that if breakfast is skipped work output is decreased. Mental reactions are slower and muscular fatigue increases.

A meal that takes care of that need provides from 1/2 to 1/3 of the day's food needs in a thrifty, appetizing, time-saving and health-giving way. Such an efficient meal is possible when based on a fruit, cereal, milk, bread and butter pattern.

Less Than 2,000 Secure Dog Tags

Less than 2,000 dog license tags have been issued by the Town Clerk's office to Manchester dog owners. Assistant Town Clerk Jack Turkington reported today.

Last year there were more than 2,000 dog licenses issued. The town clerk's office will be open until 7 o'clock tonight and Friday night from 7 to 9 o'clock to accommodate Manchester dog owners who wish to get their canine licenses. Two dogs have been set up for the issuing of licenses.

All dogs six months of age must be licensed according to the state law. Current licenses expire tonight. However, no penalty will be imposed if owners secure their dog's registration on May 1.

Because use of dog caused trouble with the insurance business, Manchester dog owners, the Choos Indians of Panama, Jug also stand under its use and their wealth is more measured in silver coins. Slighting often kills or stops the growth of bacteria.

Slow Cooking! That's the Secret to Pot-Roast Cooking Success

With plentiful supplies of beef on the market, you'll want to serve it frequently. Tender pot-roasts are a favorite among many folks. To blend the outstanding flavor of beef with tomato, sauce and onion, prepare a Spanish pot-roast. Following the recipe below. Show off the pot-roast by placing it on a bed of fluffy rice and topping with the savory sauce.

The club to a tender, moist pot-roast is cooking it slowly. Cooking at a high temperature dries out the meat, making it stringy. A pot-roast is always cooked by the moist heat method known as braising. Three steps to follow are:

- (1) Brown the meat thoroughly on both sides.
- (2) Add from 1 to 1 1/2 cups liquid and cover the meat closely. It may be necessary to add more liquid as the meat cooks.
- (3) Let it simmer until tender. Cooking time for a 3 to 4 pound beef arm or blade pot-roast will be from 3 to 4 hours.

Spanish Pot-Roast

3 to 4-pound arm or blade pot-roast

1 large onion, sliced

2 tablespoons lard or drippings

2 cups tomatoes

2 teaspoons salt

1 teaspoon pepper

Brown onion in lard or drippings. Remove onion and brown meat on both sides. Add onion, tomatoes and seasonings. Cover closely and simmer until tender, allowing 3 to 4 hours for cooking. Thicken liquid for gravy, 4 to 8 servings.

In Daley, Scotland, cloth is being produced from peanut shells.

Coventry Zone Commission Rejects Bid for Drive-in Theater

The Planning and Zoning Commission last night voted 4 to 1 against a drive-in theater on a 30-acre plot in South Coventry.

Louis Lipman and Morris Keppner, West Hartford and Hartford realtors had asked for a zone change of land off Route 11 from residential to business for the construction of a drive-in theater.

The commission ruling was based on the feeling of most of its members that the land is accessible to the neighborhood.

The disinterested vote came from Kenneth M. Spencer, zone commission chair. The vote was 4-1. Edward Schuyler, Richard G. Gillet, Anthony Palau and Paul J. Thayer, all in favor, and one non-voter.

The property consists of 30 acres registered under the ownership of Archibald MacDonald.

In another action taken at its executive session last night, the commission rescinded a proposal to extend the business zone in South Coventry.

Friday meetings include Group 1 assembly about 1:30 p. m. at the Center School; Little Nippers Sewing Club at 3 p. m. at the Hans Hanson home; Brocton High 7:30 to 9 p. m. in the Church Community House.

Police Smash N. E. Shoplifting Ring

A shoplifting ring which operated over a wide area of New England has been broken up with the arrest here of four persons, police said today.

The arrests came about as the result of a tip from Massachusetts State Police at Framingham barracks. They supplied the number of an automobile in which two women entered the home carrying a bundle, he reported by radio to Framingham soon after a 113 camel-hair coat had disappeared. Providence police raised a ten-

FRIDAY NIGHT SHOPPING AT THE PINEHURST GROCERY

Many shoppers have joined the Friday night shift—and they love it! This means to get to Pinehurst food store is open every Friday evening until 8:30 o'clock. If you're too busy to shop during the day... have a big day planned Saturday—your husband was the car—your car shop Friday night until 8:30. Many husbands and wives come together... and bring the children, too. We have convenient parking—the location is easy to reach... 302 Main Street, just north of the Armory.

Conveniences at Your PINEHURST GROCERY OPEN FRIDAYS UNTIL 8:30 FREE PARKING

No-tip Service... to carry bundles to your car. Cash payroll checks or personal checks of modest sums, without charge.

Serve Pinehurst ground beef often in your menus. There are so many ways to serve it, and it's so economical! Try cheeseburgers, broiled open-face burgers... or a tasty meat loaf... any of these make a hit, and remember, all grades of ground beef are now at least 25¢ a lb. from a year ago.

Pinehurst Freshly Chopped **HAMBURG** 40c Lb. **2 lbs. 79¢**

LAMB PATTIES Lb. 39¢ **RIB OVEN ROAST** Lb. 59¢

Again last week we had a complete sell-out on tenderloin CORNED BEEF. But that's what makes our corned beef different and better... we curried it for five days, not over six days... start over again with fresh brine in the vat and the freshest, tenderest brisket we can buy. We will have corned beef this weekend... and we remind you that prices are down, away down from a year ago on corned beef and fresh Rump, Face Rump, Siloin Tip and Shoulder roasts.
